

# Design guide for print on wall panels

Foil covering more than one wall plate should be designed in consideration for the metal to avoid uneven surface.

If you wish uprights to be hidden, you may order our graphic wall for that purpose. Please look at page two.

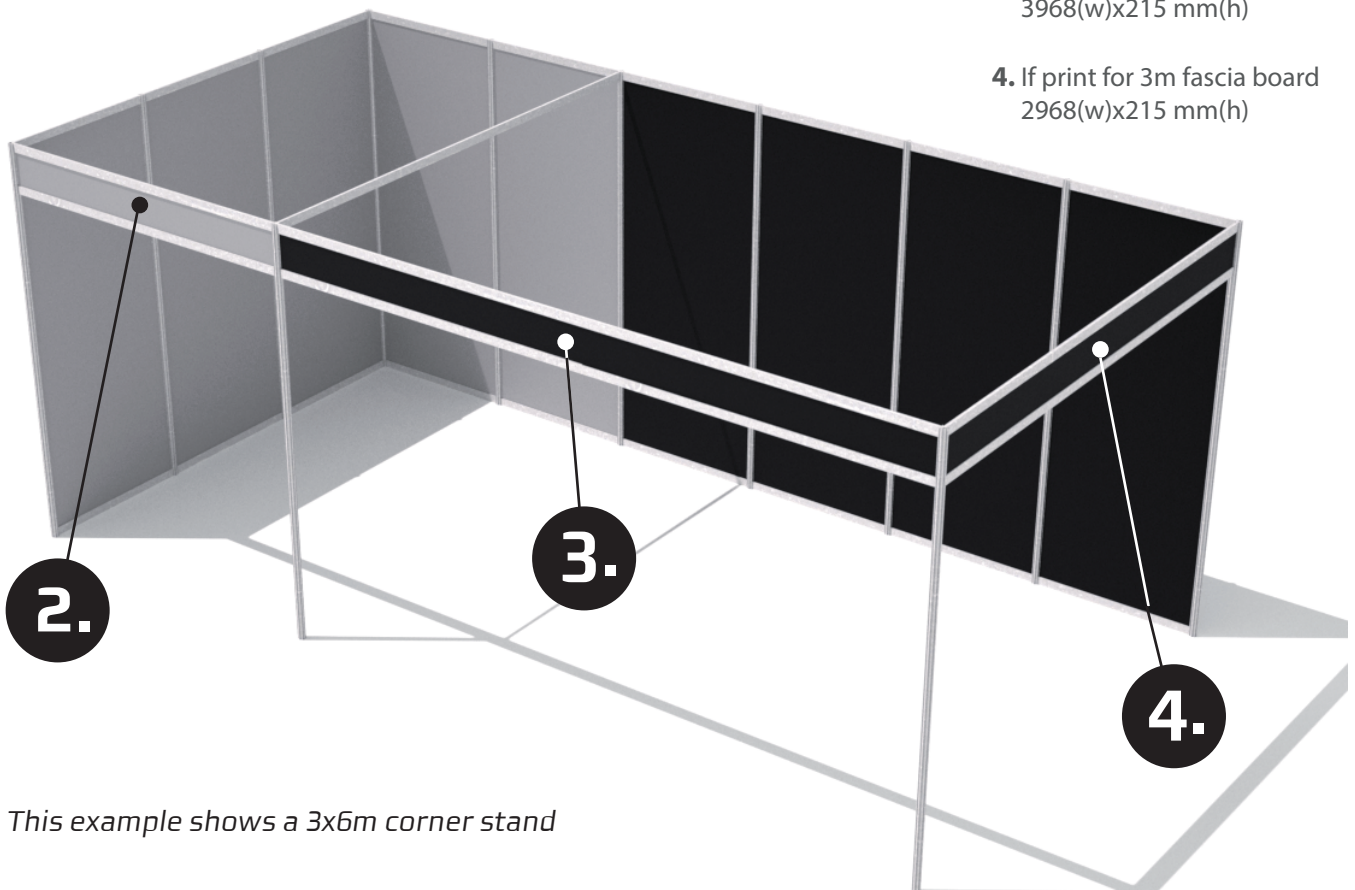

*This example shows a 3x3m corner stand*

1. 1 partition wall element measures:  
968(w)x2412 mm(h)  
Graphic size:  
956(w)x2400mm(h)

2. If print for 2m fascia board  
1968(w)x215 mm(h)

3. If print for 4m fascia board  
3968(w)x215 mm(h)

4. If print for 3m fascia board  
2968(w)x215 mm(h)

*This example shows a 3x6m corner stand*
