IMAGINE A CONGRESS WHERE:

- World renowned experts have designed a programme focused on key take home messages for improving practice
- A European accreditation board approves the excellent scientific programme with CME (Continuing Medical Education)
- The schedule is optimised to ensure maximum value for education
- Delegates are attracted to a dynamic city with central connections
- Lecture rooms are designed for interactivity & improved learning through exchange
- Exhibition is at the heart of the state-of-the-art congress venue
- Participants are hosted in an affordable, compliant & attractive destination: Barcelona

EUROPACE becomes EHRA Congress

EHRA Congress is now annual and focused on the needs of the electrophysiology community which we represent.

The European Heart Rhythm Association (EHRA) a registered branch of the ESC, a not-for-profit medical society led by expert volunteers, is proud to announce that as of 2018, its annual Congress will be held in March instead of June.

This is an exciting opportunity for the Association to take full ownership of its annual scientific Congress.

To ensure prime innovative science, the 2018 edition promises an exceptional scientific congress with renowned experts and worldwide key opinion leaders!

The EHRA 2018 Scientific Programme Committee has developed a top quality scientific programme designed to provide attendees with the latest in science and education in the field of cardiac rhythm disorders and therapies.

During this three day Congress, highly acclaimed scientific sessions will cover all aspects of pacing and electrophysiology. Delegates will also have the chance to discover new research, learn from world renowned experts and exchange with colleagues and peers.

Dedicated sessions for allied professionals, young electrophysiologists, and women in electrophysiology will be delivered and once again on top of four summits on key topics from the first day of the congress.

We look forward to welcoming you to the beautiful city of Barcelona, and making this 2018 edition a great success!

Prof. Christophe Leclercq
EHRA Scientific Programme Chairperson

Prof. Helmut Pürerfellner
EHRA Scientific Programme Vice-Chairperson
About the European Heart Rhythm Association (EHRA)

The European Heart Rhythm Association (EHRA) is dedicated to improving quality of life and reducing sudden cardiac death by limiting the impact of heart rhythm disturbances. To this end, EHRA is a provider of high-quality education in cardiac rhythm disorders, it ensures the dissemination of knowledge and standard setting; provides continuous education, training and certification to physicians and allied professionals involved in the field of cardiac arrhythmias with a special focus on Atrial Fibrillation (AF) and Electrophysiology (EP). EHRA releases international consensus documents and position papers, it is a source of unbiased, evidence based, scientific information that promotes the quality of care for patients with AF and has also dedicated a website for patients “afibmatters.org”.

Key reasons to sponsor

EHRA Congress is now annual and is both a scientific and educational meeting which attracts more than 6,000 delegates. It is the unique opportunity to learn more about the multidisciplinary and translational approaches of electrophysiology, diagnosis and therapy of arrhythmia and cardiac rhythm management while meeting and exchanging ideas and information.

EHRA is the leading network of European Cardiac Rhythm Management for physicians and healthcare professionals interested in any aspect of cardiac rhythm disorders, the essentials of every practice: from simple to complex arrhythmia; from atrial fibrillation to stroke.

Key reasons to attend

• Dynamic scientific content including contribution and analysis on the ESC Guidelines on cardiac arrhythmias, such as atrial fibrillation, syncope, ventricular tachycardia and sudden cardiac death.
• Four focused learning summits included in the registration fees (ventricular tachycardia, cardiac mapping, eHealth and lead management).
• Presentation of world-class research and latest trials from the field.
• A scientific offer for young cardiologists and specialists.

Networking & educational opportunities

• Reach both world-renowned experts and Key Opinion Leaders in the field, all in one place.
• Get a certified programme by the European Accreditation Council for Continuing Medical Education (EACCME).
• Attend joint sessions with international associations offering even more possibilities for a worldwide audience and networking.

SCIENTIFIC PROGRAMME

2018 Spotlight:
The essentials for your everyday practice: from simple to complex arrhythmias, from atrial fibrillation to stroke.

The EHRA 2018 Scientific Programme Committee have carefully chosen a world class scientific programme which will focus on innovations, interactive participation and practical demonstrations of best practice.

Summits will be running in parallel on the first day of the Congress.

Access to the summits will be included in the registration fee and promises to be very attractive for our delegates.

FOCUS ON:

• Late breaking science
• Original research
• Case-based sessions
• Live procedures
• Guidelines & position papers
• Clinical practice sessions

*Preliminary schedule
Industry partners work hand in hand with EHRA to offer delegates a Congress rich in science and innovation. At EHRA 2018, there will be key opportunities for Industry Partners to:

- Demonstrate their technologies
- Discuss innovations, therapies and applications improving patient care
- Join our scientific programme with Symposia, Experts on the Spot, Hands-on Tutorials
- Showcase company solutions with an exhibition surrounded by lecture rooms
- Use high spec meeting rooms to exchange with professionals
- Promote product value on multiple communication platforms

Exhibition @ The Heart of EHRA 2018

Exhibition Space
The exhibition will be an integral part of EHRA 2018. Centrally positioned within the venue, it will provide delegates with the opportunity to exchange with key industry experts on critical areas of development and research in cardiovascular products and therapies. The exhibition will be a central hub for scientific discussion and exchange during the congress.

General exhibitor badges do not give access to EHRA 2018 scientific sessions except for the sessions sponsored by the exhibitor.

Scientific exhibitor badges do give access to the scientific sessions of EHRA 2018.

Neither badge entitles the holder to get a congress bag, a certificate of attendance and does not include a journal subscription.

Price for additional general exhibitor badges: €100 excl. VAT

Exhibitor badges do not give access to EHRA 2018 scientific sessions except for the sessions sponsored by the exhibitor.

Cost is for floor space only (no structure or amenities). Minimum exhibition space is 9m².

All prices are excluding VAT

Stand spaces will be assigned in line with the Accrued Point ranking for applications submitted before 2 October 2017. After 2 October 2017, stands will be assigned on a first come, first served basis.
INDUSTRY SPONSORED SESSIONS

- Integral part of EHRA 2018 programme
- Unique opportunity for wide-reaching exchange
- Exclusive platform for discussion on latest news and innovations
Satellite Symposia

Companies are invited to organise Satellite Symposia included in the EHRA 2018 Scientific Programme. These sessions will offer pertinent data on the latest scientific information and developments from the industry. Satellite Symposia will be held within the congress centre in lecture rooms of various capacities.

- 1 weblink
- 1 information screen
- 1 ESC room hostess*
- Access and use of audiovisual equipment in lecture room

Companies organising a non-exhibitor Symposium will be provided with an allocation of 10 scientific badges and 10 general badges.

* The ESC room hostess will be in charge of welcoming and briefing the Chairpersons and the Speakers on technical facilities and ensuring that sessions run on time. The ESC room hostess may not be used by the session organisers to distribute promotional materials or scan delegate badges.

Satellite Symposia - Experts on the Spot

These short style sessions will be arranged in the AGORA located in the vicinity of the exhibition and designed to ensure experts interact with delegates. Experts on the Spot sessions are complementary to Satellite Symposia programmes and a Satellite Symposium is a condition for application. The session organiser is permitted to invite speakers different from those participating in the Satellite Symposium, the topic must however be in line with the Satellite Symposium. The Experts on the Spot session will be 30 minutes long and will take place during the coffee breaks as follows:

The PACE - Practical Tutorials

The PACE offer companies a means of associating with the educational requirements of delegates in a classroom environment. These practical tutorials provide participants with an opportunity for hands-on learning from clinical and/or technical experts on specific therapeutic, diagnostic or rehabilitative procedures focusing on best clinical decisions, methods or techniques.

The PACE are organised in 64m² or 80m² rooms. One room is allocated per company for the duration of the congress, throughout the day.

Sessions can be organised as follows:

The following items are included in the price of The PACE:

- Room rental
- 1 Congress News insert: inside the Congress News will be included the industry adverts for The PACE
- 1 weblink

The rooms include a standard set-up. The PACE organisers are responsible for additional furniture, AV equipment and catering arrangements.

NEW THIS YEAR:

- The full list of equipment will be communicated upon room assignment. Cost of additional equipment, furniture, food and beverages will be at the expense of the sponsor.
- Industry sponsored sessions programmes will be published in the EHRA 2018 Scientific Programme & Planner (SPP), Programme at a Glance, PDF version of the Final Programme and on the Mobile App.
- All Industry sponsored sessions programmes are subject to EHRA 2018 Programme Committee approval.

Rooms & time slots will be assigned in line with the Accrued Point ranking for applications submitted before 2 October 2017. After 2 October 2017, rooms & time slots will be assigned on a first come, first served basis.
SPONSORSHIP

A wide range of services for congress attendees are available for sponsorship by our Industry Partners providing essential support for the Congress and opportunity for novel communication to the healthcare profession.

### Webcast – Video and Slides

**Product**: Extend the reach of your Satellite Symposium by posting the webcast of your session on the Scientific Programme & Planner (SP&P).

This platform offers year-long access to resources from the congress (abstracts, slides, webcasts, e-Posters). The use of the speaker service centre is mandatory. Exceptions are subject to ESC approval with an increase in the price offer. The webcast will be uploaded within 24 hours maximum. The ESC will provide webcast sponsors with the video files after the Congress.

**Lifespan**: Congress & permanent Congress resources

**Price**:
- **excluding VAT**: €10 000
- **Accrued Points**: 2

### Onsite Advertising

**Product**: Increase your visibility at the Congress with onsite advertising. Communicate on your therapeutic areas of research & innovations, promote your Industry Sponsored Sessions or encourage delegates to visit your stand on the various locations available.

**Contact**: industry@escardio.org for further details.

### Lifespan: Congress & permanent congress resources

**Available for Satellite Symposia only.**

**Price valid for equipped rooms.**

**Special price available on request for non-equipped rooms.**
