1. GENERAL INFORMATION

1.1 Introduction

Every year the European Association for Cardiovascular Prevention & Rehabilitation (EACPR) hosts a congress on preventive cardiology and the importance of the prevention of cardiovascular disease. This congress, called EuroPREvent, is the premiere international forum where leading experts from all the scientific fields in cardiology get together to discuss strategies for a universal approach towards the prevention of cardiovascular disease. EuroPREvent is a far reaching congress attracting a wide variety of cardiology professionals from more than 80 countries every year.

1.2 EACPR @ EuroPREvent

- **The Global Forum on CVD Prevention in Clinical Practice**, targeted at elected Leadership of professional societies with an interest in prevention and rehabilitation in clinical practice, National Coordinators for CVD Prevention, National Cardiac Societies, National Heart Foundations and EuroPREvent Delegates gathered over **100 participants** for both afternoon sessions. [I View full report](#)
- The **EACPR General Assembly** was attended by 75 members and resulted in the adoption of the revised EACPR constitution. [I Read the PDF](#)
- The **National CVD Prevention Coordinators workshop** gathered 24 participants, representing 19 countries to discuss implementation strategies, best practices and national programmes.
- **138 New members** joined EACPR during the congress.
- **Demos** of CVD Prevention tools (HeartScore / Guideline Learning Tool / Toolkits) and ESCeL were offered to delegates on the ESC / EACPR stand.
- The **EACPR Members Lounge** -which offers networking opportunities for EACPR members - welcomed 224 visitors on Thursday 18 April and 287 visitors on Friday 19 April.

1.3 History

EuroPREvent 2010, 5-7 May Prague, Czech Republic
EuroPREvent 2011, 14-16 April Geneva, Switzerland
EuroPREvent 2012, 3-5 May Dublin, Ireland

1.4 Committees

EACPR Executive Officers

Stephan Gielen, President
Antonio Pelliccia, President-elect
Paul Dendale, Secretary
Ulf Landmesser, Treasurer
Pantaleo Giannuzzi, Past-president

EuroPREvent 2013 Congress Programme Committee:

Volker Adams, Chairperson

Pantaleo Giannuzzi, Local organiser, co-chairperson

Johan De Sutter, Chairperson-elect

Members:

Julian Halcox

Bernhard Rauch

Sanjay Sharma

Diego Vanuzzo

Deputy Members:

Alessandro Mezzani

Eva Prescott

Heinz Völler

Consultant:

Viviane Conraads

Scientific Advisors:

Renata Cifkova, ESC Working Group on Hypertension and the Heart

Dietrich C.L. Gulba, ESC Working Group on Thrombosis

Rob Krams, ESC Working Group on Atherosclerosis and Vascular Biology

Charalambos Vlachopoulos, ESC Working Group on Peripheral Circulation

1.5 Congress dates and location

18 – 20 April, 2013 Rome, Italy

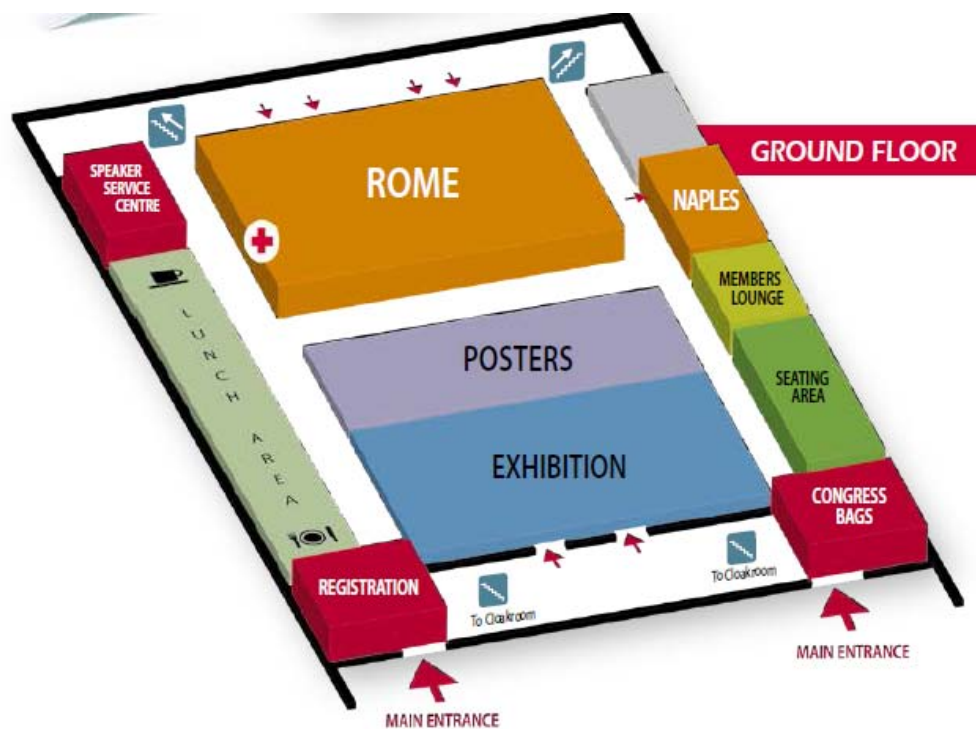

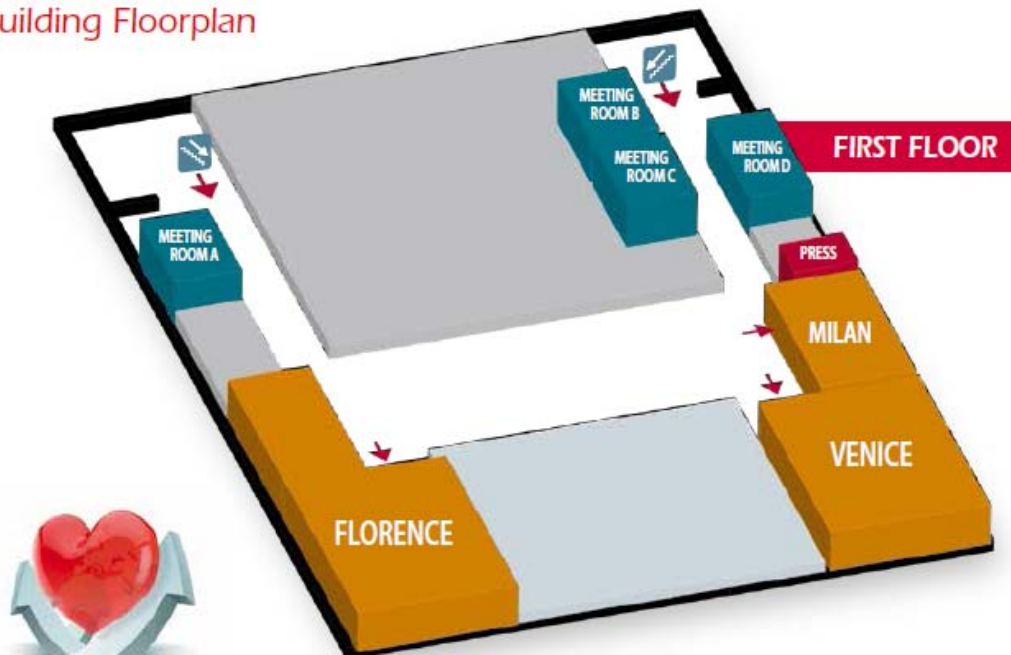

1.6 Venue

Palazzo dei Congressi
Piazzale J.F. Kennedy, 1

Layout with room capacities

Building Floorplan

Florence = 400 seats

Venice = 200 seats

Milan = 150 seats

Rome = 800 seats

Naples = 120 seats

2. SCIENTIFIC INFORMATION

2.1 General Information

5 Lecture rooms

54 Sessions

52 Pre-arranged sessions

- 6 Joint sessions
- 5 How to sessions
- 1 Clinical cases
- 4 Teaching Course
- 4 Special events (includes plenary sessions & closing)
- 8 Working Group sessions
- 22 Symposium

955 Abstracts Received

552 Abstracts Accepted (n,n %)

8 Abstract-based sessions

- 2 Oral Abstract Sessions (Flash Presentations)
- 2 YIA sessions
- 0 Moderated Poster sessions
- 4 Poster Sessions

198 Faculty Members

339 Roles

- 95 roles of Chairperson
- 237 roles of Speaker
- 7 roles of Judge Abstract

2 Industry Sessions

- 2 satellite symposia (Servier and MSD, see section 4 for a full Industry report)

2.2 Special Sessions

- Honorary Lecture presented by S Yusuf
- Young Investigator Award sessions (winners: Bernd Hewing and Kentaro Kamiya)
- Inaugural session
- Global Forum on CVD prevention
- Obesity challenge – global approach (with Lazytown presentation)
- General Assembly & Closing ceremony

4.2 *Satellite symposia*

Friday 19 April 2013

12:45 – 13:45

- **Patient at the heart of cardiovascular disease management**
Sponsored by SERVIER in room Rome
- **Clinical considerations and practical approaches to managing patients with dyslipidemia**
Sponsored by MSD in room Florence

4.3 *Sponsorship & advertising*

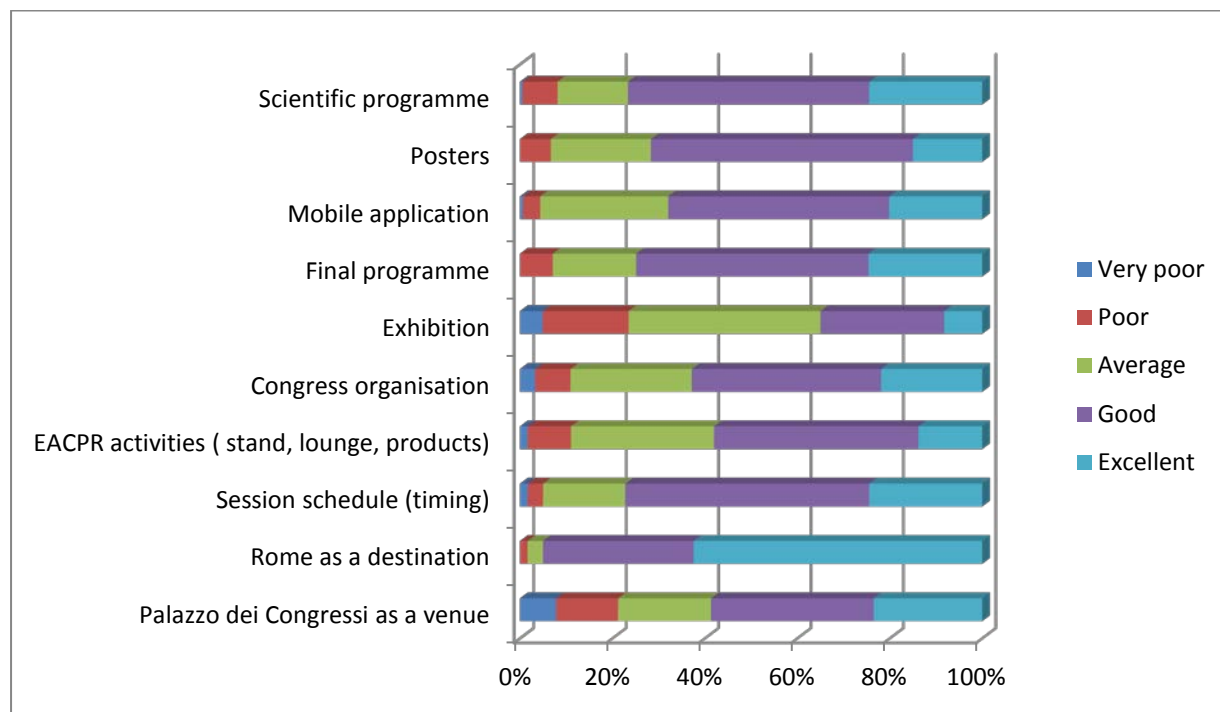

- **AstraZeneca – Final Programme Back Cover**

5. ANNEX

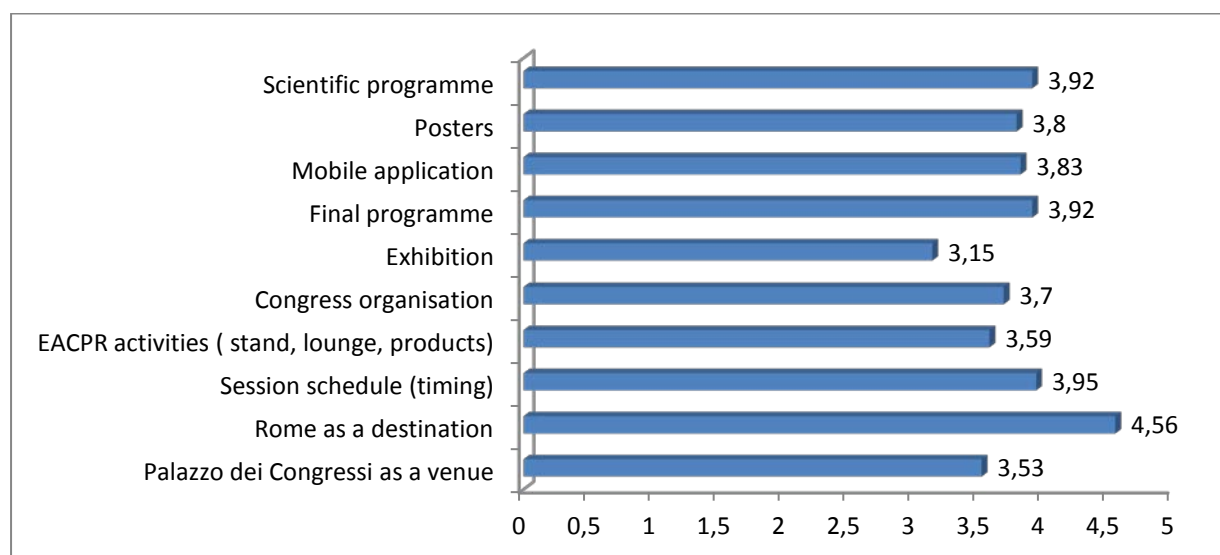

5.1 Post congress survey

1171 participants received this survey, 184 responded (15, 7%)

1. How did EuroPREvent fulfil your expectations?

Average ratings graph:

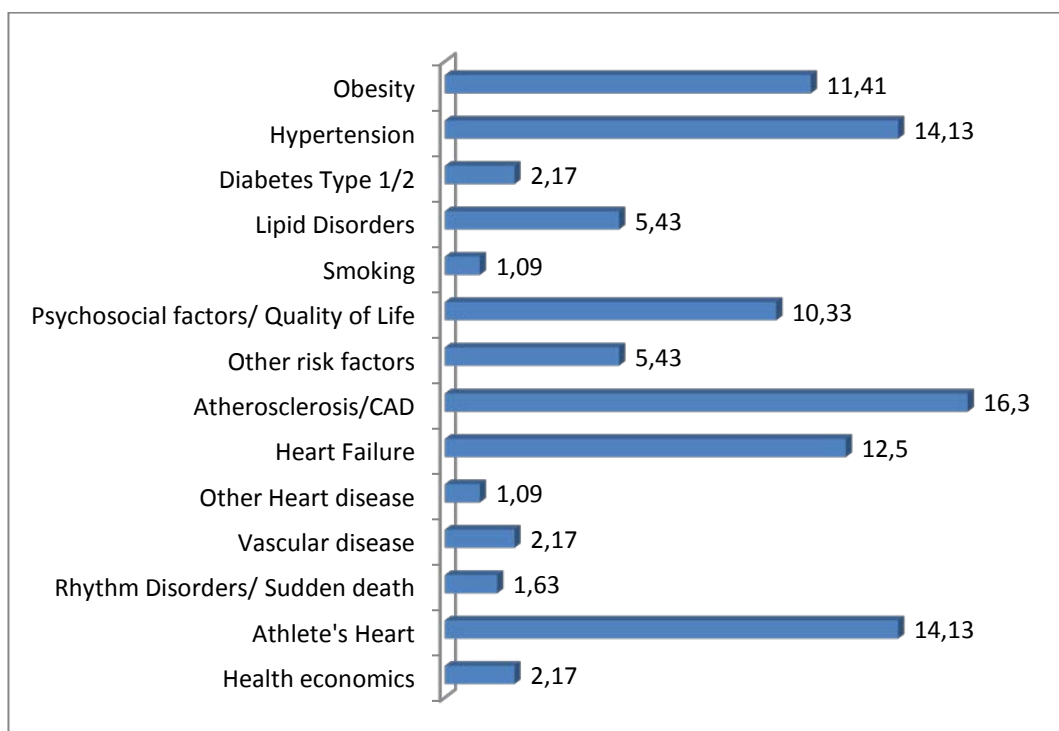

Other (please specify)

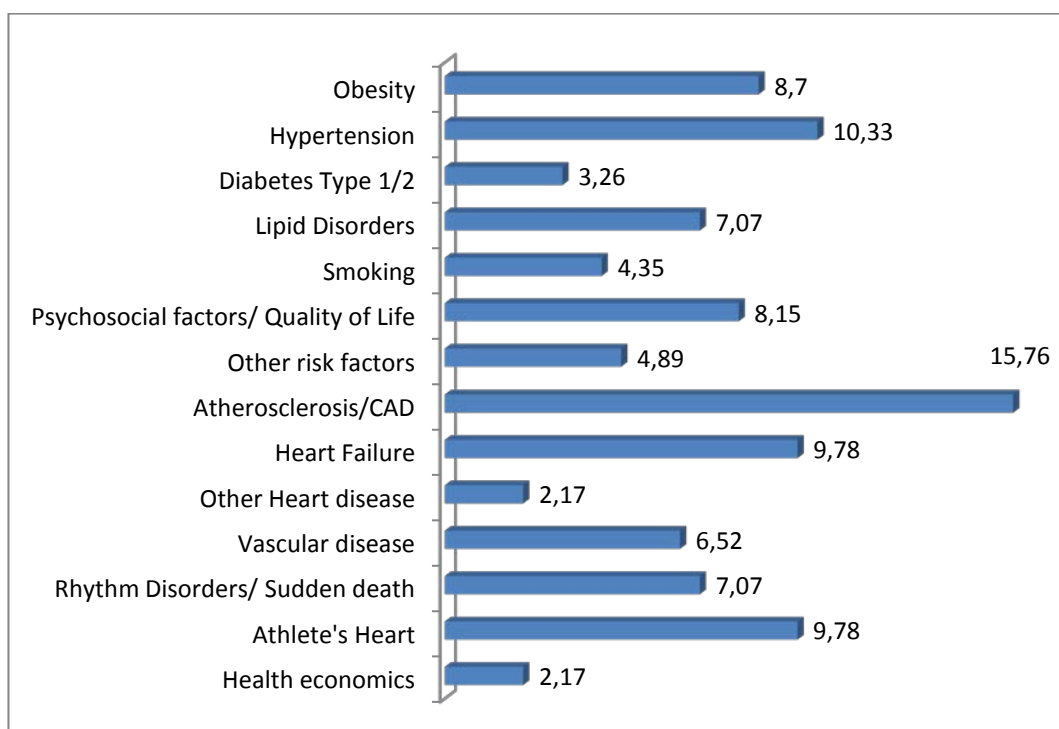

- Organisation – excellent!
- Should be better internet/Wi-Fi facilities on site (2)
- Remarkable high number of withdrawn or not placed posters - needs action
- Have the programme ready sooner
- Insufficient public transportation to reach the Meeting Venue
- More session for nurse
- Refreshments were poor
- Were so far out of the city centre although appreciate the costs would have probably been prohibitive (2)

2. Which of the following topic(s) are of most interest to you?

- First Option selected in %

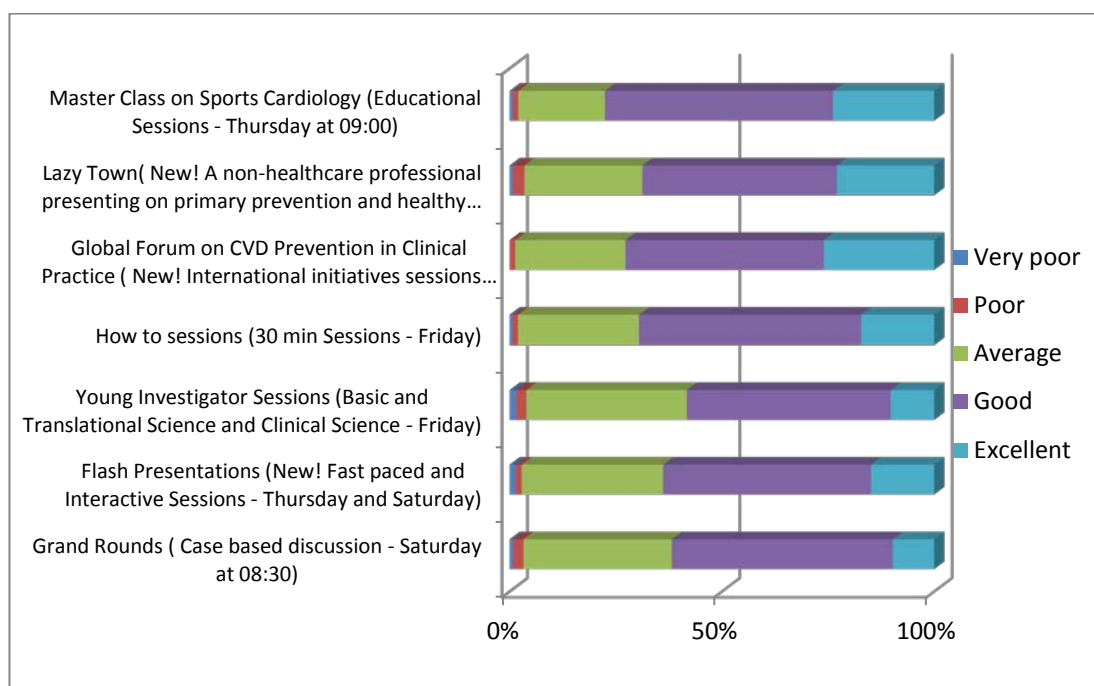

- Second Option selected in %

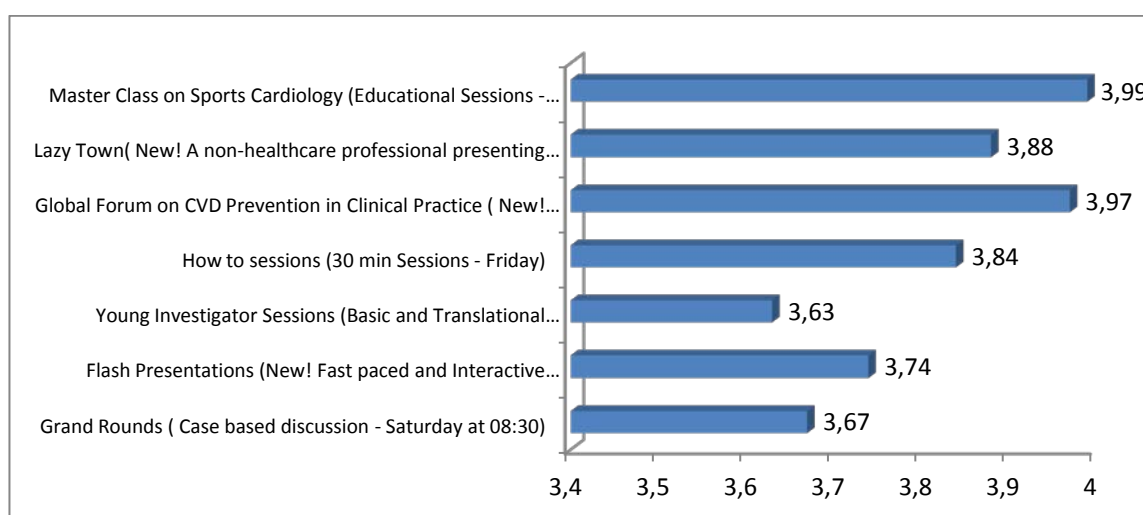

Other (please specify):

- Arterial stiffness
- Arthrosclerosis
- CAD
- Cardiac Rehabilitation (8)
- Pulsatile haemodynamic
- Obesity
- Health surveys
- Cardiomyopathy
- Cardiovascular prevention
- Diabetes
- E Health
- Epidemiology (2)
- Exercise and rehabilitation
- GUCH
- Health economics
- Hypertension,
- I am most interested in primary prevention
- Imaging
- Management of all risk factors
- Motivation
- Nursing/interdisciplinary care
- Nutrition (2)
- Physical activity (2)
- Physical activity and exercise
- Primary prevention, lifestyle factors
- Rehabilitation (2)
- Risk prediction and biomarkers
- Rhythm disorder
- Sports cardiology (2)
- Surrogate endpoints like CIMT

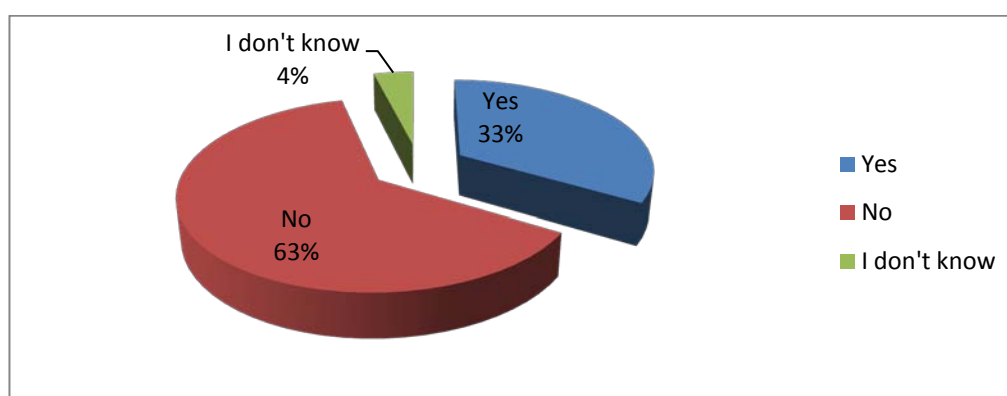

3. Please give us your opinion on these special sessions at EuroPrevent.

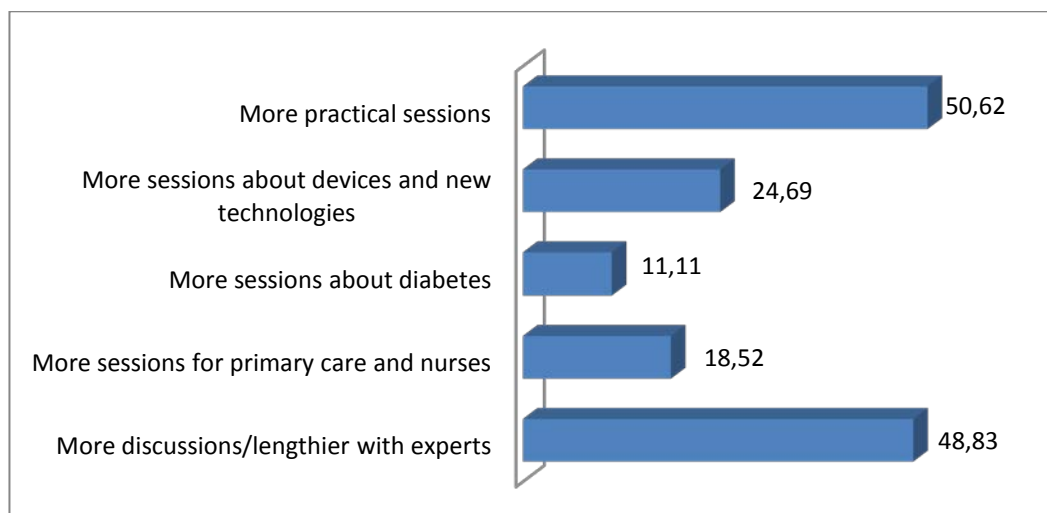

Average ratings graph:

4. Did you attend the Working group tracks – all in room Milan? (Vascular biomarkers; Arterial biomarkers and prediction; Risk stratification in hypertension; what's new in hypertension; Antithrombotic therapy; Deep vein thrombosis and pulmonary embolism; microRNAs; Genomewide association with atherosclerosis)?

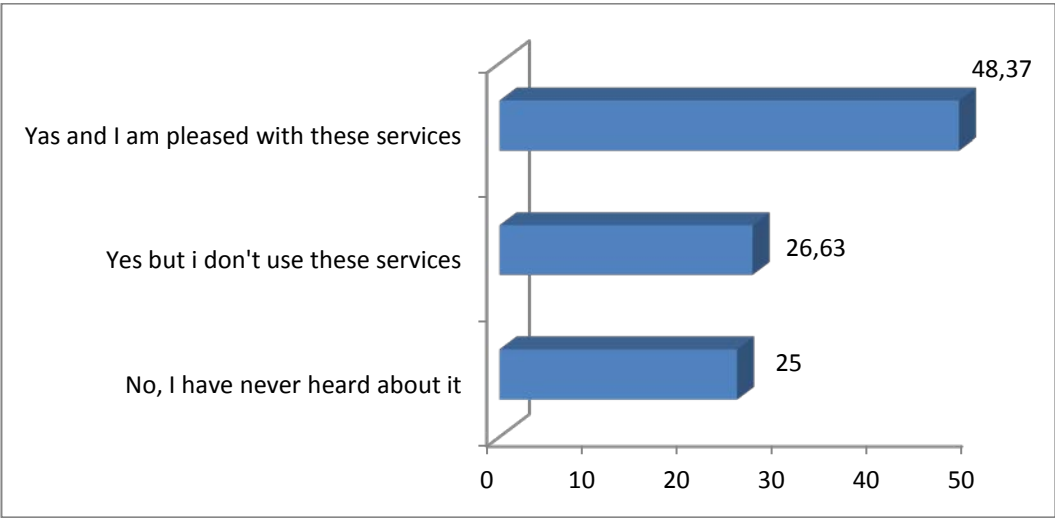

5. How do you think the scientific content could be improved? In %

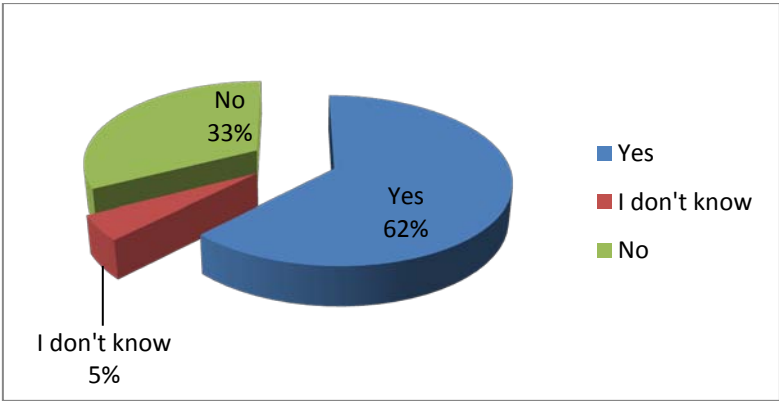

Other (please specify):

- The physiotherapists play a very important role in rehab and exercise. They should be given more space.
- More attention for other preventive measures such as diet, smoking cessation.
- Hot new research - drop guidelines
- How to improve the efficiency of prevention? (3)
- I would like to see other specialists than physicians (e.g. psychologists)
- Knowledge and expertise about behavioural change is totally missing
- More about Obesity and diets
- More attention to prevention in Eastern Europe
- More case presentations with active participation
- More discussion about cardiac rehabilitation (3)
- More diversity in programme
- More oral presentations of submitted abstracts
- More rehabilitation and prevention/less information about drugs
- More sessions on nutrition
- Other vascular disease prevention, atrial fibrillation.
- Poster selection very odd
- Pro/con
- Sessions on practical aspects of secondary prevention

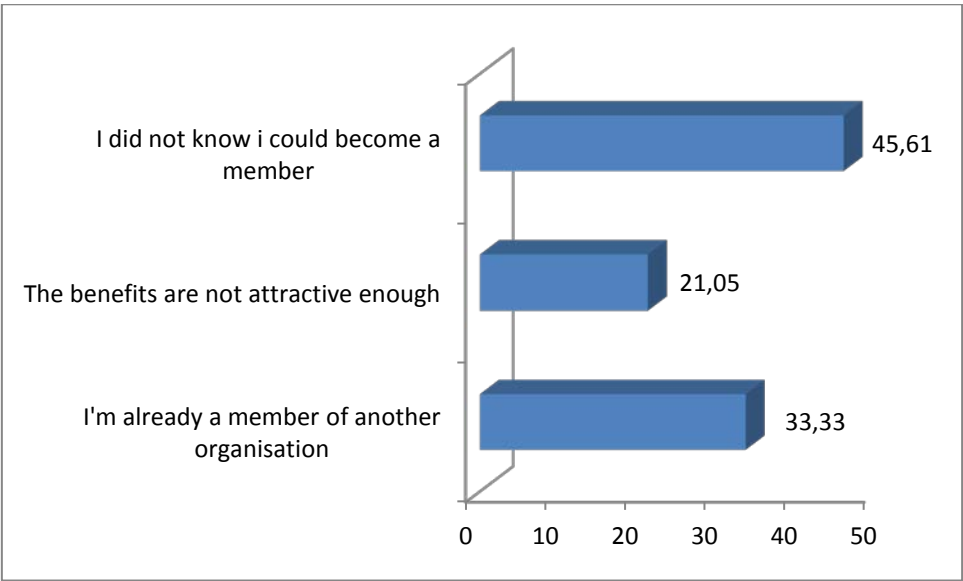

6. Did you know that members of the EACPR have exclusive services (registration discount, member lounge access, post congress resources access, ESCel platform...)?

7. Are you an EACPR member?

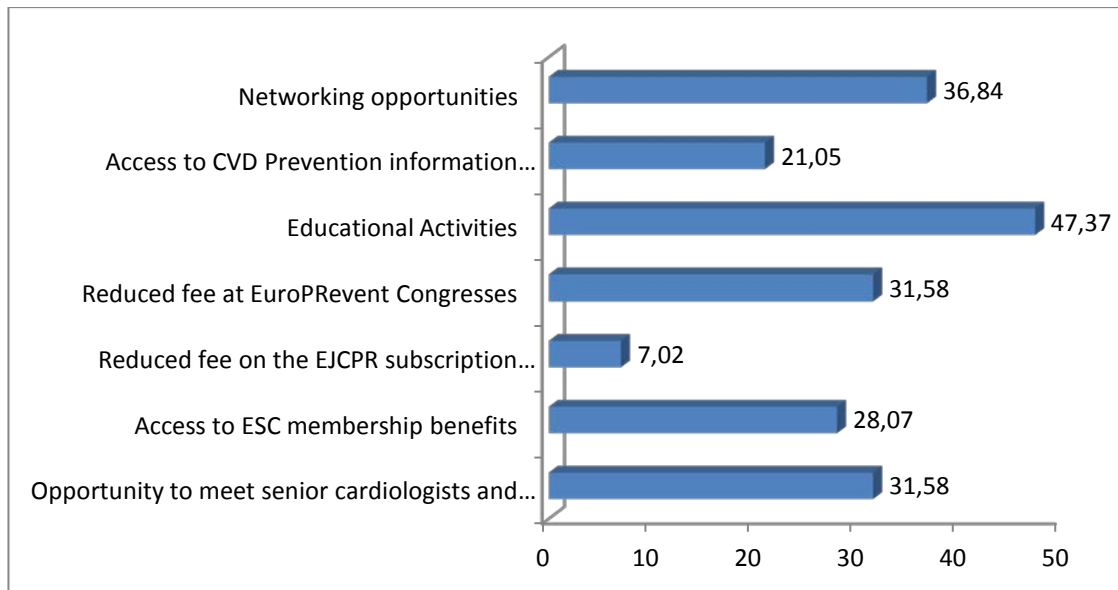

8. Please tell us why?

Other (please specify):

- Not relevant.
- ACC
- Can't afford
- ESC (4)
- ESH
- AHA
- Eur Cardiology
- Europace
- I'm member of ESCVI
- Membership submitted for approval
- My involvement in prevention is limited
- Since I am a psychologist I think I can't be a member

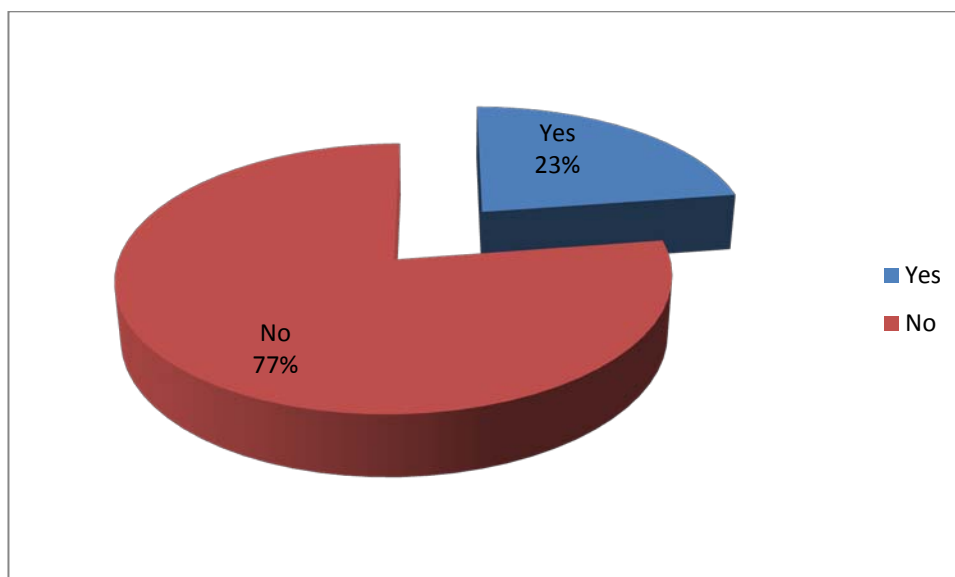

9. What would motivate your decision to join?

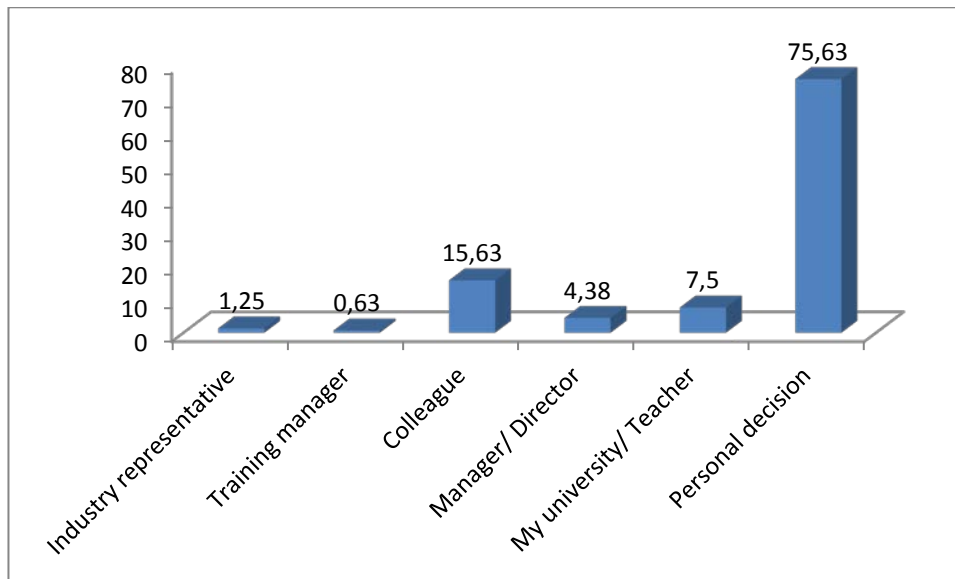

Other (please specify):

- Invitation as a speaker

10. Did you attend the EACPR General Assembly (Saturday 20 April from 11:45 to 12:30)?

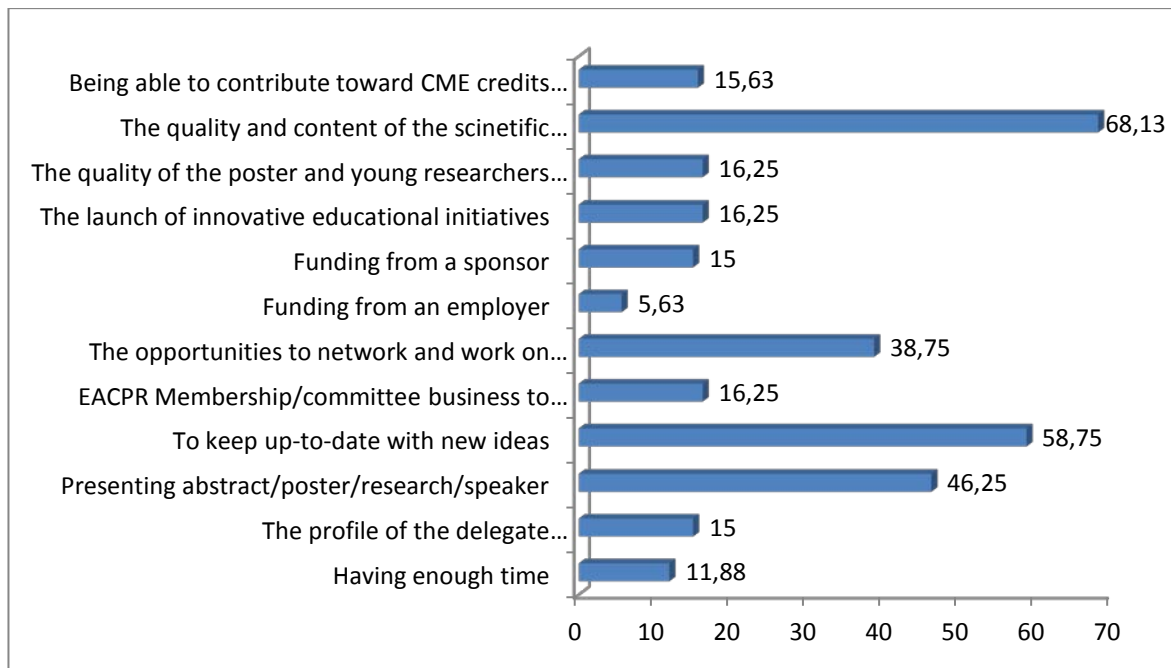

11. Who convinced you to attend the Congress?

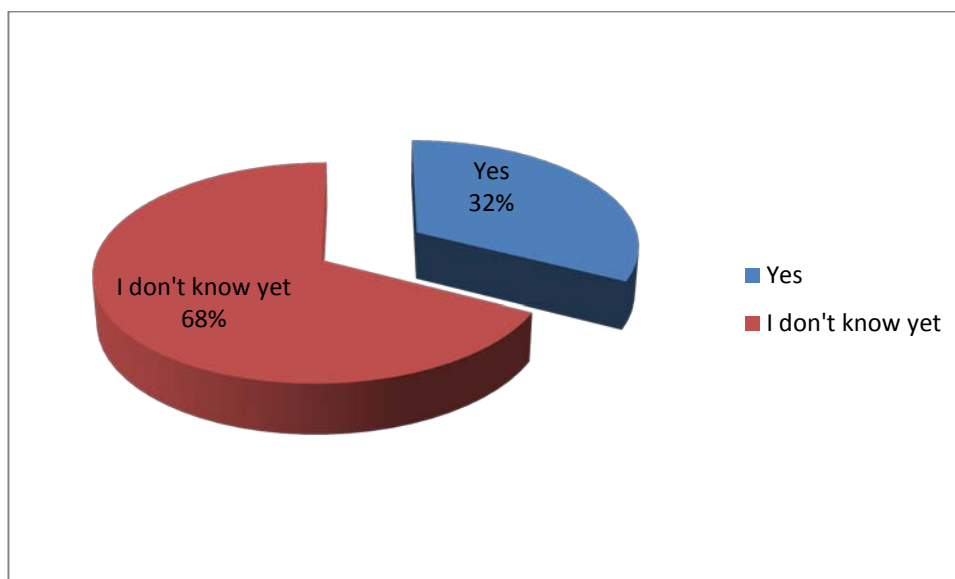

Other (please specify):

- The programme
- I was invited to give a lecture (2)
- I was member of faculty
- I would like to establish a strong preventive cardiology forum in India
- Poster presentation
- Working group activity

12. Which 4 factors were most important in your decision to attend the congress this year?

13. Will you attend EuroPrevent next year from 8 to 10 May 2014 in Amsterdam?

14. Where you would like future EuroPREvent Congress to be held?

List of places:

Athens	Lisbon (2)
Barcelona (12)	Lithuania
BE(Belgium)	London (6)
Belgrade (2)	Madrid (10)
Bergen	Malta (3)
Berlin (7)	Moscow (2)
Bucharest	Nice (3)
Czech Republic (2)	Norway
Cologne	Oslo (4)
Copenhagen (2)	Paris (5)
Croatia (2)	Poland (2)
Cypres	Portugal (3)
DE(Germany)	Prague (3)
Dublin(Ireland) (2)	Rome
Dubrovnik	Salzburg
Florence	Slovenia
France (3)	Spain
Freiburg	Stockholm (3)
Geneva	Switzerland
Ghent	Turkey
Greece (3)	UK
Helsinki (4)	Venice (2)
Hong Kong	Vienna (green city) (2)
Israel (2)	Vitoria-Gasteiz (Basque Country -Spain)
Italy (2)	Zurich
Japan	

Other suggestions:

Does not matter, No strong feelings

Easy transportation (2)

Easy to reach city

Cities that pioneer cardiovascular prevention

Well communicated city

Any central/southern European city with easy air access

Anywhere in Europe with good transporting and accommodation facilities

Eastern countries (2)

Eastern Europe (2)

City with location of congresses closer to city center (Hotels near the congress were expensive)

New EU Countries (Vilnius, Tallin, Budapest, Cracow, Prague)

Smaller cities with more host ability

South of France

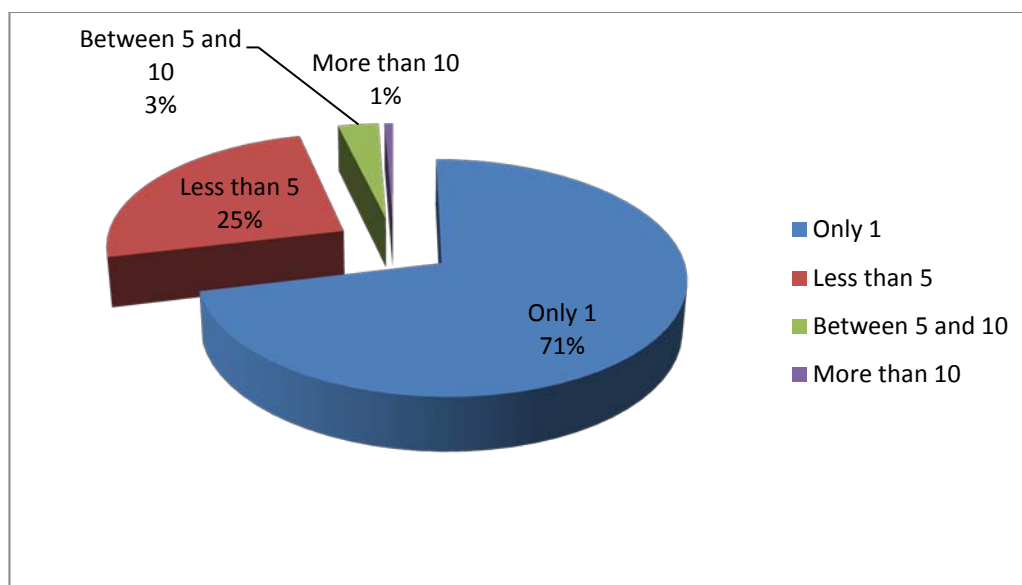

Southern Europe (2)

Where hotel and conference center are better reachable than in Rome

15. What type of sessions would you like to attend at EuroPrevent 2014?

- Case presentations with active discussion
- Risk assessment in primary prevention
- "How to" sessions (4)
- Actual small group training session with max, 15 attendees
- An inspirational session like Lazy Town is mandatory. I would like to see more interdisciplinarity (3)
- Arterial hypertension
- Atherosclerosis (3)
- Athlete's heart (2)
- Attend all types of sessions provided the topic is of interest
- Biomarkers
- Breaking news
- CAD
- Cardiac rehabilitation sessions (12)
- Cardiopulmonary exercise
- Controversies on hot topics
- Coronary artery disease
- CP rehabilitation
- CPET
- CPX
- CVD risk prevention
- Diabetes
- Discussion of Clinical cases (3)
- DM and CVD
- E Health
- Educational and practical sessions
- Epidemiology
- Exercise and sport cardiology but not only in athletes
- Exercise is/as medicine (2)
- Exercise physiology
- Exercise testing
- Exercise Training (4)
- Expert Panels
- Flash presentations (3)
- Food and cardiovascular prevention
- Frail Patients
- Global prevention strategies
- Guidelines (2)
- Heart Failure (3)
- How to successfully treat risk factors (2)
- Hypertension
- Hypertension and CVD (2)
- Imaging
- Lazytown was an original session; we need to see more of its kind.
- Lipid disorders (3)
- Lipids
- Long-term surveys
- Low risk in longitudinal studies
- Master classes
- Mechanisms and biomarkers of cardio protection (2)
- Medicine rehabilitation
- Networking
- New treatments
- Nutrigenomics micro biome
- Obesity and psychosocial factors (2)
- Oral presentations with results of new studies based on submitted abstracts
- Other interventions than information and risks... (i.e. motivating tools)
- Physical activity in leisure-time
- Physical activity promotion
- Physical training program in patients with cardiovascular disease. Applying yoga, Pilates, water-exercise, and other alternatives exercises in a comprehensive intervention plan for what exercise for what patient
- poster panel sessions (5)
- Practical info on exercise testing
- Practical sessions in prescribing exercise in leisure time physical activity
- Practical sessions of stress testing
- Primary care prevent (6)
- Pro/con meetings (3)
- Procedures
- Psycho emotional factors and heart disease
- Round table discussions
- Same as Rome
- Scientific
- Secondary Prevention (practical sessions) (2)
- Session on nutrition
- Sessions of the WG on Hypertension and WG on Sports Cardiology
- Sports cardiology (8)
- Sports medicine
- Sports science
- Still need to make the plan
- Surveillance of cardiovascular disease at population level
- The Lazytown presentation was a very positive and important experience. Repeat.
- The Lazytown session was by far the best presentation i have ever attended in the past 6 years. Congratulations to all your effort to make this possible.
- Therapy efficacy
- Training in cardiac rehabilitation
- Translational session from basics to application
- Ultrasound

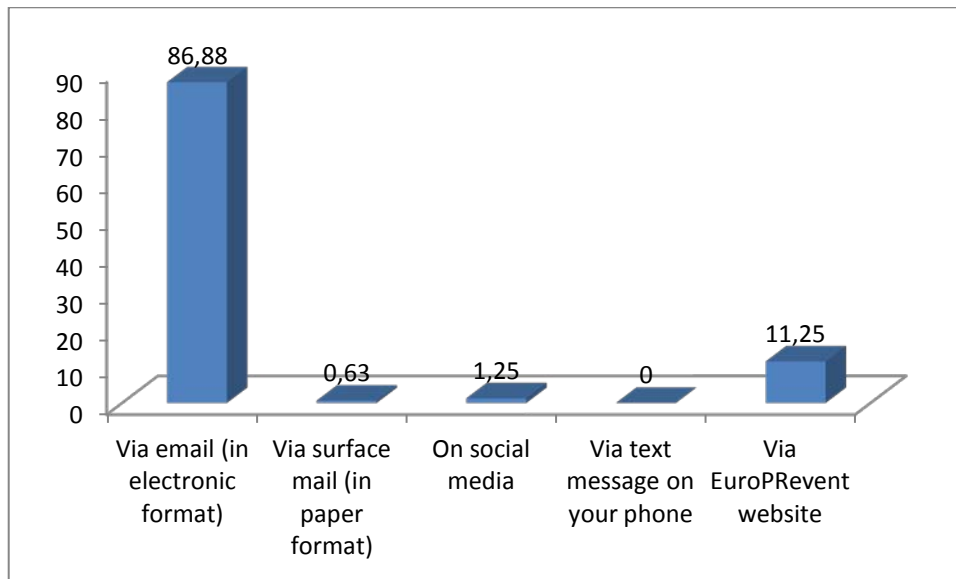

16.How many prevention congresses did you attend this year?

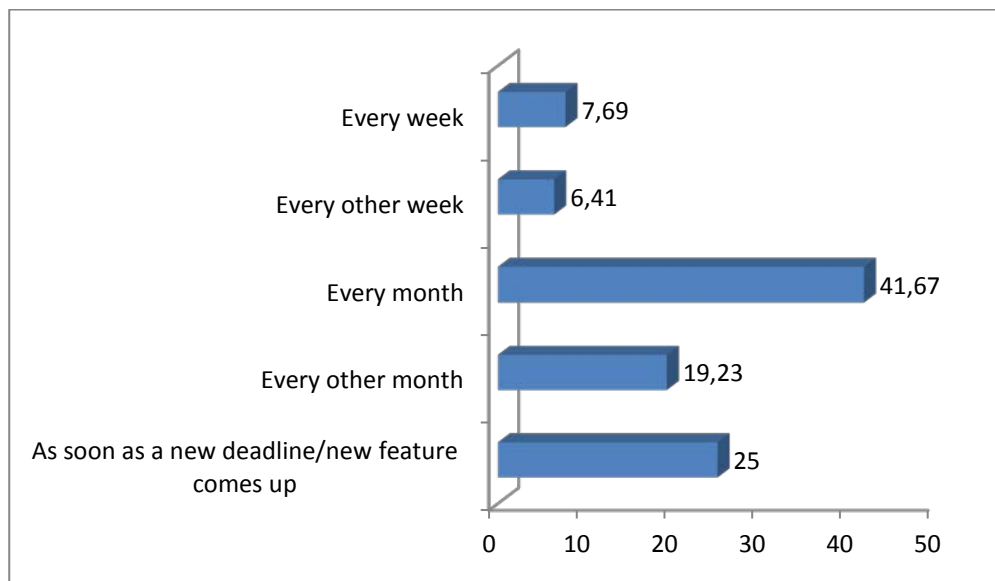

17.Which prevention congresses did you attend?

- EuroPREvent 2013 (86)
- EACPR Rome (6)
- AHA Council of Epidemiology and prevention (3)
- None (12)
- NA
- French congresses
- German
- GICR-IACPR (ITALY) (2)
- National Congress
- National Congress of prevention
- "Non-communicable diseases and population health of Russia"(Moscow 16-17/05)
- "Rehabilitation and Secondary Prevention in Cardiology" March 21-22, 2013, MOSCOW
- Local meeting of the GICR- IACPR
- ACC San Francisco prevention part
- ACRA
- ACNC
- CSANZ
- CRA
- Anmco
- Atherosclerosis
- Austrian and German local meetings
- By SIC by Siset local meetings
- Casc
- DERC - Brazilian Exercise Society Congress
- Dgpr in Vienna
- EFPA
- Egyptian prevention and rehabilitation (cardiopreent)
- EPI/NPAM
- AHA, New Orleans, LA, USA, March 19-22
- EPRC
- Greek Atheromatosis Congress
- ESC
- ESH (2)
- Italian Society of Hypertension and many international and regional meeting
- PhysioForward (Dunedin, New Zealand), 2013
- Moscow congress of cardiovascular prevention medicine and rehabilitation
- Industry of Health.
- Giornate cardiologiche in Sardegna IV congresso asma e sport Convegno SIM-AMD
- Global Forum on CVD Prevention in Clinical Practice.
- Going to EPCCS in London
- India, ACC
- ISCP
- Swedish Caridovascular Spring Meeting
- Mediterranean diet Italian society of human nutrition
- Italian society for the study of atherosclerosis

18. How would you like to receive updates and information about EuroPREvent 2014?

19. At which frequency would you like to receive Congress information for EuroPREvent 2014:

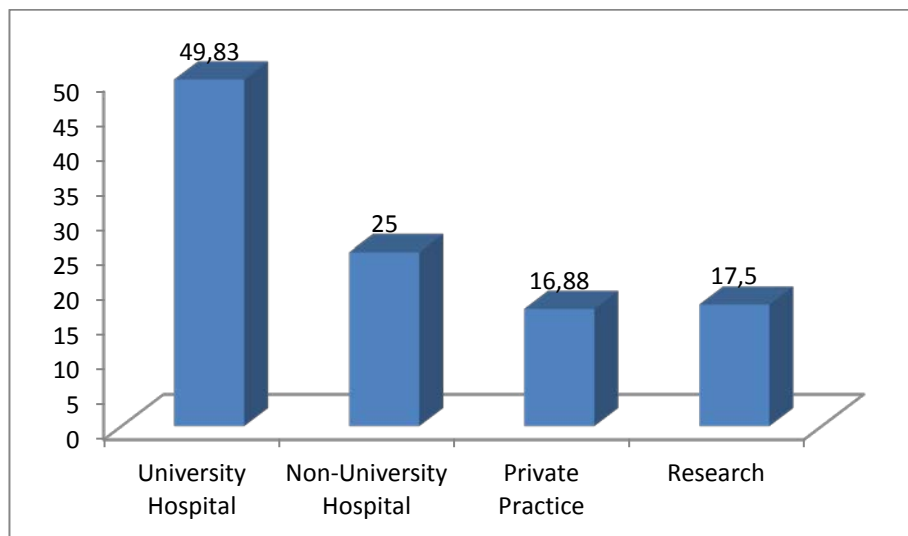

20. Is there anything you would like us to improve?

- More use of social media - Younger profile, how about student admission fees? Allow younger scientists to present - too heavily dominated by older men - There is a large group of personal trainees working with healthy people in prevention, include this focus to attract other attendees than clinical workers
- Earlier programme availability (2)
- All slides in English available
- I don't know
- It's well on track and a real hard work - thank you!
- Lunch and beverage during the meeting (2)
- More oral presentation, less posters
- More satellite symposiums in other countries

- Most of the staff in Rome doesn't speak English which made it very difficult to enjoy the event
- Need more access to food if none provided
- No (8)
- Not planning YIA sessions on a Friday night
- Posters to be presented, not withdrawn
- Practical session on exercise training in different diseases
- Stand exhibitors
- The rooms facilities was terrible, to small, far, not able to see the text
