

Official mobile phone rental supplier

Cellhire is pleased to be providing local voice and data solutions to ensure you stay in touch for less throughout the ESC Congress 2004

Why rent?

Your mobile may not be compatible with local technology, for instance if you are travelling from the USA or Japan.

Or you may simply want to avoid expensive roaming charges by using local airtime.

Choose from one of the following solutions to ensure you stay connected for less:

- Mobile phone rental or German airtime for your own GSM phone
 - FREE incoming calls within Germany
 - Data solutions for wireless Internet access and e-mail

For further details, please call Cellhire on 1 866 CELLHIRE (North America) or + 44 (0) 1904 610 610 all other countries

or e-mail eventrentals@cellhire.com quoting reference ESC 2004 or come to our desk in the registration hall.
