1. General Information

1.1. Quick facts & figures

✓ **3 973 total participants**

3858 Active delegates

383 Exhibitors

5 Press

✓ **113 countries represented**

✓ **389 Faculty** members for **764 roles** in the programme

✓ **150 Scientific Programme sessions**

41 Pre-Arranged Sessions

41 Abstract-based Sessions

✓ **7 Lecture rooms + Agora (Imaging Campus 1 & 2 used for Teaching Course on Wednesday + TOE Room)**

✓ **1 414 abstracts & cases submitted** (1034 Abstracts Submitted + 380 Clinical cases)

913 Abstracts and 286 Clinical accepted

✓ **Industry sponsored sessions**

5 Satellite Symposia

4 Imaging Campus Industry sessions

✓ **Exhibition**

521 m² stand space including:

23 exhibiting companies

Congress Main Theme

Imaging in heart failure& Interventional imaging

New initiatives:

TOE (Transoesophageal Echocardiography) sessions in a dedicated room

Hightech Corner Sessions

1.2. History

EuroEcho & other Imaging Modalities 2011

Budapest, Hungary
3 613 total attendees

4.5. Evolution regarding Industry activity

Dissemination of Industry content in congress publications

All Industry content was disseminated in the Programme at a Glance inserted in the badge holder, PDF version of the Final programme online, Mobile App, Congress Newspaper with integrated Industry Adverts and e-Congress news.

Industry Activities

The “What’s new in Industry” and the “Innovation corner” were not renewed this year.

There was a high delegate activity on the sponsor stands.

The GE Vivid Lounge was also renewed this year by GE, this hospitality lounge was 100m².

5. Communication

5.1. Mobile app

5.1.1. Project description

The EuroEcho Mobile App (available for iPhones, Android phones, iPad & Android tablets) was made available on the App Store® and Google Play on **31 May** with a light version (Advance Programme) and was available on full version (with information on Exhibition & Industry) on **20 October**.

The mobile app contained:

- The up-to-date scientific programme of the Congress (including abstracts & learning objectives)
- Congress floor plans (congress floor plan overview and Exhibition map)
- Congress general information
- EACVI and ESC corporate information
- An easy-to-use search function which enables users to search for sessions, posters, speakers, exhibitors and general info
- Vote and ask a question feature during Mobile App interactive sessions
- Notes section on sessions/presentations
- Personal schedule planner with the ability to select sessions of interest and synchronise the planner with the online Scientific Programme & Planner (SP&P) as well as between devices
- Dedicated section for personal appointments from My Programme with synchronisation between devices
- Social media content sharing tools via Facebook, Twitter and LinkedIn as well as via email
- Stand alone app features: once downloaded, no need to connect to the internet to access all congress info

NEW in 2017:

Quicker access to Voting sessions and its answers → in 2 clicks get access to the possible answers
Improved layout for the “Latest messages” section

EACVI and ESC Membership status displayed in My Congress (ESC Professional Member, ESC Professional Plus Member, FESC, Emeritus FESC, EACVI Gold Member, EACVI Silver Member, EACVI Regular Member)

5.1.2. Facts & Figures

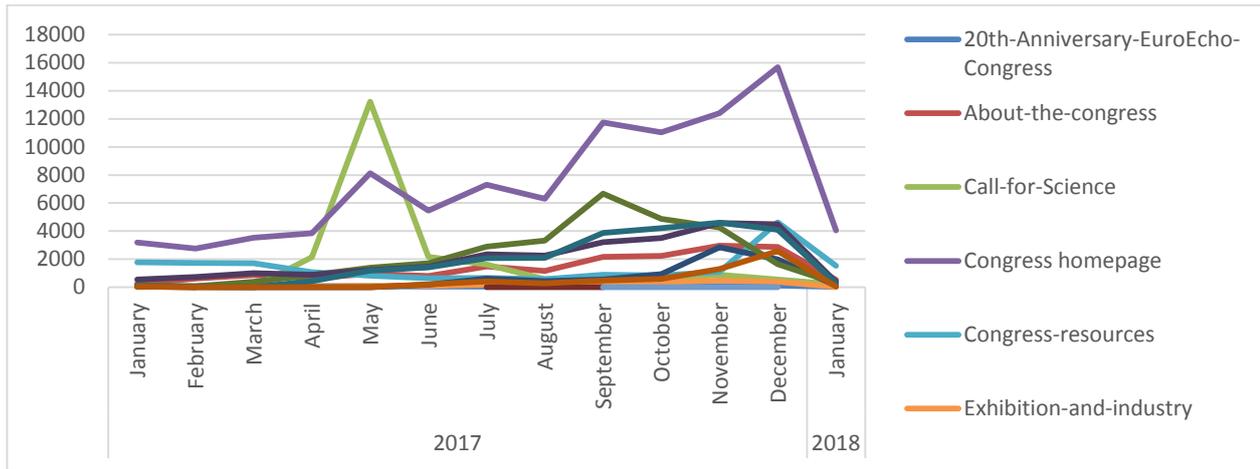

Key figures on EuroEcho-Imaging 2017 Mobile App

- 3 436 downloads (+25% compared to 2016) – 3 973 delegates (+23% compared to 2016)

5.2. Website activity

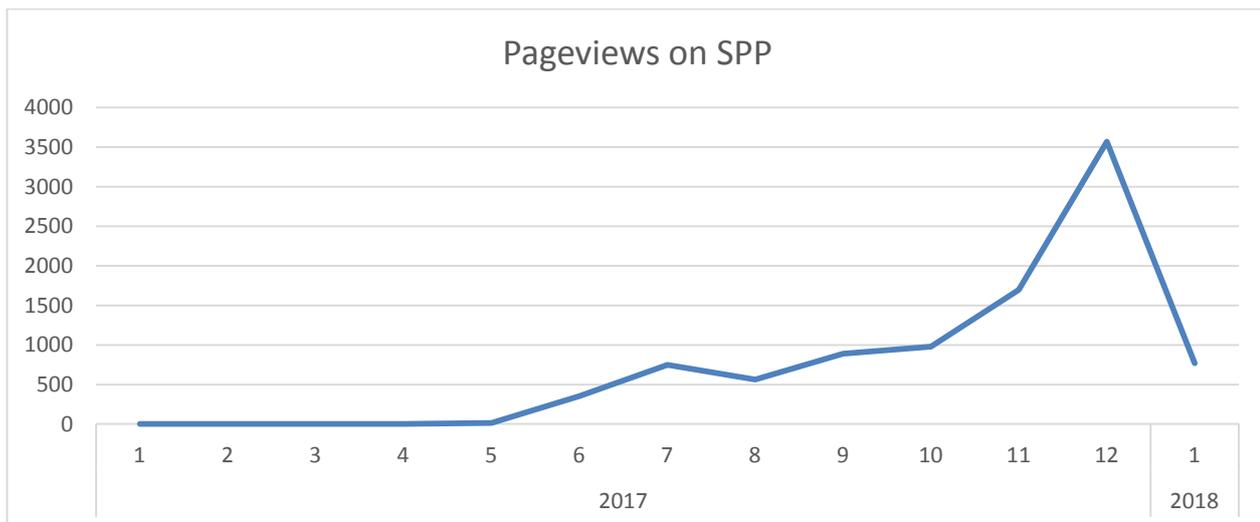

EEI2017 got over **251 161 views** between January and December 2017.

The section that received the most views is the “congress homepage” with 95 432 views, followed by the “registration” section with 28 599 views and scientific programme with 26 665 views.

5.3. Scientific Programme & Planner

The scientific programme and planner (SP&P) is the online tool with the most up to date version of the scientific programme. Indeed this platform is updated on a daily basis and cumulated a total of **9 576 page views** in 2017.

8. Survey

A post-congress survey was sent to the EuroEcho-Imaging Congress delegates to collect their feedback. The objectives of the survey were to assess:

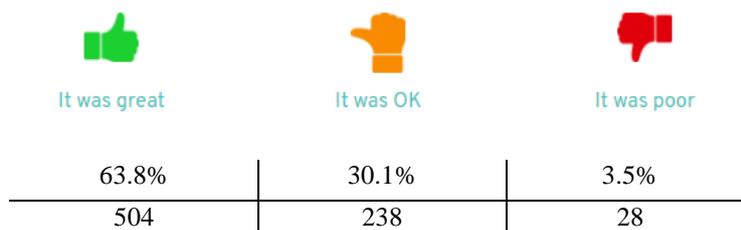

- General Congress satisfaction
- Scientific Programme satisfaction
- Opportunities for future congresses

The survey was sent to 2543 delegates on Saturday 9 December 2017 at 15:30, while congress attendees were still at the congress, to capture the maximum their attention.

The survey obtained a very high response rate of **25.8%** for the overall audience response rates from the previous post-congress survey in 2016 was 17.8% and in 2015 was 6%.

6 in 10 respondents felt that the congress was great..

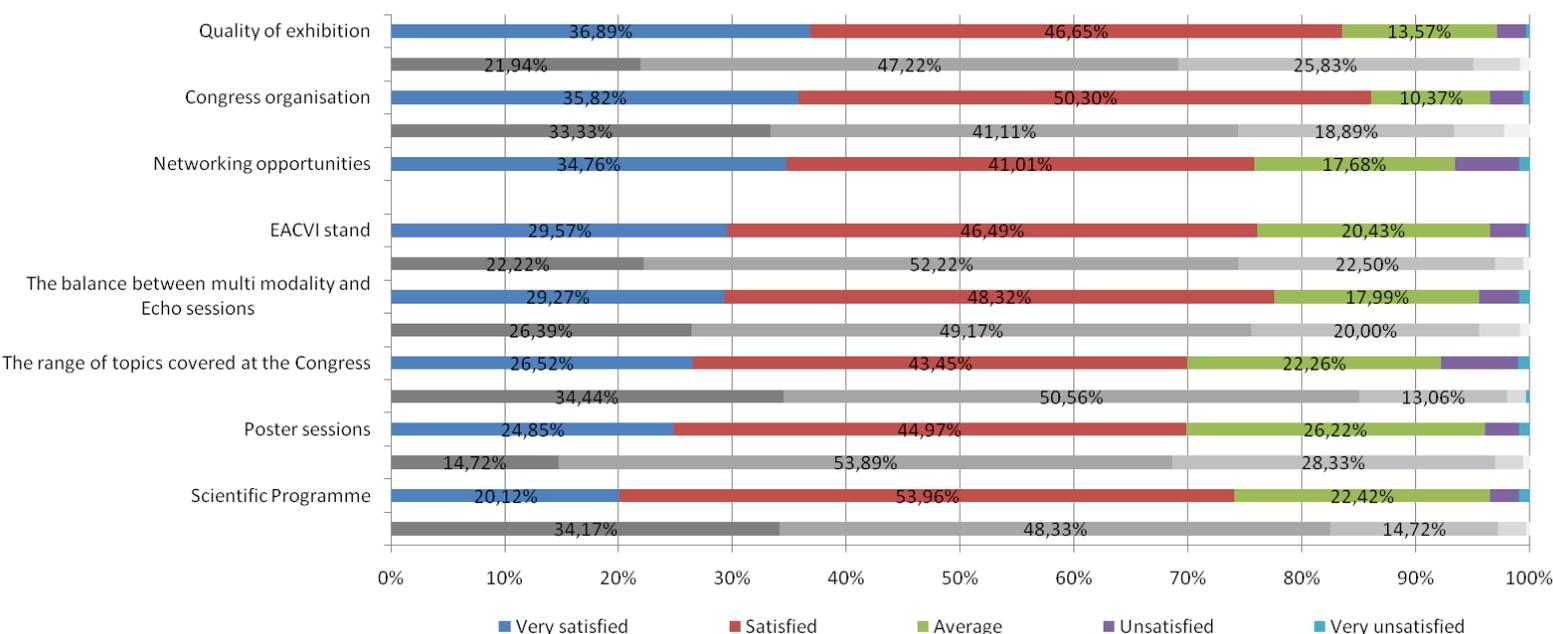

Delegates satisfaction

76.6% of delegates were “satisfied to very satisfied”. Global satisfaction has improved compared to last year 69% (+7%).

The chart below compares various components from this year’s congress (colour) versus last year’s edition (grey).

Satisfaction levels have increased in most areas such as Quality of exhibition (+14%),Poster sessions (+12%) as well as EACVI’s Stand (+2%), however respondents seem to be slightly less satisfied with the Scientific Programme (-9%) and the Range of topics covered (-15%) compared to last year.

Please rate the following in terms of fulfilling your expectations at EuroEcho-Imaging 2017?

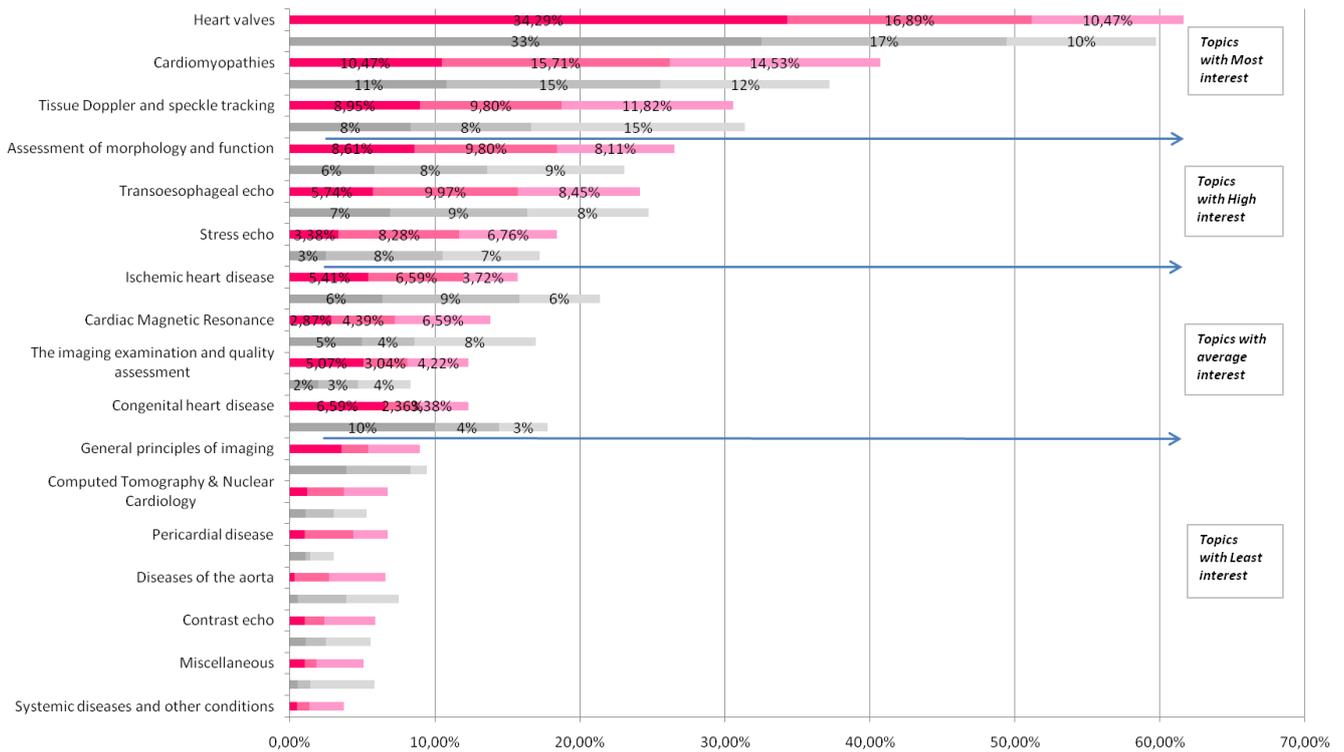

Respondents state that there was good balance between multi modality and Echo sessions as 76% of them answered ‘very satisfied’ and ‘satisfied’.

We also asked respondents to pick their top 3 topics of interest.

It is important to note that the range of topics is similar to last year; however the perception of it has changed this year, appearing less complete to attendees.

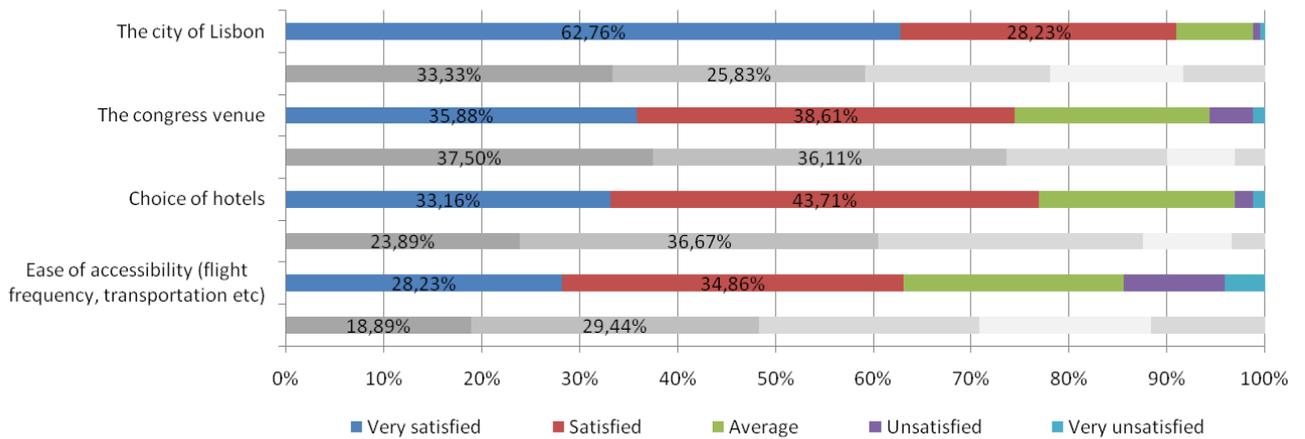

Please select your top 3 topics of interest:

The chart is pretty similar to last year; the top 3 topics of interest remain the same.

Resondents were also asked to rate this year’s Congress venue: Lisbon.

Please rate Lisbon as an EuroEcho-Imaging congress destination

We can see from this chart that the global appreciation regarding this year’s venue is higher than last year on every item with 76.3% of global satisfaction on average, compared to 60.4% for Leipzig.

The city of Lisbon was particularly appreciated by the attendees 91% of satisfaction compared to 60% last year.

Attendance at future congresses

Respondents were asked about their intentions for future participation in Congresses.

The majority of respondents (47%) are planning to come to next year's EuroEcho Imaging. (N=277). 20% also intend to go to ESC Congress (N=113)

EuroCMR and HF Congress were also cited but to a lesser extent.
