ICNC9 – Nuclear Cardiology and Cardiac CT
10-13 May, 2009 - Barcelona, Spain

Dear ICNC Industry Partners,

On behalf of the Organising Committee of the International Conference of Noninvasive Cardiac Imaging, ICNC9 - Nuclear Cardiology and Cardiac CT, **10 – 13 May 2009, Barcelona Spain**, we are pleased to invite you to consider participation as a leading sponsor in what has been historically one of the world's largest meetings dedicated to Nuclear Cardiology and that now includes cardiac CT.

ICNC9 will provide a unique opportunity by which our Industry Partners may network with the most influential non-invasive cardiologists and cardiovascular imaging specialists worldwide.

We are strongly committed to the advancement of the overall quality of Nuclear Cardiology and cardiac CT with the aim to achieve an even greater usage of these technologies in the management of patients with suspected or proven cardiovascular disease. Working closely with key representatives from the **American Society of Nuclear Cardiology (ASNC)**, the **European Association of Nuclear Medicine (EANM)** and the **European Society of Cardiology (ESC)**, plans have already commenced for what will be the highlight of all nuclear cardiology and cardiac CT meetings on the 2009 international congress calendar.

The goal of ICNC9, a joint endeavour between ASNC, EANM and ESC, is the emphasis on education and continued growth of cardiovascular imaging within nuclear cardiology and cardiac CT. ICNC9 will focus not only on the needs of its practitioners but also on the importance of patient and physician referral. We are confident, therefore, that ICNC9 will attract imaging specialists and referring physicians involved in this field.

Major Highlights of ICNC9 will include:

- Information on the best practice of Nuclear Cardiology and cardiac CT
- Expanded information on the complimentary roles of these technologies, both as stand-alone and hybrid systems
- The provision of cost effective imaging services and quality in the new health care environment
- How best to use cardiac imaging to manage patients and improve outcomes
- State-of-the-art advances in equipment and radiopharmaceutical developments
- Advances in molecular imaging emphasising potential clinical applications

We encourage your support in helping us to improve the use of nuclear cardiology towards more qualitative, effective and beneficial patient referral and management. ICNC9 will present an excellent opportunity to participate in this dynamic section of cardiovascular medicine at a time when so many new therapies and diagnostic evaluations are available.

We welcome both our dedicated ICNC Industry partners and all newcomers to participate at ICNC9, our "family" gathering, and look forward to working with you towards a most successful conference.

Looking forward to seeing you in Barcelona!

ICNC9 – Nuclear Cardiology and Cardiac CT
10-13 May, 2009 - Barcelona, Spain

The aim of ICNC9 is to provide the best science and education to all professionals interested in the field of nuclear cardiology and cardiac CT. Industry are invited to register guests for the event. Easy to use online services exist for your Group Registration at ICNC9.

Schedule:

Online Registration Services will be open from **23 July 2008** at www.icnc9.org

After 8 April 2009, participants can register on-site in Barcelona. For questions about registration, please contact the Registration Department via Email: icncregistration@escardio.org

Address Data Quality:

We would like to draw your attention to the importance of receiving valid and complete delegate information. This is important to ESC but also:

- ✓ Your attendees – so they can receive the journal subscription if included in the registration fee
- ✓ Exhibiting companies – so the data that they retrieve from badge readers during the congress is exploitable and valid.

Terms and Conditions		
<p>1. Organising Company Applications for Satellite Symposia and the User Group sessions must be submitted by the company under whose name each session is to be organised. We would like to draw your attention to the fact that the correspondence for the above items should be made exclusively between this company and the ICNC Secretariat. The company is responsible for communicating any relevant documents to its staff and its appointed agencies.</p> <p>2. Appointed Agency Companies should inform the ICNC Secretariat, in writing, what agency is appointed for which symposia. Otherwise no requests from agencies will be taken into consideration. This appointed agency cannot fully act as if it were the company itself and the company will continue to be held entirely responsible and accountable for activities organised in its name. It is not the role of any given agency to make initial enquiries or reservations with the ESC independently of the company.</p> <p>3. Cancellations Cancellation of a Satellite Symposium should be sent by registered mail to ICNC Secretariat. If a reservation is cancelled before 31 January 2009, 50% of the total amount due will be charged. Any cancellations received after 31 January 2009 will incur a 100% cancellation fee.</p> <p>4. Data Protection Disclaimer "You have personal data which is, according to the Law on data processing and Civil Liberties 78-17 of 6 January 1978, registered with the ESC. You have the absolute right to access, amend and oppose any use of this personal data by contacting (in writing) the ESC National Society and Member Relations Department at the above-mentioned address. Unless otherwise informed, the ESC may send you information about its activities from time to time."</p>		
Agreement		
I hereby agree to be bound by the above terms and conditions for Satellite and User Group Application.
