This new service will from now on replace all paper forms. You will find that the ESC Online Group Registration will give you more flexibility and save time.

The main advantages of this new feature are:

**Increased user-friendliness:** you will manage and control your registration entries. Registrations do not have to be made all at once but can be added and changed when you want to, right up to the registration deadlines (early fee 31 May and pre-registration 31 July).

**Time saving:** No more paper forms to fax, or to send by mail. You can retrieve at any time your request of funds in order to make the necessary payments in time before the deadlines. Please note that the deadlines refer to the date the registration details and full payment must be received.

**Reliability:** fewer spelling mistakes on badges, etc., as we will be using the data that you provide.

**Flexibility:** you manage the name changes of your group until the official deadlines.

Important: please note that it is mandatory for all E.U. companies to mention the VAT Number when creating the group registration.

We kindly ask you to review the enclosed Conditions.

**Invitation letters** can still be printed directly from the ESC website here.

Kindly note that the **website address for the ESC Online Group Registration** will be: http://escol.escardio.org/escolv2/modules/congress/groupregistration

If you have not already registered to the ESC Online Services you may have to use "Create account" in order to create your registration account.

Note that this information is also used for individual participants and that you can skip certain parts of it. On the page "My Professional Activities" select "Other Profession/Other" at the bottom of the page.
