Welcome Address from our Leadership

Dear Industry Partners,

It is our great pleasure to formally announce EuroPrevent 2019, the European Association of Preventive Cardiology’s showcase congress which will be held in Lisbon, Portugal from 11 to 13 April 2019.

EuroPrevent has been a key international scientific event for cardiovascular disease prevention and awareness for over 10 years now. It provides the opportunity for clinicians and scientists from all over the world to gather and learn about new advances and exchange scientific ideas and knowledge in a distinctive environment. As always, our congress will provide an exceptional opportunity by which our Industry Partners may network and learn with the most influential specialists from across the world.

EuroPrevent 2019 will allow participants to share new findings, to exchange and to open new educational channels. We will welcome between 1,200 and 1,700 delegates from all cardiovascular realms with the specific aim of engaging cardiologists, young researchers, general practitioners, policy makers, nurses and allied professionals. As a sponsor and privileged partner, you too will be an active contributor to the scientific content by exhibiting, organising satellite symposia and presenting the latest updates on your products.

Our main focus is on moving prevention further to the center of cardiology, providing key perspectives on primary and secondary prevention, the science behind it and tools for delivery. This calls for full health maintenance from before birth to golden years and can be broken down in many diverse aspects such as: pharmacological treatment, clinical advances, diagnostics, genetics, nutrition, exercise, risk factors including lipids and hypertension, socio-economic factors and more.

We look forward to discussing how we can work together in the very near future. This is one of the best moments to meet renowned experts and our young cardiologists who are soon to be the future of the field.

We hope that you will consider supporting EuroPrevent 2019.
EAPC’s mission is to promote excellence in research, practice, education and policy in cardiovascular health, primary and secondary prevention; and our aim is to prevent the incidence of cardiovascular (CV) disease and to develop appropriate models for healthy CV lifestyle. The EAPC plays a pivotal role in all aspects of the primary and secondary prevention of cardiovascular disease and cardiovascular health, and has built a community of over 7,300 health professionals from all over the world.

The association provides state-of-the-art resources and contributes to defining standards in preventive cardiology. Its official journal, the *European Journal of Preventive Cardiology* increased its Impact Factor to 4.542 in 2017. The EAPC provides continuous education (online learning, live courses, Educational Programme on Diabetes & CVD) as well as practical tools (SCORE risk charts, HeartScore®) and promotes effective prevention strategies through the ESC Prevention of CVD Programme.

The association covers primary care and risk factor management, cardiac rehabilitation and secondary prevention, population science and public health, exercise and sports cardiology.

**EuroPrevent congress**

- **Key reasons to sponsor**
  EuroPrevent is the premiere international forum where leading experts from all the scientific fields in cardiology get together to discuss strategies for a universal approach towards the prevention of cardiovascular disease. The congress provides a natural platform for professionals to learn, exchange and disseminate best practices for the benefit of the patient.

- **Key reasons to attend**
  - Dynamic, scientific content over three days for all professions with an interest in preventive cardiology.
  - Guaranteed interaction with esteemed key experts in the field
  - Joint sessions with international associations

- **Key networking and educational opportunities**
  - Meet a diverse and enthusiastic audience
  - Reach both world-renowned experts and key opinion leaders in the field, all in one place.
  - Get a certified programme by the European Accreditation Council for Continuing Medical Education (EACCME).

Scientific exhibitor badges will allow access to the scientific sessions of the congress.

Neither badge entitles the holder to get a congress bag or a certificate of attendance nor do they include a journal subscription.

Price for additional general exhibitor badges: €100 / badge

### Note
- Stands will be assigned on a first come, first served basis
- Application deadline: 16 November 2018
Industry Sponsored Sessions allow for the review and discussion of recent trials and ongoing studies with the objective of providing the latest information on new therapies and techniques in cardiovascular medicine.
Satellite Symposia

Companies are cordially invited to organise a series of Satellite Symposia included in the EuroPrevent 2019 Scientific Programme. These sessions will offer pertinent data on the latest scientific information and developments from the industry. Satellite Symposia will be held within the congress centre in lecture rooms ranging in capacity from 150 to 300 seats. A limited number of timeslots have been made available for Satellite Symposia. Satellite Symposia organisers may organise receptions or distribute lunch boxes before or after the session. Satellite Symposia will be assigned on a first come, first served basis.

### Onsite Advertising
**No product advertising permitted**
Blend your company name with the venue and communicate on your therapeutic areas of research & innovation, promote your Industry Sponsored Sessions or encourage delegates to visit your stand by branding various highly visited locations available throughout the congress centre. Please contact industry@escardio.org to enquire about the different opportunities.
We kindly remind you that no product names, brand names, trademarks or misleading names which may be perceived as product or brand names, are allowed on the onsite advertising.

### Programme At A Glance
**Product advertising permitted**
The EuroPrevent 2019 Programme at a Glance is a practical pocket guide providing delegates with a quick day-to-day view of the scientific programme. Place your message on the back cover or inside back cover of this popular quick guide. This document will be given to delegates along with their badges within the Delegate Badge Holder.

### Screencast (voice and slides)
**No product advertising permitted**
Purchase recordings from your Satellite Symposium for your own promotional purposes. Use the database you have assembled onsite (by scanning badges with the Badge Lead Management System) and over the years to extend the reach of your congress activities. The Screencast will capture the speaker’s voice and slides (no video). Screencast files will be sent to sponsors after the congress. Onsite educational content does not stop in Lisbon, as eBlasts can promote screencasts and ensure the spotlight is kept on your activities even after the congress has passed.

The ESC has created two product categories to allow companies to organise different meeting formats within the congress centre, during congress hours.
Rooms at EuroPrevent

Meeting Rooms
The ESC allows companies to host a limited number of guests and organise small and informal meetings (approx. 20 pax) in a range of rooms available within the congress centre. No training or showcasing of products/therapies may take place in the Meeting Rooms.

The rooms include a standard set-up. Meeting Room organisers are responsible for additional furniture, AV equipment and catering arrangements.

Price and complementary information are available upon request.

Closed Industry Meetings
During available timeslots, fully furnished and AV equipped lecture rooms can be used to organise Closed Industry Meetings which are on invitation only. The following rules apply to this meeting category:

- Meeting is ‘closed’ and on invitation only.
- Maximum attendance is 150 guests.
- Meeting is not promoted in the congress centre or in any EuroPrevent 2019 publications.

Application & Guidelines for Industry Participation at EuroPrevent 2019

All exhibition, satellite, sponsorship and partner services forms should be completed, signed and returned as soon as possible, as items will be assigned on a first come, first served basis.

Returning a signed ‘Order Form’ implies a tacit agreement of the ‘EuroPrevent 2019 Guidelines for Industry Participation’.

The ‘EuroPrevent 2019 Guidelines for Industry Participation’ will be communicated to the participating companies in due course to help with the organisation of the event.

All terms and conditions regarding your participation will be detailed in these ‘Guidelines for Industry Participation’.

Should you require any further information regarding the application process, please contact us at industry@escardio.org
