STOCKHOLM INTERNATIONAL FAIRS – THE NO.1 MARKET PLACE IN THE BALTIC SEA REGION

Stockholm International Fairs is one of the world's leading and most flexible organisers of meetings. We offer the perfect meeting place for everything from international summits to broad public fairs. Together with exhibitors and organisers we create well organised meetings which offer the visitor inspiration, knowledge and business opportunities. As the leading organiser in the Baltic Sea Region, we organise some 60 industry-leading exhibitions as well as around 100 national and international congresses, conferences and events annually. Each year we welcome 10,000 exhibitors, 1.5 million visitors and more than 8,000 journalists from all over the world.

EXHIBITOR SERVICE

In the Service Catalogue you will find all the services and products you need for your participation. Do not hesitate to contact Exhibitor Service if you have any questions.

ORDER EARLY AND SAVE MONEY

Please note that we charge 25 % extra for the following services if you order them during the official building up period: electricity, wire, heating, water, sanitation, Internet and telephony. So place your order early and save money!

THE DRAWING SYMBOL

Certain products are marked with a drawing symbol. To be able to install your products where you want them in your stand, please mark them on a drawing. You can see from the Order Form in the Service Catalogue how the products should be marked on your drawing.

ORDER YOUR STAND EQUIPMENT ON OUR WEBSITE

At www.stockholmsmassan.se you can find almost everything you need to know as an exhibitor at Stockholm International Fairs. Please take some time to look through the information under "Exhibitor info". Amongst other options, you can order products and services for your stand. When you have sent the Order Confirmation for your stand, you will also receive the login information you need to access the order function. All prices in the catalogue are rental prices exclusive of VAT for the entire exhibition period, unless otherwise stated. Stockholm International Fairs will not be liable for typographical errors and reserves the right to make price adjustments.

CHANGES/CANCELLATION

The full rate will be charged for any bookings changed/ cancelled less than 5 working days before the opening day of the fair. Not applicable to furniture.

FABRICS

Our fireproof fabrics are available in many different colours and can be used for several purposes, e.g. as drapes and fabric roofs. Drapes can for example be hung in front of the entrance to a store room. The fabric roof will be framed and mounted on support pillars. These pillars can be replaced by wires at an extra cost.

INTERNET CONNECTIONS

IP INTERNET CONNECTION

10 base T, RJ45 male IP 10 Mbps (dynamic net)
 Art. no 332710, First **SEK 2,975**
 Art. no 332711, Additional/each **SEK 1,975**

You can hire what you need from us or bring along your own computer with the 10 base T network card. Configure the computer for DHCP (automatic assignment of IP addresses). E-mail is only available through webmail or web-access to your own e-mail server. Please note that our Internet connection has no Firewall. You are responsible for your computer's protection when it comes to Antivirus/Firewall etc. Make sure that you have the latest Service Pack etc. from www.windowsupdate.com. Note that computers with a virus can cause problems when you are back behind your own Firewall in the office.

WIRELESS INTERNET CONNECTION

Wireless Internet connection cannot be pre-booked. Available for purchase from the Service Centre.

Per computer and event **SEK 1,000**

Wireless connection is valid from the first day you move in, throughout the event and while you move out. Connect using your own laptop computer or other wireless device, e.g. PDA or mobile phone. Our wireless network is a public network for our exhibitors. Contact your own IT Support for guidance on how to connect. We cannot provide support regarding settings on your own equipment. Follow the instructions on site regarding which network to connect to. E-mail is only available through webmail or web-access to your own e-mail server. We have no support for external SMTP servers. Our Internet connection has no Firewall. You are responsible for your computer's protection when it comes to Antivirus/Firewall etc. Note that computers with a virus can cause problems when you are back behind your own Firewall in the office.

For Sound System 334140
 Wireless
 Art.no 334630 **SEK 1,275**

GOODS

If you need to load/unload more than 1,000 kg or 4 cbm, you must book time for a forklift truck. This will enable us to provide you with a better service and you don't have to wait in line for help with unloading your goods. Make it really easy by using the "Door-Stand-Door" service. Please find the order form for "Door-Stand-Door" and time booking at www.stockholmsmassan.se.

UNLOADING GOODS BY FORKLIFT
Art.no 461509-20 Lift per pallet **SEK 170**

PACKAGE DELIVERY
Max 50kg/ shipment
Art.no 461700 **SEK 65**

STORAGE OF EMPTY PACKAGING
incl. handling/cubic metre
(min. charge 2 cubic metre)
Art.no 471300 **SEK 190**

NOTE: CANNOT BE PRE-BOOKED

GOODS STORAGE/SQM/5 DAYS

WIRE-SUSPENDED PROJECTOR SHELF
Excl. electricity
Art.no 295250 **SEK 950**
10 amp to projector shelf **SEK 345**

Wires may not be performed during the official moving in period. Note that orders placed during the building up period will be charged an additional fee of 25%. The cost for fitting/removing wires debited once the fair is over. Exact positioning of wires cannot be guaranteed because of the roof's technical construction. The exhibitor is responsible for ensuring that Stockholm International Fairs' security measures regarding loading are followed. In the interest of safety, Stockholm International Fairs reserves the right to increase the number of wires and charge the relevant exhibitor. In addition to the hourly rate there may also be additional costs for special units. The exhibitor pays a special fee for the construction of the stand and exhibition space for advertising that exceeds the fair's maximum height of 2.5 m.

PARKING

Parking permits can be bought at Service Centre and at the Information Desk. However our parking spaces tend to get occupied quickly, so we recommend taking the commuter train. It takes only 10 minutes from the centre of Stockholm to Älvsjö station.

ON SITE SERVICES

Cash point, newsagent, storage boxes, florist, First Aid and nursery room are available on site. Please do not hesitate to contact our staff if you need help.

RESTAURANTS

Welcome to eat in one of our twelve restaurants. The range covers everything you need. For more information, please visit www.restofair.se or contact us on one of the following telephone numbers:

The Garden Restaurant table reservation:

Rica Talk Hotel

ATTRACTIVE ADVERTISING LOCATIONS AT LOW CONTACT COST

To win the tough competition for attention at a site where an entire industry is gathered is a matter of declaring that you exist. For a very low contact cost you can:

- Attract visitors
- Attract attention and create a foundation for recognition
- Increase interest in your company and brand name
- Attain visibility at strategically selected locations
- Reach the right target group.

First to be seen

OUTDOOR SIGNS

By means of outdoor signs (sized 1190 x 1750 mm) you can welcome visitors to your stand or take the opportunity to advertise a new product visible right after the visitors get off the commuter train and walk towards Stockholm International Fairs. There are over 30 locations around the entire site.

PRICE 3,600 SEK per location

Gigantic hangings face the busy road

FAÇADE HANGINGS

There are locations for 4 jumbo sized fabric hangings on the façade facing the road. These hangings measure approximately 7x10 metre. The hangings are lit up by floodlights after dark and attract an enormous amount of attention from the motorists on the road. An excellent opportunity for those who really want to be seen!

PRICE 25,000 SEK per location

Eye-catching floor stickers

FLOOR STICKERS

Expose your brand name and products or welcome your customers with eye-catching floor stickers (sized 1 x 1.5 metres) in the entrance halls. The stickers are very hard wearing and will stay in good and fully legible condition for many days. There are eight sticker locations available in the main entrance hall and four at the East Entrance.

PRICE 3,100 SEK per location

Exclusive attention for your message

SIGNS IN PUBLIC TOILETS

Most fair visitors spend a quiet 5-10 minutes or so in the toilet at some time. We offer you access to some 150 sign locations (foolscap size/A4) on the inside of the toilet doors.

PRICE EXAMPLE:

13 signs: **8,000 SEK**

Attract visitors to your own website

ADVERTISING BANNER

Most visitors begin their visit at the fair website. Make use of this and insert an advertising banner with a link to your own website. Your advertisement will be displayed for up to 3 months. Space is limited, so book in good time.

PRICE 4,200 SEK per space

In addition to the above products we can provide estimates for customised solutions for other activities and advertising exposure. We wish to make your advertising message as flexible as possible and will be pleased to discuss new ideas.

ALL PRICES EXCLUDING VAT. POSSIBLE ADDITIONAL CHARGES FOR PRODUCTION COSTS AND 8% ADVERTISING TAX. THE RANGE OF ADVERTISING LOCATIONS VARIES ACCORDING TO CONTENTS OF THE FAIR.

VISITOR REGISTRATION

After some hectic days the fair has ended. However, this is only the beginning of a long process. Using the visitor badge scanner service makes the follow-up easier. You will not need the business cards and all the notes, you can just focus on the meeting. With the visitor registration you can collect the information needed from the visitor in an easy and flexible way. The follow-up work can start without delay. Knowledge about the customers' demands can be profitable.

- Read the visitor information with a bar code reader and combine with your own specified codes.
- Collect your own reports on the Internet every day during the exhibition.
- When a new reader is fetched in the morning, you will have a clear summary of the visits to your stand the day before.
- You will get a total summary on the Internet after the fair

START-UP PACKAGE
Art. no 10301

SEK 1,995

INSURANCE

The insurance cover is important when participating in an exhibition. Ordinary insurance policies do not normally cover exhibiting at fairs. Separate transport and exhibition insurance is often very expensive and yet provides less cover than the exhibition insurance we offer. Transport companies' liability is also very limited. Together with the insurance provider If Skadeförsäkring, Stockholm International Fairs has come up with the most favourable and simple exhibitors' insurance on the market, which is also mandatory for all those exhibiting at Stockholm International Fairs.

THIS IS WHAT OUR INSURANCE INCLUDES:

- Your goods are fully insured during transport to and from the exhibition, incl. during loading and unloading.
- Your goods are fully insured at the exhibition centre during the exhibition, incl. during moving in and moving out.
- All transport to and from the exhibition within EU/EFTA countries is covered. For insurance policy holders outside the EU/EFTA, insurance is only valid within the exhibition centre.
- You will also receive protection for your personal luggage, plus health and accident cover.
- Includes Liability insurance

- The excess is SEK 1,000 per/incident of loss or theft. For claims resulting from burglary and theft from a vehicle/ trailer owned by the insured, the excess is 20% of the lost amount or a minimum of SEK 5,000, whichever amount is higher.
- Additional costs incurred as a result of damage include up to 10% of the insurance value.
- This insurance is available to exhibitors, co-exhibitors and companies represented on your stand.

FOR TERMS OF INSURANCE, SEE PAGE 35.

TECHNICAL INFORMATION

1. Instructions and rules for stand construction

GENERAL RULES

- To create an open environment at the fair, only 1/3 of each stand's side facing an aisle may be covered by a wall.
- Building work or the putting up of decorations, signs or lighting over aisles is not permitted.
- Stockholm International Fairs make regular safety inspection rounds before and during every fair. Stockholm International Fairs' evacuation routes and fire doors (including those outside), fire equipment, alarm buttons and signs must NEVER be obstructed, blocked or concealed. Stockholm International Fairs has the right to take down or change constructions as well as remove goods that are blocking the evacuation and transport routes.
- Podia, stages and catwalks that exceed 60 cm in height must have a handrail of 110 cm in height.
- Floor anchorage is permitted for exhibitors on approval by Stockholm International Fairs. Exhibitors are responsible for restoring to original condition. If not restored, exhibitors will be debited. PLEASE NOTE, anchoring must not be closer than 1 meter from the service channel.
- All work which has an effect on the actual property of Stockholm International Fairs must only be carried out by people employed by the Stockholm International Fairs. Examples of this include the hanging of wires in ceilings, anchoring machinery to the floor, fixing into pillars or joists, and connecting water and electricity in floor channels.
- Climbing on any part of the stand construction is strictly prohibited.
- In order to avoid high noise levels, only rubber mallets or the equivalent may be used when mounting lighting girders.
- When using saws, sanding and polishing machines etc. a suction device for shavings must be attached to this type of equipment.
- Children and young people under the age of 16 are not allowed on Stockholm International Fairs premises at any time when construction or dismantling of exhibitions or congresses is taking place, neither alone, nor accompanied by an adult, as the exhibition halls are regarded as a building site.
- In accordance with Swedish legislation, smoking is not permitted anywhere on the site.
- In accordance with Swedish alcohol laws, all alcohol served must be purchased by the holder of the dispensing permit at Stockholm International Fairs, Mässrestauranger AB. Mässrestauranger AB is therefore in charge of serving alcoholic beverages on the premises. Exhibitors who are planning to, or wish to serve alcoholic beverages must contact Mässrestauranger AB, telephone +46 8 727 72 02 for assistance with the arrangements.
- All playing of music, showing of films or suchlike in stands, conference premises or any other place must be done in accordance with the applicable Copyright Act.
- Photographs may be taken 1 hour before the trade fair opens, and during the fair's opening hours. Photographs can be taken at other times by special agreement and with additional monitoring which is charged according to the current price list.
- Own wireless network must be approved in advance by Stockholm International Fairs and will be charged according to the current price list.

MOVING IN AND MOVING OUT

- Earlier moving in can be authorised by Stockholm International Fairs, e-mail: earliermovingin@stofair.se, fax: +46 8-749 42 21. There will be an additional charge per stand according to the current price list.
- Work outside the official moving in and moving out times can be authorised by the Security Manager at Stockholm International Fairs, e-mail: sakerhet@stofair.se, telephone: +46 8-749 41 00, telefax: +46 8-99 66 36. Charged according to the current price list.
- Moving in and moving out is done via the transport entrances for Halls A, B or C. Moving in or moving out via the main entrance, or the east entrance, is not permitted.
- The halls are open for moving in 07.00 – 20.00 hours. On the last evening, all construction must be completed by 16.00 hours. All goods handling that requires truck driving shall be completed by then. After that, empty packaging is driven out of the halls, and aisle carpets are laid. The aisles must then be clear of goods. Work on the stands may continue until 22.00 hours.
- Divergent official moving in and moving out times are notified in separate notices sent to exhibitors.

STAND WALLS

- The normal measurements of stand walls at Stockholm International Fairs are as follows: height 2.5 m, width 1.0 m, thickness 3 cm.
- The stand walls consist of fibreboard panels or similar materials, painted white.
- The stand walls cannot be loaded with heavy objects, but lightweight boards and advertising material can be put up (max 5 kg per wall module).

- The stand walls are not intended for securing or supporting etc your own stand systems. On the upper edge of the walls, an electrical power supply strip is fitted.
- The stand walls are braced along the outer edge by support fixtures, 1,5 m high with a base width of 0.37 m. Support fixtures are mounted on every fourth wall. There may also be other types of all support, such as top and bottom brackets, to hold the walls together. Supports must not be removed without permission from the appropriate hall manager. The supports may be replaced by some other acceptable means, at the exhibitor's expense.
- In cases where a fascia board is constructed in connection with wall construction one post is mounted for every fourth running metre. The post can be removed and replaced with extra ordered wires at the expense of the exhibitor. The ramp cannot be used as a support or securing device of one's own stand system/material, but is only intended for lightweight advertising material.
- Walls should be cleaned of all staples, adhesive mounts, tape and similar. Any cleaning not carried out by the exhibitor will be debited at an hourly rate or the cost of the destroyed wall.
- Walls damaged by filling, wallpapering, screw holes or by being painted in paint not approved by Stockholm International Fairs will be charged to the exhibitor.
- Painting with paint with gloss greater than 5, or wallpapering, may only be done on chipboard-faced walls.

CONSTRUCTION OF UNITS HIGHER THAN 2.5 M AND ADVERTISING PILLARS, SIGNS, ETC.

- The construction height permitted in the trade fair halls is 2.5 m. For light-emitting ceilings, 2.75 m is allowed. For stand constructions, signs, product placements or decorations that exceed the specified heights, an application for exemption must be sent with drawings to Stockholm International Fairs no later than 4 weeks before the trade fair. Apply to Exhibitor Services, telephone: +46 8-749 44 44, telefax: +46 8-99 70 05, e-mail: us@stofair.se
- Stockholm International Fairs reserve the right to refuse permission for late applications.
- Exemption can only be given under the following conditions:
 - Any construction higher than 2.5 m may not be placed closer than 3 m from the stand boundary of a neighbouring stand. The construction of a fully covering stand wall facing an aisle/neighbouring stand must be approved by Stockholm International Fairs. Stockholm International Fairs may make exceptions if it is deemed that the construction is not intrusive, or if permission has been given by the neighbours affected.
 - Constructions must meet all requirements set out in the Swedish construction standards, as far as materials etc. are concerned, and be classified in accordance with the applicable fire safety regulations.
 - The person in charge of the construction (stand constructor) is responsible for safety and construction management.
 - Stockholm International Fairs shall bear no responsibility for implementing designs and for construction work.
 - Exhibitors pay a special fee of SEK 5,000 for increased exhibition area for advertising units which exceed the exhibition's maximum height of 2.5 m.

CONSTRUCTION ON TWO LEVELS FREQUENTED BY BOTH VISITORS AND EXHIBITORS

- Written application with stand designs outlining the possible

construction of a two-level stand must be submitted to Exhibitor Service, telephone : +46 8-749 44 44, telefax: +46 8-99 70 05 at least 4 weeks before the trade fair.

- Stockholm International Fairs reserve the right to refuse permission for late applications.
- The construction of load-bearing joists, walls and ceilings shall adhere to the BBR and BKR regulations, as well as the specific fire and evacuation regulations set by the relevant authorities.
- No work may begin on a two-level stand until Stockholm International Fairs have given permission in writing. Stockholm International Fairs reserve the right to ask for additional information about design, choice of materials, etc.
- The person in charge of the construction (stand constructor) is/are responsible for safety and construction management.
- Stockholm International Fairs bear no responsibility for implementing designs and for construction work.
- All materials used on two-level stands must be classified in accordance with the applicable fire regulations.
- The second level may contain a maximum of 50% of the surface area of the first level.
- The free height on the bottom level must be max 2.5 m and min 2.3 m. the total height of the stand may be a maximum 5 m.
- The distance between two separate two-level constructions must be at least 10 m. Approval may be given even if neighbouring stands have been given permission.
- Exhibitors must also pay stand hire for the 2nd level.
- See also Fire regulations

STAND DIMENSION AND OWN STAND SYSTEMS

In those cases when a hired stand area is equipped with two adjacent units the stated width dimension is the 'central dimension'. This means that the available stand width is reduced by 3 cm. It is important that you notify Exhibitor Service 4 weeks before the fair opens if you have your own stand system or if for some other reason, the exact construction dimensions are needed for your stand.

ELECTRICAL INSTALLATIONS

- Electrical installations in the stand may only be carried out by an authorised electrician. as the electricity network is divided into sections, the current for the respective sections cannot be engaged for safety reasons, until all the installations in the same section have been made.
- Electrical power supply strips are fitted along the tops of the Stockholm International Fairs walls. These must not be blocked by exhibitors' own materials. Only electrical power sockets that have been ordered may be used.
- Spotlights may not protrude more than 30 cm over an aisle.
- All electrical installations and equipment must adhere to the applicable HT-current regulations.
- All connections to the hall's fixed installations must be carried out by an electrical contractor authorised by Stockholm International Fairs.

ELECTRICITY, WATER, HEATING AND SANITATION

When placing units which require water, drainage, compressed air or power outlets, it is important to take into consideration the service channels in the floor. The position of the service channels is normally marked by two dotted lines on the drawing of the proposed position. Make use of the service channels when planning the stand. This will avoid the nuisance of pipes and cabling on the floor.

NIGHT AND CONSTRUCTION POWER

Night and construction Power (power during moving in and moving out) must be ordered latest 4 weeks prior to the fair. Night power and construction power cannot be ordered during moving in.

Stand power supply is switched off each day about one hour after the fair closes. Consequently night-time power supply for refrigerators, computers etc requiring 24-hr electrical power supply has to be ordered.

Night power supply points are clearly marked.

Stockholm International Fairs are not liable for any damage incurred to equipment connected to the standard power supply network.

If you have planned to use fridges or freezers it is necessary to order a power connection with night power.

Regarding computers it is important to order night power if continuous operation of your equipment is needed.

Stockholm International Fairs do not compensate for any damaged of products if connections are made to the closable electricity supply network.

CARPETS

When laying carpets only certain tapes are allowed, these can be bought at the service centre. Note that tape must be removed after the fair. Repairs of damage to floors will be charged to the exhibitor.

PAINTING

No products containing organic solvents may be used. Examples of such solvents are contact glue, spray paint, paints with petroleum spirit or

thinner as solvent, etc. This applies before, during or after the exhibition. Special permission for spray painting must be obtained from the fair, telephone +46 8 749 44 44, fax +46 8 99 70 05.

The above is based on the environmental act, chapter 2, §2-8 and on Swedish Board of Occupational Safety and Health regulations, AFS 2000: 4, §4-5.

- All paint work done on stand walls comes with a charge for restoration.
- The painting of floors is not allowed
- Own restoration is not allowed.

2. Fire safety regulations for exhibitors

MATERIALS/DECOR

- Stand walls and ceilings shall be made of classified fire-retardant materials, i.e., as good or better than wood. Particle board, non-porous fibreboard, plywood, etc., are acceptable.
- Ceilings on covered or enclosed stands greater than 30 m² require sprinkling or fireguards. In choosing materials for ceilings exceeding 30 m², the Security Officer at the trade fair must be contacted, telephone +46 8 749 42 12, fax +46 8 99 66 36.
- Fire-retardant materials must be approved according to one or more of the following classifications: SS 02 48 21, SIS 65 00 82, Euroclass A1, A2 or B-s1.d0. Approval or certificates must be on hand at the display, if it is not clear in any other way that the material in question is safe. Type approval can be replaced by a written statement from Statens Provningsanstalt [Swedish National Testing and Research Institute]. Type approval or certificates must be available in the stand, unless it is made clear in some other way that the material can be approved. Cloth ceilings and other décor must be impregnated against fire. Impregnating agents can be purchased at the Service centre.

TWO-LEVEL STANDS

- The number of steps for a two-level stand is determined by the distance from the steps to the aisle, this distance must not exceed 10 m.
- The required step width is determined by the surface area of the upper level. For a surface area of up to 15 m², the step must be at least 0.8 m wide. For every additional 15 m², a further 0.8 m step width is required. 2 x 0.8 m can be replaced with a 1 x 1.2 m straight step. Spiral staircases must not be less than 0.9 m wide.
- Note! The area between the aisle and the steps must be kept clear at all times.

PACKAGING AND OTHER MATERIAL

Empty packaging or other flammable material must not be stored around the stand or exhibition hall. Material left at the stand is classed as waste and the exhibitor will be invoiced for its disposal.

MOTOR VEHICLES, WORK MACHINES AND TRAILERS

Motor vehicles, work machines and trailers may be driven into the halls only after special permission has been granted. An idling-speed ban applies both in and outside of the halls. The fuel tank must be fitted with a locked lid. On LPG-powered vehicles, the stopcock nearest to the tank (container) must be closed.

FLAMMABLE AND EXPLOSIVE GOODS, HOT WORK AND SMOKE FORMATION

- The handling and storing of flammable liquids or gases must be reported in writing in good time before the trade fair to the Security Manager at Stockholm International Fairs, e-mail: sakerhet@stofair.se, telefax: +46 8-99 66 36. Specify the name of the trade fair and the stand number.
- Explosive or pyrotechnical goods may not under any circumstances be brought in to Stockholm International Fairs without prior written permission from the Security Manager at Stockholm International Fairs, e-mail: sakerhet@stofair.se, telefax: +46 8-99 66 36
- Hot work (e.g. welding, soldering, cutting, circular work, naked flames) is not permitted within the exhibition areas, even during the construction of stands, without special permission, in writing, from the Security Manager of Stockholm International Fairs.
- For activities that emit smoke or gases, such as frying, smoke machines etc., contact Exhibitor Service, telephone +46 8-749 44 44 e-mail: us@stofair.se, telefax: +46 8-99 70 05 for more information.

3. Transport and storage

Goods for the exhibition should be addressed to:
Stockholmsmässan, Godsmottagningen (Goods Inward)
Name of the trade fair/Congress/Conference:
Exhibitor:
Stand number.
Parkeringsvägen 10,
125 80 Älvsjö, (Postal address: 125 80 Stockholm)

GOODS ARRIVING FOR THE TRADE FAIR BEFORE AND DURING MOVING IN

Arriving goods are unloaded and received at Goods Inward. If goods arrive before the official moving in date they are placed in storage, so

that construction of the forthcoming exhibition is not hindered. Once the exhibition has been constructed, and the official moving in is permitted, stored/arriving goods are driven into the exhibition halls. The cost for this is charged to the exhibitor according to the current price list.

BOOKING TIME FOR LOADING /UNLOADING

Applies only to trade fair goods exceeding 1 ton or 4 m³

The enquiry must reach Stockholm International Fairs at least 5 working days before the desired unloading/loading time. Goods without a time booking, or a missed booking, are charged a 50 % surcharge on the current price list.

Enquiries can be made via the website, or by e-mail: logistik@stofair.se, fax: +46 8-749 15 60.

NOTE: Inform your transport company/stand builders about the booked time, to avoid additional costs!

GOODS UNDER CUSTOMER CONTROL TO/FROM STOCKHOLM INTERNATIONAL FAIRS

Incoming exhibition goods under Customs control to Stockholm International Fairs shall on arrival be shown to Goods Inward together with the accompanying transit documentation. If there are any questions, contact Goods Inward on +46 8-749 42 30, e-mail: logistik@stofair.se

RULES FOR THE IMPORT AND EXPORT OF GOODS UNDER CUSTOMS CONTROL

- For incoming exhibition goods under Customs control, Stockholm International Fairs have received permission from Tullverket (the Swedish Customs) to have a temporary warehouse for 20 days from the arrival of the goods at the trade fair.
- Uncleared goods that have been transited to Stockholm International Fairs must be shown on arrival to Goods Inward together with the accompanying transit documentation.
- Before goods can be placed in the stand, the transit document must be sent to Swedish Customs for approval. This is handled by Goods Inward. Once the trade fair has received Swedish Customs approval, the goods are delivered to the stand. Administrative costs are charged to the exhibitor according to the current price list.
- Before the trade fair closes, Goods Inward must have received a transportation voucher or a new transit document for the goods to be transported away from the trade fair. If this is not done, Stockholm International Fairs are entitled to impound the goods until a transportation voucher / transit document is submitted to Goods Inward. Carriage and storage costs according to the current price list.
- If the goods disappear, are sold, thrown away or moved from Stockholm International Fairs without approved Customs documentation such as a transportation voucher or a new transit document for the goods, Stockholm International Fairs will charge the exhibitor any additional costs incurred.

GOODS TRANSPORTATION DURING THE FAIR

During an exhibition, the transport of goods may only be done 1 hour before the trade fair opens. After this only light goods may be taken in.

UNCOLLECTED OR UNLABELLED GOODS

- Stockholm International Fairs are entitled to move and store goods not collected during the moving out time at the exhibitor's expense.
- Unlabelled goods left in the halls once the official moving out time is over, are discarded if the goods cannot be identified.
- Goods that are not collected within 5 days of the moving out time are conveyed at the exhibitor's expense to an agreed address. All handling is charged according to the current price list.

EMPTY PACKAGING

- Empty packaging must be packed and labelled by the exhibitor with the labels provided for the purpose not later than 16.00 hours on the last moving-in day. These labels can be obtained at the Service Centre or at Goods Inward.
- Empty packaging must be packed for truck handling.
- The empty packaging is not available during the exhibition.
- Stockholm International Fairs disclaim responsibility for goods which have been left in empty packaging.
- The handling of empty packaging is charged according to the current price list (minimum charge 2 m³)

KEEPING THE AISLES CLEAR

- Do not place any goods or materials in the aisles outside the stand which might block the way for other transport.
- Stockholm International Fairs are entitled to move all goods and packaging left in the aisles after 16.00 hours on the evening before the exhibition opens, to maintain access. Such goods and packaging will be stored at the exhibitor's expense according to the current price list.

4. Refuse

Stockholm International Fairs environment undertaking requires all exhibitors to sort their day-to-day waste at the waste disposal stations provided. Stockholm International Fairs provides transport from the fair

site and for the destruction of waste products associated with trade fair participation free of charge.

- The environmental stations are located in the halls as well as at the various loading bays.
- Dangerous waste such leftover paint, lamps, fluorescent tubes, batteries, oils and so on, should be turned in to the special environmental stations at the loading bays.
- For larger quantities of waste contact exhibitor service, telephone +46 8 749 44 44, fax +46 8 99 70 05, or the service centre (while the fair is in progress).
- Exhibitors who intend to handle food may order a special bin for food waste from exhibitor service. Bins shall be clearly marked and placed outside the stand. The bins are emptied every day after the fair closes. During daytime hours, bins may be emptied at one of our environmental stations near the loading bays.
- Glass should be sorted into two fractions: "clear" and "coloured".

WASTE PRODUCTS AT THE STAND

You must leave the stand in the condition in which you found it. Each exhibitor is responsible for keeping stands and the area in and around the stand clean during the assembly and dismantling stages. This includes the sorting and disposal of e.g. building waste into the allotted containers. Waste removal can be ordered from the Service Center at a cost of SEK 850/m³ Material left at the stand is classed as waste and the exhibitor will be invoiced for its disposal.

TERMS FOR INSURANCE

Insurance terms and conditions Exhibition Insurance, incl. transport and business travel insurance 1 January 2009, along with text on Liability Insurance.  in cooperation with Stockholm International Fairs.

1. WHO THE INSURANCE POLICY APPLIES TO

The policyholder The insurance policy applies to the policyholder as the owner of an insured exhibition object and to leased exhibition material when the exhibitor is responsible for the risk.

Parties other than the policyholder

The policy also applies to co-exhibitors, companies represented and other owners of an insured exhibition object when they are unable to obtain indemnity through some other insurance policy.

2. WHEN THE INSURANCE POLICY IS APPLICABLE

The insurance policy applies to damage that has occurred while the insurance policy was in force. Insurance including transport

- Begins when, for the purpose of carrying out the transport covered by the insurance policy, the exhibition object leaves the storage premises or depot at the place where the transport is to begin;
- continues during the normal transport and associated loading, reloading and unloading,
- continues during the exhibition and breaks in connection with it;
- continues during normal return transport without unreasonable breaks to the destination, exception point 7, first paragraph;
- ends at the one of the following points that occurs first
 - the exhibition object has been placed in the intended storage site;
 - the exhibition object has been received by the policyholder at some other place;
 - the policyholder has made use of the exhibition object in some other way;
 - 30 days have elapsed since the end of the exhibition.

3. WHERE THE INSURANCE POLICY APPLIES

The insurance policy applies in the EU/EFTA.
For policyholders outside the EU/EFTA the insurance policy only applies in the exhibition area.

4. INSURANCE LIMIT

The insurance applies up to the insurance value stated by Stockholm International Fairs. The insurance limit can be increased for an additional premium.

5. EXCESS

The excess is SEK 1 000 per occurrence of damage/theft.

In the event of a break-in and theft from a party's own vehicles/trailers the excess is 20 per cent of the claim amount; but not less than SEK 5 000.

6. WHAT THE INSURANCE POLICY APPLIES TO

Exhibition objects intended for use at the exhibition.

During an exhibition

The insurance policy applies to damage to or loss of exhibition objects caused by a sudden and unforeseen event.

During transport

The insurance policy applies to damage to or loss of exhibition objects and to costs in a general average.

Extra costs

Direct costs on account of indemnifiable damage are included up to 10 per cent of the insurance limit.

Packaging

Damage to packaging that is to be reused is included.

7. WHAT THE INSURANCE POLICY DOES NOT APPLY TO

Return transport/forwarding of goods sold during the exhibition.

THE INSURANCE POLICY DOES NOT APPLY TO DAMAGE, LOSS OR COSTS CAUSED BY

- non-compliance with the Technical Regulations of Stockholm International Fairs or the provisions of the exhibition facility concerned;
- storage of goods along with empty packaging;
- the exhibition object not being wrapped, packed, loaded in an appropriate manner for the transport;
- soiling, wear, decolouration, scraping, scratching or similar;
- normal handling and use of the object;
- insufficient protection from normal weather conditions;
- the character of the object itself;
- temperature impacts due to the climate;
- time, interest rate and cyclical loss, loss of trading profit, loss of market or any other indirect loss;
- cost of removal and destruction of a damaged object;
- war, warlike conditions, civil war, revolution, disturbances or riots;
- nuclear processes;
- damage due to the breakdown of refrigeration or heating plant.

8. STANDARD OF CARE

- Stands must not be left unsupervised during the opening hours of the exhibition.
- The policyholder or his employees shall handle exhibition objects with care and attention.
- Theft-prone objects shall be kept in locked cases or be padlocked. In

particular, small, easily stolen and valuable objects shall be kept in a locked case.

- After closing time and after the end of the exhibition, theft-prone, valuable objects shall be locked up or padlocked.
- If the standard of care has not been fulfilled, the indemnity is reduced. In certain cases no indemnity at all may be paid.

9. TYPE OF INSURANCE

The insurance is applicable as present value insurance, which means that the insurance value is to correspond to the present value at the time of the loss of property in the stand and of equipment leased from the exhibition.

10. BUSINESS TRAVEL INSURANCE POLICY:

The insurance policy covers:

- Medical and travel costs
- Personal luggage
- Accident insurance, lump sum on death or invalidity

For legal expenses claims the excess is 20 per cent of costs.
General Insurance Terms and Conditions BUSINESS TRAVEL INSURANCE 1 January 2006 points A, B, C, D, E, F, G, H, I, J and General Provisions. General provision of the agreement and definitions.

11. ACTION IN THE EVENT OF DAMAGE

Rescue obligation

The policyholder has the duty to:

- avert damage that can be feared to be imminent,
- limit damage that has already occurred,
- take charge of and protect damaged property as soon as possible.

If the rescue obligation results in increased costs, these will be indemnified within the framework of the maximum insurance limit specified if they have been reasonable in view of the circumstances. The policyholder is obliged to look after his rights and the rights of the insurer in relation to a carrier or other party causing damage.

Notice of claim Damage that can result in an indemnity claim shall be reported as soon as possible. In the event of major damage, if shall be contacted immediately. In addition, the policyholder shall report vandalism, theft, break-ins, assaults or other crimes to the police as soon as possible.

Indemnity claims Indemnity claims shall be presented to the insurer as soon as possible after the occurrence of the damage and no later than 6 months after the policyholder became aware of the damage.

The policyholder is obliged to specify his indemnity claims and provide on request a list of the insured property – both damaged and undamaged – with information about the value of each object before and after the damage.

The policyholder is also obliged to provide on request proof of the indemnity claim by submitting the details available and by providing verifications, certificates and other documents needed to assess the liability of the insurer to pay indemnity and the size of the indemnity. Indemnity is not paid for the costs for the presentation of claims for indemnity.

12. DAMAGE ASSESSMENT RULES

Damage to property is valued at the difference between the present value of the property immediately before and after the damage.

13. DAMAGE INDEMNITY RULES

The policyholder is obliged to prove that the damage/theft has occurred and to also establish the value of the damaged or lost property. If it is judged that it should be possible to repair the damaged property, the policyholder shall await instructions from the insurer before the repair is started. However, indemnity for damaged property can never be higher than the value of the property immediately before the occurrence of the damage. The insurer is always entitled to undertake inspections of the damaged property. If is entitled to decide whether damaged property shall be replaced or an indemnity shall be paid in cash. If the property is not replaced, the amount of the indemnity may be reduced.

14. GENERAL PROVISIONS OF THE AGREEMENT

In other matters the General Swedish Marine Insurance Plan of 2006 applies to this insurance policy.

LIABILITY INSURANCE

The liability insurance covers liability for damage in accordance with the current rules of law of torts for personal injury and damage to property as well as financial loss that is a consequence of a personal injury or property damage that is indemnifiable under the terms and conditions. Damage or injury through a sold product is not covered. The insurance policy covers operations for exhibitors at Stockholm International Fairs in connection with exhibitions on the premises of Stockholm International Fairs.

Exhibitors have no right of recovery in relation to this insurance policy through any liability insurance policies they may have. The insurance limit is SEK 10 000 000 per occurrence of damage or injury and SEK 20 000 000 per insurance year. The deductible is 20 per cent of the base amount. For other matters, reference is made to terms and conditions A140.

CREATING PERFECT MEETINGS

Stockholm International Fairs is the leading organiser in the Baltic Sea Region and organises some 60 industry-leading exhibitions as well as around 100 national and international congresses, conferences and events annually. Every year we welcome 10,000 exhibitors, 1.5 million visitors and more than 8,000 journalists from all over the world.
