### **Congress registration –Early fee deadline 30 Sept.**

- Online services have just opened with registration fees from 330€ for an EACVI Silver member Young & Allied and €550 for an EACVI Silver member.

### **Call for science & cases currently open – 25 June Abstract DL extended to 30 July/ 6 July C. Case DL extended to 6 August**

- Deadlines have recently been extended due to health crisis, assuming that our healthcare professionals are currently busy fighting against the COVID-19 situation and that they will therefore need more time to submit their science. **Status: 304 abstracts vs 991 in EE2019 / 43 CC vs 648 in EE2019**

### **Congress Educational Grants – Call open early Sept 2020 – Results late Sept**

- Following the call for science deadline extension, Grants opening dates have been rescheduled as one of the criteria is to have an accepted abstract.
- Call for Grant will therefore open early September and results will be announced end of September.

- Fira Barcelona has 2 trade shows scheduled in September - **EACVI2020 will be the first medical congress organised post COVID in the Fira**
- The **state of emergency ended on June 21 in Spain** and the health authority deferred authority to the regions to definitively validate the COVID guidelines
- The **Fira sent us their COVID Guidelines** that will have a **huge impact on the congress layout and delegate experience**. The following measures may still apply in December:
  - **1.5m distance between people** including in the rooms
  - **Avoid as much as possible points of contact**
  - **Plexiglass mandatory** for interactions that cannot be avoided (Registration...)
  - **Mandatory masks & hydro alcoholic gel throughout event**

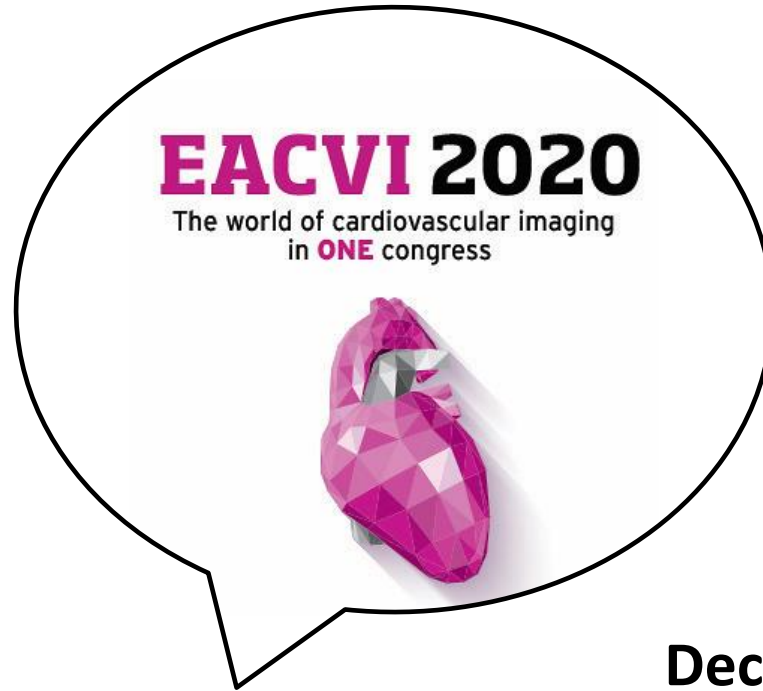

Application of rules: no end date in sight in current environment
