

A hostess can make your work at the EuroPREvent easier.

Our hosts and hostesses are highly competent and can perform tasks such as language interpreting, demonstration of products/services, visitor registration and other work that develops your customer base.

Naturally, we take care of basic tasks such as passing out promotional materials, serving refreshments and other service-oriented assignments. Our personnel have a professional, friendly presence and excellent manners. Our demands are high when it comes to social skills and capacity to work, so you can always rely on getting the personnel you want.

We carefully match our personnel and clients. Based on your wishes, we handpick individuals with the right background from our extensive staff database.

We solve your problems correctly, professionally and smoothly.

The price per host or hostess is 490 sek/hour and you will be invoiced by Stockholm International Fairs after the EuroPREvent Congress.

MEMU SVENSK MÄSSBEMANNING AB collaborates with the largest fair organisers in Sweden and we have great experience in working with different exhibitors from many countries. You can visit our website at www.memu.se
