Satellite Symposia must be open to all registered delegates.

### **CME Accredited Educational Programmes**

Satellite Symposia can be CME Accredited. The supporting company is free to choose his CME Provider and support the programme via an unrestricted educational grant.

Satellite Symposia can be accredited by EBAC, the **E**uropean **B**oard for **A**ccreditation in **C**ardiology.

EBAC accreditation confirms the scientific and educational quality of a programme, and allows the participants to receive CME credits for the time spent in the educational activity.

A Satellite Symposium with EBAC accreditation will be officially announced as "EBAC Accredited Educational Programme supported by an unrestricted grant from company X"

EBAC Accredited Educational Programmes should be booked in the same time slots as Satellite Symposia. Satellite Symposia rates and rules apply except for specific EBAC promotional restrictions.

ESC will then provide the list of official suppliers in order to organise your session (Catering, additional AV equipment, additional furniture, hostesses...).

- Deadline for Application: **14 November 2011**

### **IMPORTANT**

- **Your Satellite Symposium Session Number must be included in all communications by the Satellite organisers and their appointed agencies in order to have a concise working relationship.**

- **In order to eliminate confusion and miscommunication, mails that do not contain this Session Number will not be immediately treated.**

- Companies should inform the ESC, in writing, which agency is appointed for which symposium, with the corresponding Session Number. Otherwise no requests from agencies will be taken into account.
- The ESC has created the "Guidelines for Industry Participation" as an essential tool for how to host a Satellite Symposium. It is obligatory that every appointed agency read these Guidelines in order to have a proper working relationship with the ESC Congress Division.
- The company is responsible for communicating these guidelines to its staff and its appointed agencies.
- The ESC reserves the right to inform the Satellite Symposia organisers if the appointed agencies have not examined or understood the reasoning behind the Guidelines and the companies will ensure smooth communication is re-established.
