Dear Industry Partners,

We are delighted to invite you to Paris for the ESC Congress 2011, where we will welcome our colleagues from our 53 National Societies, 34 Affiliate Societies and the rest of the world in our global forum.

The ESC Congress is currently the world’s premier conference on the science, management and prevention of cardiovascular disease. Our chosen spotlight ‘controversies in cardiovascular medicine promises stimulating debate of today’s most prevalent topics.

Improving the care of patients with cardiovascular disease is one of Mankind’s biggest challenges and the guiding mission of the European Society of Cardiology. Our 2011 programme will further this goal by bringing together everybody involved in Cardiovascular Medicine, from clinical practitioners to basic scientists, epidemiologists, nurses, technicians, health care industry, care opinion leaders and policy makers.

The translational aspects from basic science to clinical medicine, are highlighted by involving all groups in cardiovascular science involved with patient care. A special track on the first day for general practitioners, primary care physicians and nurses, is maintained, but also translational sessions, addressing the way from the bench to the cardiovascular megatrial in clinical medicine, will be an essential part of the programme. In particular, young investigators generated a special educational track. This group, called “cardiologists of tomorrow”, will be actively involved in the programme in order to refresh our scientific programme and make it most interesting for young investigators and physicians in training.

More than ever the ESC Congress is the forum at which researchers aspire to present their work. With over 9,500 abstracts submitted, our Congress is the place for you to keep abreast of current and future developments in our field. This view would not be complete without the contributions of the healthcare industry. The technical exhibition and industry sponsored sessions continue to break new ground in terms of quality education and we acknowledge their ongoing support.

Last, but not least, we should mention our new destination, Paris. We are confident that this unparalleled capital city will attract unprecedented numbers of cardiology professionals from around the globe.

Join us in Paris and make your contribution to the advancement of collaboration, knowledge and patient care.

Dear Partners,

We are pleased to present you with the Guidelines for Industry Participation for the ESC Congress 2011. Preparations are now well underway for the congress and we are looking forward to bringing the ESC Congress back to Paris after over 30 years.

These Guidelines have been written to help you in your preparations for participation at the ESC Congress 2011. This document outlines the technical framework and opportunities available for:

— Industry Educational Sessions
— Exhibition
— Sponsorship Products
— Accommodation & Registration

Why I need to be present at ESC Congress 2011?

The largest medical meeting on cardiovascular medicine

Forecast for ESC Congress 2011:

25000

6000

750
Please note that a successful application for participation at the ESC Congress 2011 shall imply an acceptance of the requirements contained within these Guidelines and also in any updates posted on www.escexhibition.org. It is the sole responsibility of the participating company to communicate and ensure application of these Guidelines among all third parties acting on their behalf for the ESC Congress 2011. We invite you to contact us for any questions you might have on how to maximise your investment at the ESC Congress 2011. We look forward to working closely with you over the coming months.

A bientôt,
Your Industry Services Team

1.1 Industry Educational Sessions

Companies are invited to organise scientific sessions as part of the ESC Congress 2011. These sessions are the perfect forum through which industry can reach their target group audience with their latest scientific information and developments.

1.1.1 Satellite Symposia & Mini Satellite Symposia

It is strictly forbidden to hold Satellite Symposia and Mini-Satellite Symposia, or other formal gatherings outside the Congress premises between 21 August and 4 September 2011.

Satellite Symposium Price:
- 45 minutes: € 28 000 excl. VAT (plus room rental)
- Points awarded: 10

- 90 minutes: € 28 000 excl. VAT (plus room rental)
- Points awarded: 10

- 180 minutes: € 56 000 excl. VAT (plus room rental)
- Points awarded: 20

Satellite Symposia will be held within the congress centre in lecture rooms ranging in capacity from 120 to 3200 seats.

Mini-Satellite Symposium Price:
- 45 minutes: € 16 000 excl. VAT Points awarded: 6

Mini-Satellite Symposium will be held within the congress centre in lecture rooms ranging in capacity from 120 to 500 seats.

Deadline for application with priority status: 15 November 2010
Identification

The identification of your Industry Educational Sessions corresponds to a Session Number assigned the moment you apply. This number must be included in all communications by the session’s organisers and their appointed agencies in order to have a concise working relationship. In order to eliminate confusion and miscommunication, mails that do not contain this Session Number will not be immediately treated.

Appointed Agency
✔ Applications for Industry Educational Sessions must be submitted by the company under whose name each session is to be organised. We would like to draw your attention to the fact that the correspondence for the above items should be made exclusively between this company and the ESC.
✔ Companies should inform the ESC, in writing, which agency is appointed for which session, with the corresponding Session Number. Sailing this, no requests from agencies will be taken into account.
✔ It is not the role of any given agency to make initial enquiries or reservations with the ESC independently of the company.
✔ This named agency cannot fully act as if it were the company itself and the company will continue to be held entirely responsible and accountable for activities organised in its name.
✔ The ESC has created these Guidelines as an essential tool for how to host an Industry Educational Sessions. It is obligatory that every appointed agency read these Guidelines in order to have a proper working relationship with the ESC Congress Division.
✔ The company is responsible for communicating these guidelines to its staff and its appointed agencies.
✔ The ESC reserves the right to inform the Industry Educational Sessions organisers if the appointed agencies have not examined or understood the reasoning behind the Guidelines and the companies will ensure smooth communication is re-established.

Exhibition Stand

In order to obtain the permission to hold an Industry Educational Session, an exhibition stand of minimum 50 m² for Satellite Symposia and 9 m² for Mini-Satellite Symposia is required. 1 m² = € 407 excl. VAT, Early fee/€447 excl. VAT late fee.
Cancelling your exhibition space at a later stage will also mean cancelling your Industry Educational Sessions(s).

Payment

Payment for the Satellite Symposia and Mini-Satellite Symposia must be received before Tuesday 30 June 2011.

Duration

The Satellite Symposia should fit in the standard time unit of one 45-minute, one 90-minute or one 180-minute session.
The Mini-Satellite Symposia should fit in the standard time unit of one 45-minute session.

Access - Badges
✔ For Satellite Symposia, companies only have access to the lecture rooms
  — Saturday 27 August 2011: 30 minutes before their scheduled time slot.
  — Sunday 28 August 2011: 15 minutes before their scheduled time slot.
  — Monday 29 August 2011: 30 minutes before their scheduled time slot.
  — Tuesday 30 August 2011: 15 or 30 minutes before their scheduled time slot.
✔ For Mini-Satellite Symposia, companies only have access to the lecture rooms 15 minutes before their scheduled time slot.
✔ All persons involved in the operation of the Industry Educational Sessions (film crew, technicians…) must have a valid badge, exhibitor, Diamond Exhibitor, active participant or day ticket.
✔ All persons attending the Industry Educational Sessions must be registered either as active participants, exhibitors or journalists; persons without such a badge will not be allowed to enter the room.
✔ Exhibitors badges allow access to the Exhibition Hall and to Industry Educational Sessions. Access to ESC Scientific Sessions are not allowed.
✔ The Industry Educational Sessions must be open to all registered congress participants.
✔ Organisers of Industry Educational Session are allowed to scan the badges of congress participants with their approval. In no instance, should a registered congress participant be refused entry to an Industry Educational Session on the basis that they do not wish their badge to be scanned.

Lecture Rooms

Installations or alterations to the rooms can only be made with explicit approval of the ESC.
Receptions
✔ When suitable space is available, Industry Educational Sessions organisers may organise receptions before or after Industry Educational Sessions. The ESC does not guarantee that such space will be available. Lunch boxes should preferably be distributed before or after the Industry Educational Sessions (not during the sessions). Receptions can only be organised with the ESC official caterer. Due to the short amount of time, receptions before or after Mini-Satellite Symposia are not allowed and only lunchboxes will be considered.
✔ Companies will have the right to serve alcoholic beverages during the receptions organised on:
  - Saturday 27 August 2011: after 16:00
  - Sunday 28 August 2011: after 20:00
  - Monday 29 August 2011: after 20:00
  - Tuesday 30 August 2011: after 18:00
✔ Reception space must not be used for entertainment, poster displays, presentations or any other promotional purposes.
✔ Reception space must be opened to all registered congress participants.
✔ Exhibitors are also encouraged to guarantee a healthy and balanced catering service to their delegates.

Audio, Video & Webcast
✔ The ESC retains the right to record the sound and images of Industry Educational Sessions. Those companies who do not wish to have their Industry Educational Sessions recorded and web cast by the ESC must inform the ESC.
✔ Companies can only videotape and web-cast their own Industry Educational Sessions with the explicit approval of the ESC and the purposes of the video must be clearly defined.

DOUBLE PROJECTION AND TRANSLATION ARE NOT RECOMMENDED!
LIVE TRANSMISSION IS SUBJECT TO ESC APPROVAL

Timeslots reserved for Satellite Symposia
Timeslots reserved for Satellite Symposia are as follows:

  - 12:00 - 13:30
  - 14:00 - 15:30 or 14:30 - 16:00
✔ Companies organising a 180-minute session have a coffee break of 30 minutes or one hour.
✔ A single 90-minute session would be scheduled to start at 14:30 not 14:00.
✔ The same lecture room will be assigned for both 90-minute sections of a 180-minute session.
✔ The 14:00 – 15:30 timeslot is only open to the second half of a 180-minute session OR to a single 90-minute session if and only if the 12:00 – 13:30 timeslot is already reserved by that same company in the same lecture room for a first 90-minute session.
- Sunday 28 August 2011:
  - 12:45 - 13:30
- Monday 29 August 2011:
  - 18:30 - 20:00
- Tuesday 30 August 2011:
  - 14:00 - 15:30
  - 16:00 - 17:30 or 16:30 - 18:00
✔ Companies organising a 180-minute session must have a coffee break of either 30 minutes or one hour.
✔ A single 90-minute session would be scheduled to start at 16:30 not 16:00.
✔ The same lecture room will be assigned for both 90-minute sections of a 180-minute session.
✔ The 16:00 – 17:30 timeslot is only open to the second half of a 180-minute session OR to a single 90-minute session if and only if the 14:00 – 15:30 timeslot is already reserved by that same company in the same lecture room for a first 90-minute session.

Satellite Symposia must comply with the standard times specified above.

Mini-Satellite Symposia must comply with the times specified above - no other time slots will be considered.

We remind Mini-Satellite Symposia organisers that time slots and lecture rooms for these sessions are assigned on a first come first serve basis only. Early application is therefore highly recommended.

Price of Satellite Symposia
The price of a Satellite Symposium is:

a) A basic price of
  - € 28,000 – for one 45-minute session, the company will receive 10 accrued points.
  - € 28,000 - for one 90-minute session; the company will receive 10 accrued points.
  - € 56,000 - for one 180-minute session; the company will receive 20 accrued points.
  - Reduction of 10%, 15% and 20% for the 2nd, 3rd and 4th satellite symposium respectively.
b) Plus room rental (not included in basic price):
✔ € 3 per seat for one 45-minute session
✔ € 6 per seat for one 90-minute session
✔ € 9 per seat for one 180-minute session

Price of Mini-Satellite Symposia
The price of a Mini-Satellite Symposium is € 16,000 for one 45-minute session (lecture room rental is included in this price).

Lecture Room
The basic equipment of a lecture room is:
✔ 1 hostess for room
✔ 2 tables at the entrance of the assigned room
✔ Chairs arranged theatre-style
✔ A table and chairs for the 2 chairpersons on the stage
✔ 2 table microphones
✔ 1 lectern for the speakers with a fixed microphone
✔ 1 screen for projections
✔ 1 technician
✔ 1 video data projector
✔ 1 - 2 Information Screens in front of the lecture room.
Further details available in due course, for information contact: satellite@escardio.org

The room hostess will be in charge of welcoming and briefing the Chairpersons and the Speakers on technical facilities, and will ensure that the session is running on time. The room technician will be in charge of light/audio and beamer facilities.

IMPORTANT:
— Installations or alterations to the lecture rooms can only be made with explicit approval of the ESC.

Extra orders
The costs for any extra orders (i.e. catering service, extra audio-visual equipment, extra furniture, extra decoration, extra hostesses, etc) are not included in the sessions price. To order any extra equipment we suggest you contact the official suppliers whose details will be communicated in due time.

The ESC has established a co-ordination system to ensure that the various suppliers duly execute the numerous orders for Industry Educational Sessions. The ESC cannot however be held fully responsible for the services delivered by sub-contractors or the building.

N.B. All prices are subject to VAT where applicable

Accounting
Precise and definitive accounting information must be provided on the initial application form. Any and all changes post invoicing (addition of Purchase Order, changes of billing address, etc…) will be subject to an administration fee.

Speaker Service Centre
The ESC Congress 2011 offers computerised presentation facilities for all lectures. For that reason the use of the Speaker Service Centre is mandatory for all Industry Educational Sessions on a free basis.

The Speaker Service Centre offers the following services:
✔ Audio-visual assistance to all speakers of the session
✔ Scientific programme of the session announced at the entrance of the room on information screens.
✔ Complementary bottles of mineral water provided for the speakers

The Speaker Service Centre will be open:
— On Saturday 27 August 2011, from 08:00 to 18:30
— On Sunday 28 August 2011, from 07:30 to 18:30
— On Monday 29 August 2011, from 07:30 to 19:00
— On Tuesday 30 August 2011, from 07:30 to 18:30

Speakers’ presentations
To avoid unexpected technical problems at the last minute, companies are strongly encouraged to make sure their speakers use the Speaker Service Centre to preload all presentations.

If speakers choose to use their own laptop, this is the responsibility of the company organising the session.

Applying to hold an Industry Educational Session
a) Applications must reach the ESC offices before 15 November 2010 in order to be considered by the Congress Programme Committee (CPC).

b) If several companies apply for an Industry Educational Sessions on the same topic, the CPC reserves the right to assign them to different dates in order to avoid/reduce overlap as much as possible.
c) The CPC makes the final decision on whether an application is accepted or rejected and is not held to justify its decision. No appeal is possible.

d) Late applications and/or content of programmes received after 27 May 2011 cannot be printed in the Final Programme.

e) The complete programme of Satellite Symposia and Mini-Satellite Symposia, typed on the appropriate form provided by the ESC, must reach the ESC offices before 31 March 2011.

f) A “complete programme” must include the following:
   - Title of the session
   - Topic number choose on the ESC Congress 2011 Topic List
   - Duration of the session
   - Names of the chairperson(s)
   2 mandatory for the Satellite Symposia
   1 mandatory for the Mini-Satellite Symposia
   - Title of each presentation with their duration and topic number
   - Complete addresses of the chairpersons and speakers

IMPORTANT:
   — No product names or brand names are allowed in the title or in the scientific programme of the session.
   — The session or presentation titles can contain a generic name.
   — No abstract forms need to be submitted for Satellite Symposia and Mini-Satellite Symposia.
   — Abstract poster sessions are not allowed during the Satellite Symposia and Mini-Satellite Symposia or during any reception before or after the symposia.
   — The ESC reminds that the Chairpersons and Speakers must be contacted by the companies themselves to arrange registration, travel and accommodation details.
   — Industry Educational Sessions Chairpersons and Speakers are not considered as ESC “Invited Speakers”.

g) Faculties Conflict of Obligation. Speakers and chairpersons cannot participate in two parallel sessions within the same time slot. If it is found that this is the case, both the companies and the speakers involved will be informed simultaneously and requested to resolve this conflict.

It is the responsibility for the companies to ensure there is no timing clash with parallel sessions with the Chairpersons and the Speakers they choose. The ESC cannot be held responsible for any matter arising from this.

IMPORTANT:
   — The CPC stresses that the sessions should be organised in a way that will allow adequate discussion and presentation.

— The CPC counts on organising companies to take this advice into consideration to maintain the overall quality of the Symposia.

Change in the scientific programme of the Industry Educational Sessions content / Erratum Policy

Once the title, programme and detailed content are approved, changes must not be made without the specific approval of the CPC.

The ESC kindly asks the Company to inform them of any modifications to the Scientific Programme before 27 May 2011 in order to be printed in the Final Programme.

Any changes must be approved by the CPC.

Late applications and/or content of programmes received after 27 May 2011 cannot be printed in the Final Programme.

Details received between 27 May 2011 and 30 July 2011 will appear in the ERRATUM.

Only changes of the title of the session, the name of the session organiser, the day, the room and the time will appear in the ERRATUM.

Changes in the scientific programme of the Industry Supported Educational Sessions content (presentations titles and durations, names and details of faculties...) are not mentioned in the ERRATUM.

Failure to adhere to announced/approved programme content will be considered a violation of the Guidelines for Industry Participation.

This is valid for both the industry educational session and/or any potential webcast of the session.

Disclosure of Conflict of Interest

The session organiser confirms that All Speakers/Chairpersons participating in this programme have fully agreed to provide the session organiser with any potential conflicts of interest that may arise from their presentations.

The existence of potential conflicts of interest does not necessarily indicate a bias. However it is the session organiser’s obligation to inform the ESC and participants.
so that they are made aware of any relationship that might cause unintentional bias.

A potential conflict of interest may arise from various relationships, past or present, such as employment, consultancy, investments and stock ownership, funding for research, family relationship, etc...

A potential bias relevant to the topic of the accredited programme/text must be disclosed:

✔ at the beginning of the presentation for events
✔ on the introductory page of the CD ROM or Web module
✔ at the beginning or at the end of the CME article/text

Time slot and Lecture Room Assignments

Points gained from Satellite Symposia are combined with the points gained through Exhibition space, Mini-Satellite Symposia, EBAC Accredited Educational Programmes, Hands-On Tutorials, Registration and other Sponsorship items. Only the last FOUR YEARS are taken into account. When several companies have the same number of points the first application received will be dealt with first, etc…

For Satellite Symposia, the accrued points awarded for participation in the four previous ESC Congresses and the date of receipt at the ESC offices, will determine the assignment of the rooms and time slots.

For Mini-Satellite Symposia, the date of receipt of the application form at the ESC office, will determine the assignment of rooms and time slots.

Due to the limited number of Satellite Symposia and Mini-Satellite Symposia time slots, please note the ESC cannot assure that you will not find one of your competitors taking the same time slot on the same day.

A limited number of lecture rooms are available in the building. Lecture Rooms can be reserved through the ESC only. The ESC has the right to modify lecture room assignment in case of matters unforeseen.

Control of flow and attendance

It is the company’s responsibility to select an adequate size room to accommodate all attendees in their session.

Companies must plan ahead of time appropriate staffing and/or security to avoid any problem. In case this is not respected and for obvious security reasons, the venue has complete authority to block entrance into the rooms.

Overflow

✔ Once the lecture room assignment is complete, if any suitable lecture rooms are remaining, companies are cordially invited to request an additional lecture room to create their own overflow area. However, please note that this facility must be paid no later than one month prior to the congress, by the organising company. The ESC has the right to modify demands as it sees fit to best accommodate as many requests as possible.

Enforcement of Rules

Infringements of these Guidelines and Conditions will be referred to the Congress Programme Committee. Violations of these Guidelines and Conditions will result in the same sanctions as applied to Exhibition Violations.

Usage Rights for Music, Images, Films

Participating companies are solely responsible for paying all usage rights and royalties for the use of intellectual
property (music, photos, movies, artwork, etc) used on the company's Exhibition Stand; before, during and after an Industry Educational Session as well as during any company-organised events at the venue or in the city where the congress is taking place. The ESC reserves the right to request a copy of the authorisation, or proof of payment of said rights that should cover the duration of the congress as well as the 2 days before and after the event. More information can be found on the World Intellectual Property Organization website: www.wipo.int and www.wipo.int/treaties

ESC Reservations policy:
In the event that, for any reason whatever; it is judged advisable or necessary for the ESC Congress to close completely, or in part; the Exhibition and/or Congress for any period, the ESC will not be liable for any damage, loss, or other unfavourable conditions incurred by exhibitors/session organisers/sponsors. If, for any reason, the ESC Congress has to be cancelled, the ESC will refund to the exhibitors/session organisers/sponsors the sum paid to ESC for contractual commitments less expenses incurred in preparation of these contracts, with no liability for either party to the contract.

ESC Corporate Branding and Visuals:
The use of any ESC corporate branding and visuals (such as logos, images, graphics, and branding guidelines) is strictly forbidden in any advertising, publicity, signage, product, printed matter, film, video, other media etc. without prior request and subsequent written approval from the ESC. A copy of the ESC Corporate Identity Rules and Regulations, the Branding Guidelines and ESC Corporate Logos and Visual form request may be obtained at following web address: www.escardio.org/about/how/policies/Pages/corporate-identity.aspx. For further information please contact: communications@escardio.org

ESC Congress 2011 Visual
An event visual has been created to identify specifically with the ESC Congress 2011. This visual is a derivative of the ESC logo and a reflection of the ESC Congress. The visual interprets the dynamic nature of the congress and its cardiovascular core. The ESC Congress 2011 visual will create a unique visual identity for the congress in Paris and should be used by our industry partners to strengthen identification with the event. The use of the ESC Congress 2011 visual is not mandatory.

ESC Approval
By 30 June 2011, Invitation flyers referring to Industry Educational Sessions must receive ESC approval prior to print and distribution.

Following approval by the ESC, the Industry Educational Sessions organisers can adapt the invitation flyers approved to their requirements, whilst respecting the approved content.

ESC approval is mandatory for:
— Invitation flyers, Pre-Congress Mailing Inserts, Delegate Bag Inserts
To facilitate the approval process, it is advised to use the same invitation flyer for these three items.
— Roll-ups
— Poster
— Weblinks

ESC approval is not mandatory for the rest of Industry Educational Sessions material such as Abstract booklet, Slides, Names signs, Stage banners, Tables panels, Lectern panels, Question cards, Note books, Social events Invitations...

Promotion of Industry Educational Sessions:
The content of the promotional material must not include any product names, misleading names that might be perceived as product names, brand names or specific quality or virtues of a sponsoring industry and/or any of the industry's product(s) either via text or visuals.
✔ Invitation flyers
Invitations can be distributed at the entrance of the assigned room 30 minutes before the beginning of the session. Invitations should not be distributed anywhere else in the building other than on the booth and at the ‘Industry Welcome Desk’.
— Satellite Symposia, Mini-Satellite Symposia and Hands-On Tutorials invitation maximum size A4 (21 X 29.7 cm)
— EBAC Accredited Educational Programmes maximum size AS (15 X 21 cm) portrait format

- N.B. - please note that the ESC will not be able to provide easels as support.

Industry Educational Sessions invitation flyers display racks

Companies organising Industry Educational Sessions are offered specific display racks located in the Registration area to promote their events; one allocated A4 size plexi holder on the display rack per session.

Promotional Opportunities

Specific promotional tools have been designed especially for Industry Educational Sessions; see chapter 3 or contact Sponsorship@escardio.org.
ESC Scientific Session References
Companies can make reference to the scientific sessions of the ESC Congress but must systematically print “This session is an official scientific session of the ESC Congress, XXX has in no way been involved in, contributed to or affected the outcome of this/these scientific session(s), wholly devised and organised by the ESC Congress Programme Committee. For further information on this session(s), please refer to www.escardio.org.”

Give-Aways
The Board of the ESC has accepted the policy that small give-aways are acceptable (maximum retail value € 10) for example note-pads. The distribution of give-aways should be low profile and in no way overshadow the main activity of the Industry Educational Session.

1.1.2 European Board for Accreditation in Cardiology (EBAC) Accredited Educational Programmes
A Satellite Symposium or Mini-Satellite Symposium with EBAC accreditation will be officially announced as “EBAC Accredited Educational Programme supported by an unrestricted educational grant from …”

The EBAC (European Board for Accreditation in Cardiology) accreditation, granted by a board of specialists widely recognised in the field of cardiology, confirms the scientific and educational quality of programmes proposed by National and international scientific or academic organisations and institutions, such as medical professional organisations, universities or teaching hospitals.

EBAC Accreditation
The European Board for Accreditation in Cardiology provides accreditation to educational programmes such as events and distance learning courses. EBAC is an independent body constituted by European specialists in cardiology and medical education. EBAC accreditation confirms the scientific & educational quality of a programme, and allows the participants to receive CME credits for the time spent in the educational activity.

a) Recognition of EBAC accreditation
EBAC works in cooperation with the EACCME (European Accreditation Council for CME) and EBAC CME credits are recognised in most European countries which have a running CME system. EBAC CME credits can also be reported to the American Medical Association.
b) Appointed Agency
✔ Applications for EBAC Accredited Educational Programmes may be submitted in the name of the CME provider by a third party (for example: communication agency). We would like to draw your attention to the fact that the correspondence for EBAC accreditation should be made between this third party, EBAC and the ESC.
— ESC should be informed in writing, which agency is appointed for which EBAC Accredited Educational Programmes. Otherwise no requests from agencies will be taken into consideration.
— These guidelines and the EBAC accreditation guidelines should be communicated to the staff of the appointed agencies.
— This named agency cannot fully act as it is the CME provider itself who will continue to be held entirely responsible and accountable for activities organised in its name.

c) Procedure to follow
Application for EBAC accreditation can only be submitted by national and international scientific or academic organisations and institutions, such as medical professional organisations, universities or teaching hospitals.

Each programme should have a designated Scientific Director, responsible for the quality of the programmes scientific content, and appointed by the applying institution or organisation. Applications can be submitted via EBAC on-line system only (www.ebac-cme.org), and must include the following steps:
— Registration as CME provider
— Completion of the on-line application form
— Provision of EBAC endorsement letter, Course Director’s Commitment and Programme
— Reception of the accreditation certificate

d) CME providers are invited to:
— Keep to deadlines
— Follow EBAC requirements concerning the publicity and the use of EBAC logo
— Distribute CME certificates to participants after the verification of their presence
— Send a post-course report to EBAC (template available on website)
— Host an EBAC monitor (upon the request of the EBAC Board)

e) Important dates
All deadlines (submission of a complete application form, printed material review) specific to EBAC Accredited Educational Programmes will be communicated in January 2011.

f) Accreditation fees
The non-refundable administrative fee should be paid at the moment of the submission of the application. The accreditation fee will be indicated when the accreditation is granted.

IMPORTANT
A Satellite Symposium or Mini-Satellite Symposium with EBAC accreditation will be officially announced as; “EBAC Accredited Educational Programme supported by an unrestricted educational grant from...”
No specific time slot is reserved for these sessions, usual Satellite Symposia and Mini-Satellite Symposia time slots are open to EBAC Accredited Education Programme.
To be included in the “EBAC Accredited Educational Programme” a programme must receive EBAC accreditation.

For more information you are welcome to visit the EBAC website www.ebac-cme.org

1.1.3 Hands-On Tutorials
During the ESC Congress 2011, the ESC will offer companies a means of associating with the educational requirements of delegates in an exclusive and intimate environment through the organisation of Hands-On Tutorials. These industry supported tutorials will provide participants with an opportunity for hands-on and/or one
to one learning from clinical and/or technical experts on specific areas of expertise. Tutorials will be promoted as part of the scientific programme in the ESC Congress 2011 Final Programme, in the official ESC Congress 2011 Scientific Programme Online (SPO) and on the ESC Congress 2011 web pages.

**Product Specification**
— Supporting companies can run tutorial sessions between 9am and 6pm from Saturday through Tuesday during recommended timeslots.
— Hands-On Tutorials are available for the full duration indicated above and are not available on an individual or daily basis.
— No of participants: 30 pax per session maximum.
— Each company must provide their tutorial programme for prior approval to the ESC by 31 March 2011.
— Companies will be provided with rooms to include electricity, air-conditioning, tables, chairs & daily cleaning. Each company must bring their own consoles, projectors and other necessary equipment.
— Catering and audiovisual equipment must be covered by the supporting company.
— Supporting companies may place signage on the outside wall of the assigned room to identify the Hands-On Tutorial for delegates (only company name, corporate logo and visual).
— Supporting companies may use one portable display in front of the room to promote the programme (including agenda of the Hands-On Tutorials — only company name corporate logo and visual — no products names and logos allowed).

Supporting companies may use one portable display in front of the room to promote the programme (including agenda of the Hands-On Tutorials — only company name corporate logo and visual — no products names and logos allowed). Signage and promotion within the room is permitted. All signage must receive prior approval from the ESC.
— Tutorials will be advertised in Final Programme, on the ESC Congress 2011 web site and in the Industry & Exhibition Guide.

**Conditions:**
— In order to organise a Hands-On Tutorial, an exhibition stand of minimum 9m² is required.
— One room is allocated per company for the duration of the congress.
— Hands-On Tutorial programme needs prior approval by the ESC.
— The number of Hands-On Tutorials is limited to 6 supporting companies.
— The ESC reserves the right to amend, cancel or suspend the Hands-On Tutorials at their discretion at any time in the future.

Cost: €30,000 excl. VAT – Points awarded: 11

**Deadline for application with priority status 15 November 2010**

**Cancellation Policy**
Cancellations of Hands-On Tutorials should be sent by registered mail to the ESC.
✔ If reservation of Hands-On Tutorials cancelled after 31 January 2011, the full fee will be invoiced.
✔ Cancelling your exhibition space will also mean cancelling your Hands-On Tutorial.

**1.2 FOCUS Sponsor Group: FOCUS Cardiologie Practice & FOCUS Imaging Intervention Session**
— The FOCUS Cardiology Practice sessions address patient-oriented clinical decision making. Experienced clinicians present cases and discuss diagnostic and therapeutic options in an interactive manner with the audience. The application of guidelines and optimal patient management are critically reviewed.
— The FOCUS Imaging Intervention sessions address current problems and new developments in catheterbased and surgical interventions, as well as non-invasive diagnostic procedures. Experts will demonstrate these techniques LIVE, integrating extensive audiovisual facilities and audience interaction.

By becoming a member of the FOCUS Sponsor Group, you will receive wide-spread visibility of your association pre-congress and onsite in Paris and receive important contact detail of the FOCUS session attendees.

Membership of the FOCUS Sponsor Group offers the following benefits:
✔ Onsite Sponsor Group acknowledgement throughout the FOCUS area (display signs, plasma screens)
✔ Delegate contact details from attendees of the FOCUS Cardiology Practice or FOCUS Imaging Intervention session sponsored
✔ Onsite Sponsor Group acknowledgement in the specially made film dedicated to the FOCUS Sessions to be played before and after each session
✔ Onsite privileged access to FOCUS session Technical Lounge for backstage experience of the session production
✔ FOCUS Sponsor Group acknowledgement on the ESC Congress 2011 website (dedicated page for the FOCUS Sponsor Group)
✔ Full page FOCUS Sponsor Group acknowledgement in the Final Programme highlighting the sessions
✔ Onsite FOCUS Sponsor Group acknowledgement on the Information Screens throughout the congress centre highlighting the sessions.

Cost per Sponsor: € 20,000 excl. VAT - Points: 7

**Deadline for application with priority status 19 December 2010**
**1.3 scene@ESC**

scene@ESC is an official replay of the best of the ESC Congress 2011 Scientific Sessions. The scene@ESC programme enables delegates to optimise their time and attend a maximum number of scientific sessions at the ESC Congress 2011. The Congress Programme Committee will select the scene@ESC programme from ESC Congress 2011 scientific sessions for replay which will be integrated into the Final Programme and communicated to delegates prior to and during the congress.

**1.4 Multimedia Products**

**Webcasts**

Companies may transform their Satellite Symposia and Mini-Satellite Symposia into webcasts to be hosted on the ESC website post the ESC Congress 2011. Webcasts will be created by companies through their choice of supplier and hosted on ESC Congress 2011 website pages until end December 2011. The host pages will clearly indicate the webcasts as industry educational sessions filmed during the ESC Congress 2011.

The ESC will provide a strict timeline and technical specifications to follow for the delivery of webcast content and will accept no responsibility for failure to deliver should the timeline or technical specifications not be adhered to.

The ESC will review all content of the webcast, which should be a true portrayal of the satellite symposia or mini-satellite symposia application approved by the ESC Congress Programme Committee. The ESC reserves all rights to remove content from their website at any time where deemed necessary.

Industry webcasts will be promoted by the ESC in the ESC Congress 2011 Final Programme, on the ESC website and onsite via the Information Screens.

Cost: €8,500 - Points awarded: 3

The Procedure in a Nutshell

This overview is meant to give you an idea of the procedures to be followed in order to participate in the exhibition accompanying the ESC Congress 2011. The overview below is not complete, we kindly ask you to refer to the rest of Chapter 2. Further information is available by contacting exhibition@escardio.org

Carefully read the Guidelines for Industry Participation and distribute appropriately within your company and/or related agencies.

a) Study the floor plans and choose your preferred stand locations (list more than one option). Should there be no spaces of the size you have requested, select a stand number of the area of interest.

b) Fill out and sign the Exhibition Space Application Form located in the appendix of this document, and return it to the ESC Industry Services Department: exhibition@escardio.org, Fax: +33 (0)4 92 94 76 26 before 14 January 2011.

Your selected choice of location will be confirmed with your company at a later stage when finalising stand allocation.

c) An application fee will be invoiced upon receipt of the application form and needs to be settled within 30 days.

d) For companies in the top 20 ranking of the Accrued Points System for 2011, applications should be received & location choices confirmed by 1 December 2010.

e) Note that Application Forms received by the ESC before 14 January 2011 will be dealt with according to the ESC Congress Accrued Points System. Application Forms received by the ESC after this deadline will be dealt with on a first-come, first-served basis AFTER those companies who have met the given deadline.

f) Visit the ESC Exhibitors & Industry Partner Web Site, www.ESCexhibition.org. The “ESC Congress 2011” page is an important portal to access ESC Congress preparation items, access update messages, see important notices and reach suppliers’ ordering points for all exhibition services.
Visit this page directly: www.ESCexhibition.org/Paris2011. Carefully read the update which will be online from June 2011 onwards. It will contain additional information about Congress preparation including sponsorship opportunities, exhibition logistics (i.e. unloading schedules, delivery details, exhibitor badge orders) as well as transport & access arrangements.

The update will be online in June 2011, and exhibitor contacts identified in the stand application form will be notified by email. Each exhibitor is responsible for providing their agencies or contractors with the information included in this Update.

**g)** Ensure 50% of the total rental amount has been paid by the deadline on your invoice to retain the stand location you have chosen.

**h)** Send a description of your product and/or company profile to exhibition@escardio.org by 29 April 2011 for publication on-line.

**i)** Submit a detailed stand drawing to the ESC Congress & Industry Services Department before 13 May 2011. Without an approved stand drawing the stand may not be constructed.

**j)** Send your request for free Exhibitor Badges (number of badges depends on area rented) to exhibition@escardio.org using the form provided by 17 June 2011.

**k)** Ensure payment of the balance of your stand invoice has been made — failure to meet payment date can result in stand cancellation and resulting charges, see section 2.3.

**l)** Carefully study the timetable for construction, exhibition opening and dismantling timings. Note that this year the construction starts on Monday 22 August (May be updated within the access schedule distributed in the Update in June 2011 – see www.ESCexhibition.org) and must be finished by 18.00 on Friday 26 August 2011.

**ADMISSABLE EXHIBITS**

The exhibition accompanying the ESC Congress 2011 is a technical and scientific display of current and future healthcare practices, goods and services relevant to the field of cardiology. Industry active in the research, production, approval, marketing and distribution of such goods and services are invited to participate. In addition, certain other types of business are invited as exhibitors: publishers, booksellers, food and nutrition specialists, companies advertising sporting and healthy lifestyle goods as well as non-profit healthcare organisations and academic institutions. The ESC requires all exhibitors to respect the educational spirit of the congress and will welcome companies with products, services and innovations with demonstrable interest related to the prevention and management of cardiovascular disease.

Organisations renting exhibit space are in effect purchasing a licence to exhibit their products and services within a controlled environment and within the constraints detailed within these Guidelines for Industry Participation. In cases where products and services offered differ from those declared on exhibit applications, or where a breach of the Guidelines has taken place, that company’s licence to exhibit may be withdrawn. In such cases, no financial recompense will be offered and the decision of ESC will be considered final.

Companies new to the ESC Congress 2011 are required to submit a statement of their product / service offering on the exhibit application form.

The ESC reserves the right to refuse admittance of inappropriate or non-cardiology related products or services to the exhibition unless they are deemed by ESC to add value to the Congress experience for delegates.

**EXHIBITION TIMETABLE (Construction opening hours and dismantling)**

From Saturday 27 August until Tuesday 30 August, stand personnel may enter the building one hour before the opening of the Exhibition. Delegates should not pass through the exhibit area before 9.00 or after 18.00; however we strongly urge you to secure your stand against theft or damage when the stand is not manned. ESC also recommends exhibitors arrange adequate insurance cover. Neither ESC nor the Paris Nord Villepinte Exhibition Centre – «Parc des Expositions» will be liable for any losses, unless where a negligent act or omission on the part of either body or its staff is established.

EXHIBITOR BADGES & REGISTRATIONS
Exhibitor registration types are reserved for staff working directly in the organisation and management of exhibits, satellite symposia and sponsored activities. They are not sold separately and bearers are subject to the restrictions contained within these Guidelines.
Exhibitor badges do not give access to the ESC Scientific Sessions
An exhibitor registration does not give the right to an official congress bag and / or accreditation.

Individuals wishing to visit the exhibition should purchase a delegate registration (full or day access). The practice of selling or promoting a product or service outside of a registered exhibit area is strictly forbidden. Persons not respecting this rule will be escorted from the Congress Centre and any right to participate held by such persons will be directly withdrawn.
Exhibitor & Group Registration
Exhibitors are obliged to wear their official ESC Congress badges clearly visible at all times when in the exhibition area or any other part of the Building. The wearing of any other badge, including company ID badges is not sufficient and will be considered as a violation of the Guidelines for Industry Participation. Exhibitor badges are for exhibiting company employees and agents of such companies only.

Validity
Exhibitor badges will not allow access to ESC Scientific Sessions. Exhibitor badges will give access to the industry educational sessions organised by the affiliated company. When companies apply for badges they undertake to provide them to company employees only. Proof of affiliation will be requested. One congress bag containing a Final Programme and voucher for an Abstracts CD ROM will be offered to each exhibiting company. If further copies of the Final Programme are required they may be purchased from the Registration area.

Diamond Exhibitor Registrations
A second level of registration is offered for senior staff of major exhibits which form a foundation of the Cardiovascular exhibition.

These registrations:
— Are without restrictions
— Offer guaranteed access to lectures and other educational programmes, as with a full delegate registration.

Each Diamond Exhibitor may:
— Collect a Congress bag
— Invite up to 3 guests into the exclusive Diamond Exhibitors Lounge, an exclusive area for senior Industry delegates to meet with their valued guests.
These are available in limited quantities based on the stand area rented and are not available for sale.

There is no ordering deadline for Diamond Exhibitor registrations – the stand coordinator named on the application form may arrange production of this badge type with two hours notice whenever the exhibitor registration desk is open until the allocated number of registrations has been issued. To order in advance, send names to exhibition@escardio.org. Name changes are free of charge upon surrender of the original; lost Diamond Exhibitor badges will not be replaced.

Access to Halls
Individuals without badges will not be allowed into the exhibition halls. It is the responsibility of the exhibitor contact person to ensure that all staff, visitors, stand personnel, etc. are aware of this restriction. Exceptions will not be made and the ESC will not be held responsible for any loss suffered by the exhibitor as a result of such an oversight.

Exhibitor Badges with Company Name and/or Individual Name
Only exhibiting companies can have Exhibitor badges. It is essential that the company name is the same as that provided for the Exhibition listing. Exhibitors are entitled to a certain number of these badges for free if ordered within the given deadlines; the number of free badges for each Exhibitor will be determined according to the floor space allocated as shown later in this chapter.

You may choose how your free badges are inscribed: either company name only, or individual name & company name. Simply indicate your preference when you send your ESC Badge Form by email, e.g. the number of ‘Company name’ only badges you wish to receive and the number of ‘Individual name’ badges you wish to receive.

Additional Exhibitor Badges
If the number of free Exhibitor badges is insufficient, extra badges, with company name or individual name, may be purchased. All Exhibitor badges must be ordered using the ESC Email Badge Form, available online at www.ESCexhibition.org.

Deadline for free exhibitor badge order is 17 June 2011.

Exhibitor badges ordered on-site must be paid for directly on collection at the Exhibitor Registration desk by cash or credit card (VISA, Amex, MasterCard).

Lost badges will not be replaced. In this case, a new exhibitor badge may be ordered when credentials from the exhibiting company are presented at the on-site fee of € 75 (excl. VAT).

Unused badges will not be credited, regardless of circumstances.
Chapter 2 - Exhibition

Exhibitor Badge Collection
All Exhibitor badges should be collected at the Exhibitor Registration Desk by the official contact person (whose name is given to the ESC as the main organising contact, when initially reserving exhibit space). They are NOT sent in advance of the Congress. If contact person details change, after the information has been sent to the ESC it is necessary that the new contact person have written proof of this change from the exhibiting company when picking up the badges. **NOTE:** we highly recommend that badges are picked up individually so there is no risk of staff being unable to contact the organising person to hand over their badge before they try to access the exhibition.

**Badge Fees + VAT**

- Early fee (until 18 July 2011) € 60 (excl. VAT)
- Late fee (from 19 July 2011) € 75 (excl. VAT)
- Name change (until 20 July 2011) € 25 (excl. VAT)
- On-site fee € 75 (excl. VAT)

**IMPORTANT:** Lost badges will not be replaced; a new badge must be purchased.

Group Registration (Delegates)
Companies paying for the registration fees of their invited guests, may register them as group. This online group registration process will be available from January 2011: for information, see www.escardio.org/congresses/esc-congress/esc2011/registration-hotels or contact groups@escardio.org.

ACCESS TO EXHIBITION

Access to Exhibition when Closed (Full-fee paying delegates)
For Security reasons, access to the Exhibition outside of opening hours is limited to persons holding an Exhibitors’ badge. All fee paying delegates affiliated with an exhibiting company can also receive a green sticker for access to the exhibition outside of exhibition hours. Companies requiring access for full fee paying delegates to their stands outside of exhibition hours must provide the ESC with a complete list of relevant names prior the congress. Named delegates will be provided with the necessary stickers at the Exhibitor Registration Desk and will be given access to the exhibition without the need to be accompanied.

Work Passes
In the interest of safety only those individuals directly responsible for the construction and dismantling of exhibits will be permitted in the exhibit areas during the construction and dismantling periods. To this end, work passes will be given out from the Fairexx office at the freight entrance during construction and dismantling phases. Under no circumstances will guests be allowed in the exhibit areas until 17:00 on Saturday 27 August 2011.

Vehicle Access for Unloading
Vehicles will not be allowed access to the Fairground before the date and time mentioned on the timetable within this chapter. Access is allowed in direct relation to the size of exhibit, with earliest slot going to companies building the largest stand area(s).

STAND ACTIVITY AND PROMOTION

Each exhibiting organisation will receive an index listing within the Final Programme and the Exhibition, Satellite and Workshop catalogue of their company address and will be mentioned (company name & stand number) within the Exhibition floorplan given to delegates, as well as an online entry on www.escardio.org. Deadline for submitting your company product description form to produce the online entry is 29 April 2011.

Approval
The main activity of any exhibition stand should be the presentation of the exhibiting company and/or its products or services. The use of photographers, portrait artists or other performers is not allowed without the written permission of the ESC.

All stand activities must be submitted, using the form on www.esc-exhibition.org/Paris2011, for the approval of
the ESC by 22 July 2011. After this date the ESC cannot guarantee approval. Non-approved stand activities will result in the exhibitor being obliged at their own expense to discontinue any such activity on-site and may risk penalties.

**Audio & Visual Activities**
The projection of films and slides; any amplification with the aid of loudspeakers; the production of music and/or sound; as well as the use of lighting, computer monitors and television screens is acceptable within the stand space as long as no disturbance is caused. Sound and lighting effects should be contained within each stand area. If the ESC judges that a disturbance is being caused the Exhibitor is to halt the activity immediately. If this is not done, the ESC reserves the right to make the necessary arrangements at the expense of the Exhibitor. A refusal to lower the sound level or halt an activity will be considered a violation of these Guidelines. Licensing for copyrighted work is the sole responsibility of the exhibitor.

**Photography & Filming**
No part of the Building or of the exhibition may be photographed or filmed without the permission of the ESC or of the relevant Exhibitor. The ESC is entitled to photograph, draw or film the installations and stands, as well as the exhibits thereon and to use these reproductions in its publications and in the press.

The Exhibitor is entitled to photograph or film his own exhibition stand during exhibition hours. Filming is also allowed by Industry in other areas of the Congress for a fee of €1000 excl.VAT when arranged in advance. Contact exhibition@escardio.org or telephone +33 (0)4 92 94 77 55. The services of an official ESC photographer will be offered to exhibitors, details will follow in the Update message in June 2011.

Any industry-sponsored closed circuit television programming in hotels should take place outside official Congress hours and should contain content owned by that organisation. Misuse of content owned by ESC is likely to result in legal proceedings.

**Quizzes & Activities with Winners**
Exhibitors shall refrain from:
— holding lotteries
— organising games of chance
— using “market stall” techniques
— distributing ‘gimmicks’ without scientific or product references
— using performance artists

Only quizzes with a scientific content can be held at the stand. Any such activity must be approved by the ESC. Interactive technology based quizzes may be accepted provided their focus remains scientific knowledge and they have no negative impact on the exhibition area or other rules within this publication.

**Quiz Times Allowed**
Quizzes may be operated at any time during exhibition opening hours providing the focus is on the scientific content presented on the exhibit.

**Quiz Prizes**
Participation can be rewarded with a prize. However, the prize should be the same for everybody. “Drawing winners” is not allowed. Maximum purchase value of prizes must not exceed €10 and all prizes should be declared to ESC using the form available for this purpose, see www.ESCexhibition.org/Paris2011. Certain items such as digital cameras and MP3 players are not considered appropriate – prize approval is at the discretion of ESC. For more advice on prize approval before placing orders for prize material, contact exhibition@escardio.org.

This means each exhibitor should declare all prizes in advance with a description and price, sending either a digital image to exhibition@escardio.org or a sample to Exhibition Team at European Heart House, 2035 Route des Colles, Les Templiers, BP 179, 06903 Sophia Antipolis, France.

If the purchase value of a prize is questioned by ESC, each exhibitor is expected to show proof of purchase value – either before or during the Congress. Non-compliance will be considered a violation of these Guidelines and treated according to the procedure published in this booklet.

In the case of scientific information carriers (e.g. slide set, CD ROM, USB stick etc) where materials are pre-loaded with non-commercial data, the value of prizes may increase to €50. The sponsorship of the registration fee, travel expenses or housing costs for the next ESC Congress may also be awarded as a prize, as may ESC authorised services. These stand activities should be “low profile” and no blatant publicity should be made. All prizes must be approved of by the ESC.

**Giveaways**
Notwithstanding the legal responsibilities of each Exhibitor at his own stand, the Board of the ESC has accepted the policy that small giveaways are acceptable at the exhibition with a maximum retail value €10 (i.e., key-rings, laser pointers etc). The distribution of giveaways should be low profile and should in no way overshadow the main activity
Chapter 2 - Exhibition

Exhibition of the stand. The activity must not disturb neighbouring stands or cause queues outside the stand area.

Giveaway items should
✔ Be legal in the Congress hosting nation, in terms of the item itself and the product it advertises
✔ Should not exceed € 10 purchase value – proof of value MUST be provided during Congress when demanded by ESC Exhibition Management, otherwise this will be considered a violation of these Guidelines
✔ Be safe for the user & not endanger health or reputation of Congress participants or ESC

Distribution of Giveaways and printed materials
Distribution or display of materials by an exhibitor or its agents is limited to:
✔ the company’s exhibition space only
✔ the “Information Tables” which will be specially set up for that purpose and marked as such
✔ Industry Welcome Desks

In the case of printed material, the intellectual ownership of content should not be a cause for dispute and images should not cause offence. Additionally, any quoted references should be clear and follow internationally accepted principles; scientific claims should be based on accepted evidence. ESC’s decision such matters will be considered final.

These restrictions begin Saturday 27 August 2011 at 08.00 hours and continue until Wednesday 31 August 2011 at 18.00 hours. Companies organising Satellite Symposia should refer to Chapter 1 of these Guidelines.

Items Which May be Advertised
It is prohibited to advertise goods and services which have not been admitted (see Exhibition Space Application Form) to ESC CONGRESS 2011 or to make publicity for organisations which do not occupy stand space at ESC CONGRESS 2011. Exhibitors should be aware that they are held responsible for any material on which their logo and / or name appears. This applies especially to Congress and Seminar brochures produced and distributed by a third party.

Special Effects
“Special effect” lights, laser, sound & video projection/ recording on the stand will only be allowed when the effect is limited to the stand area rented, it is proven that there is no health or safety risk and when written permission of the ESC has been given.

Prohibited Activities
Exhibitors are not allowed:
✔ To display or use names or trademarks which may be misleading or cause hindrance to the Exhibitors at other stands or to visitors to ESC CONGRESS 2011
✔ Barring exemption applied for and granted, to sell goods against surrender of the purchased items or to receive money in any way for goods sold or offered for sale or for services rendered
✔ To affix sold-tags to goods on display
✔ To remove exhibits from the stand, to add exhibits to the stand or to cover (parts of) exhibits on the stand
Stands should not be dismantled or removed prior to the end of the congress, Wednesday 31 August 2011 with the exception of valuable items (e.g. machinery, devices, books).

Staffing on Stands
The space assigned to the Exhibitor shall be staffed at the beginning of the exhibition on Saturday 27 August 2011 at 17.00, during the opening hours of the exhibition as well as during the construction and the dismantling and removal of the stand. The Exhibitor shall make sure that either he/ she or a person authorised by him/her is present at the site at all times. Unattended stands are a security risk to the exhibitor and, during open periods, are discourteous to delegates, fellow exhibitors and the ESC. Such cases will be considered as a violation of the Guidelines.

Promotion Rights
The use of any ESC corporate branding and visuals (such as logos, images, graphics, graphic chart), without written permission, is strictly forbidden in any advertising, publicity, signage, product, printed matter, film, video, other media, etc. without prior request and subsequent written approval from the ESC.
A copy of the ESC Corporate Identity Rules and Regulations, the Branding Guidelines and ESC Corporate
Logos and Visual form request may be obtained at following web address:
www.escardio.org/bodies/about/TermsConditions/corporate_identity.htm
For further information please contact communications@escardio.org

Exhibitors or their agencies are not allowed to reproduce texts that have been specially produced by ESC for use in publications such as the Preliminary Programme, the Guidelines for Industry Participation, the Advance Programme, the Final Programme, Exhibitors’ listing or any similar material posted on ESC Websites.
Exhibitors or their agencies are not allowed to reproduce graphic representations of the Building or hall layout that have been specially produced by the ESC for use in publications such as the Preliminary Programme, the Guidelines for Industry Participation, the Advance Programme, the Final Programme, Guide to Exhibits or any similar material posted on the ESC Website.

A graphic of the Congress Centre including ESC Congress 2011 usage will be made available for Industry use – only this version should be reproduced.

Usage Rights for Music, Images, Films
Participating companies are solely responsible for paying all usage rights and royalties for the use of intellectual property (music, photos, movies, artwork, etc) used on the company’s exhibition stand; before, during and after an Industry Educational Session as well as during any company-organised event at the venue or in the city of the congress. The ESC reserves the right to request a copy of the authorisation or proof or payment of said rights that should cover the duration of the congress as well as the 2 days before and after the event. More information can be found on the World Intellectual Property Organisation website: www.wipo.int and www.wipo.int/treaties

Pharmaceutical Product Promotion
Exhibitors showcasing pharmaceutical (or pharmedependent) products are advised to consult the advice of the Codes of Practice for the Promotion of Medicines presented by The European Federation of Pharmaceutical Industries & Associations and International (International Federation of Pharmaceutical Manufacturers Associations) bodies. Each of these Codes is available online.

EFPIA:
www.efpia.eu/content/default.asp

IFPMA:
In all cases, exhibitors are responsible for ensuring that their promotion during the Congress is legally and ethically acceptable in France.

STAND PROMOTION – EXHIBITION INTERACTIVE MAP & LOGO
To promote your exhibition stand, the Exhibition interactive map is published on the ESC Web Site showing the location of each stand. Visitors can click on each stand to read more about each company profile. For increased visibility, exhibitors can include their company logo through the exhibitor list and in a “pop-up” window containing the company description.
Publication period: Pre event and for full duration of congress. Contact: exhibitions@escardio.org
Price of including logo: € 1,000
Deadline: 27 May 2011

STORAGE
Empty packing cases must be removed from the exhibition halls by 18:00 on Friday, 26 August 2011. You should therefore make prior arrangements for the safekeeping of such items with the appointed official forwarder and lifter, Fairexx GmbH, or with your own shipping agent.
Storing materials in the spaces behind or close to stands not rented by the exhibitor is not permitted. Where possible, ESC will arrange logistics / meeting rooms for hire near the exhibit area.

Right of Admission reserved
This policy applies to construction and dismantling periods and during the Congress.

Children
Children under the age of 16 are not permitted in the Congress Centre. Exhibitors and their agents are advised that their staff must be over the age of 16 and legally employed within a European country.

Animals
Animals are not allowed in the exhibition and should not be used on exhibits. Trained guide dogs for those with visual impairments are permitted but please advise a member of ESC staff on entry to the Congress Centre.

Overview Information

Important Notice: All Exhibitors must submit a detailed stand drawing to the ESC Industry Services Department before 13 May, 2011. Without the written approval of the ESC the construction of any stand is prohibited.

Exhibition Area
The exhibition accompanying ESC CONGRESS 2011 will be held in Zone 6 of The Paris Nord Villepinte Exhibition Centre - “Parc des Expositions”
All services (water, electricity, telephone, compressed air, etc.) will reach stands via the service ducts located within the floor. Connections to these services must be made by the Technical Exhibition Services of the Paris Nord Villepinte Exhibition Centre - “Parc des Expositions” only.

Zone Information
✔ Gross area dedicated to exhibits approx. 19,500 square metres
✔ Ceiling height under beam is 9m
✔ Ground resistance: 5000Kgs/square metre
✔ Natural light from sky domes
✔ Carpeting colour within aisles is mid-grey (unless laid by an exhibitor)
✔ Electricity, water, waste & telecoms delivered by service ducts at floor level (every 6m or 9m transversely across the hall)
✔ Loading doors 4.50m wide and 4.50m high, pedestrian doors 2.10m high
✔ First Aid is located next to the Exhibition area, close to the Hall Manager’s office

Stand Space Rental
The minimum stand size is 9 square metres.

Before 31 March 2011
— 407 € / m² excluding VAT
— 270 € / m² excluding VAT for Publishers, Booksellers

From 1 April 2011
— 447 € / m² excluding VAT
— 300 € / m² excluding VAT for Publishers, Booksellers

Price includes:
✔ Space only, only floor marked out

Price does not include:
✔ Carpet
✔ Walls
✔ Furniture
✔ Electricity
✔ Technical supplies…

Exhibition Services
For all your stand service orders and the latest exhibition logistics information, please visit www.ESCExhibition.org — choose the event icon ESC Congress 2011
This will take you to a page where you can download the order information & forms which you require. There is no need to log in but you should have Adobe Acrobat installed to read PDF documents. If you do not already have Acrobat, follow the link on the same web page.

Stand Module
Those exhibitors who will need to rent a standard exhibit stand module are urged to use the services of the official stand service supplier:
A choice of three turn-key stand solutions is available at attractive package prices for stands up to 25 m², named:
— Basic for Industry,
— Contur for Industry,
— Expert for Industry.

Each Booth includes:
— STRUCTURE:Walls, carpet, frieze (According to project with standard black lettering), carpet plastic protector, assembly charges & daily basic stand cleaning.
— LIGHTING: General lighting by spots of 200 W by 50 W/sqm., 1 switchboard for general lighting, electrical consumption and taxes included.
— FURNITURE PACKAGE: According to the project, storage 1x1m, counter with stool, brochure holder, table and 4 chairs

Stand Dimensions
Immediately after allocation of the stand, the Exhibitor is urged to personally check the location and measurements of installations which might be found on the stand space assigned. The ESC does not accept responsibility for the detailed accuracy of the floor plans provided for Exhibitors’ reference.

Service Points (Electricity, Water, Waste Compressed Air & Telecommunications)
Access points at any given location may be supplying services to other exhibitors; therefore some stand areas may have cables / pipes within their area feeding other locations. For aesthetic reasons it may be necessary to
shield these pipes or in extreme cases install a platform floor; in such cases ESC will advise exhibitors at the earliest opportunity.

Any additional costs arising will remain the responsibility of each exhibitor.

Numbering
Each stand will be numbered by ESC; a floor sticker will be positioned on aisle carpet next to open sides of each exhibit.

Loading/Unloading
Only authorised vehicles contracted from the Official ESC Logistics Provider, FAIREXX, may work within the loading bay or exhibit hall.

Using non-authorised vehicles within halls is considered a serious breach of ESC Guidelines. Any breach of this condition results in ESC violation procedure – minimum penalty is loss of all accrued points for the current year by the exhibitor responsible.

Motorised vehicles, pallet trucks or any form of trolley are strictly not permitted within the Exhibition areas during the congress opening times.

Payment
For all goods & services ordered through The Paris Nord Villepinte Exhibition Centre - “Parc des Expositions” and its own suppliers, payment is required upon receipt of invoice.

ESC Suppliers
Any outstanding amounts remaining to be paid after the given payment deadlines will be considered a violation of the ESC Guidelines for Industry Participation and penalties may be imposed. This applies to amounts due for services provided by The Paris Nord Villepinte Exhibition Centre - «Parc des Expositions» or its partners/suppliers, FAIREXX, KeyEvents and/or the ESC.

STAND CONSTRUCTION

Stand Design
Every Exhibitor must submit an exact statement of the dimensions of their stand, as well as plans and descriptions of their stand. Those companies renting a stand module from the Building should submit the package type, dimensions & non-standard items such as display screens and catering areas.

This information must be sent to the ESC preferably by email to exhibition@escardio.org or Fax: +33 (0)4 92 94 76 26 before 13 May 2011. The drawings must clearly indicate the planned layout, equipment and furnishing of the stand, including the signage and visuals. Also indicated must be the location of power outlets, electricity cables, moving parts, details of raised floors, water as well as telephone and ventilation installations. Please supply:
— a SCALED top view drawing
— a SCALED side view drawing
— a three-dimensional drawing (or photograph)

Indicating the various heights and the open/transparent spaces will, in principle, be sufficient. If special construction is planned (information towers, moving parts, etc.) additional information will have to be submitted.

Responsibility to Neighbouring Stands
The ESC Congress is a long standing event with a reputation of equity in its dealings with all participants. The responsibility of ensuring a fair and balanced experience for all is shared by all participants.

Each exhibitor is asked to consider, therefore, the impact of their stand construction on neighbouring exhibits and ensure transparency. If there is a danger of unfairly blocking another stand from view, even where all these Guidelines are respected, the ESC will retain all rights of approval of the final stand design. In order to respect the fair nature of the exhibition, exhibitors are requested to indicate any possible problems of transparency or impediments to neighbouring stands. Failure to do so would breach the spirit of the exhibitor’s contract with ESC and in such cases the exhibitor responsible will be expected to make such changes as are necessary at his own cost. In such cases, the decision of the ESC will be considered final.

Approval
ESC will send an approval to the Exhibitor and/or the exhibitors’ agent. Only with this approval shall the stand be deemed eligible for construction.

NO APPROVAL MEANS NO PERMISSION TO CONSTRUCT THE STAND – RESULTING COSTS ARE ENTIRELY AT EXHIBITOR’S EXPENSE

Any set-up or installation, which does not comply with the standard specifications or with the designs approved of by the ESC, must be corrected by the Exhibitor before the opening of the exhibition. Failure to do so will result in the correction being made by the ESC. All expenses for these corrections will be payable by the Exhibitor. The ESC accepts no responsibility for damage caused by these corrections.

Exhibitors are strongly encouraged to consider potential stand activities such as demonstrations, presentations, storage, hosted quizzes and hospitality when planning stand usage.

Stand Selection: areas under 100m²
When selecting a stand area, exhibitors should consider
the impact of large stand areas (100 m² or more) on the local area. Constructions are proportionate to stand area rented and this will have a clear impact on the visibility of adjacent exhibits.

**Shell Scheme Stands**

Shell scheme stands (9 m² – 25 m²) provided by the Building will be uniform stands with uniform graphics, height and design. Partition walls will be 2.5 m high, graphics & signage may rise 0.5 m further.

**Stand Height**

If so desired, exhibitors with stands larger than 25 m² can submit a request in writing to obtain permission to exceed the standard height of 2.5 m. All designs over 2.5 metres high will be judged on transparency, size, location and volume.

The allowance of stand heights is in direct proportion to the m² floor area of each stand.

**Stand Transparency**

For Island and Peninsula stand types, ESC requires that line of sight through the stand be possible from aisle to aisle for at least 40% of the stand width when viewed from each open side.

As an example of assessment criteria, high walled areas forming large storage rooms may block neighbours unreasonably and in this case, will not receive approval. A high tower to attract attention (not blocking neighbours) is likely to be approved. For aesthetic reasons, ESC does not advise constructions rising floor to ceiling.

Note if large enclosed areas are envisaged, it is important to consider this when initially choosing a stand location. There are several constraints attached to island stands, those with four open sides. Since these constraints apply to ‘open’ sides of a stand, exhibitors planning an enclosed stand (a solid structure with covering) are advised to seek corner or in-line locations when selecting a stand location.

**Accepted Stand Types (No Two Storey Structures) & Aisle Carpeting**

Two-storey structures are not allowed. Arches, bridges or similar constructions connecting two or more stands are not allowed. L & U shape island stands are not encouraged. Two or more stands hired by the same company can only be connected by carpeting the corridor between them. Such space is let at 25% of the standard square metre price (€ 101.75).

**Separation Walls**

All peninsula, corner and in-line stands must be separated from the neighbouring stand(s) by means of a separation wall – the Building can supply this if required. In principle this separation wall should be 2.5 metres high, and finished on all sides. The separation wall is considered as part of the stand design and should be indicated on the stand drawings. If two neighbouring exhibitors come to an agreement regarding the separation wall, up to a maximum of 3.5m, this agreement should be approved by the ESC (e.g. height).

Walls inset 30 cm from the perimeter of a stand are not considered separation walls.

In cases where an exhibitor fails to supply & install necessary separation walls by 18:00 on Friday 26 August 2011, ESC will arrange for walls to be erected (and floor covering to be laid, if necessary) at the exhibitor’s expense.

**Back Walls**

The rear side of each stand shall be designed and decorated by the Exhibitor to whom this stand belongs, provided that the interests of the neighbours are not affected thereby. Walls constructed on an open side should be visually appealing to adjacent exhibits – some suggestions include screens with moving displays, scientific posters and colourful design and lighting.

**Open Sides of a Stand**

Walls erected on the open sides of a stand must be 30cm inset from the edge of the stand, must not be longer than 1/3 of the length of the stand and should be no higher than 2.5m.
It is not allowed to erect walls, glazing or other constructions on or within 30cm of the perimeter of island stands. This also applies to the open sides of peninsula, corner and inline stands. Stands should be fully accessible on all “open” sides. Requests to be partially exempted from this rule should be submitted in writing to the organisers.

Keep Aisles Clear
Island stands are separated the width of an aisle from all neighbouring exhibits. Demonstration areas may not be set on the aisle line of the exhibit; space must be left within the stand area to absorb the spectators. Should the spectators interfere with the normal traffic flow in the aisle or overflow into neighbouring exhibits, the presentation must be limited or stopped immediately.

No objects, including signs or advertisements, may project into the visitors’ aisles.

Positioning of Stand
Access to the doors, windows, fire alarms, hydrants, portable fire extinguishers, fuse boxes, line poles and circulation routes must be kept free from obstructions at all times.

Stand Flooring
The stand floor must be adequately covered, for instance with carpeting or carpet tiles. The floor area of the stand must not be covered with paint or glue. Carpeting must only be held in place by its own weight on the floor or by adhesive tape. These items must be removed by the Exhibitor at the end of the exhibition. It is forbidden to place mortar directly on the floor, to nail with percussion tools or to paint with spray guns.

Stand lighting
No lighting, fixtures, lighting trusses or overhead lighting are allowed outside the boundaries of the exhibit space. Lighting should be directed to the inner confines of the stand space and not project onto other exhibits or aisles. Lighting which is potentially harmful, such as lasers or ultraviolet lighting is not permitted. Lighting that spins, rotates, pulsates and other specialized lighting effects that could interfere with neighbouring exhibitors or detract from the general atmosphere of the congress is strictly forbidden.

Positioning of Exhibits
The Exhibitor is not allowed to place articles to be exhibited in a manner which, in the opinion of the ESC, affects or hinders neighbouring stands, e.g. with regards to the visibility of the neighbouring stands. Articles to be exhibited must be kept within the stand perimeter. The exhibit should pose no danger to participants. Any structural or display element which does not satisfy the organisers and/or venue officials in terms of safety must be made safe or removed.

Auditoria & Presentations
Companies wishing to arrange or sponsor sessions are invited to arrange a satellite symposium or workshop, as detailed elsewhere in these Guidelines. Exhibit space is intended to display scientific information on products and/or services, therefore positioning auditoria on stand areas is not permitted.

This does not exclude companies from giving product-based presentations, but the area set aside for an audience should not resemble a theatre – therefore no more than twenty seats should be provided and this area should not be covered. It should be positioned well within the stand area (not less than three metres from the stand perimeter) and the furniture setup must be informal.

The focus of presentations should be product-related information and not on the presenters themselves. Celebrated or costumed presenters may be employed as long as they are not central to the presentation or its publicity. Where Key Opinion Leaders (KOLs) are employed as presenters, their presence should be discrete and not publicly advertised. In addition, the nature of the presentation should be informal and in no way resemble any official session format, be it a Workshop, Satellite, Meet the Expert or ESC Annual Congress Programme. All such activities require the prior approval of the ESC.

Platform Floors
The use of wooden platforms is recommended for stands with water piping and/or a lot of electrical wiring; a stand construction agency will be able to advise on this matter. Since mains supplies (water points, drainage, electricity, phone and data lines, compressed air...) are supplied over the floor from the service duct to the exact location where the exhibitor needs them, it is strongly recommended to use platforms for most stands.
Exhibitors who use such platforms should bear in mind:
✔ The platform must allow easy access to those in wheelchairs; part or all of the edges must be sloped for this purpose on each open side of the stand
✔ The maximum height allowed, measured from floor level to the top of the platform is 0.14 m without protection by a balustrade of at least 1.1 m in height
✔ For platforms in excess of 0.5 m a construction safety certificate, signed by a qualified technician, must be submitted
✔ The platform sides must be closed and neatly finished
✔ The platform edges must be safe (secured shape & easily visible)
✔ Platforms should be placed within the stand perimeter
✔ The platform must allow easy access to service points in case venue technicians require access

Load Capacity (Floor)
The maximum permissible load on the floors of the building is 5000 Kgs / square metre.

Stand Roofing
Stands may be covered by a roof insofar as such roofs are in compliance with the fire protection regulations in France. All horizontal decorations, ceiling areas and roofs require prior approval by the ESC and must be co-ordinated with the Building. For safety reasons, all ceilings must respect the standard norms (French or European). See the fire prevention and crowd safety regulations in section 2.2.

Access to Stand
Exhibitors are obliged to grant official supervisory staff and accredited representatives of The Paris Nord Villepinte Exhibition Centre - «Parc des Expositions» to their stands. Exhibitors, their staff and all visitors to the fair must obey the instructions of the above officers. In the event of a fire or other hazard all those present must leave the endangered area at once when directed to do so by a member of the safety and security staff.

Due Diligence
All stands, materials, installations, advertising supports, etc., must conform to public safety requirements in the host country and the E.U. Where these differ, the safest standard must be met.

Exhibitors and their contractors must abide by current legislation in France with regard to the prevention of occupational hazards which apply to the work being carried out. Particular care should be taken during construction and dismantling periods; un-safe working practices will be stopped by the organiser in the interests of public safety. Exhibitor’s using materials not conforming to any safety component of these Guidelines will replace them with safe alternatives at their own cost.

To ensure a safe build up and break down the following precautions need to be taken into account (this list is illustrative and not exhaustive):
✔ One must use safety lines when working at height
✔ One must wear protective headwear when working underneath hazards
✔ One must conduct hot work (e.g. welding) in a safe area with fire extinguishers close by
✔ One must wear protective clothing & footwear at anytime during build up and break down (this is even more important whilst using power-tools)
✔ One must ensure not to block emergency escape routes
✔ One must stack goods properly
✔ One must use qualified staff when performing electrical work

For safety reasons all stand builders must wear the correct equipment (ie. protection helmet and reinforced shoes) at all times during the exhibition set up and dismantling. The ESC reserves the right to refuse access to the Exhibition Halls should we esteem that the correct protection equipment is not worn.

Stand construction, installation of materials and poster supporting structures should be sufficiently stable to ensure public safety. Exhibit cases & displays should be sanded down / finished to ensure that they will not inflict cuts. Clear glass elements should display warning signs at eye level.

Moving Machinery
All exhibits with mechanically moving parts, which may be hazardous to public health in case of mechanical failure or incorrect assembly, require a safety certificate from a competent person (qualified & authorised to make such an evaluation).

The Cabinet Raillard must receive a list of all equipment and machinery that is to be operational at the congress, at least 30 days before the congress begins. All exhibit working machines and appliances must be declared using the form on:

Such equipment must not present any risks to public safety. Stationary equipment or machinery (whether or not operational):
✔ Any dangerous parts must be more than 1 metre from the public thoroughfare or protected by a rigid screen
Dangerous parts: moving parts, hot surfaces, blades and sharp objects
Moving equipment or machinery must be presented in a protected area where members of the public are kept at a distance of at least one metre from the equipment itself. Hydraulic jacks presented in a raised static position; the equipment’s hydraulic safety mechanisms must be supplemented by a mechanical safety device preventing any untimely activation. All equipment must be properly stabilized.

Construction
The ceilings, walls, columns and technical installations of the Building in general must not be subject to loads from the decoration or objects exhibited, or to affix stand parts, posters or other promotional material to columns, walls, girders, etc. of the Building within or outside the stand space assigned. It is forbidden to make holes, insert screws or nails in the walls, ceilings, floors or columns of the Building.

Fire appliances must remain accessible.
Connection panels located on the hall floor must be accessible for inspection at all times. See also fire prevention and crowd safety regulations in section 2.2.

Suspension Points (NEW PILOT PROJECT FOR 2011)
A new pilot project for the ESC Congress 2011 will allow exhibitors with a stand size larger than 349 m² to benefit from the possibility of having a portion of their stand design suspended.

The suspended height allowance will be in direct proportion to the m² floor area of each stand and the slings around the truss will be adjusted accordingly:

- 350 m² - 500 m²: 7 m
- 501 m² - 700 m²: 7.5 m
- More than 701 m²: 8 m

Below is a diagram with some important details with regards to the hanging points in Zone 6:

Permitted overhead suspended items (From a Truss) include:
- Company or brand identity signs/banners (Consider including stand space number)
- Theatrical/audiovisual lighting
- Photographic imagery, with or without text or logos
- Inflatable balloons with a diameter less than 3 m

Trusses
- Only standard trusses are allowed (30 cm x 30 cm - triangle/square)
- No fabric/cloth (Longer than 50 cm in length) can be hung from the truss
- Banners can be placed 20 cm below the truss structure
- Hanging items or trusses may not touch the free standing elements below or be placed in a way to unfairly impede visibility of neighbouring stands
- The width of the banner(s) is restricted to 1 m. Extra care needs to also be taken with regards to the length of the horizontal banners so as to not impede the visibility of neighbouring stands
- Nothing should protrude above the trusses and all rigging and electrics should be hidden as much as possible
- No movable/rotating/swinging elements are allowed to be hung/suspended from the truss or hall ceiling
- Trusses may never be hung outside the perimeter of the stand

Suspension above the aisles
- Under no circumstances should stand constructions or trusses be suspended over the aisles.
- If two or more stands belong to a single exhibitor only the aisle space between the stands can be purchased and the exhibitor is welcome to then provide his/her carpet to join the stands.

All overhead signs and features, including inflatable element(s), must be sent by 13 May 2011. Unapproved items cannot be hung. Only the official Viparis Rigging Company can install rigging/suspension points. All costs and risks associated with overhead hanging features are the sole responsibility of the exhibitor; including the risk that sightlines to the exhibitor’s own signs may be blocked by others’ signs and displays.
The ESC does not accept any share of liability for any damages, losses, expenses or other impacts arising from the exhibitor’s (or their neighbour’s) decision to use overhead signs and rigging.

Air Conditioning
Devices with hot air condensation are prohibited inside the halls.

Building Integrity
The floor, columns and installations (distribution boxes, piping, rented shell stands, etc.) of the Building must be left in the same state in which they were found. Any damage shall be repaired by the Building owners at the Exhibitor’s expense.

Set-up - Access Time Slot & Deadlines
Access to unloading area and halls for construction shall be according to a schedule published at the start of this chapter. Priority will be decided based on the size of stand area under construction and other considerations such as availability of hall. Agencies responsible for construction of more than one stand may apply for a time slot based on the combined area for which they are responsible.
Contact: exhibition@escardio.org in this case.

The set-up and installations shall be finalised by the deadlines fixed and the packing material shall be removed from the stand. If it appears to the ESC that the equipment and furnishing and/or the set-up and installation of the rented stand site will not be completed by the deadline, the organisers shall be entitled to take all measures they may deem necessary. All costs, which could arise there from, shall be paid by the Exhibitor. The Exhibitor is not entitled to any claim for reimbursement arising in consequence of such an intervention.

CLEANING & REFUSE

Refuse Collection
During Exhibition opening times the ESC shall see to the regular general cleaning of the Building and the aisles – that is, daily waste left by delegates. Exhibitors are responsible for cleaning their own exhibit and disposal of waste generated before, during and after the event.

Exhibitors should manage (contract and pay for) their waste removal through the official cleaning supplier. An order form is online at www.ESCexhibition.org/Paris2011. ‘Wild tipping’ or disposing of bulk waste within fairground without payment will be considered a serious violation and faces a minimum penalty of losing all accrued points for the ESC CONGRESS 2011 event.

IMPORTANT: Unattended rubbish left in aisles when the Exhibition is open will be removed at the Exhibitor’s expense.

FIRE PREVENTION AND CROWD SAFETY

The exhibitor must apply the regulations pertaining to fire safety and panic prevention on premises open to the public laid down by the Order of the 25 June 1980 (General clauses). The Order of 18 November 1987 sets out the special clauses that apply to exhibitions and trade shows in France. Parts of the aforesaid regulations are explained below for ease of reference.

During installation, the Safety Manager will ensure that all safety measures listed below are implemented on site.

Further information regarding fire safety is available from:
Cabinet RAILLARD
Mr Gérard RAILLARD

REGULATIONS GOVERNING ACCESS FOR PEOPLE WITH REDUCED MOBILITY

The exhibitor must comply with french regulations and with the accessibility order. These regulations specify that all premises and facilities open to the public must allow access to the disabled and to people with reduced mobility.
Applied to the ESC Congress 2011, this means that:
The disabled must be able to access and exit all facilities
without assistance:
✔ Ramps must comply with legal requirements. A slope of
less than 4 % or 5% up to 10,00 m, or 8% up to 2,00 m, or
10% up to 0.50 m
✔ The slope must include a level landing at the top and
bottom of each ramp run
All internal routes and exit signs must contrast visually with
the surrounding environment.

STANDS CONSTRUCTION AND FITTINGS (Materials
and fire rating requirements)

Exhibitors’ obligations
Exhibitors must have available on site all official reports
on the fire resistance classification of all materials used on
their stands.
If official reports are not available, exhibitors must have all
fireproofing certificates available on site at each of their
stands.

Materials and fire rating requirements
All materials used must have a specific fire rating. There are
5 fire rating categories: M0, M1, M2, M3 and M4, the latter
corresponding to a non-combustible material.
✔ Fixed floor covering: minimum rating M4 or D
✔ Material covering the surface of podiums, platforms or
tiered seating (if height > 0.30 m and surface (S) > 20
sq.m): minimum rating M3 or D
✔ Loose decorative items (advertising billboards if S >
0.50 sq.m, garlands, light decorative items etc.): minimum
rating M1 or A2 or B
✔ Canopies, if building equipped with an automatic
sprinkler system, minimum rating M2 or C; if not, minimum
rating M1
✔ Ceilings and false ceilings: minimum rating M1 or A2 or B
✔ Mesh canopies must be certified by the CNPP (a
French test laboratory)

Equivalents
✔ Non resinous solid wood: if thickness > 14 mm, rated
M3 or D
✔ Resinous solid wood: if thickness > 18 mm, rated M3 or D
✔ Wood-based panels (plywood, boarding, particleboard
and fibreboard): if thickness > 18 mm, rated M3 or D

Decorative material
No fire rating required if surface area less than 20% of the
item decorated (partition, false ceiling).

Covered stands (ceiling, canopy, raised level)
✔ Area must be less than 300 sq.m
✔ Area > 50 sq.m: requirements: appropriate fire
extinguishers, officially qualified fire safety officer present
(with a French SSIAP1 qualification or equivalent training
in fire safety for public premises), independent security
lighting fitted. Independent security lighting must be on
standby when the main lighting system is intentionally
switched off
✔ Canopies must be effectively suspended from a crossed
wire mesh (with gaps of 1 sq.m maximum).

Fireproofing
By means of different procedures or applications, any
material which normally would be of medium or high
flammability, may obtain the flame resisting qualification
of M2. These procedures would be: inflammable liquid
spraying, brush application of a paint or special varnish or
immersion in a special bath solution.
These operations of fireproofing may be performed by
an officially qualified person or contracting company who
may issue a homologated certificate giving the following
specifications. The exact names, addresses and telephone
numbers may be obtained from the:
Groupement Technique Français de l'Ignifugation
10, rue du Débarcadère
75852 Paris cedex 17
tél.: 01 40 55 13 13
Fire certificates
At any time, the Show Security Manager may demand exhibitors the official report giving the fire classification of materials used in stand construction or failing this, the equivalent fireproofing certificates.
All coatings, coverings and material meeting the requirements of security are sold in specialized shops, where the quality certificates as regards the classification of fire resistance may be obtained:

Groupement NON FEU
37-39, rue de Neuilly BP 121 - 92113 Clichy Cedex
tél.: 01 47 56 30 80

Radioactive substances -X-RAYS
Any system using radioactive material must be declared and submitted to the French Nuclear safety Authority (Autorité de Sureté Nucléaire - ASN).
Specific regulations will apply to the stand. For further information on regulations, contact the Cabinet RAILLARD.
By September 2010, the 6th, the exhibitors will transmit to the organiser/Safety Manager:
✔ The form 12, “exhibit working machines and appliances”
✔ A technical data sheet
✔ the ASN authorisations

Lasers
Any system using lasers must be submitted to the Departmental Safety Commission at the Préfecture of Seine-Saint-Denis for approval at least 30 days before the Show begins.
Specific regulations will apply to the stand layout.
For further information on regulations and authorization requests, contact the Cabinet RAILLARD.
The dossier (in French) to be submitted to Cabinet RAILLARD, must include:
✔ A declaration on plain paper stating that a laser system is to be used
✔ Form “Operational equipment and machinery”, in annexe
✔ A technical data sheet with a layout plan of the equipment’s position on the stand
✔ A document drawn up and signed by the installer; certifying compliance with these regulations

PROHIBITED EQUIPMENT, PRODUCTS, GASES

The following are prohibited at the ESC Congress 2011:
✔ Distribution of samples or products containing an inflammable gas
✔ Balloons inflated with a flammable or toxic gas
✔ Articles made of celluloid
✔ The presence of pyrotechnic or explosives devices
✔ The presence of ethyl oxide, carbon sulphide, sulphuric ether and acetone
✔ The use of acetylene, oxygen, hydrogen or equivalent high-risk gases (Note: a request for dispensation can be submitted to the French authorities. Apply through Cabinet RAILLARD, two months before the exhibition opens)
✔ Pyrotechnic effects devices producing detonations, sparks or flames

Firefighting equipment
Must remain visible and accessible at all times.
If there is a fire hose cabinet on the stand, it must be visibly marked and remain accessible at all times via a 1m-wide passageway leading from the aisle.

Smoking ban
Smoking is prohibited in all public indoor areas, including privatised areas of exhibit spaces.

Open Fire
The use of open fire or unprotected flames is prohibited.

Pyrotechnics
Explosive or pyrotechnical articles must neither be used nor taken onto the Building’s area, either indoors or outdoors, without written permission from the ESC and the Building.

Hot Work
Hot work such as welding, soldering, cutting, and circulamotion grinding, drying, heating or work over naked flame is not allowed within The Paris Nord Villepinte Exhibition Centre - “Parc des Expositions” without the special permission of the Technical Exhibitions Services Division

Heating / Cooking
Stoves, heaters & open fires may not be used for any purpose, including cooking, frying or baking. This also applies to demonstrations.

Goods Not Allowed
The following goods are not admitted to the Building:
Goods causing nuisance by their smell or otherwise, or appliances emitting objectionable noises or radiating disturbing light; any hazardous objects that have not been mentioned in the stand construction design but have been introduced by the Exhibitor.

Cordless communication devices may be used as long as they do not interfere with The Paris Nord Villepinte Exhibition Centre - “Parc des Expositions”’s own appliances. Exhibitors wishing to use these devices should notify the brand name, frequencies to be used and range when submitting a stand design for approval.
Combustion Engines
Any machine (generating sets, compressors, etc.) with an internal combustion engine, whatever the use, is forbidden inside the Building.

Storage of Flammable Goods
Empty packaging, rubbish, trash, wood, paper, straw, cardboard and other flammable material must not be stored in the halls.

Heavy Goods
All heavy goods will have to respect the overloading rules of the venue:
✔ Allowed overload - 5 tons per square meter
✔ Point load - 6 tons on a 10x10 cm square

Responsibility
Exhibitors are fully responsible for all displays and demonstrations they hold.

Organiser’s Security
The ESC undertakes the general surveillance service of the Building, both day and night.

Extra Security
Exhibitors requiring Guards are invited to return the order form for Security staff - see the ESC CONGRESS 2011 page of www.ESCexhibition.org.

Valuable Goods
The Exhibitor shall be responsible for the surveillance of his/her stand and exhibit during the exhibition opening hours. Exhibitors are recommended to pay closer attention to the exhibits during the stand construction and dismantling periods. Valuable objects, which may easily be removed, should be locked away during the night. The ESC accepts no responsibility for goods stolen from exhibits at any time.

N.B. Exhibitors should not leave removable / valuable goods unattended on the stand at any time, particular attention should be given to goods awaiting collection from the Freight Forwarder/ Lifter.

Admission Rights
The ESC may refuse or expel any person whose behaviour or clothing is considered incompatible with the image of the Congress, or who refuses to comply with the local safety rules.

Insurance
While on the premises, exhibition goods and packaging materials shall be insured at the expense and risk of the Exhibitor. Exhibitors should therefore contact their own Insurance Company or use the corresponding order form.

Exhibitors will be liable for the safety of participants on and around their stand area. In accepting ESC terms of sale, the Exhibitor undertakes to indemnify the ESC against any and all losses resulting from an unsafe construction, unsafe exhibits or the actions / inactions of its staff. The ESC requires all exhibitors to provide adequate insurance cover for public liability protection.

ELECTRICITY
Exhibitors must inform the Building of the electric power they need. Electricity installations cannot be connected to the Building until they comply with the Building rules & regulations.

Connecting to Mains
Stands can only be connected to the Building’s electricity mains by the electricians authorised by the Building. Should unauthorised connection damage the power distribution system or connected plants, the Building will demand compensation from the company responsible for the connection.

Electrical Supply
The standard supplies of electrical current available at the Building are:
230 Volts single-phase current (± 10%) / 50 Hz
400 Volts three-phase current (± 10%) / 50 Hz

Fault Reporting
In the event of damage or fault in the electrical installation on the stand, the Building services should be contacted immediately.

Installation
As the electricity supply is divided into sections, the power for each section may not, for safety reasons, be connected until all installations in the same section are completed. Electricity supply must never be blocked with your material.

Exhibitors’ general obligations
Exhibitors must ensure that the following regulations are applied:
✔ Only fixed wiring may be used for electrical systems,
✔ Cables and wires must be Category C2,
✔ Conduits and wire mouldings used for cable troughs, wireways and cable ducts must be made of flame-retarding material, in compliance with European standards,
✔ All electrical apparatus, cables and conduits must be earthed,
✔ If class 0 equipment is to be powered up (exceptionally), it must be equipped with a residual current (maximum 30 mA) differential switch or safety device,
✔ Class I equipment must be connected to the earth wire of the main supply line,
✔ The use of individual ground plates is forbidden.
Electrical equipment cabinets and boxes must comply with legislation, namely:
• Must have a metal casing,
• Must not be accessible to the public,
• Must be easily accessible to staff and emergency services,
• Must be located a safe distance from all flammable and combustible materials.

IMPORTANT: if total power rating > 100 kVA, then:
✔ Cabinets and boxes are to be installed in closed premises reserved exclusively for this purpose,
✔ The premises must be clearly indicated,
✔ A dry chemical or CO2 extinguisher must be available on the premises,
✔ Partitions must have an M3 fire rating,
✔ The premises must not be located under a mezzanine that is accessible to the public.

Halogen lamps (EN 60 698 standard). Stand lighting that includes halogen lamps must:
✔ Be a minimum of 2.25 metres from the ground,
✔ Be located a safe distance from all flammable materials (at least 0.50 metres from wood and other decorative material),
✔ Be well secured,
✔ Be fitted with safety glass or fine mesh wire, providing protection against the consequences of a bulb blowing.

High voltage neon signs. Neon signs:
✔ Must be protected by a screen made of material with an M3 fire rating,
✔ The power switch must be clearly marked,
✔ Transformers must not be within reach,
✔ A sign marked “Danger: high voltage” should be visible nearby.

Installation work may only be performed by licensed companies which are answerable to the authorities. Connection to fuse boxes may only be carried out by companies authorised by The Paris Nord Villepinte Exhibition Centre - «Parc des Expositions».

Reliable Supply
Neither the ESC nor the Building owners can accept any liability for loss or damage to Exhibitors’ equipment caused by voltage fluctuations or breaks in electrical supply.

N.B Please note that all conductive material and items should always be protectively earthed.

Water Supply and Drainage
Water supply order form will be available at: www.ESCexhibition.org. The Building cannot accept responsibility for interruptions or pressure irregularities in the water supply. Where water is used as part of a display, the construction agency responsible must ensure electrical installations in the vicinity are safe and protection has been put in place against risk of leakage/flooding.

CATERING
The Official Stand Caterer is Eliance. All catering offered within exhibit areas should be ordered from Eliance, an order form will be available online at www.ESCexhibition.org. The contact details are:

Eliance
Mr Laurent Sarlin
Tel.: +33 1 48 63 33 22
Fax.: +33 1 48 63 33 23
Email: catering@esc2011.com

Exhibitors may not sell food or drink for consumption on the premises. Serving alcoholic beverages on stands is strictly forbidden.

All companies offering hospitality are reminded of their responsibilities for hygiene & food safety.

Exhibitors are also encouraged to guarantee healthy and balanced catering service to their delegates.

TELECOMMUNICATION & FAX
An order form for telephone and fax connection is available at www.ESCexhibition.org.

CUSTOMS, TAXES AND DUTIES
The Exhibitor will pay the various taxes and duties he might owe resulting from his taking part in the exhibition.

TRANSPORT REGULATIONS/HANDLING
The Official Forwarder for ESC CONGRESS 2011 is: FAIREXX Logistics for Exhibitions GmbH
Mr. Marco Junghans, Managing Director
Tel: +49 30 4403 4711
Fax: +49 30 4403 4779
Email: contact@Fairexx.com

Within the limits of the The Paris Nord Villepinte Exhibition Centre - «Parc des Expositions» fairground, Fairexx and its agents act with the authority of ESC on its behalf in matters concerning vehicle logistics & security, freight forwarding, freight lifting and storage of goods.

GOODS RECEPTION
ESC CONGRESS 2011 is a secure meeting area. Fairexx offer a free Managed Goods Reception Service for packages sent by courier up to 5 kgs when collected from the Fairexx office on site.

Deliveries heavier than 5 kgs will be stored by Fairexx for collection and charged according to size at €50 per cubic
metre. Deliveries to exhibition stands will also be charged. To ensure that your consignment is tracked please inform Fairexx before dispatching it.

Mechanised Unloading
Note as the Official Logistics Provider to ESC CONGRESS 2011, all mechanised unloading within the fairground must be performed by Fairexx. In the case of goods requiring specialised handling / customised vehicles for carriage, this should be co-ordinated by Fairexx.

DELIVERY ADDRESS
It will be supplied in the Update message that will be sent in June 2011.
Note that this will be the only delivery address to be used for consignments delivered direct to The Paris Nord Villepinte Exhibition Centre -“Parc des Expositions”. Building personnel are not entitled to receive goods on behalf of exhibitors.

Goods Collection
Where goods are to be collected or stored awaiting collection by a third party, such as Fairexx, it is important that a trackable order is obtained for the service in advance. It is also vital that the goods are attended until they are taken into custody of the third party. Unattended goods often go missing!

MOVE IN / MOVE OUT PERIODS
Access to the fairground and its loading bay areas is strictly controlled and entry is according to the timetable shown earlier in chapter 2. Time slots are allocated according to the size of area rented and general logistics considerations. Agencies constructing more than one exhibit may apply for an earlier access time, this will be confirmed by ESC if acceptable.

VEHICLE ACCESS WITHIN FAIRGROUND
Vehicles entering the fairground will be required to pay a deposit of € 100. This deposit will be returned when the vehicle leaves the fairground according to its time slot. In the event a vehicle overstays a given timeslot, the deposit will be forfeit. Should a vehicle overstay a time slot by more than 2 hours, this will be treated as a violation of ESC Guidelines for the exhibitor responsible.

2.3 Exhibition Conditions of Participation

General Conditions
The following conditions of participation refer to allocation of exhibition space by the ESC to organisations exhibiting at ESC CONGRESS 2011 insofar as the contractual partners do not reach contrary agreements in writing.

These conditions are available in French language upon request.

Establishment of Rental Contract
Application for a stand is made by filling in and returning the “Exhibition Space Application Form ”. Companies in the top 20 positions with accrued points statement for 2011 must submit applications by 1 December 2010. Remaining points holders must submit applications by 14 January 2011 to benefit from accrued points status. Applications received after 31 March 2011 will be subject to a late fee (m² rental price after this date is € 447 for Industry, € 300 for Publishers, excl. VAT).

Only signed application forms will be taken into consideration. By signing the application form, the company accepts the conditions contained in the Guidelines for Industry Participation and any supplementary provisions. Confirmation of the allocation of a stand by the ESC in writing constitutes establishment of the rental contract between the Exhibitor and the ESC. A stand assignment and an invoice will be sent to the Exhibitor by mail. The date on the stand assignment is considered to be the date of stand allocation. If the contents of the stand assignment deviate from the contents of the Exhibitor’s application, the contract is based on the stand assignment issued by the ESC unless the Exhibitor protests in writing within two weeks after the date mentioned on the stand assignment.

IMPORTANT: For companies in the top 20 ranking of the Accrued Points System for 2011, applications should be received & location preferences confirmed by 1 December, 2010 to receive the benefit of accrued points in selecting a stand space.

Appointed Representatives
If an exhibiting company wishes to appoint an agent to conduct its affairs at ESC CONGRESS 2011, the agent should be identified on the application form or separately in writing from a responsible person. Once appointed, the actions and communications of this agent will treated as though from the exhibiting company. Contractual responsibility remains with the exhibitor.
ASSIGNMENT OF SPACE

Stands will be assigned following the accrued point system if received by 14 January 2011. The points will be awarded according to participation in the past four ESC Annual Congresses, including the ESC Congress 2008 in Munich. Relative position on the list will define the order in which requests for stands, symposia, hotel rooms and other Congress items are processed.

When an equal number of points are held by two or more companies, stands will be assigned according to:
✔ Order of receipt of the application forms and payment of the first instalment;
✔ Size of space requested;
✔ Additional sponsoring activities;
✔ Nature of goods.

Procedure

At each exhibitor's turn for stand assignment, every effort will be made to:
✔ Offer the first, second or third choice made on the stand application subject to availability
✔ Offer a real time selection of what is available at the time of assignment, in addition to the three choices on the stand application

To ensure every exhibitor has a chance to choose an appropriate location, stand offers are valid for 48 hours unless the offer makes it clear that a space is freely available. For this reason, please supply a reliable contact telephone number for an appropriate decision maker within the exhibiting company.

Payment Deadlines

Stands will be assigned only if the deposit has been paid. Stand assignments will be cancelled automatically if the stand rental has not been paid within the given time period. In such cases the cancellation fee will be determined according to section 2.3.

RENTING STAND SPACE

Stand Space Rental Definition

“Stand Space” refers to the physical floor area occupied by an exhibit and excludes all construction materials and services such as electricity and communications. The ESC rents stand space in accordance with the compatibility of the items to be exhibited with the subject matter of the exhibition.

Minimum Size

The minimum stand size will be 9 square metres.

Congress & Exhibition Layout

The ESC reserves the right to deviate from the stand confirmation and to allocate a stand in a different location, to alter the size of the stand, to re-locate or close entrances and exits on the Exhibition Grounds and/or in the Congress Centre and to carry out any other structural alterations providing it has a substantial interest in such measures.

Stand Moves

The ESC reserves the right to make changes in the layout of the exhibition, as well as in the stand assignment in the event that unforeseen circumstances make this necessary. Alterations to the agreement will only be made after mutual consultation. If in such cases the interests of the Exhibitor are unreasonably impaired, he may withdraw from the contract in writing within one week after receipt of notification of the type of alteration. The ESC accepts no responsibility for any damage which may result from such changes.

Subtenants and other Represented Companies

Sharing the allocated stand area with another company, regardless of whether this company is represented by its own staff (subtenant) or only by its own exhibits (represented company), is not allowed.

This applies equally to companies with products or services aligned to a registered exhibitor. In such an instance, where a registered exhibitor wishes to exhibit in association with another organisation, the ESC will endeavour to offer additional exhibit space, where available, under normal conditions of sale.

Where an exhibiting organisation has multiple corporate identifies but shared ownership, the organisational relationship must be made clear to delegates (e.g. a corporate ownership statement must be displayed on the stand).

Transfer - even in part - of the rights and obligations arising from the rental contract to third parties is not permitted.

TERMS OF PAYMENT - IMPORTANT

Application fee before stand assignment

An application fee will be invoiced on receipt of the application form as follows:
✔ stands between 9m² and 49m²: €500 excluding VAT.
✔ stands between 49m² and more: 20% of requested m²

That payment has to be settled within 30 days. The application fee guarantees you a stand space and is not refundable if the exhibitor decides to cancel his/her booking. However, if space runs out in the halls, a credit note will be issued.

Payment instalments after stand assignment

The stand rental for the total remaining balance due, as defined in the Guidelines of Industry Participation, has to be paid in two instalments for applications received before 31 March 2011:
✔ 50 % deposit within 30 days of invoice date; the deposit secures your stand location choice
✔ 50 % for the balance due within 60 days of invoice date – failure to pay cancels your reservation & invokes a cancellation charge.

For applications received after 31 March 2011, 100 % of the balance due is required within 30 days of the invoice date. Invoices issued from 1 July 2011 require immediate settlement by credit card.

Value Added Taxation
French VAT rules will apply for all goods sales for ESC CONGRESS 2011. If the company is registered in another country within the EU, reverse charge procedure may apply. In this case the customer must auto reverse the VAT in their home country. Companies registered in a country outside of the European Union are encouraged to seek advice on reclaiming VAT payments.

Administration Fee
Invoices will be addressed according to each exhibitor’s entry in section 14 of the Exhibition Space Application Form and Contract (titled Accounting Data Form). In case billing details change, ESC will produce replacement invoices for an administration fee of € 70 + VAT. This applies equally to replacement billing for satellite symposia, sponsorship and advertising transactions.

Counterclaims Rights Renounced
The Exhibitor renounces the right to offset counterclaims against rent payable in time unless the counterclaims are undisputed or have been confirmed by a court of law.

Indebtedness
If the Exhibitor fails to meet his/her financial obligations, or additional expenses and other claims arising from the contract, the ESC is entitled to retain exhibits and the stand equipment and to sell them by public auction or by private contract at the expense of the Exhibitor. The statutory provisions on realisation of objects seized are thus settled.

ESC Suppliers
If the exhibitor fails to meet his/her financial obligations to those providing stand services this will also be considered a violation of the ESC Guidelines for Industry Participation and may lead to the loss of exhibitor “Accrued points”.

ESC Reservations Policy
In the event that, for any reason whatever, it is judged advisable or necessary for the ESC Congress to close completely, or in part, the Exhibition and/or Congress for any period, the ESC will not be liable for any damage, loss, or other unfavourable conditions incurred by exhibitors, session organisers or sponsors.

If, for any reason, the ESC Congress has to be cancelled, the ESC will refund to the exhibitors, session organisers or sponsors the sum paid to ESC for contractual commitments less expenses incurred in preparation of these contracts with no liability for either party to the contract.

Exclusion from Liability
The ESC does not undertake to safeguard exhibits and excludes, for its staff as well, all liability for damage to these, for theft of these, or loss, except in cases of intent or gross negligence. This exclusion from liability also applies if exhibits are seized and stored by the ESC due to infringement of the present conditions of participation. This exclusion of liability is in no way impaired by the special security measures taken by the ESC. Furthermore the ESC explicitly excludes all liability for any disadvantages or damage incurred to Exhibitors due to erroneous details on space allocation, stand construction, catalogue entries or other errors in ancillary services. Property of the Exhibitor and of third parties shall remain on the premises at their own risk. The ESC will not be responsible for the insurance of such items. The ESC shall not be liable for any injury or damage howsoever caused to goods and/or persons in the Building and/or on the adjacent sites.

Premature Termination of the Rental Contract
If after binding application and conclusion of the contract the ESC should accept that an exhibitor may withdraw from their contract, the Exhibitor is liable for the full amount of the stand rental including all surcharges and associated costs. This also applies in the event that the conditions on which the contract was concluded do not apply or no longer apply, in particular if the Exhibitor has so altered his manufacturing programme that his products can no longer be classified in the industry for which he has rented stand space.

CANCELLATIONS
Cancellations by Exhibitors must be made by registered mail addressed to the ESC.
Cancellation before stand assignment:
The deposit is not refundable if the exhibitor decides to cancel his/her booking. However, if space runs out in the halls, a credit note will be issued.

Cancellations after stand assignment:
If the Exhibitor cancels or reduces his order before 31 January 2011, the amount due by the exhibitor is 30% of the total amount ordered. If a reservation is cancelled by the Exhibitor from 1 February 2011 until 31 May 2011 (included), the amount due to be paid by the cancelling exhibitor is 60% of the total amount ordered. From 1 June 2011 the total amount is due. Should an exhibitor, that is also organising a Satellite Symposium, cancel their assigned stand space this will automatically entail the cancellation of the Satellite Symposium reservation plus any fees associated with the reservation of the Satellite Symposium.

ENFORCEMENT OF RULES
Applies Equally to All
All Exhibitors and Organisers of Satellite Symposia must comply with all rules and policies established by the ESC. The Board of the ESC has established a system of penalties which may be applied when violations occur:

Violations Procedure
The procedure for policing and enforcing the violation system is as follows:

The ESC will report alleged violations to the Congress Committee. After considering the available evidence, a representative of the relevant company having been invited to present the company’s view, the Committee will give its opinion. This will be confirmed in writing after the Congress. Appeals may be made to the Board of the ESC.

Penalties:

First serious violation: No accrual of points for the year (i.e. participation points, square metre points, points for Satellite Symposia and points awarded to Sponsors)

Second serious violation: No accrual of points plus the loss of all accrued points to date.

Third serious violation: The loss of right to participate at any future ESC Congresses for a period of four years.

Supplementary Provisions
Constituent parts of the rental contract take the form of the house regulations, the Guidelines for Industry Participation, the Updates, information supplied on ESC CONGRESS 2011 page of www.ESCexhibition.org as well as other organisational and technical regulations sent to the Exhibitor before the exhibition opens. The sovereignty of national law of the site of the Congress is undisputed.

CLAIMS PROCEDURES, PLACE OF PERFORMANCE AND JURISDICTION
All claims by the Exhibitor against the ESC must be in writing. The maximum time lapse is three months from the closure of each annual ESC exhibition. Agreements which deviate from these conditions or from the supplementary regulations must be in writing. Facsimile signatures suffice. The contract is governed exclusively by French law; the English text is authoritative.

Place of performance and jurisdiction is Grasse - France. The ESC reserves the right, however, to bring its claims before the courts competent for the area where the Exhibiting Company has its registered office.

ENFORCEMENT OF THESE GUIDELINES
Infringements of these Guidelines and Conditions will be referred to the Congress Committee. If penalties are imposed, they will follow the violation process as laid out in the Guidelines for Industry Participation for ESC CONGRESS 2011. Any loss of points due to violations of the Guidelines and Conditions will result in the same sanctions as applied to exhibition violations.

FINAL CLAUSE
In cases not covered by the regulations in the Guidelines for Industry Participation, ESC interpretation shall be final.

2.4 Emerging Technology Showcase Area (ETSA)
Since ESC Congress 2002, the Society has sponsored an exhibit area for fledgling organisations with innovative new technology which could have a positive effect on cardiovascular healthcare.

The Emerging Technology Showcase Area is a distinct area where exhibits sharing an ESC visual identity are on prominent display to congress participants. A package comprising the following items will be made available to eligible organisations for a price of € 2000 excl. VAT.

Package:
✔ 5 exhibitor badges
✔ 9 m² stand space
✔ Stand structure in white & petrol green colour, incorporating locking storage cupboard
✔ Petrol green carpet
✔ Fascia board showing company name (max 25 letters)
✔ Electricity connection (min. 1kW) & consumption
✔ Lighting
✔ Furniture: table & chairs
✔ DSL internet connection
✔ Promotion on www.escardio.org with other registered exhibitors
Organisational contact details published within final programme

ETSA participant companies are credited with 5 accrued points, applied to ESC Congress priority points listing for the following year’s congress. This will serve to assist the company in securing a better choice in location, if moving from ETSA to a regular exhibit space.

ELIGIBILITY
The creation of ETSA was in response to the specific requirements of start-up companies or others in the development stage of their cardiovascular technology product or service. It is not intended as a cost effective alternative to the conventional exhibition – companies not meeting the criteria below are invited to apply for exhibit space as detailed earlier in this chapter.

Requirements for ETSA Applicants
- The innovative value of each product or service to be presented must meet with the approval of the Congress Programme Committee (CPC). The decision of the ESC CONGRESS 2011 CPC will be final.
  ✔ Global revenue of the company shall not exceed €10,000,000
  ✔ Companies should be independent and privately held, established for less than five years
  ✔ Technologies should fall within the following areas: medical devices, biotechnology, software innovations and medical equipment
  ✔ Should not have exhibited at previous ESC Congresses, unless within ETSA

CONDITIONS FOR PARTICIPANTS
  ✔ Space will be made available to companies for a maximum of two consecutive years
  ✔ Only one space can be hired per organisation. Any exceptions must be approved by the CPC
  ✔ The promotion of established corporate image and/or brands, the promotion or sale of products and the provision of hospitality are activities strictly limited to the main exhibit halls and should on no account be pursued in the ETSA
  ✔ ESC will provide a fully equipped and uniform stand structure and furniture package. Beyond this companies will be expected to respect the nature and purpose of this area, i.e. the discussion and exchange of information relative to new technology. Therefore no changes or additions should be made to stands beyond basic decoration and a maximum of one 3m long umbrella style stand with a maximum height of 2.5m and a 28 inch plasma screen or laptop presentation
  ✔ All guests, staff and agents in the ETSA must wear a valid exhibitor badge at all times
  ✔ Rules elsewhere in this chapter, dealing with topics such as promotion, safety and contractual obligations apply equally to ETSA participants

TO APPLY
Applications should be made using the “Exhibition Space Application Form and Contract”; submissions are required by 25 February 2011. Once approved by the CPC, an exhibit space will be assigned to the company and a confirmation will be sent by post with an invoice. Settlement should be made in full within thirty days of the invoice issue date.

Cancellations
Once an invoice has been issued, a cancellation fee of 100% will apply, so companies should be fully committed before applying for an ETSA place. In the case of cancellation, a credit note for the full amount and a cancellation fee invoice will be sent. It is a condition of application that, in such cases, cancellation fees will be settled within thirty days of the invoice date.

Successful applicants are invited to send a description of their technology to ESC (exhibition@escardio.org) by 29 April 2011, to be featured on www.escardio.org. For the five included exhibitor registrations, names should be sent to exhibition@escardio.org by 17 June 2011.

Questions relating to ETSA participation should be addressed to exhibition@escardio.org or call +33 (0)4 92 94 77 55.

Usage Rights for Music, Images, Films
Participating companies are solely responsible for paying all usage rights and royalties for the use of intellectual property (music, photos, movies, artwork, etc) used on the company’s Exhibition Stand; before, during and after an Industry Supported Educational Sessions as well as during any company-organised events at the venue or in the city where the congress is taking place. The ESC reserves the right to request a copy of the authorisation, or proof of payment of said rights that should cover the duration of the congress as well as the 2 days before and after the event. More information can be found on the World Intellectual Property Organization website: www.wipo.int and www.wipo.int/treaties.

• 25,000 cardiology professionals in one location
• Representing over 150 countries worldwide
• A unique opportunity to promote cardiovascular therapies and innovations

The ESC Congress offers cost-effective marketing exposure and branding of your company to your target audience through a wide variety of sponsorship, advertising and promotional opportunities. The options detailed in this chapter will enable you to achieve several objectives such as:

— Promote your company as a partner of the ESC Congress 2011
— Increase your pre-congress exposure to the cardiology community
— Raise your profile above competitors among key decision-makers
— Increase recognition and drive traffic to your exhibition stand

All prices listed in this chapter are exclusive of VAT.

Important information for all sponsorship, advertising and promotional items: All content and artwork must gain prior approval from the ESC. Corporate names and logos are allowed.

Please note: The use of product names, identifying product logos, misleading names that could be perceived as product names, registered trademarks are strictly limited and are only permitted for products and services where product promotion is clearly stated in this chapter as Product Advertisement Opportunity.

Guidelines for certain items requiring any graphics will be detailed on our ESC Exhibitors and Industry Partners Web Site: www.ESCexhibition.org/Paris2011

3.4 Educational Opportunities

Cardiologists of tomorrow

Support the future generation of cardiologists in partnership with the ESC via a new programme: Cardiologists of tomorrow

Launched in January 2010 in partnership with the National Societies and Affiliated Societies, Cardiologists of tomorrow offers free registration for young cardiologists to ESC Congress 2011 and an on-line version of the European Heart Journal. Eligibility to the programme is judged as follows:

— Cardiologists in training, under 35 years old
— Cardiologists who have never submitted an abstract for the ESC Congress
— Cardiologists who have never before attended the ESC Congress

A dedicated educational track will be devised for this group of cardiologists during the Congress and a Forum for Future Leaders in Cardiology will consist of a scientific session presented by and for young cardiologists. We welcome the support of our industry partners for this programme via an unrestricted educational grant.

Acknowledgement of support will be provided in the registration pack, educational track programme, via the Forum for Future Leaders and on ESC Congress 2011 web site. In addition, sponsors will receive the contact details of the young cardiologists registered to the programme for future communication. For further details, please contact sponsorship@escardio.org.

3.5 Industry Press Guidelines

Overall Regulations

1. The ESC allows Industry (and their PR/communications agents) to hold Industry-related press conferences, oversee press interviews and to disseminate press materials at the ESC Congress, using specific facilities provided by the ESC for this purpose. Industry is strongly encouraged to make use of these dedicate ESC on-site facilities rather than holding off-site press briefings.

2. On-site Industry Press Activities, including the dissemination of materials, must be conducted in these locations only and not take place in any other areas of the Congress Centre.

3. Facilities allocated to Industry Press Activities

a. Several Industry Press Display Units: for the display/dissemination of press materials
b. One Industry Press Conference Room: for press conferences and press briefings
c. Two Industry Press Interview Rooms: for small press briefings and interviews

4. Rental conditions

a. Industry Press Display Room: 1,210 EUR for full 5-day period
b. Industry Press Conference Room: 1,210 EUR per hour

5. Location: The Industry Press Rooms are located adjacent to the main ESC Press Zone of the ESC Congress Centre and are clearly indicated by the internal signage and Congress Centre floor-plans.

6. Booking: Industry must contact the ESC Press Office (press-services@escardio.org) to discuss all planned press activities, to ensure adherence to ESC embargoes and these Industry Press Guidelines.

7. Access: Access to the Industry Press Rooms is restricted to registered press and Industry exhibitors (as well as their speakers and guests) with activities booked therein.
8. Embargoes: ESC embargo rules must be followed. Industry representatives who break ESC embargoes or Industry Press Guidelines will be penalised.

9. Information: The ESC does not send out invitations for individual Industry Press Conferences but rather lists all Industry Press Activities booked through the ESC on the press pages of the ESC Web Site and within the ESC Press Zone. Only Industry Press Activities booked through the ESC will be promoted by these means.

10. Data on Journalists: The ESC does not make its press database or registration lists available to Industry.

11. Registration/Badge Type: Industry and their PR/communications agents must register for the Congress as ‘Exhibitors’ in the Industry company name or as delegates. Press registration (‘press badges’) and access to the ESC Press Zone are not available to Industry. Industry PR, event management, marketing or communications representatives.

12. Exclusivity: The ESC reserves the right to be the first to communicate and set the embargoes for all data released at the ESC Congress.

Press Activity Timings & Embargo Regulations

1. General Regulations
These rules apply for any press activities, initiated by an industry or their communications agents in relation to data/abstracts/studies presented at the ESC Congress. This includes press activities not held onsite at the Congress venue. Industry press activities as per the above definition to be organised in the congress city must be held in the dedicated industry press facilities at the ESC Congress. Organisers must adhere to ESC press release dissemination timings, press conference timings and ESC embargo regulations. This includes press activities not held onsite. Companies that break or facilitate the breaking of ESC embargoes will be penalised through prohibition of future on-site press activities and deduction of Accrued Points and congress rights. To ascertain when you may disseminate press materials and the timing for which you should set your embargo, you must contact the ESC Press Office to discuss your proposed activities.

Industry Press Conferences during ESC Congress must directly relate to a study or abstract presented at the Congress. They should be held on the same day as the ESC Press Conference, ESC Scientific Session or Industry-organised Satellite Session to which they relate. They may however not take place before the relevant ESC Press Conference.

Fixed time slots are reserved for industry press conferences – these cannot overlap with the official ESC Press Conferences. Slots for Industry Press Conferences are allocated on a first come, first served basis, according to the topic to which they relate.

Organisers must note that available timings for industry press conferences can only be fixed at the beginning of June every year; once the official ESC press conference schedule has been finalised.

Any issues that might lead to a non-compliance with ESC rules must be brought to the attention of the ESC Press Office without delay!

2. Topics, Timings & Embargoes
The press information dissemination and embargo rules are set according to the nature of the information you are planning to communicate on. When requesting to hold Industry Press Activities at the Congress, you will be asked the following questions by the Press Office:

Q. What is the nature of the information you are communicating on? Is your study or topic:

a. Under consideration / confirmed as part of the Hot Line (new & late-breaking data) Sessions?

b. Part of the official scientific Congress programme (but not a Hot Line)?

c. Supporting a Satellite Session?

d. Corporate information, product information etc?

Once you have clarified the topic of your Industry Press Activities, the ESC Press Office will work with you to find the most appropriate available time slot for your Press

Conference / Press Activities
The individual regulations for the time of press activities – including the timing of your press conference, the timing of the dissemination of your press materials, and the timing of your embargoes are outlined overleaf. Stricter regulations are in place for those activities that overlap with the ESC press conference topics, ESC Press Release topics and most especially the ESC Hot Line Session Press Conferences.
Hot Line Studies

- If your study has been accepted by the ESC as a Hot Line Study, the ESC will also be holding press activities (press conference and press release) relating to the data. It is thus crucial that your activities do not compromise the ESC embargoes and regulations.

- ESC Hot Line Press Conferences are usually held from 08.00-09.00 on the day of presentation.

- Official ESC press materials will be strictly embargoed until 8:00am, i.e. the beginning of the official press conference.

- Industry press materials relating to the same (Hot Line) study may only be issued or disseminated at this time. Issuing of press materials or information on the results of a Hot Line before this time (even under embargo) will be considered a break of the ESC embargo rules.

Sessions / abstracts also presented as an ESC Press Conference

- The ESC press conference topics and timings are set in early June.

- If your activities relate to data also being presented at an ESC press conference, you must ensure that your activities do not compromise the ESC embargoes and regulations.

- Press materials must not be disseminated before the start time of the relevant ESC press conference (i.e. upon embargo).

Sessions/abstracts within the ESC Scientific Programme but not ESC Press Conference Topics

- If your topic relates to a Scientific Session or Abstract within the main Congress Programme (not including Satellites), then you must adhere to ESC embargoes and regulations.

- For data presented in a scientific session, for which there is no official ESC Press Conference, the embargo time is the starting time of the scientific session or of the poster/abstract presentation (as indicated in the final programme). Press materials must not be disseminated before this time. Topics relating to Satellites or corporate information should be embargoed.

- If your press activities relate to a Satellite Session you may set your own press conference timing, press material dissemination timing and embargo time.

- Nonetheless, please keep the ESC Press Office updated on all related press activities.

3. Industry Press Display Space

The Industry Press Display Space is designated for the display of Industry press materials such as press packs, press materials or other Industry-related materials for press attending the ESC Congress and relevant to the Congress proceedings. The space provided is in an area that journalists need to cross on their way in or out of the main press area. It consists of rentable display units.

Location:
The Industry Press Display Space is located next to the ESC Press Zone, Industry Press Conference Room and the two Industry Press Interview Rooms.

Rented area:
Each Industry booking is for a display unit consisting of a table of approximately 1m2 (1mx0.5) display space and a small storage area below for excess stock. Behind each table is a poster-board area enabling each exhibitor to display a poster or collection of posters not exceeding A2 portrait (vertical) in size. This may be for example a poster of the Industry logo, an enlargement of the press material or a flyer / invitation to the Industry press conference concerned. Unless otherwise indicated, the ESC logo cannot be used by Industry for such promotional materials.

Materials:
All press materials (press packs and posters) to be exhibited within the Industry Press Display area must be sent in soft copy form for review by the ESC Press Office by 15 August at the latest. Exhibitors are requested to not remove / pick-up any press packs belonging to any other Industry press display exhibitors. At the end of the Congress, should any excess press materials remain, Industry press exhibitors may then take one press pack from each of their fellow exhibitor’s display areas for their records, with the consent of the Industry official responsible.

Staff:
A member of staff overseeing the Industry Press Display Space will be available throughout the Congress period. This member of staff will be responsible for badge-checking entrants of the room, the general upkeep of the room, the answering of press enquiries and the replenishment of individual display tables supplies, if explicitly requested. This member of staff will not be responsible for Industry-related tasks such as photocopying or secretarial duties.

Set-up and dismantling:
Industry press exhibitors are requested to set up on the afternoon of the Friday/day before the official opening of the Congress in order to ensure that all displays are ready and in position from Saturday/the day of the official opening.
Industry press exhibitors are requested to visit their display regularly, both to ensure the upkeep of the display area by the member of staff is satisfactory and to be available to answer specific press questions and enquiries. Industry press exhibitors are requested to not remove any of their display materials until the Congress officially closes at 13.00 on Wednesday. Equally, industry press exhibitors are requested to organise the collection and/or disposal of their excess materials following the closure of the Congress.

Cost and payment:
Industry Press Display units are rented out only on 5-day package basis. The cost for a 5-day package is at 1,210 EUR. Payment for this should be conducted by credit card, the details of which should be indicated on the Booking Request Form. Any cancellations received after 15 August will be subject to a 100% cancellation charge. Space is limited so bookings will be handled on a first-come first-served basis until all display spaces have been filled. Please use the Industry Press Display Room Booking Request Form to formally apply for display space within the Industry Press Display Room. Approval of this request and confirmation of the booking will be sent to all applicants by the ESC Press Office. The approval notification should be brought to the Industry Press Display Space and presented to the member of staff in order to enable entry and set-up. Bookings are only accepted from 1 May of each year!

Questions / queries:
All queries regarding Industry Press Display Room bookings and regulations should be directed to the ESC Press Office, from 1 May. Please check our website for the correct phone number. Facsimile number: +33 (0)4 92 94 86 69 Email address: press-services@escardio.org

4. Industry Press Conference Room
The Industry Press Conference Room is the recommended venue for Industry press conferences and press briefings relevant to the Congress proceedings – industry press activities at the conference centre may ONLY be organised in this room.

Industry officials are advised to hold Industry Press Conference on-site to facilitate matters for speakers and press attendees, as well as availing from the promotion opportunities available from the ESC Press Office. The Industry Press Conference Room has a capacity of up to 100 pax, extensive audiovisual facilities (listed below) and a full-time technician.

Location:
The Industry Press Conference Room is located next to the Industry Press Display Room and the 2 Industry Press Interview Rooms, next to the main ESC Press Zone.

Access:
Enter to the Industry Press Conference Room is restricted to press attendees and Industry press conference organisers (Industry officials and their PR / event management representatives) during the booked periods.

Facilities:
The Industry Press Conference Room accommodates an audience of up to 100 pax in theatre style set-up. The top table will be set up to allow for several speakers in a row, and this can be extended/adjusted according to needs.

Speaker facilities:
• speaker lectern with both cabled microphone and clip-on cabled microphone
• 1 computer (located at back of room close to and operated by the technician)
• 1 laptop plug-in connections at the speaker table
• 6 cabled microphones at the speaker table
• audio monitors on speaker table
• LCD monitors at speaker table/lectern to view projected presentations

Presentation facilities:
• 1 video data projector
• 1 flip chart with paper and pens

Press audience facilities:
• 4 microphones in the room for questions from the audience (cabled to minimise interference)
• Stage lights to facilitate video capture
• 8 audio lines from the sound board on a special platform at the back of the room for audio recordings

Staff:
• 1 full-time technician located at the back of the room in the projection cabin
• 1 full-time member of staff to check badges and generally oversee proceedings

Further resources:
• A badge readerprinter for the recording and printing out of press attendee contact information

ESC Promotion:
The ESC will promote the Industry Press Conference Room and list the exhibitors/press conferences both on-site in the ESC Press Centre and on-line in one overview document.

Materials:
Industry Press Conference Room clients may minimally decorate the room but should be advised that all periods of setting-up and dismantling must be booked and will be charged at the standard rental fee (and pro-rata for periods of less than an hour).
Plans to dress the room should be forwarded to the ESC Press Office for approval. All press materials (press packs and posters) to be distributed within the Industry Press Conference area must be sent in soft copy form for review by the ESC Press Office by 15 August at the latest. Signage / room dressing may not extend beyond the room itself. No ESC logos may be used unless otherwise indicated.

Staff:
A member of staff dedicated to the Industry Press area will be available throughout the Congress period during the ESC Press Area opening hours (please check on the ESC Web Site). This member of staff will be responsible for badge-checking entrants of the room, the general upkeep of the room, the answering of press enquiries and the overseeing of the bookings and activities. This member of staff will not be responsible for Industry-related tasks such as photocopying or secretarial duties. Should you require any specific room decoration, you should organise your own staff to handle this directly.

Catering:
Industry press conference organisers requiring catering before, during or after their press conferences should contact the catering company (details available on the ESC Web Site) directly. Please note that time used for catering set-up and catering breaks within the room will be charged at the full room rental rate and the area is limited (e.g. small buffet capacity). Extension of the catering outside the room should be kept to a bare minimum to minimise disruption to the press activities being conducted nearby. Alcohol may not be served during day-time events.

Set-up and dismantling:
Time required for set-up, room dressing, pre-conference briefings and dismantling will be charged at the full rental rate. The pre- and post-conference time quotas required should therefore be indicated on the Booking Request Form.

Cost and payment:
Rental of the Industry Press Conference Room is charged at 1,210 EUR per hour. The times required for set-up, pre-conference briefings and dismantling are also charged at the full rate and thus should be indicated on the Booking Request Form. The ESC will endeavour to fulfil these as much as possible according to other bookings and time restrictions. The full amount is due once the Industry Press Conference begins. For peak hour bookings, please minimise your bookings to the shortest time required to ensure the room is available for other bookings. Payment for the Industry Press Conference Room should be conducted by credit card, the details of which should be indicated on the Booking Request Form. Any cancellations received after 15 August 2010 will be subject to a 100% cancellation charge. Space is limited so bookings will be handled according to the Bookings Allocation Procedure outlined below.

Please use the appropriate Booking Request Form to formally apply for time slot(s) within the Industry Press Conference Room. Approval of this request and confirmation of the booking will be sent to all applicants by the ESC Press Office. The approval notification should be brought to the Industry Press Conference Room and presented to the member of staff in order to enable entry and set-up.

Booking Allocation Procedure:
Since only one Industry Press Conference Room is available on-site, bookings are competitive and thus are allocated according to the following 5 point procedure set by the ESC Press Office. The word of the Press Office is final regarding all booking allocations and no booking requests are official until confirmed in writing by the Press Office.

1. Industry Press Conferences must not clash with the main ESC Press Conferences, which are held daily during the break times of the Congress (Schedule to be announced).

2. Booking priority is treated on a first-come, first-served basis. This relates to the time of the initial enquiry (email receipt time) referring to the specific time requested.

3. In rare situations when two or more bookings are received at the same time and requesting the same booking slot, the ESC Press Office will refer to the Accrued Points System and each Industry’s Points to date to resolve the issue. The Industry with the higher number of Points will be given priority.
The ESC press conferences will be confirmed in terms of topics and timings at a meeting in the beginning of June every year, therefore no press conference timing requests can be formally confirmed until June at the earliest.

Cancellation of Industry Press Conference Room and Industry Press Display Space

ESC Congress 2011 - Filming, Photos and Audio
Rights to photograph, film or record at this congress are strictly reserved for ESC Congress 2011 organisers (exceptions may be granted for registered press representatives with press badges). Companies may film their exhibition stand or a session they are organising (i.e. Satellite Symposia and Mini-Satellite Symposia), free of charge but will be required to have a permit on them that the ESC Press Office will issue upon request.

3.6 Appointed Agencies
Any and all correspondence for specific Sponsorship items should be made exclusively between the exhibiting pharmaceutical, device or imaging company and the ESC. Those companies using an agency must inform the ESC, in writing, which agency they have officially chosen and for which activities at the ESC Congress 2011. Without this important information unknown agency requests will not be taken into consideration. Agencies cannot make initial enquiries or reservations with the ESC independently of the exhibiting company. The organising company is responsible for communicating the ESC Congress 2011 Guidelines for Industry Participation to its staff as well as to its appointed agencies (or provide them the weblink to the Guidelines on our website). The appointed agency cannot fully act as if it were the exhibiting company and the exhibiting company will continue to be held entirely responsible and accountable for activities organised in its name via their agency.

3.7 Usage Rights for Music, Images, Films
Participating companies are solely responsible for paying all usage rights and royalties for the use of intellectual property (music, photos, movies, artwork, etc) used on the company's Exhibition Stand, before, during and after an Industry Supported Educational Sessions as well as during any company-organised events at the venue or in the city where the congress is taking place. The ESC reserves the right to request a copy of the authorisation, or proof of payment of said rights that should cover the duration of the congress as well as the 2 days before and after the event.
More information can be found on the World Intellectual Property Organization website: www.wipo.int and www.wipo.int/treaties

3.8 Accrued Points Deadlines and the assignment of items
Sponsorship items will be assigned based upon the accrued points ranking and in respect of the accrued points’ deadline. Companies will be invoiced for Sponsorship, Advertising & Promotional activities upon assignment, if the item is still available. Once the accrued points deadline has passed, any remaining items will be assigned on a first come, first served basis.

3.9 Terms of payment, Cancellations and ESC Reservations Policy
In the event that, for any reason whatever, it is judged advisable or necessary for the ESC Congress to close completely or in part, the Exhibition and/or Congress for any period, the ESC will not be liable for any damage, loss, or other unfavourable conditions incurred by exhibitors/session organisers/sponsors. If, for any reason, the ESC Congress has to be cancelled, the ESC will refund to the exhibitors/session organisers/sponsors the sum paid to ESC for contractual commitments less expenses incurred in preparation of these contracts, with no liability for either party to the contract.

4.1 Delegate Registration

The aim of the ESC Congress 2011 is to provide the best of science and education to all professionals who care for patients suffering from cardiovascular diseases. Easy to use online services exist for your Group Registration at the ESC Congress 2011.

— Schedule: Group Online services are open mid-December 2010 at www.escardio.org
— Accrued points for registration: 1 point will be earned for 9 full, paid registrations made as part of a group registration, or for individual registrations, if claimed by a company taking a stand in the Exhibition area.

For more details contact the ESC Registration Department at: registration@escardio.org.

— Address Data Quality: We would like to draw your attention to the importance of receiving valid and complete delegate information (postal addresses and emails). This is of high concern to ESC but also:
✔ Your attendees - so they receive the journal subscription if included in the registration fee
✔ Exhibiting companies - so the data that they retrieve from badge readers during the congresses is valid and exploitable.

Please note that only registrations from industries or their agents providing valid addresses for each attendee will be processed. Without this information registrations will not be accepted. If the valid address is submitted at a later stage, the fee corresponding to the period when the ESC receives this information will apply.

4.2 Industry Welcome Desk

Exhibiting companies are invited to rent Industry Welcome Desks, you may distribute your company’s delegate registrations directly to the recipients, manage your clients, and other important coordination or meeting point activity for your Invited Delegates.

Each desk, located in the registration area of the congress centre will be comprised of a desk and chairs for 2 people.

For further information and details, please contact Exhibition@escardio.org.

Product Specification
Cost: €5,000 excl.VAT — Point: 1
✔ Limited number of Industry Welcome Desks available
✔ Allocated on a First come, First Served basis
✔ You can promote your Satellite Symposium from the Welcome Desk. You may not hang the poster directly on the wall. A roll-up poster must not impede circulation behind the desks.
✔ Only one Industry Welcome Desk per company.

4.3 Hotel Services

Companies participating in the ESC Congress may wish to make group hotel reservations for employees and invited guests, the ESC will assist companies in this task when circumstances permit. The ESC cannot, however, guarantee that all requests will be met.

For more information, please contact the ESC Housing & Events Department: hotels@escardio.org.

✔ Requests received will be dealt with according to the Accrued Points System.

4.4 Function Spaces

In order to privilege delegate attendance at official activities of the ESC Congress 2011, the ESC requests all industry partners, to provide a full listing for ESC approval, of their sponsored gatherings, hospitality functions or presentations, to be organised outside of the ESC congress programme between 21 August and 4 September 2011.

Industry gatherings of up to 150 people are permitted outside of official congress hours, all other requests will be subject to specific ESC approval.

Any formal presentations occurring at hospitality events for more than 150 guests and open to ESC Congress 2011 delegates need specific approval from the ESC.

Companies are requested to respect the following Guidelines throughout the period between 21 August and 4 September 2011.

The ESC has devised two product categories to allow supporting companies organise different meeting formats within the congress centre during the congress hours.

Hospitality Suites and Meeting Rooms

The ESC allows companies to host a limited number of guests and organize small and informal meetings (approx 20 peoples) in a range of Hospitality Suites and Meeting Rooms on offer within the congress centre. Please refer to the chapter below.
Closed Industry Meeting

Company staff meetings and briefings, investigators meetings or other type of closed meetings are allowed inside or outside the Congress Centre. Should a company wish to arrange a meeting of this type within the Congress Centre, please refer to the “Closed Industry Meeting” chapter below.

The following rules and regulatory govern these meeting formats:
✔ Meeting “is closed” and on invitation only
✔ Maximum attendance is restricted and defined within each product category
✔ Meeting is not promoted in the convention centre nor in any ESC Congress 2011 publication

Hospitality Suites and Meeting Rooms

Hospitality Suites are rented for a minimum of four days and Meetings Rooms for a minimum of half a day.
✔ Only a limited number of Hospitality Suites & Meeting Rooms are available in the congress centre.
✔ Rooms can be reserved only through the ESC.
✔ The ESC has the right to modify demands as it sees fit to best accommodate as many requests as possible.
✔ The placement of signs and posters on the exterior doors or walls of the rented room is possible. No other signage or promotion can be made within the building other than on the company’s stand.
✔ All persons involved in the operation of the Hospitality Suite & Meeting Room must have a valid badge (Exhibitor, active participant, press or day ticket). All persons requesting access to the Hospitality Suite & Meeting Room must be registered either as active participants or as exhibitors; persons without such a badge will not be allowed to enter the room.
✔ The ESC will propose Hospitality Suites & Meeting Rooms to requesting companies in writing and the company will have the right to accept or decline within the given deadline.
✔ Hospitality Suites & Meeting Rooms are assigned on a first-come, first-served basis, while space is available.
✔ Companies not responding by the deadline date will be assumed to have accepted the assigned Hospitality Suite & Meeting Room and will also be invoiced.
✔ Once confirmation is received the ESC will invoice the company. Payment must be made within the given time or the Hospitality Suite & Meeting Room will be released. Cancellation of Hospitality Suite & Meeting Room once the invoice has been issued will incur a 100% cancellation fee.

✔ The ESC will only be responsible for booking Hospitality Suite & Meeting Room in the Congress Centre. Each company, thereafter, is responsible for organising in accordance with the Congress Centre or other suppliers its individual needs such as food, furniture or supplies. Contact information will be sent to companies who confirm room reservations.
✔ Requests for Hospitality Suites & Meeting Rooms request should be addressed to the ESC offices at: satellite@escardio.org.

Due to the limited number of rooms, companies may also request ESC approval to hold their events at other locations. In this case, and with prior approval from the ESC, we strongly urge companies to consider potential venues outside the congress centre.

Closed Industry Meeting

In order to allow industries to organise staff meetings, briefings, investigators or other type of closed meetings, the ESC has decided to open, upon request, several time slots and facilities, to provide the opportunity to hold these meetings in the Congress Centre. Closed Industry Meetings will be held in lecture of 120 or 200 seats.

Closed Industry Meetings should only be organised with the explicit approval of the ESC, under the following conditions:
✔ Meeting “is closed” and on invitation only
✔ Maximum attendance 150 guests
✔ Meeting is not promoted in the convention centre nor in any ESC Congress 2011 publications
✔ No installations or alterations to the lecture room set-up
✔ The basic price of a closed industry session is € 3,000 for a 60-minute meeting.
✔ For time-slots longer than 60-minutes, the additional cost per increment of 30-minutes will be € 1,500 (excl. VAT if applicable).
✔ Plus the cost of any extras.
✔ General Hospitality Suites and Meeting Rooms rules apply.
✔ Cancellation of Closed Industry Meetings once the invoice has been issued will incur a 100% cancellation fee.
✔ Requests for Hospitality Suites & Meeting Rooms request should be addressed to the ESC offices at: satellite@escardio.org.

Deadline for Application: 30 June 2010.

5.1 Sponsorship, Advertising & Promotional Items
5.2 Industry Educational Sessions
5.3 Function Spaces
5.4 Exhibition
5.5 Administration fees / Invoicing changes
Below is a synopsis of the Payment, Cancellation Policies and Enforcement of rules with regards to the various activities.

It is the ESC's policy that all invoices be paid by the date indicated on the invoice or before the opening of the Congress “27 August 2011”, should this date fall first.

In the event that, for any reason whatever, it is judged advisable or necessary for the ESC Congress to close completely or in part, the Exhibition and/or Congress for any period, the ESC will not be liable for any damage, loss, or other unfavourable conditions incurred by exhibitors/session organisers/sponsors.

If, for any reason, the ESC Congress has to be cancelled, the ESC will refund to the exhibitors/session organisers/sponsors the sum paid to ESC for contractual commitments less expenses incurred in preparation of these contracts, with no liability for either party to the contract.

Returning an application form constitutes an Agreement and implies accordance with the Guidelines for Industry Participation for the ESC Congress 2011. In the event of any disputes, controversies or claims arising in connection with the Agreement or arising out of, or relating to, any provision of the Agreement or the breach thereof, the Parties shall try to settle the problem amicably between themselves. Should the Parties fail to come to an agreement within SIXTY (60) DAYS from the first notice of such dispute, controversy or claim; the same shall be finally settled by the competent Court of Grasse, France. The Agreement shall be construed in accordance with the laws of France.

See chapter 5.5 Administration Fees / Invoicing changes for more detail.

5.1 Sponsorship, Advertising & Promotional Items

Assignment of items will be made upon accrued points ranking and in respect of the Accrued Points Deadlines.

Companies will be invoiced for Sponsorship, Advertising & Promotional activities upon assignment, subject to availability.

Once the accrued points deadline has passed, any remaining items will be available on a first come, first served basis.

It is the ESC’s policy that all invoices be paid by the date indicated on the invoice or before the opening of the Congress 2011 (27 August 2011), should this date fall first.

Cancellation fees of 100% apply once an invoice has been issued.

ESC Reservations policy:

In the event that, for any reason whatsoever, it is judged advisable or necessary for the ESC Congress to close completely or in part, the Exhibition and/or Congress for any period, the ESC will not be liable for any damage, loss, or other unfavourable conditions incurred by exhibitors/session organisers/sponsors.

Once these deadlines have passed the sessions and the lecture rooms will be invoiced on receipt of the application form.

Cancellation policy
Cancellations of Industry Educational Sessions should be sent by registered mail to the ESC.

Hands-On Tutorials:
✔ If the cancellation is received after 1 December 2010 the full fee will be invoiced.

ESC Reservations policy:
In the event that, for any reason whatsoever, it is judged advisable or necessary for the ESC Congress to close completely, or in part, the Exhibition and/or Congress for any period, the ESC will not be liable for any damage, loss, or other unfavourable conditions incurred by exhibitors/session organisers/sponsors.
If, for any reason, the ESC Congress has to be cancelled, the ESC will refund to the exhibitors/session organisers/sponsors the sum paid to ESC for contractual commitments less expenses incurred in preparation of these contracts, with no liability for either party to the contract.

5.3 Function Spaces

Hospitality Suite, Meeting Room and Closed Industry Meeting
The ESC will propose Hospitality Suites & Meeting Rooms to requesting companies in writing and the company will have the right to accept or decline within the given deadline.

Payment
Once confirmation is received the ESC will invoice the company. Payment must be made within the given time or the Function Space and Closed Industry Meeting will be released.

Cancellation Policy
Companies not responding by the deadline date will be assumed to have accepted the assigned Function Space and will also be invoiced. Cancellation of Function Space once the invoice has been issued will occur a 100% cancellation fee.

ESC Reservations policy:
In the event that, for any reason whatever, it is judged advisable or necessary for the ESC Congress to close completely, or in part, the Exhibition and/or Congress for any period, the ESC will not be liable for any damage, loss, or other unfavourable conditions incurred by exhibitors/session organisers/sponsors.
If, for any reason, the ESC Congress has to be cancelled, the ESC will refund to the exhibitors/session organisers/sponsors the sum paid to ESC for contractual commitments less expenses incurred in preparation of these contracts, with no liability for either party to the contract.
5.4 Exhibition

TERMS OF PAYMENT

Application fee for stand assignment
An application fee will be invoiced on receipt of the application form as follows:
✔ stands between 9m² and 49m²: €500 excluding VAT.
✔ stands over 49m²: 20% of requested m²
Payment of the application fee must be settled within 30 days. The application fee guarantees a stand space and is non refundable should the exhibitor decide to cancel his/her booking. However, should the ESC need to cancel the stand due to a lack of space or other, a credit note will be issued.

Payment instalments after stand assignment
The stand rental for the total remaining balance due, as defined in the Guidelines of Industry Participation, has to be paid in two installments for applications received before 31 March 2011:
✔ 50 % of the total amount due within 30 days of invoice date; the deposit secures your stand location choice
✔ 50 % for the balance due within 60 days of invoice date – failure to pay cancels your reservation & invokes a cancellation charge.
For applications received after 31 March 2011, 100% of the balance due is required within 30 days of the invoice date. Invoices issued from 1 July 2011 require immediate settlement by credit card.

Value Added Taxation
French VAT rules will apply for all goods sales for ESC CONGRESS 2011. If the company is registered in another country within the EU, reverse charge procedure may apply. In this case the customer must auto reverse the VAT in their home country. Companies registered in a country outside of the European Union are encouraged to seek advice on reclaiming VAT payments.

Administration Fee
Invoices will be addressed according to each exhibitor’s entry in section 14 of the Exhibition Space Application Form and Contract (titled Accounting Data Form). In case billing details change, ESC will produce replacement invoices for an administration fee of € 70 + VAT.
This applies equally to replacement billing for satellite symposia, sponsorship and advertising transactions.

Counterclaims Rights Renounced
The Exhibitor renounces the right to offset counterclaims against rent payable in time unless the counterclaims are undisputed or have been confirmed by a court of law.

Indebtedness
If the Exhibitor fails to meet his/her financial obligations, or additional expenses and other claims arising from the contract, the ESC is entitled to retain exhibits and the stand equipment and to sell them by public auction or by private contract at the expense of the Exhibitor. The statutory provisions on realisation of objects seized are thus settled.

ESC Suppliers
If the exhibitor fails to meet his/her financial obligations to those providing stand services this will also be considered a violation of the ESC Guidelines for Industry Participation and may lead to the loss of exhibitor “Accrued points”.

ESC Reservations policy
In the event that, for any reason whatever, it is judged advisable or necessary for the ESC Congress to close completely, or in part, the Exhibition and/or Congress for any period, the ESC will not be liable for any damage, loss, or other unfavourable conditions incurred by exhibitors/session organisers/sponsors. If, for any reason, the ESC Congress has to be cancelled, the ESC will refund to the exhibitors/session organisers/ sponsors the sum paid to ESC for contractual commitments less expenses incurred in preparation of these contracts, with no liability for either party to the contract.

Exclusion from Liability
The ESC does not undertake to safeguard exhibits and excludes, for its staff as well, all liability for damage to these, for theft of these, or loss, except in cases of intent or gross negligence. This exclusion from liability also applies if exhibits are seized and stored by the ESC due to infringement of the present conditions of participation. This exclusion of liability is in no way impaired by the special security measures taken by the ESC.
Furthermore the ESC explicitly excludes all liability for any disadvantages or damage incurred to Exhibitors due to erroneous details on space allocation, stand construction, catalogue entries or other errors in ancillary services.

Property of the Exhibitor and of third parties shall remain on the premises at their own risk. The ESC will not be responsible for the insurance of such items. The ESC shall not be liable for any injury or damage howsoever caused to goods and/or persons in the Building and/or on the adjacent sites.

Premature Termination of the Rental Contract
If after binding application and conclusion of the contract the ESC should accept that an exhibitor may withdraw from their contract, the Exhibitor is liable for the full
amount of the stand rental including all surcharges and associated costs. This also applies in the event that the conditions on which the contract was concluded do not apply or no longer apply, in particular if the Exhibitor has so altered his manufacturing programme that his products can no longer be classified in the industry for which he has rented stand space.

CANCELLATIONS
Cancellations by Exhibitors must be made by registered mail addressed to the ESC

Cancellation before stand assignment:
The application fee is not refundable if the exhibitor decides to cancel his/her booking. However, if space runs out in the halls, a credit note will be issued.

Cancellations after stand assignment:
If the Exhibitor cancels or reduces his order before 31 January 2011, the amount due by the exhibitor is 30% of the total amount ordered. If a reservation is cancelled by the Exhibitor between 1 February 2011 and 31 May 2011, the amount due to be paid by the cancelling exhibitor is 60% of the total amount ordered. From 1 June, 2011 the total amount is due. Should an exhibitor, that is also organising a Satellite Symposium, cancel their assigned stand space this will automatically entail the cancellation of the Satellite Symposium reservation plus any fees associated with the reservation of the Satellite Symposium.

5.5 Administration fees / Invoicing changes

Invoices will be raised using the Invoicing Data provided by the company on the application forms. Please ensure the information provided on each form submitted is correct so that payment can be promptly made. We specifically emphasize the importance of PO numbers.

For any billing changes after an invoice has been issued (i.e. company name change, address change, VAT modification, addition of a PO number), an administration fee of € 70 + VAT will be charged, per invoice, to the company.

6.1 Earning Points

Partial points are not allowed; figures are always rounded down.

For companies sharing Exhibition stand space, Industry Supported Educational Sessions (Satellite Symposia, Mini-Satellite Symposia, Hands-On Tutorials), Sponsorship activities or Registration Groups, we will split the points equitably between the two companies unless we have been informed otherwise by both parties involved. In the case of uneven points, one company will have 1 point more than the other.

Only exhibiting companies can accrue points.

Exhibition

PLEASE NOTE: Only Paying Exhibitors can accrue points.

1. Participation at the ESC Annual Congress:
   5 points are awarded for exhibiting at the ESC Congress 2011.

2. Exhibition space: 1 point is accrued per full 9 m² of exhibit space.
   (ETSA exhibitors accrue 5 points for participation, but no points for their exhibit space)

Industry Educational Sessions:

Satellite Session of 45 minutes will accrue: 10 points
Satellite Session of 90 minutes will accrue: 10 points.
Satellite Session of 180 minutes will accrue: 20 points.
Mini-Satellite Symposium will accrue: 6 points.

EBAC Accredited Educational Programmes:

EBAC Accredited Educational Programme (Satellite Session) of 45 minutes will accrue: 10 points
EBAC Accredited Educational Programme (Satellite Session) of 90 minutes will accrue: 10 points.
EBAC Accredited Educational Programme (Satellite Session) of 180 minutes will accrue: 20 points.
EBAC Accredited Educational Programme (Mini-Satellite Symposium) will accrue: 6 points.

EBAC Accredited Educational Programme (Satellite Session) of 180 minutes will accrue: 20 points.

Sponsorship, Advertisement & Promotion:

I point is accrued per € 2,700 spent per Sponsorship item or as listed on the application form.

Group Registration and Individual Registration:

I point will be given for 9 full, paid registrations, (group registrations or individual registrations) if the company has taken an Exhibition stand. In order to take into consideration Individual registrations, the organising company is asked to provide a list with each delegate’s full name and registration number when the Accrued Points Calculation Form is returned after ESC Congress 2011.

For shared group registrations, please inform your agencies that BOTH company names must be indicated as the Group name. Should your agency have any questions, have them contact Groups@escardio.org for assistance.

To facilitate the retrieval of your company’s delegates for the Accrued Points Calculation, agencies registering delegates should clearly identify the Group as the Exhibiting Company and the agency should be listed under Agency. Delegates registered under your company name are easily retrieved and included in the points.

Further details can be obtained by contacting the ESC Registration Department, at: Registration@escardio.org

The Deadline to submit your Accrued Points Form for Registration, Exhibition, Sponsorship / Promotion and Satellite Symposia and Workshops for the ESC Congress 2011 is 9 September 2011.

Accrued Points calculation

Our Accrued Points Ranking, based on accrued points earned over the past 4 ESC Congresses cannot be amended or altered thereafter in the course of the Congress Year.

The Accrued Points Calculation Form for the ESC Congress 2011 will be available to download just prior to the ESC Congress 2011 on www.ESCexhibition.org.

The form should be compiled by the organising company (and not by the agency) and returned to sponsorship@escardio.org before 9 September 2011.

The points of merged or acquired companies will be combined for the ESC Congress 2011 if notice has been received, in writing, by the ESC before 9 September 2011.

It is the exhibiting/sponsoring company’s sole responsibility to dispute points discrepancies by the deadline.
6.2 Benefits of Points Status

Industry Educational Sessions Time Slots and Lecture Room Assignments

— Satellite Symposia
The points accrued over the four previous ESC Congresses and the date of receipt of the application form at the ESC offices, will determine the assignment of the rooms and time slots.

When several companies have the same number of points the first application received will be dealt with first.

Points gained from Satellite Symposia are combined with the points gained through Exhibition space, Mini-Satellite Symposia, Closed Industry Sessions, Registration and other Sponsorship items. Only the last FOUR YEARS are taken into account.

— Mini-Satellite Symposia
The date of receipt of the application form at the ESC office, will determine the assignment of rooms and time slots.

A limited number of lecture rooms are available in the Building. Lecture Rooms can be reserved through the ESC only. The ESC has the right to modify lecture room assignment in case of matters unforeseen.

Exhibition Stand Assignment

When an equal number of points are held by two or more companies, the stands will be assigned according to:

✔ Order of receipt of the application forms and payment of the first instalment.
✔ Size of space requested.
✔ Additional sponsorship activities.
✔ Nature of goods.

Sponsorship & Advertisement

✔ Deadlines for application for Sponsorship & Promotional items using your Accrued Points status may vary for each product and service.
✔ Please note the given deadline per item.
✔ If, in accordance with the given deadline for each item, sponsorship requests will be allocated according to your company ranking in the Accrued Points list.
✔ Priority status will only be granted to those Sponsorship, Advertisement and Promotion Application Forms submitted on or before the given deadlines. See Chapter 7 for all Application Forms.

6.3 Penalties

Infringements of these Guidelines may result in the loss of Accrued Points. The procedure for policing and enforcing the violation system is as follows:

The ESC will report alleged violations to the Guidelines for Industry Participation Committee. After considering the available evidence, a representative of the relevant company having been invited to present the company’s view, the Committee will give its opinion. This will be confirmed in writing after the Congress. Appeals may be made to the Board of the ESC.

First serious violation:

No accrual of points for the year (i.e. Exhibition points, points for Satellite Symposia/Mini-Satellite Symposia and Sponsorship points).

Second serious violation:

No accrual of points and/or the loss of all accrued points to date.

Third serious violation:

Loss of eligibility to participate in future ESC Congresses for a period of four years.

The ESC reserves the right to make special promotional offers, or, within reason to amend the points weight per item, to the benefit of the Congress and its delegate attendance. These changes may occur at any stage and may pertain to any Sponsorship or Advertisement item.

The Accrued Points Form will be sent to all of our Industry Partners before the opening of the ESC Congress 2011, and published at the same time on our website: www.ESCexhibition.org

EXHIBITION SPACE APPLICATION FORM

GENERAL TERMS OF AGREEMENT

The following conditions of participation refer to allocation of exhibition space by the ESC to companies participating at ESC CONGRESS 2011 and as such the contractual partners do not reach contrary agreements in writing. These conditions are in French language upon request.

1. ESTABLISHER OF RENTAL AGREEMENT

Application forms in English and French and returning the "Exhibition Space Application Form" Companies in the top 20 positions within the accrued point statement for 2010 must submit applications by 1 December 2010. Remaining points holders must submit applications by 14 January 2011. Applications received after 31 March 2011 will be subject to a late fee of €500 rental price after this date €475 for Industry, €300 for Publishers, Bookstellers and Food / Nutrition specialists.

Only signed application forms will be taken into consideration. By signing the application form, the company accepts the conditions contained in the Guidelines for Industry Participation and any supplementary provisions. Please note that an application fee will apply at reception of the stand space application form, for more details see terms of payment section 4. Confirmation of the allocation of a stand is only made after the first installment of 50% of the stand rental has been paid.

2. ASSIGNMENT OF SPACE

Stands will be assigned following the accrued point system if received by 14 January 2011. The points will be awarded according to participation in the past four ESC Congresses. Relative position on the list will be in order of receipt for stands, symposia, hotel rooms and other Congress items are processed. When an equal number of points is held by two or more companies, stands will be assigned according to:

— Order of receipt of the application forms and payment of the first installment
— Size of space requested
— Additional sponsoring activities
— Nature of goods

2.1 Procedure

At each exhibitor’s turn for stand assignment, every effort will be made to:

— Offer a real time selection of what is available at the time of assignment
— Offer the first, second or third choice made on the stand application
— Offer a real time selection of what is available at the time of assignment

To avoid any inaccuracy in the process of the stand assignment, stand offers are valid for 48 hours unless the offer makes it clear that a space is freely available. For this reason, please refer to the available contact telephone number for an appropriate decision maker within the exhibitor company.

2.2 Payment Deadlines

Stands will be assigned only if the application fee has been paid. Stand assignments will be cancelled automatically if the instalment has not been paid within the given time period. In such cases the cancellation fee will be determined according to section 5.2.

Once a location has been accepted by the exhibitor, a summary of the rental agreement (stand space assignment) will be sent by post with an invoice – payment deadlines refer to payment dates indicated on the invoice.

3. RENTING STAND SPACE

3.1 Stand Space Rental Definition

“Stand space” refers to the physical floor area occupied by an exhibit and excludes all construction materials and fixtures such as tables and communications. The ESC rents stand space in accordance with the compatibility of the items to be exhibited within the subject of the exhibition & congress as a whole.

3.2 Minimum Size

The minimum stand size will be 9 square metres.

3.3 Congress & Exhibition Layout

The ESC reserves the right to deviate from the stand confirmation and to allocate a stand in a different location, to alter the size of the stand, to relocate or close entrances and exits on the Exhibition Grounds and/or in the Congress Centre and to carry out any other structural alterations providing it has a substantial interest in such measures.

3.4 Stand Moves

The ESC reserves the right to make changes in the layout of the exhibition, as well as in the stand assignment in the event that unforeseen circumstances make this necessary. Alterations to the arrangements will be made after mutual consultation. If in such cases the interests of the Exhibitor are unreasonably impaired, he/she may withdraw from the contract in writing within one week after receipt of notification of the type of alteration. The ESC accepts no responsibility for any damage which may result from such changes.

3.5 Subtenants and other Represented Companies

Sharing the allocated stand area with another company, regardless of whether this company is represented by its own staff (subtenant) or only by its own exhibits (represented company), is not allowed. This applies equally to companies with products or services aligned to a registered exhibitor. In such an instance, where a registered exhibitor wishes to exhibit in association with another organisation, the ESC will endeavour to offer additional exhibit space, where available, under normal conditions of sale.

Where an exhibiting organisation has multiple corporate identities but shared ownership, the stand space allocation shall be made clear to delegates (e.g. a corporate ownership statement must be displayed on the stand).

Transfer - even in part - of the rights and obligations arising from the rental contract to third parties is not permitted.

4. TERMS OF PAYMENT

4.1 Conditions for stand assignment

An application fee will be invoiced on receipt of the application form as follows:

— stands between 1 sqm and 9 sqm: €500 excluding VAT
— stands between 49 sqm and more: 20% of m² requested

That payment has to be settled within 30 days. The application fee guarantees you a stand space and is not refundable if the exhibitor decides to cancel her/his booking. However, if space runs out in the halls, a credit note will be issued.

4.2 Payment instalments after stand assignment

The stand rental for the total remaining balance due, as guaranteed in the Guidelines of Industry Participation, has to be paid in two instalments for applications received before 31 March 2011:

— 50 % of the balance due within 30 days of invoice date – failure to pay cancels your reservation & in this case the customer must reverse the VAT in their home country.

Payments received after 31 March 2011, 100% of the balance due is required within 30 days of the invoice date. Invoices issued from 1 July 2011 require immediate settlement by credit card.

4.3 Value Added Taxation

French VAT rules will apply for all goods sales for ESC CONGRESS 2011. If the company is registered in one of the EU member states, the EU invoice change procedure may apply. In this case the customer must reverse the VAT in their home country.

Companies registered in a country outside of the European Union are encouraged to seek advice on reclaiming VAT payments.

4.4 Counterclaims Rights Renounced

The Exhibitor renounces any right to counterclaims against rent payable in time if the counterclaims are undisputed or have been confirmed by a court of law.

4.5 Indebtedness

If the Exhibitor fails to meet his/her financial obligations, or additional expenses and other claims arising from the contract, the ESC reserves the right to retain exhibits and the stand equipment and to sell them by public auction or by private contract at the expense of the Exhibitor. The statutory provisions on realization of objects are thus settled.

6. ESC Suppliers

If the Exhibitor fails to meet his/her financial obligations to those providing services this will also be considered a violation of the ESC Guidelines for Industry Participation and may lead to the loss of exhibitor “Accrued points”.

7. ESC Reservations Policy

Given serious cause the ESC is entitled to postpone, to curtail the duration, to close the exhibition completely or in part for any period, or to cancel. In the event of complete or partial postponement or curtailment, the contract is regarded as valid for a possible new date and new duration for the said congress and location only.

After 1 May 2011, the ESC has to be cancelled, the ESC will refund to the exhibitor the sum paid to ESC for contractual commitments less expenses incurred in preparation of this contracts, with these, no liability for any other party to the contract.

4.8 Exclusion from Liability

The ESC does not undertake to safeguard exhibits and excludes, for its staff as well, all liability for damage to these, for theft of these, or, except in cases of intent or gross negligence. This exclusion from liability applies if exhibitors fail to notify the ESC due to infringement of the present conditions of participation. This exclusion of liability is in no way impaired by the special security measures taken by the ESC. Furthermore the ESC exclusively excludes all liability for any disadvantages or inconveniences to Exhibitors due to erroneous details on space allocation, stand construction, catalogue entries or other errors in ancillary services. Property of the Exhibitor and of third parties shall remain the responsibility of these parties at their own risk. The ESC will not be responsible for the insurance of such items.

The ESC shall not be liable for any injury or damage howeversoever caused to goods and/or persons in the Building and/or on the adjacent sites.

8. Premature Termination of the Rental Contract

The ESC does not undertake to safeguard exhibits and excludes, for its staff as well, all liability for damage to these, for theft of these, or, except in cases of intent or gross negligence. This exclusion from liability applies if exhibitors fail to notify the ESC due to infringement of the present conditions of participation. This exclusion of liability is in no way impaired by the special security measures taken by the ESC. Furthermore the ESC exclusively excludes all liability for any disadvantages or inconveniences to Exhibitors due to erroneous details on space allocation, stand construction, catalogue entries or other errors in ancillary services. Property of the Exhibitor and of third parties shall remain the responsibility of these parties at their own risk. The ESC will not be responsible for the insurance of such items.

The ESC shall not be liable for any injury or damage howeversoever caused to goods and/or persons in the Building and/or on the adjacent sites.

9.9 Premature Termination of the Rental Contract

The ESC does not undertake to safeguard exhibits and excludes, for its staff as well, all liability for damage to these, for theft of these, or, except in cases of intent or gross negligence. This exclusion from liability applies if exhibitors fail to notify the ESC due to infringement of the present conditions of participation. This exclusion of liability is in no way impaired by the special security measures taken by the ESC. Furthermore the ESC exclusively excludes all liability for any disadvantages or inconveniences to Exhibitors due to erroneous details on space allocation, stand construction, catalogue entries or other errors in ancillary services. Property of the Exhibitor and of third parties shall remain the responsibility of these parties at their own risk. The ESC will not be responsible for the insurance of such items.

The ESC shall not be liable for any injury or damage howeversoever caused to goods and/or persons in the Building and/or on the adjacent sites.

6.4 Supplementary Provisions

No accrual of points plus the loss of all accrued points to date.

6.1 Applies Equally to All

All Exhibitors and Organisers of Satellite Symposia must comply with all rules and policies established by the ESC. The Board of the ESC has established a system of penalties which may be applied when violations occur.

6.2 Violations Procedure

The procedure for policing and enforcing the violation system is as follows:

The ESC will report alleged violations to the Congress Committee. After considering the available evidence, a representative of the relevant company having been invited to present the company's view, the Committee will give its opinion. This will be confirmed in writing after the Congress. Appeals may be made to the Board of the ESC.

6.3 Penalties:

Penalties for violation:

• No accrual of points for the violation (i.e. participation points, square metre points, points for Satellite Symposia and points awarded to Sponsors)
• Second serious violation:
  • No accrual of points plus the loss of all accrued points to date.
  • Thrice violation:
    • The loss of right to participate at any future ESC Congresses for a period of four years.

6.4 Supplementary Provisions

In the event of violation, the contractor ESC reserves the right to take the form of the house regulations, the Guidelines for Industry Participation, the Updates, information supplied on ESC CONGRESS 2011 page of www. ESCexhibition.org, as well as other organisational and technical regulations sent to the Exhibitor before the exhibition opens. The Suspension of Participation and/or financial liquidation of the contract is suspended.

7. CLAIMS PROCEDURES, PLACE OF PERFORMANCE AND JURISDICTION

All claims by the Exhibitor against the ESC must be in writing. The maximum time lapse is three months from the close of each annual ESC exhibition. Agreements which deviate from these conditions or from the適用的条条件 or from the applicable legislation or from the above-mentioned conditions suffices. The contract is governed exclusively by French law, the English text is authentic.

Place of performance and jurisdiction is Grasse - France. The ESC reserves the right, however, to bring legal proceedings before the courts competent for the area where the Exhibiting Company has its registered office.

7.1 FINAL CLAUSE

In cases not covered by the regulations in the Guidelines for Industry Participation, ESC interpretation shall be final.
You will be invoiced upon receipt of your signed application form. Cancellations will incur fees of 100% if cancelled after receipt of your signed application form.

Organising Company: Applications for all congress activity must be submitted by the company under whose name each activity is to be organised. Correspondence for sponsorship items should be made exclusively between this company and the ESC. The company is responsible for communicating any relevant documents to its staff and appointed agencies.

Appointed Agency: Companies should inform the ESC, in writing, which agency is appointed for which congress activity. If not, requests from unknown agencies will not be taken into consideration. This appointed agency cannot fully act as if it were the company itself and the company will continue to be held entirely responsible and accountable for activities organised in its name. It is not the role of any given agency to make initial enquiries or reservations with the ESC independently of the company.

I hereby agree to be bound by the ESC Congress 2011 Guidelines for Industry Participation and all conditions expressed therein. I also accept to be invoiced for the items ticked off that are still available listed on page 2 of this application form.

I am authorised to sign this form on behalf of the organising company

You will be invoiced upon receipt of your signed application form. Cancellations will incur fees of 100% if cancelled after receipt of your signed application form.

**DISCLOSURE OF INFORMATION AND MARKETING.** The ESC complies with EC directives, and is registered under the data protection laws in France, and takes all reasonable care to prevent any unauthorised access to your personal data. Our ESC staff and contractors have a responsibility to keep your information confidential. The ESC does not sell, trade, or rent your personal information to others. We may supply your information to trusted ESC contractors to perform specific services. Otherwise, we do not disclose personal information to any other person or organisation without your consent. If you are a delegate at an ESC organised Congress or meeting, when you visit exhibiting company stands, presenting your badge may enable them to retrieve the following personal data: first name(s), last name(s), address, telephone, fax, email, and professional activity information.

Cancellation fees of 100% will apply for all Sponsorship, Advertisement and Promotional activities if cancelled after the invoice is issued.
