EHRA Annual Congress

The first solo EHRA congress in Barcelona 2018 was a great success and the attendance exceeded our expectations.

Having a yearly meeting gives EHRA the best opportunity to present cutting-edge research and clinical findings to a wide range of practitioners from around the globe.

To ensure continuity of prime innovative science, the 2019 edition promises an exceptional scientific programme with renowned experts and worldwide key opinion leaders!

We are developing a top quality programme designed to provide attendees with the latest in science and education in the field of cardiac rhythm disorders and therapies. An emphasis will be placed on innovation, as announced by the theme of the congress.

During this three-day Congress, scientific sessions will cover all aspects of pacing and electrophysiology. Delegates will also have the chance to discover new research, learn and exchange with industry partners, colleagues and peers from around the world.

We look forward to welcoming you in Lisbon, and making this 2019 edition another wonderful success!

About the European Heart Rhythm Association (EHRA)

The European Heart Rhythm Association (EHRA) is a branch of the European Society of Cardiology (ESC). Its aim is improving quality of life and reducing sudden cardiac death by limiting the impact of heart rhythm disturbances. EHRA ensures the dissemination of knowledge and standard setting; provides continuous education, training and certification to physicians and allied professionals involved in the field of cardiac arrhythmias with a special focus on Atrial Fibrillation (AF) and Electrophysiology (EP). EHRA releases international consensus documents and position papers, it is a source of unbiased, evidence based, scientific information that promotes the quality of care for patients.

● Key reasons to sponsor

EHRA Congress is both a scientific and educational meeting. It is the unique opportunity to learn more about the multidisciplinary and translational approaches of electrophysiology, diagnosis and therapy of arrhythmia and cardiac rhythm management while meeting and exchanging ideas and information.

EHRA is the leading network of European Cardiac Rhythm Management for physicians and healthcare professionals interested in any aspect of cardiac rhythm disorders, and the theme for the 2019 edition of the congress will be: **“Implementing diagnostic and therapeutic innovations in daily practice”**.

● Key reasons to attend

- Dynamic scientific content including contribution and analysis on the recent ESC Guidelines on cardiac arrhythmias, such as atrial fibrillation, syncope, ventricular tachycardia and sudden cardiac death.
- Presentation of world-class research and latest trials from the field.
- A scientific offer for young cardiologists and specialists.

● Networking & educational opportunities

- Reach both world-renowned experts and key opinion leaders in the field, all in one place.
- Get a certified programme by the European Accreditation Council for Continuing Medical Education (EACCME).
- Attend joint sessions with international associations offering even more possibilities for a worldwide audience and networking.

Industry @ EHRA 2019

Industry partners work hand in hand with EHRA to offer delegates a congress rich in science and innovation. At EHRA 2019, there will be key opportunities for industry partners to:

- Demonstrate their technologies
- Discuss innovations, therapies and applications improving patient care
- Join our scientific programme with Symposia, Experts on the Spot, Practical Tutorials
- Showcase company solutions with an exhibition located in a prime position
- Use meeting rooms to exchange with professionals
- Promote product value on multiple communication platforms

General exhibitor badges do not give access to EHRA 2019 scientific sessions except for the sessions sponsored by the exhibitor.

Scientific exhibitor badges do give access to the scientific sessions of EHRA 2019.

Neither badge entitles the holder to get a congress bag, a certificate of attendance and does not include a journal subscription.

Price for additional general exhibitor badges: €100 excl. VAT

Stand spaces will be assigned in line with the Accrued Point ranking for applications submitted before 3 September 2018. After 3 September 2018, stands will be assigned on a first come, first served basis.

Industry Sponsored Sessions

- Integral part of EHRA 2019 programme
- Unique opportunity for wide-reaching exchange
- Exclusive platform for discussion on latest scientific releases and innovations

Satellite Symposia

Companies are invited to organise Satellite Symposia included in the EHRA 2019 Scientific Programme. These sessions will offer pertinent data on the latest scientific information and developments from the industry. Satellite Symposia will be held within the congress centre in lecture rooms of various capacities.

The following items are included in the price of a Satellite Symposium:

- Room rental
- 1 Congress News insert: inside the Congress News will be included the industry adverts for your Satellite Symposium, the day of your session
- 1 weblink
- 1 information screen
- 1 ESC room hostess*
- Access and use of audiovisual equipment in lecture room

Companies organising a non-exhibitor Satellite Symposium will be provided with an allocation of 10 scientific badges and 10 general badges.

* The ESC room hostess will be in charge of welcoming and briefing the Chairpersons and the Speakers on technical facilities and ensuring that sessions run on time. The ESC room hostess may not be used by the session organisers to distribute promotional materials or scan delegate badges.

Satellite Symposia - Experts on the Spot

These short style sessions will be arranged in the AGORA located in the vicinity of the exhibition and designed to ensure experts interact with delegates. Experts on the Spot sessions are complementary to Satellite Symposia programmes and a Satellite Symposium is a condition for application. The session organiser is permitted to invite speakers different from those participating in the Satellite Symposium, the topic must however be in line with the Satellite Symposium. The Experts on the Spot session will be 30 minutes long and will take place during the coffee breaks as follows:

Industry sponsored sessions programmes will be published in the EHRA 2019 Scientific Programme & Planner (SP&P), Programme at a Glance, PDF version of the Final Programme and on the Mobile App.

All Industry sponsored sessions programmes are subject to EHRA 2019 Programme Committee approval.

Practical Tutorials

Practical Tutorials offer companies a means of associating with the educational requirements of delegates in a classroom environment. These Practical Tutorials provide participants with an opportunity for hands-on learning from clinical and/or technical experts on specific therapeutic, diagnostic or rehabilitative procedures focusing on best clinical decisions, methods or techniques.

This year, we have rooms of approx. 50m² each on offer. These vast rooms provide you with the flexibility to tailor room configuration in a way that best suits your needs in terms of Practical Tutorials or Meeting Rooms. One room is allocated per company for the duration of the congress, throughout the day.

Sessions can be organised as follows:

| | |
|-----------------------|---------------|
| Sunday 17 March 2019 | 09:00 - 18:00 |
| Monday 18 March 2019 | 09:00 - 18:00 |
