The ESC offers industry partners the possibility to optimise their investment and extend the reach of their Technology & Innovation sessions (T&I) organised during the ESC Summit, by giving them the possibility to reach out to a wider audience after the congress on the ESC 365 platform.

NOTE: industry webcasts are visible on ESC 365 unless specified otherwise before the Summit

ESC Congresses Science is available under ESC 365; The ESC invites Industry Sponsored Sessions organisers to purchase a Webcast service in order to make available their session's educational messages for the **ESC 365** visitors to browse.

A recording in the form of a webcast means that the speaker's voice is recorded with the PowerPoint slides (including videos) and video of your speaker(s).
