Email: stephanie.prate@bayer.com
Website: www.healthcare.bayer.com

The Bayer Group is a global enterprise with core competencies in the fields of health care, agriculture and high-tech materials. Bayer HealthCare, a subgroup of Bayer AG, is one of the world's leading, innovative companies in the healthcare and medical products industry. The company combines the global activities of the Animal Health, Consumer Care, Medical Care and Pharmaceuticals divisions. Bayer HealthCare's aim is to discover, develop, manufacture and market products that will improve human and animal health worldwide. More information is available at www.healthcare.bayer.com

COMPANY AND PRODUCT DESCRIPTIONS

BMS & Pfizer Alliance

Pfizer Ltd - Walton Oaks, Dorking Road,
KT20 7NS Tadworth, Surrey - United Kingdom
Email: info@pfizer.com
Website: www.pfizer.eu

B10

About the Bristol-Myers Squibb/Pfizer Collaboration. In 2007, Pfizer and Bristol-Myers Squibb entered into a worldwide collaboration to develop and commercialize Eliquis, an oral anticoagulant discovered by Bristol-Myers Squibb. This global alliance combines Bristol-Myers Squibb's long-standing strengths in cardiovascular drug development and commercialization with Pfizer's global scale and expertise in this field.

Cardiorentis AG

Steinhauserstrasse 74
CH-6330 Zug - Switzerland
Tel: +41 417 486 030 - Fax: +41 417 486 031
Email: info@cardiorentis.com
Website: www.cardiorentis.com

D10

Cardiorentis AG is a privately owned biopharmaceutical company based in Zug, Switzerland. Focussed, fast-moving, flexible and with patients at its heart, Cardiorentis is committed to addressing the unmet medical need of acute heart failure. The TRUE-AHF study, a pivotal, multinational, interventional trial is evaluating the medical and economic impact of ularitide in the acute heart failure population. For more information, visit: www.cardiorentis.com

Critical Diagnostics

3030 Bunker Hill Street, Suite 117A, San Diego,
California 92109 - United States of America
Tel: +1 877 700 1250 - Fax: +1 866 715 8009
Email: info@criticaldiagnostics.com
Website: www.criticaldiagnostics.com

B20

Critical Diagnostics develops novel biomarkers to help physicians optimize patient care in cardiovascular diseases. The company's new ASPECT-PLUS ST2 Test is a rapid assay that provides ST2 results in 20 minutes. ST2 is a soluble protein expressed by the heart in response to disease or injury. It is reflective of ventricular remodeling and cardiac fibrosis associated with heart failure.

COMPANY AND PRODUCT DESCRIPTIONS

CVRx, Inc.

9201 West Broadway Avenue, Suite 650,
Minneapolis, IL 55445 - United States of America
Tel: +1 763 416 2840 - Fax: +1 763 416 2841
Email: tmoore@cvrx.com
Website: www.cvr.com

A10

CVRx, Inc. is a privately held company founded in 2001 and headquartered in Minneapolis. The company has developed the second generation Barostim neo, an implantable system designed to treat heart failure and hypertension (high blood pressure). Barostim neo has received CE marking for the treatment of heart failure. Barostim neo has also received CE marking for the treatment of hypertension. It is under clinical evaluation for the treatment of heart failure and hypertension in the United States. Barostim restores sympatho-vagal balance by reducing sympathetic activity and increasing parasympathetic activity.

European Society of Cardiology

Website: www.escardio.org

B1

The European Society of Cardiology (or the ESC) represents over 87 000 cardiology professionals from across Europe and the Mediterranean. The ESC comprises 56 National Cardiac Societies, 15 Working Groups, 6 Associations and 5 Councils. It also includes the distinguished community of ESC Fellows and Nurse Fellows, 39 Affiliated Cardiac Societies, ESC Cardiologists of Tomorrow. To fulfil its mission of "reducing the burden of cardiovascular disease in Europe", the ESC provides an array of scientific and educational activities, such as the production and continuous updating of Clinical Practice Guidelines, the organisation of educational courses and initiatives, pan-European surveys on specific disease areas and the annual ESC Congress, the largest medical meeting in the world held this year from 29 August-2 September 2015 in London, U.K.

The ESC is proud to hold, in conjunction with its constituent bodies, several sub-specialty congresses, which are becoming increasingly popular within the profession. These are Acute Cardiovascular Care, EHRA EUROPACE, EuroEcho-Imaging, EuroHeartCare, EuroPrevent, Frontiers of CardioVascular Biology (FCVB), Heart Failure, and International Conference of Nuclear Cardiology (ICNC). The ESC also publishes several leading journals on cardiology.

Mission: To improve quality of life and longevity, through better prevention, diagnosis and treatment of heart failure, including the establishment of networks for its management, education and research.

Why should you visit the HFA Booth:

- Make the most of your HFA membership
- Discover HFA's educational opportunities for all levels

Pick up:

- Your copy of the Specialist HF Curriculum
- The White Paper on Heart Failure
- The European Journal of Heart Failure
- Heart Failure Guidelines

Ask about:

- The ESC Heart Failure open access journal
- The new initiative for young heart failure specialists: HoT
- The annual Heart Failure Awareness Day

Learn about:

- National Heart Failure Societies
- Who our patient website is aimed at
- What our 12 Committees do

COMPANY AND PRODUCT DESCRIPTIONS

GE Healthcare

C60

Pollards Wood, Nightingales Lane, Chalfont,
St Giles, Bucks HP8 4SP - United Kingdom
Email: info@gehealthcare.com
Website: www.gehealthcare.com

GE Healthcare provides transformational medical technologies and services to meet the demand for increased access, enhanced quality and more affordable healthcare around the world. GE Healthcare works on things that matter - great people and technologies taking on tough challenges. From medical imaging, software & IT, patient monitoring and diagnostics to drug discovery, biopharmaceutical manufacturing technologies and performance improvement solutions, GE Healthcare helps medical professionals deliver great healthcare to their patients.

HeartWare

B40

500 Old Connecticut Path,
Framingham MA 01701 - United States of America
Email: cs@heartware.com
Website: www.heartware.com

HeartWare is a global medical device company dedicated to delivering safe, high-performing and transformative therapies that enable patients with heart failure to get back to life. The company's innovative technologies are creating advances in the miniaturization of Ventricular Assist Devices (VADs) leading to less invasive surgical procedures and increasing the patient population who may be suitable for VAD therapy. HeartWare's breakthrough innovations begin with the HVAD® Pump, designed to be implanted next to the heart in the pericardial space avoiding the more invasive surgical procedures required with older LVAD technologies. The HVAD Pump is commercially available around the world.

COMPANY AND PRODUCT DESCRIPTIONS

Medtronic

Route du Molliau 31,
1131 Tolochenaz - Switzerland
Email: christine.dettwiler@medtronic.com
