CONGRATULATIONS
You have decided to partner Heart Failure 2020, the Annual Meeting of the Heart Failure Association of the ESC.

Heart Failure 2020 will take place in Barcelona and gather the core professionals in all category fields, into what will be the key meeting held within Europe for 2020.

We look forward to working closely with you over the coming months towards a rich and innovative Heart Failure 2020.

THANK YOU FOR READING THESE GUIDELINES
Please note that a successful application for participation at ESC Congresses implies an acceptance of the requirements contained within these ESC Guidelines for Industry @ Heart Failure 2020, within complementary ESC Guidelines for Industry @ Congresses and also in any updates posted on www.escexhibition.org/HeartFailure2020.

Please carefully note the key deadlines marked at the start of each chapter. To ensure we deliver a successful Heart Failure 2020, we will not be able to deviate from these deadlines.

This web address should be a main reference source in your preparations. The website is also organised by activity to allow you to focus on your company’s participation concerns. The website will provide you with updates, application forms, key dates, don’t miss information, technical specifications and much more... Bookmark it now!

Each exhibitor is responsible for sharing the address of the ESC Industry portal with their agencies or contractors and providing them with the necessary information for exhibition preparations.

YOUR CONTACTS
A dedicated team is happy to assist you in your preparations for the Heart Failure 2020. Please contact the following people as necessary for your queries.

BOOKING PROCEDURE
Application forms available on the ESC Industry portal: www.escexhibition.org/HeartFailure2020.

APPLICATION DEADLINE
1 November 2019: Application deadline with priority status: Stand, Industry Sponsored Sessions, Meeting Rooms and Sponsorship

NOTE
The invoice will be issued by
ESC – European Society of Cardiology 2035 route des Colles CS 80179 BIOT 06903 Sophia Antipolis Cedex, FRANCE. Signature of the order form constitutes establishment of the contract between the sponsor and the ESC. A stand assignment, sponsored sessions, sponsorship or rooms at Heart Failure 2020 confirmation and an invoice will be sent to the sponsor by email only. Should the confirmation differ from the order form, the details of the confirmation prevail unless the sponsor protests in writing within two weeks of the date indicated on the confirmation email.

Appointed Agency
- Sponsors should inform the ESC, in writing, which agency is appointed to conduct its affairs. Requests from unknown agencies will not be taken into account.
- Applications for stand spaces, session’ time slots, sponsorship items or rooms at must be submitted by the sponsoring industry. Correspondence should be made exclusively between this company and the ESC.
- It is not the role of any agency to make initial enquiries or reservations with the ESC independently of the sponsoring industry.
- The named agency cannot fully act as if it were the company itself and the company will continue to be held entirely responsible and accountable for activities organised in its name by its agency.
- The ESC has created ESC Guidelines for Industry @ Congresses as an essential tool on how to host Industry activities. It is obligatory that every appointed agency read these Guidelines and all other documents posted on www.escexhibition.org website in order to have a proper working relationship with the ESC Industry Team. Sponsors are responsible for communicating these guidelines to staff and appointed agencies.
- The ESC reserves the right to inform the Sponsor if the appointed agencies have not read or understood the ESC Guidelines for Industry so the companies may ensure smooth communication is re-established.

Condition of Sales
- Order forms need to be signed by an authorised company representative; only signed order forms will be taken into consideration. Failure to return a signed order form will result in loss of product and priority position
- An order is considered final and subject to payment and cancellation fees once this form has been signed and returned.
- Companies are invoiced for the requested service upon signature of the order form. Precise and definitive accounting information must be provided on the
initial e-application form. The ESC cannot reissue invoices for missing or incorrect data (addition of Purchase Order, changes of billing address).

- On time payment is essential to secure a stand space, session’ time slot, sponsorship item or rooms assignment.
- Stand space, session’ time slot, sponsorship item or rooms assignments are cancelled automatically if the invoice has not been paid within the given payment period.
- The ESC acts in good faith and is not liable for refund of contracted services in the case of regulatory or legislative bodies refusing the content of same.

For all payment, invoicing and cancellation information, please refer to the Order Form and Chapter 5 “Finance and invoicing” of these Guidelines.

1.3 STAND ASSIGNMENT
Stands will be assigned in accordance with the accrued point ranking if received by 1st November 2019. Points will be rewarded in line with participation in the past four Heart Failure Congresses.

To ensure every exhibitor has a chance to choose an appropriate location, the ESC stand assignment proposal is valid for 48 hours only unless the offer states otherwise.

After confirmation of stand assignment, any alteration of the stand type may be requested to ESC before 13 March 2020. To ensure a proper announcement of the stand spaces in the Heart Failure 2020 publications digital tools and printed materials, any request of change post this date will be subject to prior approval by the ESC. ESC cannot guarantee a positive response.

1.4 EXHIBITION SCHEDULE

CONSTRUCTION SCHEDULE
Exhibitors and their agencies must study the timetable for construction, exhibition opening and dismantling. Access to the unloading area and exhibition grounds for construction shall be according to the access schedule. Priority will be decided based on the size of stand area under construction and other considerations such as availability of halls. Agencies responsible for construction of more than one stand may apply for a time slot based on the combined area for which they are responsible.

Exhibitors and their agencies must strictly adhere to the timelines provided and ensure set-up is completed and the necessary packing material removed from the stand by the end of the time slot provided. If it appears to the ESC that the equipment and furnishing and/or the set-up and installation of the rented stand site will not be completed by the deadline, the ESC shall be entitled to take all measures they may
deem necessary. All costs arising from the ESC decision shall be paid by the exhibitor in full with no right to refund.

EXHIBITIONS ACCESS TIMETABLE

Construction

The hall is open for construction:

- On Wednesday 20 May: 14:00 to 20:00 (Build-up for stand more than 60m²)
- On Thursday 21 May: 08:00 to 14:00 (Build-up for stand more than 20m²) 14:00 to 20:00 (all stands)
- On Friday 22 May: 08:00 to 20:00 * All constructions must be completed by 20:00 on Friday 22 May, goods must be removed from aisles
- On Friday 22 May: 12:00 noon to 20:00 delivery of stand packages and Access to shell scheme booth exhibitors
- On Saturday 23 May: From 08:00 to 10:00 for stand decoration only

During build-up and dismantling period the Exhibition Halls don’t have any air-conditioning. Inside the exhibition hall it is compulsory to wear security shoes until Friday 22 May 12:00 noon. Forklift will also not be allowed in Exhibition Halls from Friday 22 May 12:00 noon. It is compulsory to wear security shoes throughout the entire duration of dismantling.

VEHICLE ACCESS FOR UNLOADING

Vehicles will not be allowed access to the loading bays before the date and time indicated on the Access Schedule. Access is allowed in direct relation to the size of the exhibit, with the earliest slots allocated to companies building the largest stand area(s). Slots should be booked in advance from Fairexx. Time slot request form is available on www.escexhibition.org/HeartFailure2020

Stand decoration is possible on Saturday 23 May from 08:00 to 10:00. No further vehicle access to the exhibition ground from Saturday 23 May until Monday 25 May 2020 at 18:30.

Daily deliveries should be sent to the Fairexx office, where transport to the exhibition area may be arranged.
Opening Hours

Saturday 23 May
08:00 – 10:00  Stand decoration
       Staff meetings may be held on stands

IMPORTANT
Note that from 08:30 delegates will be invited to attend the scientific sessions and visit
the Posters Area, which means that the congress doors will open to delegates from
07:30. No dedicated security will be put in place for this occasion – we therefore
recommend you secure your stand space in order to avoid having delegates inside.

Special attention must be paid to noise disturbance caused by rehearsal of music
and/or sound, broadcasting of images and vacuum cleaning of the stands during Heart
Failure sessions held in lecture rooms. If the ESC judges that a disturbance is being
cause, the exhibitor will be asked to cease the activity immediately. A refusal to lower
the sound level or cease an activity will be considered as a violation of these
Guidelines.

Staff labor risk during set-up and breakdown at CCIB, refer to the webpage here:
In accordance to the Risk Assessment, the appropriate PPE shall be used by every
employee, third party employee or autonomous worker, with special attention to the
safety shoes/boots inside the facilities during the setting and disassembling of stage,
stands, etc.

EXHIBITION LOCATION AND BUILDING INFORMATION
The exhibition accompanying Heart Failure 2020 will be held in the multipurpose hall (Level 0) of Centre de Convencions Internacional de Barcelona – CCIB.

Zone Information
- Exhibition Halls shared with lecture rooms, poster and catering areas
- Gross area dedicated to exhibits approx. 4,000 m², free of columns
- There are two different spaces use for the event with different building height – refer to Exhibition floor plan for more details on each stand height restriction
- Exhibition Halls floor weight loading is of approximately 2500kg/m²
- Electricity & internet delivered by cable at floor level
- Water & waste are not available everywhere in the Exhibition area
- Loading bay located in -2 level: height 4.25m & width 7m. Loading deck located on the same floor of exhibition area height: 5.50m and width 30m. Trailers are not allowed in the building.
- Dimension of loading bay at Leonardo Da Vinci Door: 5.5m high by 30m wide
- Dimension of loading bay at Willy Brandt Square: 3.36m high x 1.6m wide
- First Aid is located in level -1 under the escalators.
- General lighting in the multipurpose hall (Level 0) with no natural light
- Exhibition floor will be carpeted in dark grey color (unless customised by an exhibitor in order to join two stands)

STAND CONSTRUCTION

Please refer to the ESC Guidelines for Industry @ Congresses for full technical specifications and illustrations.

SUSPENSION POINTS
Exhibitors with a stand size from 60m² will be able to benefit from the possibility of having a portion of their stand design suspended. The suspended height allowance will be in direct proportion to the m² floor area of each stand and the slings around the truss will be adjusted accordingly. CCIB provides the pre-rigging hanging points. Stand builders will be able to hang their structures on the pre-rigging points provided and indicated by CCIB. Electricity always comes from the floor.

<table>

<td>5.5m</td>
<td>4m</td>
</tr>
<tr>
<td>101m² and over</td>
<td>6m</td>
<td>4m</td>
</tr>
</tbody>
</table>

IMPORTANT
Exhibitors taking advantage of having a portion of their stand design suspended should ensure that the stand design indicates clearly the truss structure or rigging point used to hang components. The suspended heights allowance indicated above are from the hall floor to the bottom of the truss or to the rigging point if no truss is used.
**Hanging components**

- All hanging components (i.e. banners, lights, loud speakers, balloons...) must be attached to a truss within the stand perimeter.
- Hanging components may never be hung or protrude outside the perimeter of the stand.
- Hanging components may not be placed in a way that unfairly impedes visibility of neighbouring stands.
- Nothing should protrude above hanging components and items.
- All rigging and electrics should be hidden as much as possible.
- Brightness of hanging components (i.e. backlit banners, monitors, display screens...) should be moderate.
- The size and number of hanging components must be limited in order to minimize the stress to the facility ceiling structure.
- Exhibitors must use lightweight materials in the construction of a hanging component.
- All hanging signs must be finished on all exposed sides.

It is no longer required to restrict the width of the hanging components to 2m. Furthermore, it is no longer required to keep a minimum of 30cm free between the lowest point of hanging components and the highest point of standing elements.

**SECURITY**

**Due Diligence**
All entities involved in Heart Failure 2020 must have adequate insurance to cover claims arriving from industrial accidents and public safety, whatever the cause. Exhibitors and their contractors must abide by current legislation in the host country with regards to the prevention of occupational hazards which apply to the work being carried out. Particular care should be taken during construction and dismantling periods; unsafe working practices will be stopped by the organiser in the interests of public safety. Exhibitors using materials not conforming to any safety component of these Guidelines will replace them with safe alternatives at their own cost.

**Safety Requirements**
All stands, materials, installations, advertising supports, etc., must conform to public safety requirements in the host country and the E.U. Where these differ, the most stringent standard must be met.

*Please refer to the ESC Guidelines for Industry @ Congresses and venue rules and regulations for further information.*

For any questions regarding safety and security in the venues, exhibitors could contact the ESC Industry Team who will liaise with the venues.
**STAND MODULE - SHELL SCHEME STAND**
Exhibitors who need to rent a standard exhibit stand module are urged to use the services of the official stand service supplier. Shell scheme stands will be signed off by the official stand supplier separately.

**Submission Deadlines**
- By 13 March 2020: Exhibitors renting a shell scheme stand should inform ESC Industry Team accordingly.
- A public liability insurance document should be sent by exhibitor to the ESC Industry Team.

A choice of two turn-key stand solutions is available at attractive package prices for stands up to 25m², namely:

- **Structure**: walls, roll carpet, fascia board with exhibitor name & stand number, assembly charges and daily basic stand cleaning.
- **Lighting**: general lighting by spots, 1 switchboard for general lighting, electrical consumption.
- **Furniture package**: storage 1x1m, counter with stool, brochure holder, table and 3 chairs.

The stand module (6m² – 25m²) provided by the official stand service supplier and illustrated below will be uniform stands with uniform graphics, height and design. Partition walls will be 2.5m high, graphics & signage may be an additional 0.5m.

**CUSTOM STAND DESIGN**

**Stands Drawing**
By 13 March 2020 every exhibitor must submit to the ESC Industry Team, an exact statement of the dimensions of their stand as well as plans and descriptions of this stand.
A public liability insurance document must be submitted as well as all additional certification documentation required for complex structures. All documents for construction certification are required.

Please refer to the ESC Guidelines for Industry @ Congresses for further information.

**HEALTH & SAFETY CERTIFICATION**

**Complex Structures**
A complex structure is any form of construction of any height, which may require input from a structural engineer.
If a stand is not constructed from “shell scheme”, it is the responsibility of the stand designer to determine whether the construction is complex or not.

Please refer to the ESC Guidelines for Industry @ Congresses for further information.

**Stand Module**
By 13 March 2020 exhibitors renting a stand module from the official stand supplier should submit the package type, dimensions & non-standard items such as display screens and catering areas. Note that these stand constructions will be signed off by
the official stand supplier separately. There is no need to provide any specific documentation for a stand construction certification apart from the public liability insurance document.

**Onsite Checking**
All stands will be checked onsite by the ESC Industry Team and by the venues’ Health & Safety Team to ensure that the structures are safe and that they are compliant with the approved technical drawing upstream. In case of difference between the approved drawing and the stand, the ESC Industry Team reserves the right to ask for any change needed in order to make the stand compliant.

Please refer to the ESC Guidelines for Industry @ Congresses and venue rules and regulations for further information.

**STAND TYPES**
Two-storey structures are not allowed. Arches, bridges or similar constructions connecting two or more stands are not allowed. L & U shape island stands are not encouraged.

Please refer to the ESC Guidelines for Industry @ Congresses and venue’ Rules and Regulations available on [www.escexhibition.org](http://www.escexhibition.org)

**Specific Requirements**
In order to create a physical separation within a stand (e.g. to provide a distinction between commercial and scientific functions) an Exhibitor can choose to have 2 peninsula (or 2 corner stands) side by side, instead of one island stand (or peninsula stand).

Please mention this requirement on your stand application form and the ESC Industry Team will advise you accordingly.

- An Exhibitor choosing to have 2 peninsula or 2 corner stands should be aware that both stands will be considered as 2 separate stands:
- Each stand design will be evaluated individually
- Each stand will have its own stand height allowance depending on the size of each ordered space
- Both stands can be separated by means of a separation wall or by means of a common storage area
- The back wall or the combination of common storage area and back wall must extend throughout the full width of the stand, from one side to the other
- The separation wall between both stands must be at a minimum of 2.5m and a maximum of 3.5m
- A service door between both stands is possible. This service door must be exclusively reserved for the exhibitor’s stand staff. An open passageway will not be approved
- Line(s) of sight on the back wall of both stands is possible (i.e. glazing...)
STAND DESIGN APPROVAL
Each stand design is evaluated individually. For confidentiality matters, the exhibitors’ stand designs submitted to the ESC will not be communicated to third parties.

The ESC will send an approval of the stand design to the exhibitor and/or the exhibitors’ agent. Only with this approval shall the stand be deemed eligible for construction. The stand design approval will be sent by the ESC Industry Team only when the venues have approved and signed off the stand plan and the required documentation for construction certification. No approval means no permission to construct the stand – resulting costs are entirely at the exhibitor’s expense.

Please refer to the ESC Guidelines for Industry @ Congresses and venue rules and regulations for further information.

STAND HEIGHT ALLOWANCE
The maximum height allowance is in direct proportion to the m² floor area of each stand and is as follows:

Stands A to D
- 6m² - 25m²: 2.5m
- 26m² - 45m²: 3.5m
- 46m² - 60m²: 4m
- 61m² - 80m²: 4.5m
- 81m² - 100m²: 5m
- 101m² and over: 5.5m

Stands E to G
- 6m² - 25m²: 2.5m
- 26m² - 45m²: 3.5m
- 46m² and over: 4m

EDGE OF THE STANDS
A 30cm inset from the edge of the stand is the minimum vacant margin required by the ESC. It is forbidden to place stand elements on the open sides of island, peninsula, corner or in-line stands within this 30cm perimeter.

Erecting walls or glazed surfaces is permitted within the 30cm perimeter or at the edge of the stand, as long as there is no equipment or material integrated or placed on these surfaces, aiming to attract visitors and thus creating a crowd on the aisles bordering the stand.

IMPORTANT
- It is forbidden to place stand elements (i.e desks, monitor, kiosk…) likely to attract visitors and cause a crowd onto the aisles on the edge of the stands. The stand should be designed to contain all interested parties without affecting the exhibition’ traffic flow.
- All Exhibitors should have plans to prevent congesting the aisles and disrupting neighboring exhibits. All attendees visiting booths should be inside booth boundaries at all times. Attendee congestion in the aisles outside a booth is an
LINE OF SIGHT
The primary objective of creating a line of sight through the open sides of the stands is to keep the view throughout the Exhibitions as free as possible. The line of sight minimum height must be 2m.

Please refer to the ESC Guidelines for Industry @ Congresses for full technical specifications and illustrations.

STAND TRANSPARENCY
33% of the overall stand width is the minimum transparency rate required by the ESC. Each open side of island and peninsula stand types must provide lines of sight from aisle to aisle. The total of the lines of sight must reach a minimum of 33% of the stand width.

On the closed side of peninsula, corner and in-line stands, the ESC requires a line of sight when the height of the construction exceeds the height of the back wall. The total of the lines of sight must reach a minimum of 33% of the stand width.

Please refer to the ESC Guidelines for Industry @ Congresses for full technical specifications and illustrations.

WALLS ERECTED ON STANDS
1/3 of the length of the stand is the maximum size for walls erected at the edge or inside island, peninsula, corner or in-line stands.

There is no limit on the number of walls erected inside the stand if it complies with the 30cm, 1/3 and stand transparency regulations.

NOTE
• Erecting walls or glazed surfaces is permitted within the 30cm perimeter or at the edge of the stand, as long as there is no equipment or material integrated or placed on these surfaces, aiming to attract visitors and thus creating a crowd on the aisles bordering the stand.
• Peninsula, corner and in-line stands must be separated from neighboring stands by means of separation wall(s). In principle this separation wall(s) should be 2.5m high. If two neighboring exhibitors come to an agreement regarding the separation wall, the height of this wall must be approved by the ESC. These walls cannot be higher than 3.5m.
• According to the stand element height allowance, walls higher than 2.5m or 3.5m erected on stands must be 1m inset from the separation wall(s).

Please refer to the ESC Guidelines for Industry @ Congresses for full technical specifications and illustrations.
SELF STANDING ELEMENTS
Stand elements of 1.4m and higher will be taken into account in the calculation of the transparency and the total width of these elements must not exceed 1/3 of the side of the construction.

Stand elements lower than 1.4m will not be taken into account in the calculation of the transparency and therefore will not be considered as obstructive.

Self standing structures with a banner on the top or arch structure
A banner on self standing items or top part of an arch should not exceed 2m.

Please refer to the ESC Guidelines for Industry @ Congresses for full technical specifications and illustrations.

EXHIBITION SERVICES
For all your stand service orders and the latest exhibition logistics information, please visit www.escexhibition.org.

All stand services can be ordered via the Exhibitor Shop available on www.escexhibition.org.

For further information on services available, please contact CCIB to stands@ccib.es

Service Points (Electricity)
Electricity will reach stands via cables. Connections must be made by the venues’ Technical Exhibition Service only. Access points at any given location may be supplying services to other exhibitors; therefore some stand areas may have cables/pipes/electrical distribution boxes within their area feeding other locations. For aesthetic reasons it may be necessary to shield these pipes or in extreme cases install a platform floor, in such cases ESC will advise exhibitors at the earliest opportunity. Any additional costs arising will remain the responsibility of each exhibitor.

For complete details on electrical rules and regulations for stand installation, refer to the venues’ Rules and Regulations available on www.escexhibition.org

Please refer to the ESC Guidelines for Industry @ Congresses for further information.

Internet Connection
With the explosion of wireless-enabled devices (smartphones and tablets), the Wi-Fi network availability during ESC Congresses has become a challenge. In order to avoid interferences between Wi-Fi devices on stands (routers, access points, controllers ...) the ESC strongly recommends getting in touch with the official supplier, Vision, for all connection needs. The supplier will provide internet connections (via cable) and Wi-Fi capabilities for internet browsing and email reading. The Wi-Fi settings will be coordinated with those of your neighboring booths to avoid interferences for you and other exhibitors as best possible. For this reason it is extremely important that every stand owner operates his Wi-Fi on the settings assigned to him. This will ensure that interferences with your own Wi-Fi and the network of others are kept to a minimum. The ESC, supplier and the venues’ IT and Telecommunications Support has the right to
require exhibitors to modify the settings and/or remove these devices if judged necessary.

Failure to report Wi-Fi equipment could lead to an immediate requirement to suspend equipment onsite.

**Waste And Cleaning Management**
Exhibitors should manage (contract and pay for) their waste removal through the official cleaning supplier. This can be ordered through the Exhibitor shop on: [www.escexhibition.org](http://www.escexhibition.org).

‘Wild tipping’ or disposing of bulk waste within the fairground without payment will be considered a serious violation.

**IMPORTANT**
Unattended rubbish left by exhibitors in aisles when the exhibitions are open will be removed at the Exhibitor’s expense.

Please refer to the ESC Guidelines for Industry @ Congresses for further information.

**Catering**
Exhibitors may not bring their own catering into the venues. All perishable goods (coffee, tea, milk, sugar, fresh fruits...) necessary for the service of hospitality on stands should be ordered from the official caterer. Exhibitors may not sell food or drink for consumption on the premises. Serving alcoholic beverages on stands is strictly forbidden.

The Official Caterer of the Heart Failure 2020 is CCIB food & beverage services. Catering can be ordered online from the order form available on: [www.escexhibition.org/HeartFailure2020](http://www.escexhibition.org/HeartFailure2020)

**Important**
Food & Beverages service is an exclusivity of the CCIB. It is not allowed to enter any kind of Food & Beverages including coffee machines from outside the venue. This exclusivity also includes to all types of catering equipment such as coffee makers, juicers, popcorn machines.
The CCIB reserves itself the right to add a charge for the entry of any F&B products not supplied by the venue (authorization is necessary from the venue).
For special catering services including waiter service please contact with [stands@ccib.es](mailto:stands@ccib.es) for more information.
The exhibitor must consider the space available on the booth to store and display the requested deliveries.
In case to have any other doubt about F&B please contact to [stands@ccib.es](mailto:stands@ccib.es), to avoid misunderstandings once the event stared.

**LOGISTICS**
Transport regulations/handling
The official forwarder for ESC Congresses is:
Fairexx Logistics for Exhibitions GmbH
Email: contact@fairexx.com
Within the limits of the venues, Fairexx and its agents act with the authority of ESC on its behalf in matters concerning vehicle logistics & security, freight forwarding, freight lifting and storage of goods.

Please refer to the ESC Guidelines for Industry @ Congresses for further information.

IMPORTANT
Each exhibitor who needs to access the loading zone must request an unloading and reloading time slot through Fairexx for build up and dismantling using the form available on www.escexhibition.org/HeartFailure2020

Delivery Address
The address for all deliveries will be made available in the Fairexx freight forwarder manual available online on www.escexhibition.org. Note that this will be the only delivery address to be used for consignments delivered direct to Centre de Convencions Internacional de Barcelona - CCIB. Venues representatives are not entitled to receive goods on behalf of exhibitors.

Storage
Empty packing cases must be removed from the exhibition halls by 20:00 on Friday 22 May 2020. Exhibitors should therefore make prior arrangements for the safekeeping of such items with the appointed official forwarder and lifter, Fairexx, or with their own shipping agent. Storing materials in the spaces behind or close to stands not rented by the exhibitor is strictly forbidden. Storage on stand is limited to daily basis used. No extra storage will be allowed in Exhibition halls.

1.6 SAFETY AND TECHNICAL SPECIFICATIONS

Please refer to the ESC Guidelines for Industry @ Congresses and venue’ Rules and Regulations available on www.escexhibition.org/HeartFailure2020

ACCESS FOR PEOPLE WITH REDUCED MOBILITY
The exhibitor must comply with European regulations and with the accessibility order. These regulations specify that all premises and facilities open to the public must allow access to the disabled and to people with reduced mobility. For ESC Congresses, all disabled persons must be able to access and exit all facilities without assistance.

FIRE PREVENTION AND CROWD SAFETY

Exhibitor Obligations
Exhibitors must have available on site all official reports on the fire resistance classification of all materials used on their stands. If official reports are not available, exhibitors must have all fireproofing certificates available on site at each of their stands. Any goods on stand will be subject to these regulations.

IMPORTANT
All materials to be used for stand fitting up (partition walls, backdrops, platforms, coverings, fabrics, false ceilings, curtains, carpets, various structures and so on) must be incombustible, originally fireproof or fireproofed, in compliance with the European standards.
Exhibitor’s using materials not conforming to any safety component of the ESC Guidelines for Industry @ Congresses and venue’ Rules and Regulations will replace them with safe alternatives at their own cost.

**Organiser’s Security**
The ESC undertakes the general surveillance service of the venues, both day and night.

**Extra Security**
The ESC will provide general surveillance of the hall, however, the ESC reminds exhibitor of their responsibility for their stand surveillance.

Stand security can be ordered via the Exhibitor Shop available on [www.escexhibition.org/HeartFailure2020](http://www.escexhibition.org/HeartFailure2020).

**Valuable Goods**
The Exhibitor shall be responsible for the surveillance of his/her stand and exhibit during the exhibition opening hours. Exhibitors are recommended to pay closer attention to the exhibits during the stand construction and dismantling periods. Valuable objects, which may easily be removed, should be locked away overnight. The ESC accepts no responsibility for goods stolen from exhibits at any time.

**IMPORTANT**
Exhibitors should not leave removable/valuable goods unattended on the stand at any time; particular attention should be given to goods awaiting collection from the freight forwarder/lifter.

**INSURANCE**
Please refer to Chapter 6 “General Terms and Conditions” of this Guidelines and to Chapter 5 “General terms and conditions” § 5.3 INSURANCE of the ESC Guidelines for Industry @ Congresses.

**1.7 EXHIBITOR REGISTRATION**

Please refer to the ESC Guidelines for Industry @ Congresses for further information.

All exhibiting companies have a fixed allocation of free General Exhibitor, and Scientific Exhibitor badges. If the number of free General Exhibitor badges is insufficient, extra General Exhibitor badges may be purchased.

**EXHIBITOR BADGE CATEGORIES**
Exhibitor registration types are reserved only for staff working directly in the organisation and management of exhibits, Industry Sponsored Sessions and sponsored activities. Bearers are subject to the restrictions contained within these Guidelines.

**General Exhibitor Badge**
- Access to Exhibition halls
- No access to Heart Failure 2020 Scientific Sessions
- Access to Industry Sponsored Sessions of affiliated company
- No congress bag
- No journal subscription
• No accreditation
• Electronic version of the Final Programme on Mobile App and Website
• Opportunity to purchase additional General Exhibitor badges
• Onsite name changes are not accepted, a new badge must be purchased
• Lost General Exhibitor badges will not be replaced, a new badge must be purchased

Scientific Exhibitor Badge
• Access to Exhibition halls
• Access to Heart Failure 2020 Scientific Sessions
• Access to Industry Sponsored Sessions
• No congress bag
• No journal subscription
• Electronic version of the Final Programme on Mobile App and Website
• No additional paying Scientific Exhibitor badges can be ordered (beyond the defined number allocated per stand). If any additional one is required, a usual delegate badge should be purchased through the ESC website.
• Onsite name changes are accepted upon surrender of the original badge (administration fee to be charged)
• Lost Scientific Exhibitor badges will not be replaced, a new badge must be purchased

EXHIBITOR BADGE ALLOCATION
The number of free allocated badges is determined according to each stand space. An Exhibitor choosing to order several stands, should be aware that each stand will be considered as separate stand.
Each exhibiting company is entitled to receive one official congress bag.

EXHIBITOR BADGE ORDER
Free Badge Orders
A link to an online form will be sent to the Industry’s main contact a few weeks before the Congress. This online form will already have the correct number of badges to be completed with the onsite staff’s names (or be left with the company name only).

Should the person in charge of ordering the badges not be from the Industry, an official letter of appointment must be provided to the ESC to prove they have indeed been mandated to order them. Failure to do so will result in the request for badges not being taken into account.

Exhibitor badge indicates company name and/or individual name. Exhibitors may choose how their free badges are inscribed: either company name only or individual name & company name. It is mandatory that the company name is the same as that provided for the exhibition listing.
Badge Fees And Order Deadlines
Additional General Exhibitor badges may be pre-ordered at the early fee of €125 (excl. VAT) per badge before 24 April 2020 and €200 at on-site fee.

WORK PASSES
In the interest of safety, only those individuals directly responsible for the construction and dismantling of exhibits will be permitted in the exhibit areas during the construction and dismantling periods. To this end, work passes will be given out from the Fairexx office during construction and dismantling phases.

Work passes are only valid during the stands’ build-up time.

Delegate Passes To Exhibitions Outside Of Opening Hours
For security reasons, access to the exhibitions outside of opening hours is limited to persons holding an exhibitors’ badge and to the official opening time of the congress. Full fee paying delegates affiliated with an exhibiting company can also receive a green sticker for access to the exhibitions outside of exhibition hours. Companies must provide the ESC with a complete list of relevant names prior the congress. Named delegates will be provided with the necessary stickers at the Exhibitor Registration desk and will be given access to the exhibition without the need to be accompanied.

1.8 STAND ACTIVITY AND PROMOTIONAL REGULATIONS

Please refer to the ESC Guidelines for Industry @ Congresses for further information.

STAND ACTIVITIES
The main activity of any exhibition’ stands should be the presentation of the exhibiting company and/or its products or services.

Companies may organise stand activities in line with the information they have to communicate with the delegates. Stand activities should be focused on the product and scientific information to be communicated; companies should ensure that the perception of the activity is above all one of transfer of knowledge. All stand activities must be submitted to the ESC for approval. Interactive technology based activities may be accepted provided their focus remains product, scientific knowledge transfer and they have no negative impact on the exhibitions or other rules within this publication.

Audio & Visual Activities
The projection of films and slides; any amplification with the aid of loudspeakers; the production of music and/or sound; as well as the use of lighting, computer monitors and television screens is acceptable within the stand space as long as no disturbance is caused. Sound and lighting effects should be contained within each stand area. If the ESC judges that a disturbance is being cause, the exhibitor is to halt the activity immediately. If this is not done, the ESC reserves the right to make the necessary arrangements at the expense of the exhibitor. A refusal to lower the sound level or halt an activity will be considered a violation of these Guidelines. Licensing for copyrighted work is the sole responsibility of the exhibitor.
IMPORTANT
Out of respect for our fellow exhibitors, it is requested that demonstrations/presentations, which may generate noise within the exhibition area, are kept to a minimum. All loudspeakers are to be positioned within the boundaries of the stand and angled so that they face inwards towards the centre point of the stand. The maximum permitted volume on stands is 3db above background noise, measured from 3m distance to the stand. The ESC is authorised to restrict any demonstrations/presentations which do not comply with the regulations.

We call on all exhibitors to kindly self-regulate the level of noise they are producing – the exhibition is an open area so it is crucial that all parties act in good faith to ensure harmony throughout the area.

NOTE
Each exhibitor is asked to seriously consider these recommendations and self-regulate. Refusal to lower the sound level or halt an activity will be considered a violation of these Guidelines and will cause the penalty of removal of half of the company’s accrued points accumulated for the congress.

PROMOTIONAL REGULATIONS
Items which may be advertised
It is prohibited to advertise goods and services which have not been admitted to Heart Failure 2020 or to make publicity for organisations which do not occupy stand space at ESC Congresses. Exhibitors should be aware that they are held responsible for any material on which their logo and/or name appears. This applies especially to any brochures produced and distributed by a third party.

Items for distribution
Exhibitors can distribute approved items to delegates on their stands and/or to those delegates participating in approved stand activities. Each exhibitor should declare all items for distribution in advance with a description/picture and unit price by using the e-form sent by the ESC Industry Team.

2.5 GENERAL RULES GOVERNING INDUSTRY SPONSORED SESSIONS

ASSIGNMENT OF INDUSTRY SPONSORED SESSIONS
The accrued points ranking and the date of receipt of the signed order form at the ESC offices (before the application deadline with priority status), determine the assignment of Industry Sponsored Sessions time slots and/ or lecture rooms.

Applications received after the application deadline with priority status are treated on a first-come, first-served basis with no guarantee of availability.

**INDUSTRY SPONSORED SESSIONS REQUIREMENTS**

**Badges, right of admission reserved**

All persons involved in the organisation of Industry Sponsored Sessions (film crew, technicians, participants…) must have a valid badge:

General Exhibitor¹ and Scientific Exhibitor², active participant or day ticket.

¹*General Exhibitor Badges for Non-Exhibitors will give the holder access to the Industry Sponsored Sessions of the organising company during the congress opening hours. These badges do not give the holder any exhibitor rights.*

²*Scientific Exhibitor Badges for Non-Exhibitors will give the holder access to the scientific sessions of the ESC Congresses. These badges do not give the holder access to an official congress bag and/or accreditation.*

**Speaker Service Centre (SSC)**

ESC Congresses offers computerised presentation facilities for all lectures. The use of the Speaker Service Centre is mandatory, free, and offers audio-visual assistance to all speakers.

The Speaker Service Centre will be open as follows:

<table>
<thead>
<tr>
<th>Date</th>
<th>Times</th>
</tr>
</thead>
<tbody>
<tr>
<td>Friday 22 May 2020</td>
<td>14:00 – 18:00</td>

<td>07:30 – 18:30</td>
</tr>
<tr>
<td>Tuesday 26 May 2020</td>
<td>07:30 – 12:00</td>
</tr>
</tbody>
</table>

**OVERFLOW**

Once the lecture room assignment is complete, if suitable lecture rooms remain, companies are cordially invited to request an additional lecture room to create their own overflow area. The use of the Speaker Service Centre is mandatory.

**Catering**

- Catering services can be organised with the ESC official caterer at the sponsor’s cost. The Official Caterer of Heart Failure 2020 is ccibf&b.
Companies will have the right to serve alcoholic beverages during the receptions organised at the following dates and times only:

<table>
<thead>
<tr>

Industry Sponsored Session promotional materials must be approved by the ESC before 14 April 2020.

Items for distribution
Industry Sponsored Sessions organisers can distribute approved items to delegates participating in their sessions.
Each session organiser should declare all items for distribution at their sessions in advance with a description/picture and unit price using the e-form available on www.escexhibition.org/HeartFailure2020

2.6 PREPARING INDUSTRY SPONSORED SESSIONS SCIENTIFIC PROGRAMMES

Please refer to ESC Guidelines for Industry @ Congresses for further information.

SUBMITTING YOUR SCIENTIFIC PROGRAMME

By 30 January 2020 the complete scientific programme of Industry Sponsored Sessions must be submitted online via the appropriate service provided by the ESC and available on www.escexhibition.org

Please note that our entry system has been modified. The programme as it is entered by the session organisers will be the final version. ESC staff will not reprocess your scientific programme apart from minor style guide issues.

Note
• Industry Sponsored Sessions are announced in all publications as “sponsored by company X”. Sessions’ sponsor can use a different wording to announce the session on their own promotional material, but the ESC approval is mandatory.
• Proposed name of at least 1 Chairperson (Up to 3 Chairpersons permitted)
• When submitting the scientific programmes for the Satellite Symposia - Experts on the Spot sessions, the organisers must clearly indicate the Satellite Symposium(a) it refers to.
• Experts on the Spot sessions must be content related to the Satellite Symposium.
• The number and duration of Practical Tutorials sessions is not restricted. It is left to the choice of the organisers.

APPROVAL OF SCIENTIFIC PROGRAMMES

The content and scientific programme of Industry Sponsored Sessions will be reviewed and approved by the Chairperson of the Congress Programme Committee (CPC) who will confirm/ascertain the scientific value of Industry Sponsored Sessions. Approval or suggestions for changes by the CPC Chairperson will be communicated to the Industry Sponsored Sessions organisers. These recommendations must be taken into consideration and programme thereafter be modified accordingly.

Further changes in the scientific programmes content can thereafter not be made without the specific approval of the Congress Programme Committee (CPC).

FACULTY GENERAL RULES

ESC Faculty management policy
Faculty involved in ESC scientific sessions benefit from free registration. Hotel accommodation, travel expenses and extras remain the responsibility of the Faculty member.
INDUSTRY SPONSORED SESSION FACULTY MANAGEMENT POLICY

Faculty management
The ESC Faculty management policy does not apply for faculty participating only in Industry Sponsored Sessions. The organiser must contact the faculties involved in their sponsored session(s) with regards to their faculty contracts and congress participation.

Faculty engagement
The ESC will not engage in communication on Faculty arrangements and expense management.

The ESC reserves all rights to modify the ESC programme Faculty at any time without prior notification, the Congress Scientific Programme & Planner (SP&P) will reflect the changes made.

It is the responsibility of the organisers to ascertain their Faculty members availability and agreement to participate prior to submitting the programme online.

For Faculty only involved in Industry Programmes, the ESC will facilitate contact between Industry Sponsored Session organisers to discuss Faculty arrangements amongst themselves. Nevertheless, the ESC will not engage in communication on Faculty arrangements and expense management.

In a case of conflict between sponsors the newest entry will be asked to modify his choice of Speaker/ Chairperson unless a different arrangement is made between sponsors with the faculty in question.

3.2 ASSIGNMENT OF SPONSORSHIP ITEMS

Please refer to the ESC Guidelines for Industry @ Congresses for further information.

The accrued points ranking and the date of receipt of the signed order form at the ESC offices (before the application deadline with priority status), determine the assignment of sponsorship items.

Applications received after the application deadline with priority status are treated on a first-come, first-served basis with no guarantee of availability.

3.3 PRODUCT ADVERTISING

Unless specifically noted in § 3.7 Product Descriptions and Technical Specifications, the use of product names/brand names, misleading names that might be perceived as product/brand names and registered trademarks are not permitted for sponsorship products.

In the event where product prescription information is specifically required by local healthcare authorities, the ESC will align with local regulations.

**IMPORTANT**

For given Sponsorship products ESC permits product advertising. Local regulatory approval is incumbent on the company selecting the product. The ESC acts in good faith and is not liable for refund of contracted services in the case of regulatory or legislative bodies refusing the content of same.

3.4 ONSITE ADVERTISING

Please refer to the latest logistics information and technical specifications posted on www.escexhibition.org/HeartFailure2020

By 23 March 2020 onsite advertising items files must be sent to ESC Offices (sponsorship@escardio.org) for approval and production.

**IMPORTANT**

Approved files should not be modified or will incur extra production costs at the expense of the sponsor.

3.5 HEART FAILURE EVENT VISUAL

A specific version of the Heart Failure 2020 event visual (picto) is provided for facultative use by our Industry Partners to promote their congress activities. This picto is the only Heart Failure 2020 visual that may be used and it must not be distorted or altered in any way. The picto size should be used in a manner which gives the reader the impression of a stamp of participation. Therefore, the visual size should not be larger than 10% the size of the page upon which it appears.
Industry Partners may not create letterheads, invitations, or other materials that give the impression of being official Heart Failure 2020 materials. The materials must clearly and primarily carry the branding of the Industry Partner.

The use of the ESC or ESC Association logos is not allowed.

Exhibitors or their agencies are not allowed to reproduce texts that have been specially produced by ESC or ESC Associations for use in publications or any material posted on the ESC Website or Mobile App.

**BADGE LEAD MANAGEMENT SYSTEM**

*No product advertising permitted*

Does your company have its own lead tracking solution for events? Are you looking for a way to use your company’s own lead management system(s) in conjunction with Heart Failure 2020 registration protocol?

Access information from Heart Failure 2020 delegate badges in real time, enabling your exhibit or symposium staff to store, edit and amend delegate data using your own hardware and software by scanning this information from the delegate badges to your database.

The sponsor will implement a programme to use this interface in order to retrieve the delegate information during the congress period. The industry partner must conform to
the technical details that will be provided by the ESC. Please refer to complete technical specifications on www.escexhibition.org/HeartFailure2020

**DELEGATE BADGE HOLDER**

*Deadline: 21/02/2020*

*No product advertising permitted - Exclusive sponsorship*

Print your logo on the highly visible Delegate Badge Holder which will be worn by all delegates throughout the event, ensuring extensive exposure. The delegate badge holder will contain the popular Programme at a Glance.

**EBLAST – PRE-CONGRESS**

*Deadline: 29/04/2020 & 06/05/2020*

*No product advertising permitted*

Promote your exhibition space or sponsored sessions to all Heart Failure pre-registered delegates a few days prior to the congress to increase awareness surrounding your activities with the pre-congress eBlast. It is an ideal way to highlight your congress activities and your association with Heart Failure 2020. A customised mailing created exclusively will be mailed to pre-registered delegates from our database, who have agreed to receive communications from the ESC (according to European data protection regulations) on 12 and 20 May 2020.

Due to the limited number of electronic invitations, be sure to reserve early.

- **29 April 2020**: Deadline for 12 May eBlast
- **06 May 2020**: Deadline for 20 May eBlast

In order to offer a prime position to each advert, 10 different versions of the two eBlast mailings will be produced and a randomised version of each sent to the mailing list of pre-registered delegates.

Delegates will be able to open an enlarged pdf version of each of the sponsor’s adverts by clicking on the advert visual or the session title. A hyperlink can be included in your pdf however it must only lead to a standalone webpage. The focus of this page should be the activity mentioned in the advert.

eBlast sponsors must provide:

- 1 advert visual for mailing content - size: 284px x 142px - weight: 50 ko max (recommendation: include your logo)
- 1 Pdf format advert – weight: 1MB max

Please refer to specification document on www.escexhibition.org/HeartFailure2020

**EBLAST – POST-CONGRESS**

*Deadline: 29/05/2020*

*No product advertising permitted*

Reach out to Heart Failure 2020 registered delegates and our healthcare professional database who have agreed to receive communications from the ESC (according to European data protection regulations) after the congress via an electronic message regarding your products or your Industry Sponsored Sessions.

The post-congress eBlast is an ideal way to highlight your congress activities and your association with Heart Failure 2020. A customised mailing created exclusively will be
mailed to approximately 9,000 healthcare professionals (registered delegates and HFA database, note that HFA Members who attend the Congress are counted as delegates) on 10 June 2020.

Due to the limited number of electronic invitations, be sure to reserve early. In order to offer a prime position to each advert, 10 different versions of the eBlast mailing will be produced and a randomised version of each sent to the mailing list of pre-registered delegates.

A hyperlink can be included in your pdf however it must only lead to a standalone webpage or your session on ESC 365. The focus of this page should be the activity mentioned in the advert. Delegates will be able to open an enlarged pdf version of each of the sponsor’s adverts by clicking on the advert visual or the session title.

- 1 advert visual for mailing content - size: 284px x 142px - weight: 50 ko max (recommendation: include your logo)
- 1 Pdf format advert – weight: 1MB max

Please refer to specification document on www.escexhibition.org/HeartFailure2020

**FINAL PROGRAMME**

**Deadline: 19/03/2020**

**ESC permits product advertising - Multi-sponsorship**

LIVE BROADCASTING

No product advertising permitted

Optimise your investment and extend the reach of your Satellite Symposia organised during the Heart Failure 2020, by reaching out to a live audience with a live stream of their session from the congress centre. Industry Live broadcast will not be visible or hosted on www.escardio.org or ESC 365 Platform with this service. No Live Broadcasting permitted outside this product.

The ESC and the official supplier CYIM are not responsible for any issues if you do not comply with this technical document.

Companies and their agencies are obliged to:
- use the ESC Live-Broadcasting service as provided
- are not permitted to provide/create connexions of their own under any circumstances
- mandatory use the Speaker Service Centre
- provide slides in 16:9 format

What is included in the Live broadcasting?
- Lecture room with relevant supplies (listed in these guidelines page 23)
- Streaming of the session on lectern camera and panel camera in 1 language (English)
- Supply of live-stream of the session (this must be to be integrated in a webpage)
- Supply files of each presentation after the congress
- Supply of a “congress holding page” before the session starts

Not included:
- The web page to integrate the stream

IMPORTANT

The applicant of this service, the applicant confirms that it is their responsibility to obtain the copyrights from each speaker who will present during the session to be live-broadcasted, and the speakers fully agree to provide the session organiser with any potential conflicts of interest that may arise from their presentations.

Under no circumstances the ESC can be held liable for Speakers’ copyright absence or conflict of interests.

Industry Sponsored Sessions content, should be a true portrayal of the Industry Sponsored Sessions approved by the Heart Failure Programme Committee. The ESC reserves all rights to remove content from their website at any time where deemed necessary.

INDUSTRY OBLIGATIONS

The industry partner or its appointed agency must set up an independent/stand alone webpage to host the live-broadcast dedicated to the session and not contain any product advertising. The industry partner/or its agency is entirely responsible and in charge of creating the webpage. If you or your agency cannot create an independent webpage you may contact our supplier CYIM (for a cost quotation) to create the
webpage and embed the video files for you. CYIM will invoice you directly for these services: congress@cyim.com

The stand alone webpage should:
- be dedicated to the live broadcasting,
- must not contain any product advertising
- cannot be hosted on your corporate website (must be independent page/website)
- must be set up with an embedded player

The streams will be sent to the player, by the ESC; the live-broadcasting services are exclusively provided by the ESC supplier: CYIM.

REQUIREMENTS FOR THE TECHNICAL TEST
The industry and/or appointed agency is responsible for testing all the links provided by the ESC during the tests dates prior to the congress, and should inform the ESC of any issues which may occur during the test dates.

IMPORTANT
The ESC will not be held responsible for any technical issues if the industry and/or appointed agency did not test all the links provided, or omitted to provide the ESC with feedback after each test (on all devices).

The ESC does not provide analytical data regarding the connections: to analyse the quantity of viewers the industry should plan their own statistical analysis in the player and/or on the website.

Requests for extra test days will be charged as extra.

Your page may have a corporate background. If you do not supply a background, the congress background will be visible by default. In the player you will see the same elements as in the room: Slides and speaker

PANEL DISCUSSION
The Live Broadcasting will capture your speaker and slides. To ensure a second camera is available to film the panel discussion you need to confirm its session number(s) provided by your satellite symposia contact at the ESC. Please confirm session numbers to sponsorship@escardio.org before the deadline: 4 May 2020

After the congress you will receive the files of each individual presentation. If you wish to acquire the unedited footage or the raw footage, this needs to be requested, prior to the congress, by contacting CYIM and set up before the congress commences. This will be invoiced by CYIM accordingly.

Please find the complete technical specifications on www.escexhibition.org/HeartFailure2020
Product advertising permitted in sponsor button only - Exclusive sponsorship

Previous years have demonstrated the success of the App with over 3,982 downloads. The App offers the exclusive sponsor a dedicated sponsor button where they can promote their own congress activities. Co-promotion of the App is offered to the sponsor as well as sponsor acknowledgement on the opening page. Furthermore, delegates without the necessary equipment will be able to consult the Mobile App helpdesk. Sponsors activities are highlighted within the App.

For event tiles, the colours used will be the ones defined in the Association/congress guidelines:

- Colours (up to 2 – main colours) will only be used for paragraph titles and clickable links
- The top banner colour (home screen) is the primary colour of the congress/association
- Association button colour will be the primary colour of the association

For each event, the welcome screen is based on the congress poster. The sponsor’s name is added (if applicable) with the mention “Mobile App supported by”. The sponsor logo and Association/ESC logo have to be in separate locations, and sponsor’s logo has to be smaller than Association/ESC logo.

Depending on the version of the mobile app (Advance Programme or Final Programme), the content is different.

Available to delegates as of January 2020.

18 December:
Send logo and visual for sponsor button; size: 200 x 200 pixels to be sent in .png. On the Mobile app sponsor’s button the logo of the sponsor appears with the title “Mobile App Sponsor”. The logo will be displayed with the same colour as for every other homepage buttons.

Advance Programme: supply the following information for each sub-sections:

- About [Mobile App Sponsor’s name]
- Contact [Mobile App Sponsor’s name]

Final Programme: supply up to 4 pictures (each image must be in PNG or JPEG - whichever gives the best quality at small filesize - with a resolution of 1200w x 600h pixels)

Updates are allowed for the following sub-sections are:

- [Mobile App Sponsor’s name] Stand (on the congress map, automatically displayed via web service),
- [Mobile App Sponsor’s name] Activities (provided by Mobile App Sponsor),
- [Mobile App Sponsor’s name] Sessions (automatically displayed via web service)
- [Mobile App Sponsor’s name] Company Description (provided by Mobile App Sponsor)
- About [Mobile App Sponsor’s name] (provided by Mobile App Sponsor),
- Contact [Mobile App Sponsor’s name] (provided by Mobile App Sponsor)
**MOBILE APP SPLASH ADVERT & PUSH NOTIFICATIONS**  
**Deadline: 23/04/2020**

No product advertising

A virtual way for session organisers to reach out to delegates by offering electronic and catchy versions of their Adverts (Splash Advert) in the Mobile App. These Splash Adverts/Push notifications are to promote to delegates your sessions as “Not to be missed”!

Due to the limited number of Mobile App Splash Adverts, be sure to reserve early. The Splash Adverts have been scheduled according to the Satellite Symposia time slots. On the day of your sessions, the Mobile App (updated) will display your catchy Splash Adverts 30’ before your scheduled sessions, and Push Notifications containing a link redirecting delegates to your scientific programmes.

A splash advert is an image which will “splash” on the mobile app screen for 4 seconds; for Heart Failure 2020 Mobile App the splash screen will appear once the app is launched during a specific time period. There is no hyperlink on this image. The Push notification, text with no image repeats the message from the visual. If the Mobile app is closed or if the device is on standby (screen locked) the push notification will come up to remind the delegate of the session “splash advert”. It will include the hyperlink to the Satellite Symposia Session in the mobile app.

The push will remain in chronological order in the news feed Sales based on accrued points ranking.

Send 12 versions of their advert in various sizes, listed below, to accommodate all platforms of the app (such as: portrait and landscape formats for iPhones, iPads, Android devices...)

Please provide jpgs in the following formats:

- 1440x2560 (16-9_port)
- 2560x1440 (16-9_land)
- 1440x3118 (195-9_port)
- 3118x1440 (195-9_land)
- 1536x2048 (4-3_port)
- 2048x1536 (4-3_land)
- 1600x2560 (16-10_port)
- 2560x1600 (16-10_land)
ONSITE ADVERTISING

**ESC permits product advertising on selected items**

Blending your company name with the venue and communicating on your therapeutic areas of research and innovation, promote your Industry Sponsored Sessions or encourage delegates to visit your stand by branding various highly visited locations available throughout the congress centre. Please see the complete offer on [www.escexhibition.org/HeartFailure2020](http://www.escexhibition.org/HeartFailure2020).

VOTE AND ASK A QUESTION

**No product advertising permitted**

At a Congress “where the world of cardiology comes together”, it is of the utmost importance that the delegates attending your sessions be able to formulate their questions and remarks in an engaging and interactive manner. The Mobile App “Vote & Ask a question” sessions have been developed internally with the specific aim of making your sessions the platform for scientific exchange which delegates are looking for. You are obliged to use the services of the Speaker Service Centre to benefit from this service.

Sessions will be listed also on the Interactive Sessions Tab of the Mobile App. Extra services requested to ESC Official Supplier(s) will be invoiced to you directly (this includes any altering of the specifications in this document).

1 hour of rehearsal with speakers at the Speaker Service Centre
Use of the Speaker Service Centre is mandatory for all presentations

- Limit the number of questions, we recommend having a maximum of 3 voting questions per presentation - Please keep in mind that it can take up to 3 minutes to “go through” a question
- In order to keep the voting process fast and simple, construct your voting questions according to the following principles:
  - Keep the questions short and clear
  - Provide no more than 5 possible answers
  - Give the possible answers a letter from A to E
  - For a “yes/no” question, use the format “A = yes, B= no”
- Prepare a slide with the question and multiple choice answers - This is the slide which must be shown at the Speaker Service Centre - to be tagged with a “vote” button, which you will be asked to activate to launch the voting during the session.
- Before launching the voting, please give sufficient time to the audience to get their device out on the correct page - You should give them an indication “get ready to vote, open your Mobile App” and then show the question slide.
- To launch the voting, you need to click on the “vote” button which will be added to your slide by the technician - The audience then has 20 seconds to cast a vote.

WEBCAST

**No product advertising permitted**

Extend the reach of your Satellite Symposia and Satellite Symposia Experts-on-the Spot by posting the webcast of your session on ESC 365.
Note: Unless specified otherwise, all the webcasted sessions presentations (videos and slides), are visible on ESC 365.

A recording in the form of a webcast means that the speaker’s voice is recorded with the PowerPoint slides (including videos) and video of your speaker(s). The webcast is recorded as 1 video per presentation, not as 1 video for the entire session. To acquire raw footage you must order this to our supplier CYIM before the deadline: **4 May 2020**. The company CYIM will invoice extra accordingly.

**ADVANTAGES**

- Enables a perfect integration of your brand and communication elements.
- Provides an overall more dynamic performance.
- Ensures more comfortable display for everyone in the room, including those seated at the back.

**WHAT IS INCLUDED IN THE WEBCAST?**

- Lecture room with relevant supplies (listed in these guidelines page 26)
- Filming of the session in the language of the congress (English)
- Supply files of each presentation after the congress.

**IMPORTANT**

The applicant (industry partner or agency) confirms that it is their sponsor’s responsibility to obtain the copyrights from each speaker who will present during the session to be webcast, & speakers fully agree to provide the session organiser with any potential conflicts of interest that may arise from their presentations.

Under no circumstances the ESC can be held liable for Speakers’ copyright absence or conflict of interests. Industry Sponsored Sessions webcast content should be a true portrayal of the Industry Sponsored Sessions approved by the Heart Failure Programme Committee. The ESC reserves all rights to remove content from their web site at any time where deemed necessary.

**LAYOUT OF A WEBCAST**

The Webcast identically reproduces the elements visible on the lecture room projection screen. The recording lasts the entire duration of each presentation of your Industry Sponsored Session. The presentation is available on the ESC 365 platform for 5 years.

**PANEL DISCUSSION**

The Webcast will capture your speaker and slides. To ensure a second camera is available to film the panel discussion you need to confirm its session number(s) provided by your satellite symposia contact at the ESC. Please confirm session numbers to sponsorship@escardio.org before the deadline: **4 May 2020**.

If you wish to acquire the complete unedited session or the raw footage, this needs to be requested, prior to the congress, by contacting CYIM and set up before the congress commences. This will be invoiced by CYIM accordingly: Deadline to order: **4 May 2020**.

6. GENERAL TERMS AND CONDITIONS

INSURANCE
All industries must send a copy of their insurance certificate to the ESC Industry Team with their stand design submission by communicated deadlines. In the event that, the ESC Industry Team does not receive the certificate in due time or does not receive the certificate at all, please be informed that the ESC will not automatically send a reminder and only the Industries would be held responsible for this lack of information which can be, at the discretion of ESC, considered as a breach of contract.

The civil liability and professional insurances shall cover all damages to persons and property that may be caused by its employees, agents or subcontractors as well as damages caused by guests, visitors or those participating in the event.

While on the rented premises, exhibition goods and packaging materials shall be insured at the expense and risk of the Industry. Industry should therefore contact its own insurance company.

The Industry shall take out as well adequate insurance for third-Party Liability. The Industry will be liable for the safety of participants on and around their stand area. In accepting the ESC terms of sale, the Industry undertakes to indemnify the ESC against any and all losses resulting from an unsafe construction, unsafe exhibits or the actions/inactions of its staff. The Industry, personnel engaged by or on behalf of the Industry, and third parties such as other participants, subcontractors, guests, visitors are in the rental area at the risk of the Industry, or, as the case may be, these third parties. The ESC is not required to insure these risks.

The Industry shall indemnify the ESC against all claims which third party may be able to enforce against the ESC in connection with acts and omissions of the Industry or of persons for whom the Industry is liable or who are present on account of the Industry.

In the Event that the Industry does not have adequate insurance, or in the event local regulations or requirements are not covered in the standard policy to which the Industry has subscribed to, the ESC can provide a web link to a third party’s platform insurer covering the event. At no time shall the ESC be held liable for any contracts the Industry may enter into with a third-party Insurance.
