## Rental Conditions

- The following conditions shall apply for all business transactions. Conflicting conditions of the customer are hereby repudiated. Deviations from these conditions, collateral agreements and orders placed by telephone shall only have effect if confirmed by us in writing.
- The labour and material prices agreed in writing shall prevail, otherwise our usual prices.
- Rented and sold objects shall be delivered to the customer's stand as agreed or in good time before the start of the trade fair. Agreed dates must be confirmed in writing. Rented objects must be made available for collection at the end of the trade fair and must not be locked in the cabins.
- In the event of premature or delayed departure the hirer is obliged for reasons of security to inform the rental company in due time and agree the exact time for collection of the rented object.
- If ordered and delivered rental goods are not accepted, the customer will be charged in full.
- The hirer must ensure to his satisfaction that the goods are in proper order on delivery. Subsequent complaints will only be acknowledged within 24 hours of delivery. The liability of the hirer shall commence upon delivery and end with collection by the rental company (in the case of trade fairs even if the hirer has already left the stand), at the latest, however, 24 hours after the end of the fair unless a later collection date is agreed (see 4) or the hirer has not made the objects available for collection (see 3, sentence 3).
- The rented objects are insured against improper operation and damage with 6% of the rental price (no insurance against theft). The hirer shall be liable in the event of loss.
- Invoiced amounts shall be payable net immediately. Invoices are normally presented and payment collected at the stand during the trade fair. The ordering party is not entitled to exercise his right to withhold or offset payment against the invoiced amount. Default of payment shall commence 10 days after submission of the invoice. In case of default of payment of more than 4 weeks interest on arrears of 4% over the usual bank discount rate shall be charged. Ownership and right of disposal of all delivered or fabricated objects shall remain with the contractor until complete settlement of the invoiced amount.
- In case of defects in the rental object the rental company shall be entitled to supply an equivalent replacement. The hirer shall be entitled to withdraw from the contract if an equivalent replacement cannot be supplied. The rental company shall be obliged to rectify faulty workmanship. Ongoing warranty claims for direct damages shall be precluded.
- The rental company shall not be liable for work ordered from a third party.
- Place of performance for both parties shall be Munich. The laws of the Federal Republic of Germany shall apply even for transactions with foreign customers in Germany and other countries. Place of jurisdiction is Munich.
