of Cardiology

Barcelona low emission zone

Since the 1st January 2020 the city of Barcelona set-up a Low emission zone with traffic regulation for all vehicles based on their age/type.

The restrictions apply from **Monday to Friday from 7am to 8pm**

All cars & lorries entering the zone in this time period must be registered and have a DGT category sticker:

- **“Zero Emissions”** : electric or hybrid vehicles with a range of more than 40 km.
 - **“Eco”** : hybrid cars with a range of less than 40 km and vehicles powered by natural gas.
 - **“C”** : is for petrol cars and vans from 2006 and diesel vans from 2014, as well as vehicles dedicated to the transport of goods registered from the same year.
 - **“B”** : is awarded to petrol vans and passenger cars registered from 2000 and diesel vans from 2006, including goods vehicles from 2005.
- **All vehicles outside of the above criteria cannot enter the low emission zone.**

Barcelona low emission zone

Foreign vehicles must be registered to obtain their DGP rating and the authorization to circulate during the Low emission zone time:
