Industry Debrief – Scientific Programme Overview

The Story Continues ...

Remember this ??

« IN SIMPLE FIGURES »

646 Sessions:

- **248 Abstract Sessions** (including Clinical cases, Abstracts and Technology & Innovation Demonstrations)
- **28 “Global Exchange” Sessions** (Professional Development & WHF Sessions)
- **36 Late Breaking Science Sessions** (including Hot Line, Late Breaking Science and Meet the Trialists)
- **334 Scientific & Educational Sessions**

« IN SIMPLE FIGURES »

5278 Contributors in the Programme

- 1570 Invited Faculty (Chairpersons, Speakers, Discussants, Judges) – 70 countries represented
- 3708 Presenters (Abstracts, Clinical Cases, Technology & Innovation) – 86 countries represented

FOCUS ON INVITED FACULTY

The Story Continues ...

Adapting - Anticipating - Reacting – Responding

Addressing the future &

Preparing the workforce for the future

Provide a relevant experience for the delegates

Focus on Exchange, Interaction and Memorable Experience

Latest & Impact

Heart Failure

PARAGON-HF – ARNI in HFpEF

DAPA HF - SGLT2 inhibitors in HF

ACS Diagnosis

HiSTORIC – hscTn to Rule out MI

RAPID-TnT - 0h/1h hscTn vs. 0h/3h standard cTn

ACS Treatment

NZOTACS – O2 in ACS

COMPLETE Complete vs. culprit only
revascularization in STEMI and MVD

CONDI -2/ERIC-PPCI – Remote ischemic conditioning in
STEMI/PPPCI

Genetics

POPular Genetics - Genotype-guided P2Y12-inhibition in STEMI

UK Biobank : naturally RT on lowering LDL-C and SBP on lifetime CV

Antithrombotic Treatments

THEMIS - Ticagrelor in Diabetes with CAD

ISAR-REACT 5 - Ticagrelor Versus Prasugrel in ACS

AFIRE, ENTRUST-AF PCI - (N)OACS and antiplatelets in AF/CAD

Prevention

HOPE 4 – Community cluster RT on CVRF control

Salt substitution - Community cluster RT on BP reduction and HTN incidence

Together with

HOTLINES

CLINICAL TRIAL UPDATES

MITRA-FR- 2-FU of PMVR vs surgery for secondary MR

SYNTAX- 10-y FU of PCI/DES vs. CABG for MVD

DANAMI-2 – 16-y FU of PPCI vs. fibrinolysis in STEMI

REGISTRIES

SWEDHEART- secondary prevention post CABG

SWEDHEF- ICD and mortality in HFrEF

PURE – CV vs Cancer mortality in High vs low-middle- income countries

Global impact of modifiable RF on CVD and mortality

.. and many more trials in 6 hot-line sessions
& 16 late-breaking science sessions

Wrap up in French - Live and interactive programme

ESC Congress 2019 together with World Congress of Cardiology

Tuesday 03 September 2019 from 16:45 to 17:45 CEST 📅

Topic(s): *European Society of Cardiology; Cardiology;*

We are ONLINE ...

★ Summary

Message from Professor Bernard Iung, Host:

"Nous sommes ravis de vous présenter ce wrap up en français et de discuter ensemble, avec les experts du panel, des messages clés du congrès ESC 2019. Rejoignez-nous en ligne le mardi 3 septembre de 16h45 à 17h45 (heure de Paris) et connectez-vous à l'application mobile ESC Congress pour poser vos questions"

In collaboration with participating National Cardiac Societies of French speaking communities, this programme is designed to present a selection of scientific highlights from ESC Congress and discuss clinical practice implications with experts.

Programme will be available live on this page on Tuesday 3 September at 16:45 (Paris time).

Participants joining online will have the opportunity to interact with the panel of experts by asking questions via the [ESC Congress Mobile App](#).
