# Welcome Letter

It is our pleasure to announce that **EuroEcho 2019 will be held in Vienna, Austria, from 4 to 7 December 2019.**

EuroEcho is the flagship of the European Association of Cardiovascular Imaging (EACVI) and the world's leading echocardiography congress.

This year's main themes will be **Cardiomyopathies and Imaging in Acute Cardiac Care.**

The aim of EuroEcho will be to create an exciting forum, in which both clinicians and scientists can present and discuss **the most up-to-date research and clinical findings** on the broader spectrum of **echocardiography along with the other cardiovascular imaging modalities.** Cardiologists, physicians from other specialties and imagers who use these cardiac and vascular imaging techniques will interact to discuss how to ideally use all the capabilities offered by these techniques and how to further develop them in the near future.

An educational track will run throughout the congress, featuring several specifically designed courses and sessions. Young cardiologists and researchers will be stimulated and supported through the **two Young Investigator Award competitions (clinical and basic science).**

Also, dedicated initiatives will reward **the best original research.**

However, EuroEcho is more than just education and science. It is also a fantastic opportunity to meet the greatest experts in cardiovascular imaging in the world, to exchange ideas and projects with colleagues who share the same clinical or scientific interests coming from all over the world. EuroEcho-Imaging 2018 in Milan was a record-breaking edition in terms of attendance and abstracts/clinical cases presented, with great overall feedback from participants.

We look forward to welcoming you in Vienna for another great EuroEcho congress!

**Prof. Thor Edvardsen**  
EACVI President 2018 - 2020

**Prof. Maurizio Galderisi and Prof. Bernard Cosyns**  
EuroEcho 2019 Scientific Programme Co-Chairpersons

# About EuroEcho

## Key reasons to sponsor

EuroEcho is the leading echocardiography congress. Every year, this international forum welcomes leading experts who get together, discuss and present innovations and developments in echocardiography and other imaging techniques. In addition to the high quality topics that have been presented during previous editions, this year's special focus will be on Cardiomyopathies and Imaging in Acute Cardiac Care.

## Key reasons to attend

- Ground-breaking scientific content that provides an interactive platform for all professions interested in the EACVI core curriculum courses, patient oriented and case based lectures that address specific topics based on practical case illustrations and the integration of knowledge on echocardiography.
- Guaranteed exchange with esteemed key opinion leaders in the field.
- Specific educational hands-on focus in the form of teaching courses.
- An active and engaged young community.

## Key networking & educational opportunities

- Medical specialties sharing common or related issues are represented with sister societies.
- Joint sessions with international scientific societies offering unique opportunities for an international audience and exchange of knowledge.
- Young cardiologists to renowned experts are present offering opportunities for dialogue with senior cardiologists as well as the future leaders of the field.
- The opportunity to present your latest developments to an enthusiastic audience while educating them.

## About the EACVI

The European Association of Cardiovascular Imaging (EACVI) is the organiser of EuroEcho 2019 and is a not-for-profit organisation. Everything we do is to support our 14,000 members and all healthcare professionals - cardiologists, technicians, nurses, basic scientists and allied professionals - in cardiovascular imaging worldwide so they can deliver the best possible evidence-based care to patients.

Our activities are driven by volunteers who are renowned experts from across all imaging techniques - echocardiography, cardiovascular magnetic resonance, nuclear cardiology and cardiac computed tomography.

The EACVI is a branch of the European Society of Cardiology.

**Mission:** to promote excellence in clinical diagnosis, research, technical development, and education in cardiovascular imaging.

# Exhibition

The exhibition area will be an integral part of the congress in Vienna and delegates are invited to discover the latest products and technologies on the many educational stands throughout the event.

Showcase your products, services and activities to nearly 4,000 delegates from over 90 countries.

## Exhibitor Space

Provide delegates with a unique opportunity to catch a glimpse of the continuous imaging and technological developments in the EuroEcho discipline by showcasing your products in our exhibition.

	Industry	Publishers, Booksellers
Price	€400/m <sup>2</sup>	€280/m <sup>2</sup>
Minimum exhibition space	9m <sup>2</sup>	6m <sup>2</sup>
Accrued points	5 points for participation + 1 point per 9m <sup>2</sup>	

*All prices are excluding VAT*

## Exhibitor Badges

Exhibitors are entitled to a certain number of free badges.

The number of free badges for each exhibitor will be determined according to the floor space allocated as shown below.

Stand size between	General exhibitor badges	Scientific exhibitor badges
9 and 49m <sup>2</sup>	4	4
50 and 99m <sup>2</sup>	8	8
100+ m <sup>2</sup>	12	12

General exhibitor badges do not give access to EuroEcho 2019 scientific sessions.

Scientific exhibitor badges do give access to EuroEcho 2019 scientific sessions.

Neither badge entitles the holder to get a congress bag, a certificate of attendance and do not include a journal subscription.

Price for additional general exhibitor badges:  
€50.00 excl. VAT

**Stands spaces will be assigned in line with the accrued point ranking for applications submitted before 15/07/2019. After 15/07/2019, stands will be assigned on a first come first served basis.**

# Industry Sponsored Sessions

## Satellite Symposia

Participating companies may organise scientific sessions during dedicated time slots, known as Satellite Symposia. These sessions are the perfect forum through which you may reach your target audience with the latest scientific information. Satellite Symposia will be held within the congress centre in lecture rooms ranging in capacity from approximately 200 to 840 seats.

The following items are included in the price of a Satellite Symposium:

- Room rental
- 1 Congress News insert: the day of your session, an advert will be published in the Congress News to promote your Satellite Symposium
- 1 Information screen
- 1 weblink

Badge allocation for Non-Exhibitor Satellite Symposium:

- 4 general exhibitor badges
- 4 scientific exhibitor badges

## Practical Tutorials

Practical Tutorials offer companies a means of associating with the educational requirements of delegates in a classroom environment. These industry sponsored tutorials provide participants with an opportunity for hands-on and/or one-on-one learning from clinical and/or technical experts on specific areas of expertise.

Practical Tutorials are organised in rooms of approximately 90m<sup>2</sup>. Seating set-up can be rearranged to suit your needs. **One room is allocated per company for the duration of the congress (3 days).**

The following items are included in the price of Practical Tutorials:

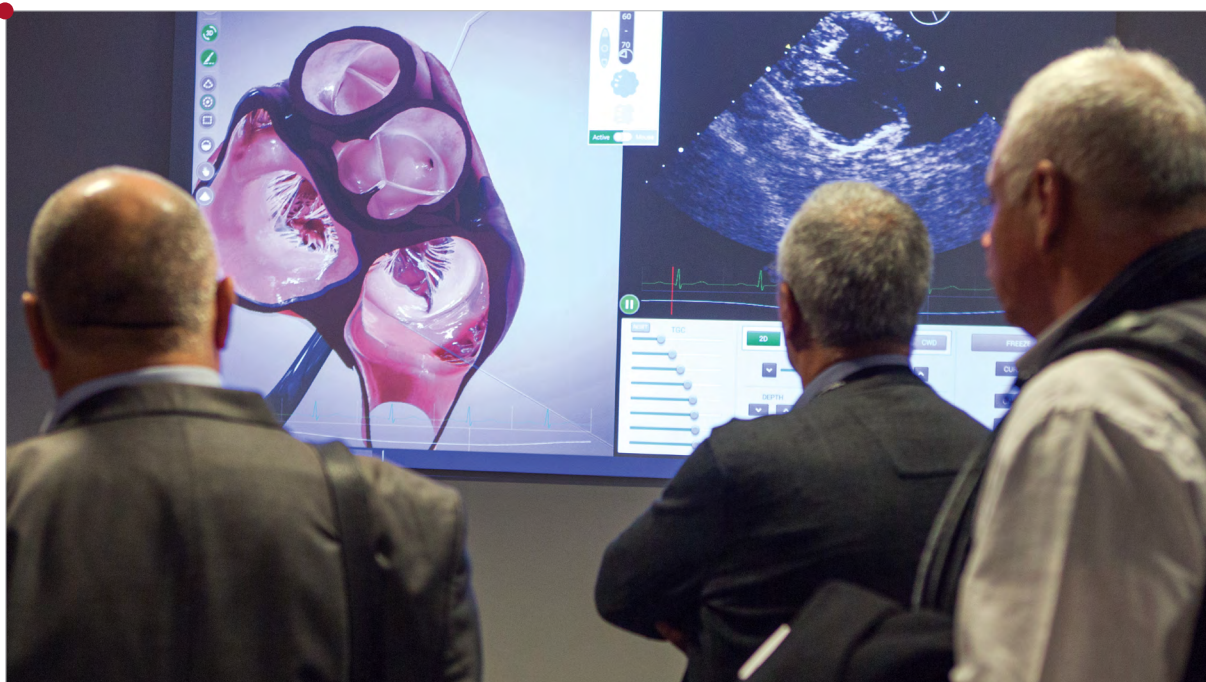

- Room rental
- 1 Congress News insert: each day, an advert will be published in the Congress News to promote your Practical Tutorials
- 1 weblink

The room includes a standard set-up.

Practical Tutorials organisers are responsible for additional furniture, AV equipment and catering arrangements.

# Application & Guidelines for Industry Participation at EuroEcho 2019

---

All Exhibition, Industry Sponsored Session and Sponsorship forms should be completed, signed and returned as soon as possible. Items will be assigned in line with the accrued point ranking up until 15 July 2019.

Returning a signed Order Form implies a tacit agreement of the "ESC Guidelines for Industry @ Congresses" and the "ESC Guidelines for Industry @ EuroEcho 2019".

The "ESC Guidelines for Industry @ Congresses" are available on [escexhibition.org](http://escexhibition.org). The "ESC Guidelines for Industry @ EuroEcho 2019" will be communicated to the participating companies in due course to help with the organisation of the event.

All terms and conditions regarding your participation will be detailed in these Guidelines.

Should you require any further information regarding the application process, please contact us at [industry@escardio.org](mailto:industry@escardio.org).
