VENUE

PALACIO DE FERIAS Y CONGRESOS DE MALAGA
Avda. José Ortega y Gasset, 201
29006 Málaga - Spain
Website: www.fycma.com
Dear Industry Partners,

We would like to officially welcome you to next year’s annual meeting of the Acute Cardiovascular Care Association of the ESC.

Our congress is the leading scientific event for all healthcare professionals working in acute cardiac care. This meeting brings together cardiologists, intensivists, anaesthesiologists, internists, cardiac surgeons, nurses, paramedics and other allied professionals who care for acutely ill cardiac patients.

The programme will offer in-depth presentations by leading experts on acute coronary syndromes, acute heart failure, reperfusion and revascularisation, circulatory support in shock or pre-shock, management of arrhythmias in the acute setting, general intensive care, as well as secondary prevention with a focus on anti-thrombotic therapy, lipid lowering and anti-diabetics.

The Acute Cardiovascular Care Association of the ESC continually invests in the education of young doctors and researchers. The aims and objectives of our congress are rather simple: delegate education and the dissemination of knowledge in order to further improve patient outcomes. This will be done by gathering leading specialists who will present the latest advances in the field of acute cardiovascular care.

Delegate education is a shared mission and you are our partner in science and education. As we are sure you are aware, scientific congresses require the support of industry and we hope that your company wishes to demonstrate its products, to present your latest developments to an enthusiastic audience, and, if these developments have been proven by international investigations and trials, is willing to organise a Satellite Symposium in order to supplement the educational quality of our scientific programme.

If you have any specific requests, we will be happy to work with you on an individual basis in order to best examine the ways in which we can collaborate.

On behalf of the ACCA Board and the Congress Programme Committee, we look forward to welcoming you to Malaga for Acute Cardiovascular Care 2019.
About the Acute Cardiovascular Care Association (ACCA)

ACCA is a worldwide reference for education, research and science in the field of acute cardiovascular care for all professionals involved in the management of patients with acute diseases. Over the past years, we have constantly evolved and improved our dedication to best patient outcome. Time and effort have been invested into building a comprehensive portfolio of activities that now constitutes a solid foundation for our association:

- A renowned annual congress
- A dedicated journal *European Heart Journal Acute Cardiovascular Care* (EHJ-ACVC) with 8 online and 6 printed editions
- A textbook on intensive and acute cardiac care (updated every year with a standalone online access)
- A clinical decision making toolkit (with a dedicated drug section, available online and via a mobile application)
- An e-learning programme (79 interactive topics in the field)

**Key reasons to sponsor**

Acute Cardiovascular Care congress is the European meeting for the multidisciplinary group of specialists who treat patients with acute cardiovascular diseases. The congress provides a natural platform for professionals to learn, exchange and disseminate best practices for the benefit of the patient.

**Key reasons to attend**

- Dynamic, scientific content over three days for all professions with an interest in acute cardiovascular care.
- Guaranteed interaction with esteemed key experts in the field and a multidisciplinary audience (cardiologists, emergency care physicians, intensive care physicians, internists, surgeons, imaging specialists, interventionists, nurses, students and paramedics).
- Specific educational track for young cardiologists.
- Industry novelties to be presented.
- Practical hands-on sessions.

**Key networking & educational opportunities**

- Joint sessions with international associations.
- Opportunities for dialogue with senior cardiologists and future stars in the field!
- Presentation of the latest developments to a diverse and enthusiastic audience!

Industry Sponsored Sessions
Companies are invited to organise a series of 60 minute Satellite Symposia included in the Acute CVD 2019 scientific programme. These sessions will offer pertinent data on the latest scientific information and developments from the industry. Satellite Symposia will be held within the congress centre in lecture rooms of various capacities. A limited number of time-slots have been made available for Satellite Symposia. Satellite Symposia organisers may coordinate receptions or distribute lunch boxes before or after the session.

The ESC has created two product categories to allow companies to organise different meeting formats within the congress centre, during congress hours.

**Meeting Rooms**
Depending on availability, the ESC allows exhibiting companies to host a limited number of guests and organise small and informal meetings (approx. 20 pax) in a range of rooms available within the congress centre. Hands-on and training of products/therapies are not permitted in Meeting Rooms.

Companies are responsible for furniture, AV equipment and catering arrangements with the official congress venue suppliers within these rooms.

Price available upon request.

**Closed Industry Meetings**
During available time slots, fully furnished and AV equipped lecture rooms can be used to organise closed industry meetings which are on invitation only. The following rules apply to this meeting category:
- Meeting is “closed” and on invitation only.
- Maximum attendance is 200 guests.
- Meeting is not promoted in the congress centre or in any Acute CVD 2019 publications.
