The Trade Fair Center will not provide services to exhibitors who fail to make their payments on time, even when the services were requested prior to the event. Exhibitors who apply for services during the event are to pay for them when the request is made.

All services are to be requested at least 15 days prior to the stand set up. Counting the beginning of the assembly as the first day. From that date the supply thereof will not be guaranteed.

All services requested during the set up days will be subject to a 20% surcharge and supply is not guaranteed.

The mandatory services and power consumption will be invoiced automatically.

For any further queries related to the services as well as Restauration and Catering, you would like to hire, please contact the Trade Fairs and Congress Center of Malaga.Tel.: +34 952 04 55 00

The applicart (signature and stamp)

According to the law on Organic Data Protection, please note that the data we require from you will be included in the files for which the Trade Fairs & Congress Center of Malaga is responsible, with the purpose of administering the services requested. Likewise, we will use your contact details to send information that may be of interest to you regarding the activities and services offered by the Trade Fairs & Congress Center of Malaga. You may exercise your rights of access, rectification, cancellation and disagreement with the treatment of data in writing to the Department of General Services of the Trade Fairs & Congress Center of Malaga, Avd. Ortega y Gasset, 201 -29006 Malaga, or by e-mail to the following address: datos@fycma.com

A27	Double door unit/event	170,00 €		

SUBTOTAL

Electricity Installation

In order to fill out the items of the electricity installation, the exhibitor previously needs to know the necessary electrical power for his stand. This indicates the power of the electricity panel to be installed. The exhibitor can hire the electricity panel from the Trade Fairs and Congress Center of Malaga or from his stand building company. Following, both cases will be explained:

1. The exhibitor hires the panel from the Trade Fairs and Congress Center of Malaga (F1, F2, F5, F24, F25, F26, F27, F23). Herein included are the power supply line (F16) and the corresponding wiring schedule (F28 or F29). Should the exhibitor require 24 hours power service, it's indispensable to place two electricity panels: one for the general power and one for the 24 hour service.
2. In the case that an external company installs his own panel, it's mandatory to hire the power supply line (F16) from the Trade Fairs and Congress Center of Malaga and to present the corresponding wiring schedule. This latter can be hired from the Trade Fairs and Congress Center of Malaga (F28 or F29).

Ref.	ITEM	RATE	UNIT	TOTAL
