ESC CONGRESS

BARCELONA 2017

26-30 August

Where the world of cardiology comes together

General Conditions and Description

The ESC will build standard sound-reduced rooms of 50m² within the congress centre. Each room has a surface of 6mx8.5m. (50m² internal space). **These state of the art rooms are located in the exhibition hall.**

PRODUCT SPECIFICATION:

- Function Spaces will include:
 - standard electricity supply (4 sockets -1 per wall- 1,5Kw each and general control box outside the back wall including 1 plug RJ45 for internet connection, and adaptation of electric system for 9,9Kw switchboard),
 - air-conditioning (2 air conditioner 12.000 Btu separately adjustable),
 - lighting (composed of 12 – no dimmer – Led spotlights 18W each, 4000K neutral light and emergency light above the door)
 - daily cleaning
 - double sliding doors locked with a coded key pad (codes will be provided before congress start).
- Furniture, AV and customisation need to be ordered from [StudioArancio](#), ESC official suppliers, through their [online catalog](#) (username: **ESC**, password: **2017**) and are billable as extras.
External walls cannot be altered or modified without a written consent to be requested by email at congress@studioarancio.net attaching a specific request. No desk and table are allowed outside the rooms.
- Catering must be ordered from [GastroFira](#), ESC official caterer and is billable as extras.

Function Spaces Auxiliary Services Catalog

We are pleased to present and share with you our full catalog to setting up your Function Space(s).

Transform your Function Space(s) into the main place for your Industry meetings with high quality furniture, audio video equipment and customisation items such as floors covering and many others.

Please discover the catalog and the order form on the **StudioArancio website** (username: **ESC**, password: **2017**)

Note that the entire invoice amount is due by **August 25, 2017**. The deadline for orders is **30 June**, however you may still place orders before **30 July**, albeit with a 20% price increase. No order will be possible after **30 July 2017**.

For any queries on these services, please contact our ESC official supplier **StudioArancio** at congress@studioarancio.net

Function Space Internet Solutions

To ensure the provision of a safe and effective Internet service for you, we have deployed in collaboration with our official supplier specific technical resources to ensure a quality service.

3 different offers can be contracted to provide your Function Space with Internet:

- Each room is pre-equipped with a network cable. You just have to order your Broadband Internet to make it work!
- ESC Congress general Wi-Fi is available, but you can also order your own private Wi-Fi network with a decent and guaranteed bandwidth Internet access by contacting esc.internet@firabarcelona.com.
- Should you decide to deploy your own Wi-Fi service, a fixed charge per access point will be payable to our official supplier who will check the conformity of your equipment and ensure no interference with the overall Wi-Fi service at ESC Congress 2017.

Deadline to place your order: 21 August 2017

Failure to report Wi-Fi equipment could lead to an immediate requirement to suspend equipment onsite.

Function Spaces Signage/Branding

- The ESC will take care of the generic signage within the congress centre.
- No other signage or promotion can be made within the building.

Additional signs, posters or roll-up placed in front of the room or anywhere else in the convention centre are not allowed and will be removed.

- 1 standard room branding on the facade of the room is included in the Function Space rental:

1 panel landscape format (200cm x 100cm)

Room branding must receive prior approval from the ESC (company name, corporate logo & visual only). **Deadline: 30 June 2017**

- The room number will be indicated on the top of room entrance doors.

Specifications are as follow: FORMAT AND RESOLUTION:

RASTERIZED FILES: scale 1:1 (Final dimension) - method CMYK
- final resolution at least 100dpi

alternatively file with proportional dimensions (example: dim. 100x200cm. final 100dpi, dim. 25x50cm. file at 400dpi)

CHARACTERS: Converts to paths or attach font folder

ACCEPTED FORMATS: Ai, Eps, Jpg, Tiff, Pdf, Psd

ADHESIVE LOGO: vector format

N.B: In case of logos without shading, the logo will be stuck on the lacquered panel.
