**Exhibition Time Schedule**

- Stand construction should be finished on **Saturday 25 June, 20:00 hrs**

- All packing material that is to be retained (e.g. for re-use) should be cleared from the Building by Saturday 25 June by 18:00 hrs. After this time any materials left in the aisles will be cleared by the organisers and destroyed. The Organiser accepts no liability for packing materials not removed in due time.

- Stand personnel can enter the Building at 12:00 on Sunday and 10 minutes before the opening of the Exhibition from Wednesday 29 June.

- The EUROPACE 2005 Secretariat will have an office (ORGANISERS OFFICE) in the Building from Friday 24 June until Wednesday 29 June.

**Exhibitor Badges**

Free Exhibitor Badges:
Exhibitors are entitled to a certain number of free badges; the number of these free badges for each Exhibitor will be determined according to the floor space allocated as shown below. Please note that company names other than those of listed exhibiting companies will not be produced or allowed.

All Exhibitor badges must be ordered by email using the form available online, saving the badge name file in CSV format. This email should be returned to the EUROPACE 2005 exhibition mailbox, EPexhibition@escardio.org before 20 May, 2005.

Exhibitor badges will give access to the scientific sessions when space is available.

To be sure of having a seat in the lecture a full registration is recommended.

Please note you now have the choice to choose how your free badges are inscribed. Please indicate when you send your email for the badges the number of company only badges you wish to receive and the number of individual badges you wish to receive (please indicate the person's name).

Additional Exhibitor Badges:
If the number of free Exhibitor badges is insufficient, extra badges (under company name only) may be purchased at a price of €84.00 per badge plus VAT at 19% if applicable.

Work Passes:
In the interest of security only those individuals directly responsible for the erection and dismantling of the stands will be permitted in the Exhibition area during stand construction and dismantling times. To this end, Working Passes will be given out at the Exhibitor Registration desk and at the lorry unloading area during stand construction and dismantling times. Registered Exhibitors may also gain entrance to the Exhibition hall during installation and dismantling times by showing their Exhibitor badge at the entrances. Exhibitors must ensure their badges are clearly visible at all times when in the congress centre.

Product Description
All Exhibitors will be listed in the Final Programme, together with a short description of the products exhibited. (Maximum 100 words). To this end, all Exhibitors should send their Product Description to the Organiser by email EPexhibition@escardio.org before 5 April 2005. Use the form online at http://www.escexhibition.org/Europace2005/default.aspx.

Surveillance & Security
The Organiser undertakes the general surveillance service of the Building, both day and night.

The Exhibitor shall be responsible for the surveillance of his stand and exhibits. Exhibitors are recommended to pay closer attention to the exhibits during the stand construction and dismantling periods. We strongly urge exhibitors to secure their stand against theft or damage. Valuable objects, which may easily be removed, should be locked away during the night or whenever the stand is left unattended. The Organiser accepts no responsibility for goods stolen from exhibits. Security services can be ordered through our exhibition supplier, CZECH-IN – see online order form at http://www.escexhibition.org/Europace2005/default.aspx.

The Organiser may refuse or expel any person whose behaviour or clothing is considered incompatible with the image of EUROPACE 2005, or who refuses to comply with the local safety rules.

Insurance
While on the premises, exhibition goods and packaging materials shall be insured at the expense and risk of the Exhibitor. Neither the Building nor the Organiser can accept any responsibility for damage, loss, theft, disappearance or injury of anything or anybody due to any cause. The Exhibitor and any contractors under exhibitor employment are obliged to take out insurance against third party risks before the start of the exhibition. The cost for this insurance and responsibility for its arrangement falls to the Exhibitor. Exhibitors should also be covered against any claims which may ensue from transportation to and from the Building and against any claims which may be made by third parties, e.g. the Building, the City and/or their insurers, in respect of injury or damage sustained in any way whatsoever inside or outside the Building.

If any conditions within the Industry Guidelines for Participation are infringed, the responsibility for any accident will lie exclusively with the Exhibitor, who must have contracted an insurance policy for unlimited civil liability for harm to third parties, albeit persons or objects. In the case of incidents caused by negligence or inaction on the part of exhibiting
companies and their staff, the exhibiting company agrees to indemnify the Organiser against all direct & consequential
losses.

Exhibiting Companies are not allowed to serve any alcoholic beverages from their stand.

Children

Children under the age of 16 are not permitted in Exhibit areas.
Stand Activities

I) The organising committee has adopted a policy which limits industry sponsored entertainment, lunches, seminars or other formal gatherings. Without the specific approval of the Organiser, companies should not organise such events during the two days before EUROPACE 2005, during EUROPACE 2005 itself or during the two days immediately after EUROPACE 2005 (i.e. 24/06/2005 – 01/07/2005). Should a company wish to plan any such events then it is advised to consult the Organiser in due time.

II) The main activity of any exhibition stand should be the presentation of the exhibiting company and/or its products or services. The use of photographers, portrait artists or other ‘attractions’ is not allowed, any similar project must be submitted for the Organiser’s approval prior to EUROPACE 2005. Failure to do so may result in the exhibitors being obliged, at their own expense, to discontinue any such activity on-site.

III) The projection of films and slides, any amplification with the aid of loudspeakers, the production of music and/or sound, as well as the use of television sets, is allowed as long as no disturbance is caused. Should the Organiser judge that a disturbance is being caused, the Exhibitor must stop the activity immediately. If this is not done, the EHRA reserves the right to make the necessary arrangements at the expense of the Exhibitor.

IV) The Organiser has appointed an Audio-Visual Committee, which supervises audio-visual activities. All audio-visual activities require written permission, should a company intend to organise any audio-visual activity please submit a stand activity declaration and submit by 16 May 2005.

V) Exhibitors shall refrain from holding lotteries, organising games of chance and using “market stall techniques”. Only quizzes with a scientific content can be held at the stand. Any such activity must be approved in advance by the Organiser. All requests should be submitted in writing by 16 May 2005. Participation can be ‘rewarded’ with a prize. However, the prize should be the same for everybody. ‘Drawing winners’ is not allowed. Maximum retail value may not exceed € 5. If the prize is a ‘medical information carrier’ such as a medical text book, a CD-ROM, a tape, a slide set etc., the maximum retail value may not exceed € 50. All “prizes” to be approved in advance by the Organiser.

VI) The organising committee has accepted the policy that small give-aways are acceptable at the exhibition (maximum retail value € 5) for example badges, T shirts, pens. All such give-aways must have the written approval of the Organiser. The distribution of give-aways should be low profile and should in no way overshadow the main activity of the stand. Approval procedure is as for ‘Prizes’ in section V.

VII) Distribution or display of material printed by industry or its agents is limited to the area rented by the Exhibitor in the designated exhibit area. The placement of both signs and billboards is limited to the area rented by the Exhibitor in the exhibition area.

VIII) “Special effect” lights, laser, sound & video projection on the stand can only be allowed with the written permission of the Organiser.

VIV) The site assigned to the Exhibitor shall be staffed during the opening hours of the exhibition as well as during the construction and the dismantling and removal of the stand. The Exhibitor shall make sure that either he himself or a person authorised by him is present at the stand at all times.

X) The use of the name of the European Heart Rythm Association (EHRA), EUROPACE 2005, European Society of Cardiology (ESC) or the European Heart House (EHH), as well as the logos of these entities, is strictly forbidden in any advertising, publicity, sign, product, printed matter, film, video, or other media, etc. without the explicit permission in writing of the Organiser. The only exception is that Exhibitors may refer to EUROPACE 2005 as “EUROPACE 2005, the meeting of the European Heart Rhythm Association, a registered branch of the European Society of Cardiology”.

XI) Exhibitors or their agencies are not allowed to reproduce texts, drawings or graphics that have been specially produced by EHRA or ESC for use in publications such as the Final Programme or the Abstract Book.

XII) None of the exhibits may be photographed or filmed without the permission of the relevant Exhibitor. The organiser is entitled to photograph, draw or film the installations and stands, as well as the exhibits thereon and to use these reproductions in its publications and in the press.

XIII) The Exhibitor is entitled to photograph or film his own exhibition stand during exhibition hours.

XIV) Exhibitor Badges must be ordered by email to EPEXhibition@escardio.org no later than 20 May, 2005. Use the order form online at http://www.escexhibition.org/Europace2005/default.aspx.
Section 2 – TECHNICAL GUIDELINES

Important Notice: All Exhibitors must submit a detailed stand drawing to the Organiser before 15 April 2005. Without the written approval of the Organiser no stand can be built. If you will be hiring a stand system from the Building please send us details.

Exhibition Location

The exhibition at EUROPACE 2005 will be located on the Second Level of the Prague Congress Centre.

Any queries regarding Exhibition please contact: ESC - Congress & Industry Services Services Department
Tel: +33 4 92 94 86 68 Fax: +33 4 92 94 76 26
Email: EPexhibition@escardio.org

General Exhibition Information with Pricing and minimum stand space requirements

The price of 'SPACE ONLY' is € 500 per m² plus VAT. A reduced rate of € 350 per m² plus VAT is offered to publishers, booksellers and journals. Minimum stand size is 9 m² for Industry, 6m² for Publishers. For companies organising a Satellite Symposium, a stand of minimum area 9m² is mandatory.

The Organiser will hire out the stand as 'SPACE ONLY', which means that the stand site will be rented out without any prefabricated walls, installations, furniture, electricity, carpet and furnishings, or any other technical supplies and facilities. The Exhibitor shall personally take care of the set-up and installation of the stand (which means carpet, walls (if needed or prescribed), furniture, electricity etc.).

Exhibitors who will need to rent a standard exhibit stand module are advised to use the services of the Building. See Order Forms online at http://www.escexhibition.org/Europace2005/default.aspx

Immediately after allocation of the stand site the Exhibitor is advised to personally check the location and measurements of installations which might be found on the stand space assigned, the following items are given as examples: fire-alarm systems, junction boxes, technical inspection hatches, and columns. The Organiser does not accept responsibility for the detailed accuracy of the floor plans provided for Exhibitors’ reference. Each stand will be numbered by the Organiser.

Stand construction companies are specifically advised to consider the impact of natural light on exhibits due to large windows in exhibit areas which cannot be closed or covered.

Detailed Stand Construction Guidelines

Every Exhibitor must submit an exact statement of the dimensions of the stand, as well as plans and descriptions of the stand. This applies equally to those companies hiring a standard exhibit stand module from the Building. This information has to be sent to the Organiser by 15 April 2005. The drawings shall clearly indicate the planned layout, dimensions, equipment and furnishing of the stand, including the inscriptions. Also indicated must be the location of power outlets, electricity cables as well as telephone installations. Only with the written approval of the Organiser shall the stand drawings be deemed released for construction.

All stands must be finished before the Organiser’s inspection visit at 12:00 Sunday 26 June. The Exhibitors or their qualified representative must be at their stand during this inspection and must be able to supply all information and certificates concerning equipment and materials used. Note that fire safety certificates should be valid in the Czech Republic and available in Czech language should authorities request this.

The decisions taken by the administrative authority, on the Committee’s opinion during its inspection visit, can go as far as preventing the stand from opening, and must be carried out immediately.

The Building and the Organiser refuse to accept any responsibility if the Safety Committee decides to close a stand because the Exhibitor has not respected the safety rules of the event or hosting country.

I) Exhibitors are asked to pay attention to the following stipulations:

- From Sunday 26 June 2005 12.00 hrs to Wednesday 29 June 2005 12:30 hrs, all stands are to remain in their entirety, no dismantling or removal during this period is permitted.
- Any column of the Hall lying within the stand may be covered without causing any damage and in compliance with accepted height regulations. Fire & safety equipment should not be covered if it is not safe to do so. The Building will advise on this matter.
- Articles to be exhibited must be kept within the stand perimeter.
- The exhibition areas may only be covered by fitting platforms or carpets, which must be withdrawn by the exhibitor/decorator at the end of the exhibition.
- The floor area is finished by aged granite style floor tiles. All damages to flooring will be charged to exhibitor responsible. Therefore no mortar may be placed on the floor; nailing is not allowed with percussion tools or painting with spray guns.
- Should there be an absolute need to carry out any of the unauthorised work, permission must be requested from the Organiser at least 4 weeks before the opening, providing detailed plans indicating weights and support surfaces for the products to be exhibited or the decoration to be fitted.
- The (standard) maximum height of stand constructions is 2.5 metres. Written requests must be submitted to the Organiser if constructions will exceed 2.5 metres and will be judged on stand size, transparency & impact on event.
- Two-storey structures are not allowed.
- Arches, bridges or similar constructions connecting two or more stands are not allowed.
- The maximum permissible load on the floors of the Building is approximately 400Kgs per square metre (spread).
- Access to exhibit areas is by a goods lift (approx 9m² area with load capacity of 5 tonnes)
- Load capacity will be taken into account when entering the exhibited goods as well as during their handling.
- Stands should be fully accessible on all ‘open’ sides. Requests to be partially exempted from this rule should be submitted in writing to the organiser.
- The stand floor must be adequately covered, for instance with carpeting or carpet tiles.
- It is to be noted that vehicles (including forklift trucks) are not admitted within the exhibition areas. Pallet trucks and other handling machines must be equipped with rubber wheels and may only be operated by the official Forwarder & Lifter, Fairexx GmbH.

II) Exhibitors are not permitted to:

- Erect or use names or trade marks which may be misleading or cause hindrance to the Exhibitors at the other stands or to EUROPACE 2005 visitors.
- Sell goods, barring exemption applied for and granted, against surrender of the purchased items or to receive money in any way for goods sold or offered for sale or for services rendered.
- Affix sold-tags to goods on display.
- No stands will be dismantled or removed prior to the end of the event.
- Drill, screw or nail the walls, ceilings, floors or columns of the exhibition areas.
- Place any heavy loads either on the structure of the walls and columns, or any of the technical installations of the Halls due to decoration or the objects on display.
- Hang Advertising from the ceilings of the Halls or to affix stand parts, posters or other promotional material to columns, walls, girders, etc. of the Building within or outside the stand space assigned.
- Dig trenches, anchorages or to make other structural alterations inside the Building, unless explicit authorisation has been obtained from the Building owners.
- Paint or Glue, in any way or part of the Exhibition area
- Place articles to be exhibited in a manner, which, in the Organiser's opinion, affects or hinders neighbouring stands, e.g. as regards the visibility of the neighbouring stands.

III) Construction of Stands with a Floor:

- A platform floor is advised if heavy equipment is stored on the stand (100kgs/m² or more)
- Authorisation must be requested in writing to the organiser. A descriptive report and to-scale plans should be presented.
- All stands with a floor over 50 cm. above ground level must present a construction certificate signed by the competent engineer. All glass fitted in the top of the floor shall be at least 0.5 cm. think, laminated and be of an approved safety type in the Czech Republic.
- The floor area of the stand must not be covered with paint or glue. The stand area may be covered only by the installation of an elevated platform, use of carpeting that is held in place by its own weight on the floor or by adhesive bands. These items must be removed by the Exhibitor at the end of the exhibition.
- The use of wooden platforms is recommended for stands with a lot of electrical wiring; the stand construction company will be able to advise on this matter. Exhibitors who use such platforms should bear in mind that: The maximum height allowed, measured from floor level to the top of the platform is 5 cm; The platform sides must be closed and neatly finished. The platform edges must be safe (secured, safe & easily visible). Platforms should be placed within the stand perimeter.
- The platform must allow access to those in wheelchairs. Please note that the edges should be sloped for this purpose or a ramp included within stand perimeter.

IV) Construction of Stands with a Ceiling:

- Exhibitors may cover their stands with a fabric ceiling which meets the European safety norm EN13501/1 to class B standard. Certification must be available in Czech language if required by the authorities.
- Any and all horizontal decorations, ceiling areas and roofs require approval.
V) Construction of Walls – Lining – Corridors:

- In principle this separation wall should be 2.5 metres high, and finished on all sides. The separation wall is considered as part of the stand design and should be indicated on the stand drawings. If two neighbouring Exhibitors come to an agreement regarding the separation wall and this agreement differs from the policy prescribed by the Organiser, this agreement has to be approved of by the Organiser. Please note that all in-line and corner stands must also have a back wall. The rear sides of the stands shall be designed and decorated by the Exhibitor to whose stand they belong, provided that the interests of the neighbours are not affected thereby.

- Should the external area of a stand lining a corridor where visitors will pass be decorated with windows, photo-assemblies or other outstanding objects, the enclosure wall must be built 0.30 m. inside the boundaries of the stand itself and be transformed into an advertising support, giving continuity to the corridor and a pleasant look to the whole of the area.

- The stand construction, the installation of the objects on display and all advertising support must be sufficiently stable for public safety. A platform, if approved for construction by organiser and open to the public and over one metre below the lower level, must be surrounded by a handrail of at least 1.2 m height.

- All peninsula, corner and in-line stands must be separated from the neighbouring stand(s) by means of a separation wall.

- Island booths are separated the width of an aisle from all neighbouring exhibits, demonstration areas may not be set on the aisle line of the exhibit; space must be left within the exhibit area to absorb the spectators. Should the spectators interfere with the normal traffic flow in the aisle or overflow into neighbouring exhibits, the presentation must be limited or stopped.

- All glass corners must be polished or protected so that there is no chance of anyone being cut. Glass doors and any other complete glass construction must be marked at eye level.

- Machinery demonstrations causing noise shall be reduced to a minimum in order not to disturb exhibitors and visitors.

- Regarding Machines and Moving Apparatus, the exhibitor will fit the installations that have to function throughout the event with all necessary working and accident prevention measures as shall be demanded by the technical regulations in use & local safety regulations for the installations.

- If the machinery or certain parts of the machinery are to be shown to the public while working, normal protection may be substituted by a protective shield of organic glass or a similar material.

- When the machines are not working and are only on display, the working protection mechanisms may be removed.

- Should this regulation be severely infringed and the Organiser considers that the working of the machine is a danger to people, the organiser will stop the machine from working.

- If these conditions are infringed, the responsibility for any accident will lie exclusively with the exhibitor, who must have contracted an insurance policy for unlimited civil liability for harm to third parties, albeit persons or objects.

The floor, columns and installations (distribution boxes, piping, rented shell stands, etc.) of the Building shall be left in the same state in which they were found. Any damage shall be repaired by the Building owners at the Exhibitor's expense.

Any set-up or installation, which does not comply with the standard specifications or with the designs approved of by the Organiser, must be corrected by the Exhibitor before the opening of the exhibition. Failure to do so will result in the correction being made by the Organiser. All expenses for these corrections will be payable by the Exhibitor. The Organiser accepts no responsibility for damages caused by these corrections.

The set-up and installations shall be finalised by the deadlines fixed, and the packing material shall be removed from the stand. If it appears to the Organiser that the equipment and furnishing and/or the set-up and installation of the rented stand site will not be completed in due time prior to the deadline, the organisers shall be entitled to take all measures they may deem necessary. The Exhibitor shall pay all costs that could arise there from. He shall not be entitled to any claim for reimbursement that may arise in consequence of such an intervention.
Fire & Safety

- Please note that fire extinguishers must always be kept free at all times.
- Escape routes, doors and emergency exits (indoors and outdoors) should be kept free of any obstruction and be kept in full view. Similarly for fire fighting equipment, fire safety signs and emergency wall phones. No product/company signs, decorations or stand roofs should be placed above an emergency exit.
- For booth construction etc., only non-inflammable materials or materials meeting the European safety norm EN13501/1 to class B standard may be used.
- Easily inflammable or explosive substances, gases or dangerous goods, including radio-active and chemical substances, are not permitted in the building.
- No working materials or tools causing possible obstruction may be left in corridors during assembly or removal.
- All edges of organic glass (Plexiglas, acrylics, etc.) shall be suitably protected to prevent fire from spreading.
- Under no circumstances shall means of evacuation (emergency exits), luminous signs, extinguishers, fire hydrants, indicators and other protection equipment be obstructed.
- No inflammable materials may be stored in offices, stores or on decorative enclosures on columns.
- Likewise, junction boxes (electricity, telephones, T.V., gas, water, compressed air, etc.) and access to the equipment or dependencies of the Hall may not be locked.
- Easily inflammable materials shall not be used for any construction or installation.
- The use of spray guns and cellulosic lacquer for painting the interior of the Halls is prohibited. This prohibition shall also extend to inflammable liquids and the use of aerosols containing gas.
- All welding work will require the corresponding permit and take place inside a sufficiently protected area provided with a fire extinguisher belonging to the applicant to prevent any possible fire.
- The use of balloons filled with inflammable gas is prohibited in the Halls.
- There will be no recipients with inflammable material on the stands for waste or rubbish. Waste paper baskets and rubbish bins must be emptied every evening when closing, and the contents placed in the collectors provided by the Building for this purpose.
- The storage of any type of wrapping or packaging on the stands is prohibited.
- Materials such as decorative cloths, contact glues, carpets, etc. must be non-flammable and the corresponding certificates shall be presented.
- All other installations must adhere to regulations in force at the time. The stands, materials, installations, advertising supports, etc. must conform to public safety requirements.
- Motorised vehicles and hand trolleys are not admitted within the Exhibition areas during build-up or dismantling periods or at any stage during EUROPACE 2005. Please ensure adequate means to transport your exhibit materials into the building and to the stand or order these services from the official freight forwarder.
- Fairexx, the official freighter & lifter to EUROPACE 2005, has absolute priority in using the goods lift and will control access to loading/unloading areas.
- It is strictly forbidden to store wood, paper, straw, cardboard and packaging materials which are a fire hazard in the exhibition areas, the booths, the areas behind them and the cabins.

Cleaning & Refuse

The Organiser shall see to the regular general cleaning of the Building and the aisles therein.
Booth cleaning is mandatory after Exhibitors installation and set-up. Cleaning is also strongly advised during the exhibition and should be ordered by each exhibitor from the building. Please see online Order form.

Electricity

All electrical connections must be made under the supervision of an authorised electrician.
At the time of the official inspection the relevant reports on the wiring (information on connections) must be presented to the Building for submission to the authorities.
Please order your electricity and connections on the Order Form available online.
Please do not forget to indicate on the Order Form where you wish the electrical connections to be installed.
IMPORTANT: Supplies will be switched on 30 minutes before opening during the duration of the meeting, and switched off 15 minutes after the Exhibition closes every day.

Twenty-four-hour supplies, direct current and non-standard voltages, currents and frequencies can be arranged provided sufficient notice is given to CZECH-IN – mention your needs when returning the electrical order form.
Telephone & Facsimile Connection

Exhibitors should use the relevant Order Form online for telephone and fax connection.

Water

Please note that Water Connections are available in certain areas of the Exhibition area – contact the Building for more information.

Transport Regulations/Handling

During the Exhibition, goods can only be transported into the halls until the exhibition opens. After that, only light articles can be carried in by hand. Goods can be collected when the exhibition has closed if carried out and the exhibit remains visually presentable to delegates.
Do not place anything in the aisles outside the stand. If you do, you will block the passage-way for other transport. The Congress Centre has the right to store all packaging that is left in the aisles after 18:00 the day the build-up ends.

Storage

No refuse (e.g. empty cartons, crates or shipping/packing materials) may be left behind in your booth or in the aisles. If any Exhibitor or his contractor(s) leave such materials behind, the costs of removing will be charged to the Exhibitor. Please contact the official forwarder for handling and storage of your empty crates and other packing material during the length of the exhibition.

Miscellaneous Services

If you wish to order services, which are not mentioned in the Exhibitor Catalogue, then please contact the exhibition supplier, CZECH-IN.
Section 3 A – SATELLITE SYMPOSIA

As in previous years, EAE invites companies in the field of echocardiography to organise special sessions as part of the annual EUROPACE 2005 meeting. These sessions take place during lunch or early evening during EUROPACE 2005, they can be held in rooms with capacities from 120 to 1700.

Conditions for Holding a Satellite Symposium

I) To obtain permission to hold a Satellite Symposium, an exhibition stand of 9 m² or larger is required (cancelling your exhibition space at a later stage will also mean cancelling your Satellite Symposium).

II) Companies only have access to the rooms at their scheduled time slots.

III) Any installations or alterations to the rooms can only be made with explicit approval of the Organiser.

IV) The Satellite Symposium must be open to all registered participants.

V) All persons attending the Satellite Symposium must be registered either as full participants or as exhibitors; persons without such a badge will not be allowed to enter the room. This should be made clear on the invitations that Satellite Symposium organisers send to potential attendees. Other scientific sessions are not open to exhibitors.

VI) Promotion or advertising prior to the Satellite Symposium is not permitted in the building other than on the stand. Display of Posters, handing out programmes and brochures at the entrance of the room is allowed, with ESC approval only, 15 minutes before the beginning of the session. Posters, sandwich boards or other means of leading participants to the Satellite Symposium are strictly forbidden at all times.

VII) It is strictly forbidden to hold Satellite Symposia or other formal presentations outside EUROPACE 2005 premises between 25 and 30 June 2005.

Section 4 – CONDITIONS OF PARTICIPATION

General Conditions

The following conditions of participation refer to allocation of exhibition space by the Organiser to companies exhibiting at EUROPACE 2005 insofar as the contractual partners do not reach contrary agreements in writing.

Conclusion of Contract

Application for a stand is made by filling in and returning the Application Form for stand space. Only signed application forms will be taken into consideration. By signing the application form, the company accepts the requirements contained in the Guidelines for Industry Participation and any supplementary provisions. Confirmation of the allocation of a stand by the organiser constitutes conclusion of the rental contract between the Exhibitor and secretariat of EHRA. A stand assignment and an invoice will be sent to the Exhibitor by mail. The date on the stand assignment is considered to be the date of stand allocation. If the contents of the stand assignment deviate from the contents of the Exhibitor's application, the contract is based on the substance of the stand assignment unless the Exhibitor protests in writing within two weeks after the date mentioned on the stand assignment.

Admission to EUROPACE 2005

The exhibition is open to industries active in the Pacing & Cardiovascular healthcare arena and related fields. Marketing bureaus, consultants etc. can hire stand space in order to be able to conduct their research or provide their services. These activities are restricted to the rented stand space. They are not allowed to actively canvass for clients outside the space assigned.

Renting Stand Space

The Organiser lets stand space in accordance with the compatibility of the items to be exhibited with the subject matter of the exhibition & Meeting in general. The minimum stand size is 9 (nine) m². For companies organising a Satellite Symposium, a stand of 9 m² or larger is mandatory.

The Organiser reserves the right to deviate from the stand confirmation and to allocate a stand in a different location, to alter the size of the stand, to re-locate or close entrances and exits on the Exhibition Grounds and/or in the Congress Centre and to carry out any other structural alterations providing it has a substantial interest in such measures, based on special circumstances.

The Organiser reserves the right to make changes in the layout of the exhibition, as well as in the stand assignment in the event that unforeseen circumstances make this necessary. If in such cases the interests of the Exhibitor are unreasonably impaired, he may withdraw from the contract in writing within one week after receipt of notification of the type of alteration. The Organiser accepts no responsibility for any damage, which may result from such changes.

Stand Design

- Exhibits must be displayed on stands for the entire duration of the exhibition; display of products other than those listed in the application is not permitted.
- The Organiser is entitled to have exhibits removed from the stand if their display runs counter to the principles of fair competition or does not comply with the display programme.
- Details of prices, given in the form of signboards or stand lettering, are not permitted, nor are references to sales of products already affected or details of suppliers and customers.

Subtenants and other represented companies
Sharing the stand area with another company, regardless of whether this company is represented by its own exhibits and its own staff (subtenant) or only by its own exhibits (represented company), is not allowed, unless written approval is obtained from the Organiser. Transfer - even in part - of the rights and obligations arising from the rental contract to third parties is not permitted.

**Terms of Payment**

- The stand rental fee must be paid in full before the event. Failure to do so will result in the automatic cancellation of the assignment and resulting fees. If later rebooked, stand rental fees will be in addition to cancellation charges.
- The Exhibitor renounces the right to offset counterclaims against rent payable in time unless the counterclaims are undisputed or have been confirmed by a court of law.
- If the Exhibitor fails to meet his financial obligations, or additional expenses and other claims arising from the contract, the Organiser is entitled to retain exhibits and the stand equipment and to sell them by public auction or by private contract at the expense of the Exhibitor. The statutory provisions on realisation of objects seized are thus settled.
- Non-payment is considered a violation of our rules; as a consequence it will be dealt with as a breach of contract.

**Acceptance of Products**

Each country has its own regulations. It is therefore advised that each participating Company should take advice on such regulations and restrictions as may affect their participation in EUROPACE 2005. The Organiser will accept no responsibility for any impact, financial or other, relating to legal complicity issues.

**Reservations**

Given serious cause (e.g. industrial action, acts of God) the Organiser is entitled to postpone, to curtail the duration, to close the exhibition completely or in part for any period, or to cancel it. In the event of complete or part postponement or curtailment, the contract is regarded as valid for a possible new date and new duration unless the Exhibitor protests in writing within a period of 2 weeks after notification of the alteration.

**Exemption from Liability**

The Organiser does not undertake to safeguard exhibits and excludes, for its staff as well, all liability for damage to these, for theft of these, or loss, except in cases of intent or gross negligence. This exemption from liability also applies if exhibits are seized and stored by the Organiser due to infringement of the present conditions of participation. This exemption of liability is in no way impaired by the special security measures taken by the Organiser. Furthermore the Organiser explicitly excludes all liability for any disadvantages or damage incurred to Exhibitors due to erroneous details on space allocation, stand construction, catalogue entries or other errors in ancillary services. Property of the Exhibitor and of third parties shall remain on the premises at their own risk. The Organiser will not be responsible for the insurance of such items. The Organiser shall not be liable for any injury or damage howsoever caused to goods and/or persons in the building and/or on the adjacent sites.

**Premature Termination of Rental Contract**

If after binding application and conclusion of the contract the Organiser should accept in exceptional cases to withdrawal from the contract, the Exhibitor is liable for the full amount of the stand rental including all surcharges. Should the Organiser succeed in otherwise disposing of the stand, it reserves the right to claim payment of part costs by the tenant withdrawing from the contract. A case of re-letting is not constituted if, for optical reasons, the area not used by the Exhibitor is allocated to another Exhibitor without EAE deriving further proceeds from re-letting the area previously occupied by the re-located company. A case of re-letting is also not constituted if there are still unoccupied stand areas available. EAE is entitled to withdraw from or to revoke the rental contract, the conditions of participation or the supplementary regulations even after a reasonable period of grace. This also applies in the event that the conditions on which the contract was concluded do not apply or no longer apply, in particular if the Exhibitor has so altered his manufacturing programme that his products can no longer be classified in the industry for which he has rented stand space.

**Cancellations**

Cancellations by Exhibitors should be made by letter addressed to the EHRA Secretariat. If a reservation is cancelled by the Exhibitor before 31 January 2005, the amount paid will be refunded minus 50% of the total amount due. If a reservation is cancelled by the Exhibitor after 1 February 2005 no refund will be made, and the total amount for the stand space is due.

**Assignment of Space**

- Stands will be assigned to Exhibitors according to date & time at which a signed application form for stand space is received by the Organiser.
- Exhibit areas are open to selection in order that application forms are received however stand areas marked may only be reduced in size with the agreement of the Organiser.
**Enforcement of Rules**
Any exhibitor that is judged to have not followed these Guidelines may be refused the opportunity to exhibit at any future meetings organised on behalf of the EHRA or by its secretariat, the ESC.

**Supplementary Provisions**
Constituent parts of the rental contract take the form of the house regulations, the Guidelines for Industry Participation, the online resource area at [http://www.escexhibition.org/Europace2005/default.aspx](http://www.escexhibition.org/Europace2005/default.aspx), as well as other organisational and technical regulations sent to the Exhibitor before the exhibition opens. The sovereignty of national law of the site of EUROPACE 2005 is undisputed.

**Claims, Procedures, place of performance and jurisdiction**
All claims by the Exhibitor against the Organiser must be lodged in writing. These claims will lapse within 6 months from the closure of the EUROPACE 2005 exhibition. Agreements, which deviate from these conditions or from the supplementary regulations, must be in writing; facsimile signatures suffice. The contract is governed exclusively by French law; the English text is authoritative.

Place of performance and jurisdiction is Grasse - France. The Organiser reserves the right, however, to bring its claims before the courts competent for the area where the Exhibitor has his registered office.

**Final Clause**
In cases not or not clearly covered by the regulations in the Guidelines for Industry Participation, the Organiser’s decision shall be final.
