

POST CONGRESS eBLAST

The post congress eBlast has been launched this year to talk about your activities after the ESC Congress. This mailing is sent to **ESC Congress 2016 registered delegates & ESC database of 80 000 professionals**

E-Blast mailings will be composed of 10 Industry Sponsored Session adverts.
(illustrations not to scale / not actual size)

→ Congress visual and eBlast title integrated by ESC supplier

→ *Carousel: produced and supplied by industry no link possible on the carousel*

→ Session Title integrated by ESC staff

→ Date & Room integrated by ESC Staff

→ *Email content image: produced and supplied by industry*

→ Session title integrated by ESC supplier

→ When image of email is clicked it will either link to your webcast on congress 365 or can open a pdf advert of the Session

Up to **10 visuals** will be aligned in the email content and will each include:

- Sponsor advert visual
- Session title

In order to offer a prime position to each advert, 10 different versions of the three E-Blast mailings will be produced and a randomised version of each sent to the mailing list of pre-registered delegates.

Delegates will be able to open an enlarged pdf version of each of the sponsor's adverts by clicking on the advert visual or the session title.

A carousel of all adverts will run at the top of the email. This carousel changes to show all the adverts in the email body the title time and room information also change according to the advert. For the sake of fairness, the carousel will start by the sponsor advert in 10th position and will be followed by the 9th position, 8th position, 7th position, etc. The sponsor adverts shown in the carousel do not open the pdf version of the advert.

➤ **E-mailing schedule:**

- **NEW THIS YEAR** 27 September 2016 – post congress eBlast emailed to **all ESC database (over 80 000 + delegates registered at the ESC Congress 2016) and can contain your webcast or reference of other activities**
